—Fred. McDonnell, tried in Meadville last week for the murder of Johnny McAndrew, was found guilty of murder in the first degree. This verdict seems to have been generally expected by those who watched the trial, although counsel for the defense has moved for a new trial.

—The Young People's society of Christian Endeavor held its annual election of officers on Monday evening with the following result: President, Effa Clark; Vice President, Ben. Kelly; Cor. Secretary, O. F. Miles; Rec. Secretary, Alice Giering; Treasurer, Laura Lawrence; Organist, Vinnie Randall.

—Newspaper men are blamed about a number of things they can't help, such as partiality in mentioning visitors, giving the news of some folks and leaving others out, etc. He simply prints the news he finds. Some people tell him about such things and others do not. A reporter should not be expected to know all the names and residences of your aunts, uncles and cousins, even if he should see them get off the train. It's news that make the newspaper, and if you'll tell the editor the news he will always be glad to print it. Every man, woman and child can be associate editor if they only would—try it, says an exchange.

—W. A. Grove, who has been engaged during the past ten weeks in drilling a well in Clearfield county, came home Saturday evening last. The well is not yet finished, a couple of weeks more work being necessary, which the others, Wilbur, Park and Louie Behrens are doing. Andrew Carr is filling Albert's place at the well.

Also hot coffee and sandwiches. Fancy work of every kind is solicited from those interested in the good cause. All are most cordially invited to attend.

—At the teachers' institute which will begin its sessions on the 17th of December, Col. Bain of Kentucky will deliver two lectures, one each on Wednesday and Thursday evenings. Monday evening will be given to the W. C. T. U. who will have a temperance lecture. On Tuesday evening a musical entertainment will be given. The instructors and lecturers throughout the week will be among the best to be had.

—The first black fox that has been killed in this vicinity in years was captured on Thursday by S. M. Church, one of the hunters of East Hickory. It was trapped before being killed. Several of the hunters of that neighborhood have scoured the woods in the hope of duplicating Mr. Church's luck and while failing to find a fox have succeeded in discovering plenty of bear tracks. —Derriek.

—The danger which boys run in "catching a ride" on passing cars was sadly illustrated in Olean on Thursday. Robert Ryan, a newboy, when trying to catch on to a W. N. Y. & P freight train, fell between the cars and was so terribly injured that he died within half an hour. If this dangerous and senseless habit is not broken up at the station at this place the papers will have a similar item to chronicle here. The practice surely cannot last much longer without fatal results. It is getting entirely too reckless. Will the boys not take warning?

—Wm. McKean of Nebraska, had his right leg badly fractured below the knee on Friday last. He was engaged in "jacking" logs at the Callis & Kreidler mill, and while handling the lever which operates the friction pulley, the shaft on which it was hung broke, allowing the friction pulley, which weighed nearly 200 pounds, to drop. When the break occurred Mr. McKean, who was pushing the lever, fell forward, thus avoiding the stroke from the heavy pulley upon his head, but it caught his leg, and as above stated fractured it. Both bones were broken, one of them in two places, making a very severe and painful wound. Drs. Siggins and Bowman repaired the broken limb, leaving their patient in as comfortable condition as possible under the circumstances.

—The Junior Endeavor was most pleasantly entertained by Mrs. Sharpe last Saturday afternoon from 3 to 6 o'clock. One feature of the entertainment was the birthday offering for the purpose of raising funds to finish the quilt which the Juniors are making to be sent along with other things to a Home Missionary. Each Junior brought a penny for each year of his age. The oldest Junior present was Mr. Benjamin May, who furnished lots of amusement for the little folks by having them count the pennies that represented his years as he dropped them into the box. The excitement ran high before the eighty-sixth penny dropped. They raised \$7.00. Refreshments were served to which all did ample justice. More than fifty were present and spent the time in singing, marching, playing games, &c., and altogether had a most delightful time. The Juniors number about sixty members and are an enthusiastic, earnest set of little workers.

"TIONESTA RANGERS."

At the conclusion of a meeting of Stow Post, No. 274, at Tionesta, Nov. 21st, a preliminary organization of the "Tionesta Rangers," that is, Company G, 83d Reg't Pa. Vol's, was effected by the election of Capt. D. S. Knox, Chairman, and J. Albaugh, Secretary.

The object of this organization is to perfect plans for holding a re-union of the Company during the coming year at Tionesta, at some suitable time most convenient to all members of the Company. For this purpose the Chair appointed the following committee, subject to the call of the Chair:

D. W. Clark, Tionesta; Wm. Lawrence, Tionesta; Peter Grace, Jamestown, N. Y.; W. P. Diamond, Daws, Kan.; W. P. Siggins, West Hickory; Wm. Albaugh, East Hickory; J. H. Berlin, Whig Hill; C. Zuendel, Newtown Mills.

Comrades, our gray hairs and halting steps declare to us all that we will soon answer to the final Roll Call. Harsh as this may fall on our ears the inevitable is before us. Shall we touch elbows once more as a remnant of our noble company, whose history is second to none; whose presence was seen on every battlefield from Bull Run to Appomattox? Our friends desire such re-union; our comrades of other organizations are in line and will stand by us as in days gone by. Therefore, let all look forward and resolve that, by the help of God, we shall meet again on earth.

D. S. KNOX. J. ALBAUGH.

Some Important Facts.

The evenings are long enough now for every person to devote some time to reading. The best literature is the daily newspaper, and the best newspaper is the Pittsburg Times. It is complete in every department, gathering promptly the news from all parts of the world and presenting all sides of every public question fairly and intelligently. Its market reports are models of accuracy; its departments for women readers and for the farmer are useful and entertaining, and its serial stories are by the most noted writers. The aim of its publishers is to make the Times a paper for the home above everything else, and they have succeeded admirably.

The Times is delivered by agents for one cent a day, or will be sent by mail for thirty cents a month; fifty cents for two months; seventy-five cents for three months; \$1.50 for six months or \$3.00 for one year. If there is no agent for the Times in your locality write for sample copies, which are sent free, and terms to agents.

Mose Copeland is again seen on our streets after a 4 weeks' stay in Tionesta, where he was receiving medical treatment.

S. E. Shaw is laid off a few days, all from cutting a leader in his last wrist. Sherd complains his leisure moments rambling through the woods in search of game.

Nitrods seem to be plentiful this fall judging from the congregation the writer encountered a few days ago.

As the cold weather approaches the ones who depend on gas as fuel are seen to walk the streets with a shivering look and a frozen smile, which reminds us that they are playing the solitary game of freeze-out. We trust Mr. Hemmings will connect on that new well.

Mrs. Mary Carter has her millinery department check full of the very latest in ladies' and Misses' hats and bonnets. Before making a purchase in this line one should visit her counters and see the fancy stock of goods she carries.

A. H. Downing is working for the Penn Tanning Co., helping to cart bark. Humph, looks like a speak on the moon on top of a high bark stack.

One thing we have always tried to avoid in our letters from Kellettville, and that is the giving of personal puffs, but now feel called upon to make mention that R. Z. Gillespie has the finest and best trimmed set of whiskers we ever saw in Kellettville. This is saying a good deal, for we know of a number of others that pride themselves on their whiskers.

Miss Kate Miller started on Monday for New Castle to spend the winter.

J. G. Richards of Mayburg is on the lookout for a fine driving horse which he intends purchasing. We trust Joe will get a good one.

NEWSY NOTES.

Jacob Dunckle, in a battle in 1892, received a minute ball in the eye. The ball was never removed, and last week at his home in Bellefonte, in a fit of coughing the ball was expelled.

Brooms are bent out of shape by being allowed to rest on the floor instead of being hung up. Dipping them once or twice a week in a kettle of boiling suds is a careful housekeeper's method of making them wear twice as long as they otherwise would.—EX.

John Elton Matthews, of Berkeleyville, Irwin township, died Thursday evening from the effects of a gunshot wound received on the 9th instant, while hunting with two of his brothers and two companions. The deceased was an estimable young man, eighteen years of age.—Ye-mungo Spectator.

Postmaster General Bissell has issued an order stating that sealed packages other than letters in their ordinary form are not allowed to be dispatched from the United States to Canada, even though postage is prepaid at the full letter rate. This is to prevent a form of smuggling of small articles dutiable in Canada.

Seven men, namely: Ed. Fuchs, Leo Wurm, Ludwig Rosenbeck, Wm. Gellner, Frank Meyer, Sebastian Gschwendner and Jos. Kreidl, charged with various offenses in connection with the late mine riots in Elk county, were tried in that county last week and found guilty of burning property and attempting to blow up buildings. They were sentenced to terms in the penitentiary from 3 to 7 years.

Among the novel bets made on the recent election was one at Binghamton, N. Y., of \$100 to a cent that Morton would defeat Hill, with this proviso—that for every vote Morton received in excess of Hill the Democrat should pay one cent to the Republican. As Morton's plurality was over 150,000 the Democrat stands to lose over \$1,500. The \$100 and the cent were put up, and the winner insists upon enforcing the full conditions of the wager.

The citizens of Karns City, Butler county, have petitioned the court to annul the charter of the borough placing the people back in Fairview township. Less than twenty years ago Karns City was a booming oil town. When the oil well began to decline there the excitement began at Bradford and there was an exodus to that and other places, which had the effect of diminishing the population of the town, until the citizens feel that they no longer want a borough charter.

John Beverly, of New Castle, former-

ly of this city, known in the police circles of that city as a scrapper and all-around tough, has been bound over to court for attempting to kill his wife, a comely little colored girl. When in a half-brazed condition from drink, he picked up a large butcher knife and threw it at her head. She dodged the flying blade just in time to escape being cut through. Afterwards he attempted to finish his work, when the officers appeared on the scene and arrested him after a fearful struggle.—Franklin News. Beverly has some acquaintance in this section.

"GREAT MAJORITY" GROW has beaten his own record. He served continuously to Congress from December, 1851, to March 4, 1863, from the same congressional district, composed of the counties of Bradford, Susquehanna and Tioga, and after his first election, his majorities ranged from 8,000 to 13,000. So his associates in the House were in the habit of calling him "Great Majority" GROW. At his election last February for Congressman-at-Large his plurality was 188,194. At the election last week it was 214,013 over Meyer, the Democratic candidate, who received the highest vote on that ticket, and over Collins it is 248,013. Mr. GROW's majority over all, Democrat, Prohibition and Social Labor, is 206,613, which is a larger majority than any person ever received in any State in the union.
