BUSINESS MEN IN POLITICS.

Any business man who attempts to run his business as Congress runs the affairs of the United States will very speedily find himself an utterly hopeless bankrupt, without credit and without the means of getting it.

Politicians and statesmen as a general rule are not business men or versed in business affairs. We need good lawyers, but not those who are notorious for a mere preponderance of language that is exceeded in quality only by that of the professional politician. The result is not conducive to the best business interests of the country.

If we are to judge from the disgraceful and dilatory tactics of the New York State Legislature, a lack of legislative business wisdom is not confined to Congress. State and national affairs need as much careful attention as is given to the management of a prosperous business. There should be due consideration and discussion upon important and weighty topics, but there is no occasion to waste valuable time and money in useless discussions or wind bag oratory. Such is of no earthly use. It convinces nobody; it changes no votes.

Upon important national events the minds of statesmen are agreed either for or against the best interests of the country. Why not, then, at once get down to the actual business in hand, instead of waiting weeks or months, wasting the money of the people and time of their representatives, who would often serve the country far better by remaining at home?

The representatives of the Fifty-Fourth Congress have already been elected. We are not aware exactly how many men there are among its members, but we do hope that there are many who will endeavor to impress upon their fellow legislators the desirability, the necessity, of strict attention to business, of prompt legislation and of prompt adjournment. Let us see for once if it is not possible to have a businesslike Congress.—American Economist.

In the rivalry between armor plates and projectiles have won the day, and curiously enough were thrown by the "Peacemaker." With the increase in resistance in armor and power in guns peace really will become a fact as if by default.

Red Tape in the Army.

Readers will remember the story printed last year, illustrating the prevalence of red tape in the army of the United States. A cavalry colonel desired to sell a saddle which had become unserviceable. The required authority arrived after some \$10 worth of stationary, postage, etc., had been expended, and the saddle, sold at auction, brought 50 cents to Uncle Sam's treasury.

A parallel case is that now brought out on the occasion of the retirement of Gen. Kautz from active service. The treasury department comes forward with the demand that this distinguished officer should account for 160 pounds of beef issued to his command in 1858, when he was a lieutenant in the far western country. Of course the general is bewildered after the lapse of time, the death of nearly all concerned in the transaction, and the scattering or destruction of papers, to account for the matter; he will probably pay over the \$32 charged and swallow the mortification or insult.—Pittsburg Telegraph.

ACCORDING to the latest figures Japan has a population of 49,089,940, while China has all told 402,680,000. In the recent war between them, the race was to the swift, but the battle was not to the strong.

Russia had better have a care. It won't be such smooth sailing in the Eastern seas as she thinks. The Japs are patient, and diplomacy is a long lane, but it has turns in it, and quick turns at that.

If the South does not go clear daft before the year is out it will not be fault of her newspapers. They are publishing enough figures on the situation to drive a whole nation crazy.

ALTHOUGH Pete Turney is in office the general opinion seems to be that the disgrace inflicted on Tennessee will insure the Democrats the biggest wallowing they ever got.

To the People of Forest County.

The undersigned committee on invitations, appointed by the Lyeoming County Centennial Association, for and in behalf of the people of Lyeoming county, do hereby extend a most cordial invitation to be present and join with us on the 2nd, 3rd and 4th days of July next, in the celebration of the one hundredth anniversary of the birth of "Old Lyeoming, The Mother of Counties."

On the 13th day of April A. D. 1795, after a long and bitter struggle of nine years duration, in which your ancestors and ours stood shoulder to shoulder in the battle for local independence, Lyeoming was declared by the Legislature of Pennsylvania to be a separate and independent county. The scope of country now comprising your flourishing and progressive county, was to some extent a part of the territory of Lyeoming. Within the last century eighteen new counties, in whole or in part, have been carved from the domain originally included in that of the county of Lyeoming. Forest has enough of our original territory to be considered a near and dear relative of whom the parent county feels a just pride. We ask you to halt with us at this century mark and take a general review of the events of the past 100 years.

Your interest and ours are both common and mutual. Bound as we are by the ties of blood, a common interest and ancestry and a common local pride, we deem it but fitting and proper that you join with us in the celebration of this centennial occasion. We most heartily welcome you to this family reunion. Lyeoming county earnestly desires that all her children and grandchildren be represented at this family gathering and that no vacant chair be seen to mar the pleasure of the festivities.

We are determined to make this centennial celebration a great success and desire and expect you to share with us the credit and honor of making it so. In the Military and Civic parade, in the industrial exhibits, in the Antiquarian display and in everything pertaining to the success of this celebration, we confidently trust that your county will be largely represented. We promise you a most hearty reception and pleasant stay among us. Cheap railroad excursions will be secured and ample hotel and boarding accommodations at reasonable rates furnished. Williamsport, the capital of Lyeoming, the Queen City of the Keystone State and universally conceded to be one of the most beautiful and attractive cities in the Union, promises to leave nothing undone that will make your sojourn among us both pleasant and profitable.

Earnestly hoping and believing that in this Centennial Celebration the people of Forest county will show that friendship and neighborly spirit that has ever characterized them in their intercourse with us in the past.

J. J. Metzger, William Howard, Addison Candler, J. Artley Beeber, Fred Gleim, James N. Kline, Charles Flock, P. B. Shaw, E. B. Campbell, M. D., William Mendenhall, Joseph W. Mackey, N. M. Edwards, Committee on Invitations.

Of Thanks.

Although I have been defeated at the primary election for the nomination for Associate Judge, I am thankful that it turned out no worse than it did, and I wish to extend most sincere thanks to those of my friends who gave me their support. It has been clearly demonstrated that I have lots of friends in Forest county, but not quite enough this time. We have met the enemy and we are theirs and Mr. McCray is the nominee. Hurrah for McCray.

DON'T STOP TOBACCO.

How to Cure Yourself While Using It. The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and absolutely harmless. You can use all the tobacco you want, while taking Baco-Curo, it will notify you when to stop. We give written guarantee, earnestly and nently cure any case with three boxes, or refund the money with ten per cent. interest. Baco-Curo is not a substitute, but a scientific cure that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Send for all druggists, with our iron-clad guarantee at \$1.00 per box, three boxes, (thirty days treatment), \$2.50 sent direct upon receipt of price. Send six (6) cent stamps for sample in tobacco packet and proofs free. Eureka Chemical & Manufacturing Company, Manufacturing Chemists, LaCrosse, Wisconsin.

Office of THE PIONEER PRESS COMPANY, C. W. HORNBICK, Supt. Eureka Chemical and Mfg Co., LaCrosse, Wis. St. Paul, Minn., Sept. 7, 1894. Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly, C. W. HORNBICK.
