

Announcements

Terms—Associate Judge, \$12. Treasurer, \$10. These rates include printing of tickets, all names being printed on the ticket. Terms strictly cash with the order for announcement.

COUNTY TREASURER.

We are authorized to announce JAMES H. FONES, of Tionesta, as a candidate for County Treasurer, subject to Republican usages.

ASSOCIATE JUDGE.

We are authorized to announce H. M. ZAHNBERG, of Harmony township, as a candidate for Associate Judge, subject to Republican usages.

We are authorized to announce JACK McCRAE, of Jonks township, as a candidate for Associate Judge, subject to Republican usages.

We are authorized to announce S. S. CANFIELD, of Tionesta borough, as a candidate for Associate Judge, subject to Republican usages.

The United States Senate will consist of ninety members after July 4th. Utah enters the Union as the forty-fifth state.

The administration that caused the American flag to be hauled down in Hawaii is not very likely to deal very vigorously with Spain for firing upon it.

At the present writing Liliuokalani is in the enjoyment of that calm repose which, according to the poet, never comes to the head that wears a crown.

Gov. HASTING'S staff is all right, we suppose, but if it is called on to lick Spain, we shudder at the possibility of the slaughter of newspaper men.—Pittsburg Times.

The Treasury gold reserve is now above \$90,000,000; with a probability of reaching \$100,000,000; and then will come the tug of keeping it from going down again.

GENERAL society is no doubt pleased to learn that the South Dakota divorce colonies are preparing to resume their wonted gaiety when the blizzards cease to blow.

ALTHOUGH the Wilson bill has not been exactly a trade breeder, its effect on the importance of diplomatic rows is very noticeable. Here at least the most ardent Democrat can "point with pride" to an increase.—Phila. Press.

The talk of Republican opposition to Reed for Speaker is all bosh, of course. He will be elected by a practically unanimous vote of his party; and he will wield the gavel in such a way as to make things constantly uncomfortable for the Democrats.—St. Louis Globe Democrat.

ONE of the river and harbor jokes of Congress is just coming out in the examination of the upper reaches of the St. John's river, Florida, which Senator Call desires to have made navigable for seagoing vessels. A. The engineers have discovered the channel is sometimes but three feet deep and choked with grass, it is evident what Senator Call should have asked for were plans from the construction department for vessels that would run on heavy dew. That would solve the navigation of the St. John's.

THE Nawab Imad Nawaz Jung Bahadur, of India, who is stopping in New York with his wife, has been traveling through the United States and is much impressed with the country. In speaking of Eastern matters he said: "There is one thing most Americans don't foresee, and that is that San Francisco is bound to be the first and largest city in America. The trade on your eastern shore is developed. It has but begun in the West, which will trade with Japan, China and India. The Japanese victory means much to the Western coast. It means a new order of things and the beginning of a commerce that will astonish the world."

THE bill for the relief of the Supreme Court by the establishment of an Appellate Court has passed the State Senate by a large majority, and is on third reading in the House where it has undergone some amendments. It provides for a court of five judges, to be appointed by the Governor and hold office until January next. At the general election next November five judges are to be elected, to serve for ten years; salaries to be \$7,500 per annum. An elector can only vote for four candidates, thus insuring the minority party one representative. The court must meet at least once a year in Philadelphia, Pittsburgh, Harrisburg, Scranton and Williamsport, but may meet elsewhere as the members may deem necessary. The bill prescribes the cases in which this court shall have jurisdiction.

As apparatus is being built in the University of the City of New York the object of which is to measure the time required by the brain to receive a sensation, and telegraph to the eyes or hands an order based on such perception. Thus, for example, a command might be given to say what a certain color was, or to open or close the fingers, and the appearance would record the time needed down to the thousandth part of a second. Such a device has undoubtedly been of help to medical scientists in their study of the brain, but is now seriously proposed to test children in this way in the public schools of New York, and let the results determine what shall be done with them in their classes. This is really carrying the thing too far. It does not follow that quickness of perception is a strong proof of mental excellence. Everything does not depend upon it. The quality of industry and the power to rightly assimilate what has been learned outweigh promptness of mental action, and it is absurd to think of classifying children by such means. What is wanted would seem to be an instrument to measure the time it takes for practical ideas to get into brains of some educators.—Phila. Inquirer.

NEWSY NOTES.

The Woman's Foreign Missionary Society of the Methodist Episcopal church has issued over 5,000,000 pages of missionary literature during the past year. It has 6128 organizations with 153,503 members.

Newspapers everywhere are commenting on the bill before the New York legislature establishing a whipping post for the punishment of wife-beaters, and the sentiment appears to be about unanimous in favor of the bill.

It appears that not one American merchant vessel passed through the Suez Canal during the year 1894, according to Consul General Penfield's report to the State Department. There were American cargoes enough, but they went in British ships.

In the death from pneumonia of Charles E. Menram, at Pine Bush, N. Y., last Friday, passed away the smallest man in Orange county. Although in his 22nd year, he was a baby in stature, being but 24 inches high. He was born in Wortendyke, Bergen county, N. J., in August, 1873. From his birth he was deficient, both mentally and physically. Although apparently healthy, he could never either walk or talk. He had the head of a man but the body of a child. His legs never grew after his first year.

A sample of the illuminating gas discovered in New York, which can be delivered to consumers in cans, has been received and partly tested at the office of the Cleveland Gas Light Company, of Cleveland, O. Secretary Beardsley, of the company says that the gas burns steadily and gives an excellent light. The material from which it is made is lime and coal dust, welded by electricity into a sort of dark brownish, porous substance. The gas is generated by placing this substance in water.

The man who is President when the son of Colonel Fred Grant becomes of an age sufficient for admission to West Point will receive a letter from an ex-President, written long before his death, asking that his grandson be appointed a cadet in the institution.

The big natural gas well struck on the Zebulon Hess farm, Washington county, early Wednesday morning, opens an entirely new field and is estimated to be the strongest natural gas well ever struck in this part of the country. An effort will be made to case it and close it in to stop further waste, and to measure the pressure. Visitors to the well say it surpasses the famous Zwiegler well, in the McDonald field, which had a pressure of over 900 pounds a minute. It is estimated that the pressure at this new well has never been below 600 pounds a minute, and it has increased since the strike was made.

Gen. James A. Beaver is putting up his plate machinery in his mill at Bellefonte. He said this evening that it was an experiment with a new process, and that if it was successful it would revolutionize the manufacture of tin plate.

A new beneficiary order is to be established in Ohio, to be known as the Order of the Tribe of Ben Hur, its ritual being based upon Gen. Wallace's story of that title.—Evo.

Richard Vaux, the noted politician, lawyer and penologist, died at his home in Philadelphia, Friday, of the grip. He is claimed to be the only American who ever danced with the queen of Great Britain.

St-phen A. Douglas had a magnificent bass voice that would have made his fortune on the opera stage. The manner in which he belted forth, "Fellow-citizens" at the beginning of a speech was never equaled by any public speaker.

The tearing down of the old Blaine house in Washington has caused a demand from all parts of the country for relics of the great secretary. Many people ask for bricks for souvenirs. It is proposed to reproduce in the theater that is to be erected on the site the room in which Blaine died, and to make it a museum of Blaine relics. Jesse L. Benn, agent for the B-chester nurseries, and who has been canvassing in Crawford and Venango counties for some time, was found in a deserted house west of Franconia, badly frozen, last Thursday. It seems that Mr. Benn had been taken sick on the previous afternoon and sought refuge in the house, feeling unable to get farther, where sleep and exhaustion overcame him. When he awoke near morning he found himself powerless. Both feet are frozen above the ankles and it is feared an amputation may be necessary. Mr. Benn is an old soldier and well known throughout Northwestern Pennsylvania, being for many years an instructor in the Soldiers' Orphan School at Mead, and later in the furniture trade at Linesville.

The President has appointed George M. Lull postmaster at Sayre, Pa.

John C. Murphy, a resident of Titusville for many years, has received intelligence that he is one of three heirs to a fortune left by an uncle, John Stapleton, who died in Australia. Accompanying the information was a draft for \$1,000.

A careful record kept at Yale for eight years shows that non-smokers are 20 per cent. taller, 25 per cent. heavier and have 100 per cent. more lung capacity than smokers. A recent graduating class at Amherst presented a similar difference in favor of non-smokers, who have gained in weight 24 per cent. over the smokers, and in height 37 per cent., and also exceeded them in lung capacity.

The recent burning of the Mollon grist mill at Conestoga Lake is a bad blow to that town. The mill cost \$14,000, and was valued at about \$10,000 by the owners. It was insured for about \$4,000. About \$1,000 worth of grain and flour was burned with the mill.—Franklin News.

It is rumored that there is a shortage of \$80,000 at the United States mint at Carson. Much secrecy is observed about the matter, and nothing definite can be learned.

A pretty little romance has come to light in Franklinville. Miss Mary E. Evans, an employee of the Arlington hotel of that village, was believed to be on her death bed. She was engaged to be married to Eugene Spencer, and at his solicitation was married to him. This occurred Sunday and since the nuptial knot was tied the newly made bride has been gaining strength and is now believed to be out of all danger of immediate death.—Janestown News.

DON'T STOP TOBACCO.

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is to lose a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its stages, and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with ten per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our iron clad guarantee at \$1.00 per box, three boxes, (thirty days treatment), \$2.50 or sent direct upon receipt of price. Send six two-cent stamps for sample box, bottle and prospect free. Eureka Chemical & Manufacturing Company, Manufacturing Chemists, LaCrosse, Wisconsin.

Notice.

Whereas, brook trout have been recently placed in Little Conestoga creek, in Green township, Forest county, Pa., by the State Fish Commission, all persons are hereby notified not to fish in said stream, on any part thereof, for the period of three years, from date hereof, under a penalty of twenty dollars for each offense, as provided by Act of Assembly, approved June 3, A. D. 1878.

COME NOW, WHILE EVERY DEPARTMENT IS FULL OF NEW GOODS!

LANSON'S

DON'T STOP TOBACCO. IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by having a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box or 3 boxes 2.50. 230 days treatment and guaranteed cure, \$2.50. For sale by all druggists or will be sent by mail upon receipt of price. SEND SIX TWO CENT STAMPS FOR SAMPLE BOX, Booklets and proofs free. Eureka Chemical & Mfg Co., La Crosse, Wis.

Office of THE PIONEER PRESS COMPANY, C. W. Housick, Supr. St. Paul, Minn., Sept. 7, 1894. Eureka Chemical and Mfg Co., La Crosse, Wis. Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly, C. W. Housick.
