Mr. Collier is a genial, whole-souled gentleman and it is the wish of our citizens that his visits to Tionesta be early and often in the future.

Memorial Day.

One more Memorial day has been added to the past, and the nation's dead were appropriately honored in this place, and vicinity, with fitting ceremonies and soul-stirring eulogy. Capt. Geo. Stow Post had the management of the affair in hand, and, although there were not nearly so many people in town as on former occasions owing to the fact that a heavy post has recently been formed at Hickory which took a large number of the members of Stow post, the different features of the program were excellently carried out.

The day opened fair and beautiful, but as the time approached for the exercises the heat became almost unbearable, but the vets showed their old time bravery entered into the spirit of the occasion with their usual energy.

In the morning a committee of six drove out from this place and decorated the graves of the veterans buried in the Evangelical cemetery in Kingsley township and Bartholomew cemetery in Green township. After their return an elaborate dinner was served at the W. R. C. headquarters for which the ladies received much praise from the veterans and their families.

After a short rest and social greeting all were ready to participate in the exercises in Riverside cemetery, which commenced at 2 o'clock, when the post started from their headquarters led by the Tionesta Silver Cornet Band, and the Sunday schools of the different churches fell in line as they passed the different edifices.

The services at the cemetery were carried out in accordance with the ritual of the G. A. R., and as usual were very impressive. The services at the graves over, the post, followed by a large crowd of people, marched to the court house when the following program was very successfully carried out.

1. Music by band. 2. Reading of Memorial order by Adjutant Morrow. 3. Ode by choir, Where Sleep Our Heroes Brave. 4. Commander's address, J. B. Eden. 5. Ode, After the Last Long Battle, Miss Yinnie Randall. 6. Scripture, G. A. R. and the Flag, C. A. Hill. 7. W. R. C. ritual, flag drill salute by the following young ladies: Misses Daisy Craig, Marie Smearburg, Ida Flores, Dora Sutley, Sadie Morrow, Florence Thomson, June Herman and Maude Butler.

8. Ode, Freedom's Banner. 9. The Navy, S. J. Setley. 10. Music by band. 11. The Army, J. V. Smith. 12. Peace, by G. D. 13. Ode, Flowers We Bring. 14. The Nation and its Dead, Chaplain Morrow. 15. Ode, Sleeping in their Tents Tonight. 16. Victory, Chaplain Morrow. 17. Prayer, Rev. H. Rhodes. 18. America, Ode. 19. Address by Rev. J. A. Hume, Chaplain of Aaron Benedict Post, Pleasantville, and the Northwestern Association. 20. Male quartette, Now Again We Gather Here. 21. Address by Rev. W. W. Dale. 22. Ode, Let the Hills and Valies Resound. 23. Battle of Waterloo, T. F. Ritchey, Esq. 24. Ode, Wrapt in his Blanket. 25. Music by band. 26. Dismissal.

It is plainly discernible from year to year that it is but a matter of a short time until the veterans of the late war will be no more, and consequently, taken as a whole, and considering circumstances, the celebration this year surpassed all efforts of the kind for a number of years past. More genuine respect and a finer feeling of the sublimity of the occasion was apparent throughout the country than has been noticed on previous occasions.

Capt. Geo. Stow Post wish to extend thanks to Mrs. F. F. Whittekin for the beautiful flowers which she presented them on Memorial day.

Hickory Oil News.

Unknown parties have completed a rig on the Jacob Jones farm. M. Mansfield is moving a rig onto his farm at Trunkeyville and will soon be a producer.

Report says that Sherwood and Siggins have made a location on the Nathan Brewster farm.

The Proper Oil Company mystery (which was reported last week as dry) on the T. J. Bowman farm in Harpoo township, is still boarded up and they are building rig No. 2 on the S. Vail farm a half mile southeast of No. 1.

Things are lively here and scouts are hunting territory in all directions. SAM.

A Card of Thanks.

Aggie Kerr wishes to express her sincere thanks to the friends who so kindly secured her appointment to finish her brother's term of office, which she considers a tribute of friendship, love and respect to him, as well as a great favor and kindness to herself.

The Decoration Day services at Hickory and Whig Hill was a perfect success in every way, only on account of the charity of Eli Berlin Post, Whig Hill was deprived of hearing Rev. Hume, he being permitted to go to Tionesta in the afternoon instead of going to Whig Hill, with the understanding that he will speak to our friends on Whig Hill next Decoration day, provided all goes well with him, etc. Notwithstanding the very warm day the people turned out largely, the attendance was good. Comrade Rev. Hume revived his old acquaintanceship, and formed a host of new, during his two hours' stay with us. As a speaker he has few equals. Eli Berlin Post desires to extend thanks to the choirs, band and Sunday Schools, and to each and everyone present at the above places for their assistance rendered in various ways. To all we say: God be with you till we meet again. J. A.

Kelleitville.

Adam Frederick has moved to Red City, where he has a good job waiting him. The house he vacated was bought by A. M. Hunter who will soon move into the same.

H. B. Dotterer dug a well in front of his residence, and hereafter Harry will have good water to use on short notice.

The school directors of Kingsley township met at Newtown school house on Monday to transact the usual business that came up before the board.

A freight depot is being built back of T. D. Collins' store, to be used in storing freight.

The farmers and everyone for that matter, are anxious to see it rain. A good rain of several hours duration would be appreciated just now, as forest fires are plenty and the weather so oppressive that one scarcely feels like hustling.

W. H. Carter, who has been a sufferer from hernia for the past three years was taken to a hospital at Pittsburgh on last Wednesday, where he underwent an operation which it is hoped may fully restore him to health again. A telegram from him on Saturday stated that he stood the operation as well as could be expected and with excellent care he will be home in about six weeks.

Charley Andrews and lady were the only guests that attended the ball at Palace Hall, Porkey, on last Friday evening. We mean the only ones from this place.

A few of our people attended the Chas. Lee's great London show at Tionesta on Monday.

Joe Wertzky, Jr., of Whig Hill, who has been a sufferer from lung trouble was taken to Oil City Monday to receive medical treatment.

Some of the Kelleitville people who keep driving horses have recently been trying their speed and now we hear that some of them can down a train of cars (last cars, probably), and the latest is that on Saturday this sleek roadster out-distanced a "Jones' special bike."

F. C. Proper and M. C. Myers were in the burg last Friday, looking up old acquaintances and attending to business in their usual good natured style. The boys were removing some well tools from the Proper reserve their Fleming hill lease, Miss Anna Osgood paid her many friends of this place a visit last week.

Miss Kate Miller returned home Monday, after a six months' stay in New Castle.

Decoration Day was observed with usual pomp. Flags and bunting were well displayed.

Thos. Gilfooly was in Warren on business Saturday.

Jim Cooper has a contract of building a tram road up Bobo Creek for the Watson Land Co., of Mayburg.

A. L. Weller has purchased the lots owned by Proper & Myers.

As we were about to close our news letter we were informed that Eddy Wilson's shingle mill at Six-Mile was burned by forest fire at noon on Monday.

WILL WALKER.

A new summer resort has been opened at the old Cook homestead, Cooksburg, Forest county, by Mr. Bert Cook and sister Mrs. Calvin, will be seen by an advertisement in another portion of this paper. A more desirable place could not be found in Pennsylvania for this purpose than the homestead of the Cook family, for nature has lavished her best efforts in beautifying the surroundings. Numbers of fine springs of mineral water gush from the surrounding mountains, and musically trundle over pebbly beds to mingle their waters of those of the beautiful Clarion river, which flows peacefully along the southern edge of the Cook estate, and where the finest of boating and fishing can be had. Fine tracts of timber, too, are in close proximity, in which the hunter can find enjoyment for his skill. Taken on the whole, it would be hard to find a pleasanter place to spend the hot summer months.—Clarion Republican.

The Derrick's monthly oil report says: During the month of May 658 wells were completed in the oil fields of New York, Pennsylvania, West Virginia and southwestern Ohio; 119 of them were destitute of oil in paying quantities, while the total paying output for the last day of the month is placed at 7,350 barrels. Compared with April this is an increase of 198 completed wells, 1,544 barrels new production and 9 dry holes. The work under way at the close of the month consisted of 507 rigs and 829 wells drilling, a gain of 136 rigs and 194 drilling over the report for April 30. This is a net gain of 330 in new operations.

Mary Boyer, of Delaware, must have been a very bad egg, she have inspired the following obituary from a local paper. "While it is almost a crime to speak ill of the dead, we feel it our duty to tell the truth about Miss Mary Boyer, who died last night. She never spoke a decent word about any being, living or dead; and slander sprang from her mouth like toads from a girl in the fairy tale. If she goes to heaven we don't want to be there, and we believe we voice the sentiment of every man, woman and young lady in this burg. We gladly contribute a quarter for ice for Mary. She will need it."

An exchange speaks wisely in giving the following very sensible advice: "Drink nothing without seeing it, sign nothing without reading it, and make sure that it means nothing more than it says. Don't go to law unless you have nothing to lose; lawyers' houses are built on fools' heads. In any business never wade in water where you cannot see the bottom. Put no dependence on the label of a bag, and count money before you accept it. See the sack open before you buy what is in it, for he who trades in the dark asks to be cheated."

Why don't our temperance women "get in the game" with their sisters in surrounding towns and erect a fountain and watering trough in some prominent place in town, where both man and beast could quench their thirst. The cost of erecting such a beneficial institution would not be very great and we are of the opinion that the water company could easily be induced to furnish the water free.
