#### A Decided Success.

Despite the rather unfavorable weather, the annual Easter opening of spring millinery at the up-to-date establishment of Flora Walters & Co. was a decided success and surpassed all previous efforts of the young ladies of the firm to please their rons and display a line of goods that would suit the most fastidious buyer.

Everything was very tastily arranged, the trimmed hats, made upunder the personal supervision Miss Walters, while in New York, were magnificens, while the draperies and other goods were displayed to the hest possible advantage.

The large variety of stock carried by the firm made the attraction a unique as well as a pleasing one, for the store is well filled with everything that a lady could possibly wish, from the smallest Dutch bonnet to the finest and most showey headgear and everything was brought into prominence by the artists who designed the arrangement, the whole effect being very pleasing to the eye.

We congratulate the young ladies who have worked with such untiring energy, and who have made such a
