Death of Geo. W. Kerr.

The death of George W. Kerr, Superinendent of Public Instruction of Forest ounty, which occurred at his home in for them to ask how much they owe. this place on last Friday. May 10, was a shock to his large circle of friends and acquaintanses. Until less than two weeks before his death he had been apparently in his usual health and was considered one of the most robust men of the county. On Sunday April 28th, he was taken severely fil, but was soon relieved by medical treatment.

The day following however the disease again made it appearance which proved to be kidney trouble, and, as the autopsy revealed, was beyond the power of medical aid to remove. He gradually sank into a semi-conscious condition and so continued till his death, a week later, Perhaps no man in the county had a wider circle of friends and acquaintances, or exerted a greater influence than he, and his death will bring sorrow to very many hearts.

He was born near Tylersburg, Clarion county, Jan. 20, 1858, where he continued to live till be came to Tionesia, twelve

COME STAP After passing through the public school at his home he went to Edinboro and attended the Normal School at that place. When about 23 years of age he began teaching school, near his home, having attention may save the borough or charge of the Tylersburg schools six years and was well known as a most successful teacher. During this time he fre -The elocutionary entertainment quently spent a part of his time in the at the court house Saturday evening summer working at his trade; being that

ARLIE WEISER, Teacher.

Prohibition Committee Meeting.

There will be a meeting of the Prohibition county committee of Horrible Accident.

A horrible accident occurred at Nebraska, this county, Monday evening at about 6:30 o'clock. Leanor A. Smith, a son of J. H. Smith, who was riding on a box car on the Collins railroad was in some unknown manner knocked off and fell between the care, and one arm and on leg were horribly mangled. The train was running very slow and the young man crawled out after one pair of trucks had run over him. A messenger was immediately dispatched to this place for Drs. Siggius and Bowman who immediately went

The surgeous amputated both leg and arm, but the unfortunate young man had lost as much blood before they arrived that it was impossible to save his life, although every possible thing known to medical science was tried, but it proved of no avail, and he died at about 1 o'clock.

This is the first serious accident that has occurred at Nebraska since the road has been in operation and it

was a great shock to the community. The young man was 18 years 5 months old and was employed by the company that own the road although se was not working on the road, and this is another warning to people to keep off trains when they have no business on them. The sorrowing parents have the sympathy of the entire community.
