-Mrs. Julia A. Hunter wishes to express thanks for the kindness and sympathy extended by friends during the illness and burial of her father, the late Daniel Doble.

-Nothing but the choicest in fruit and vegetables kept at Ameler's, and at living prices. A nice line of cigars, tobacs and tobacco always in stock. Call and see. 1t

-A delegate to the recent big Endeavor meeting in Boston sends us a report of the great affair, which we shall try to accommodate in our next issue, not having space for it this week.

-August Charleston is obliged to wear a crotch, the result of having his left foot squeezed between the wheel of his wagon and a timber stick by the side of the road, while moving a boiler a few days since.

-Work on the new mill of Wheeler & Dusenbury has begun, and they hope to be running again within the next two or three months. The new plant will be a decided improvement over the one just burned.

-Burglars have been working their nefarious business in Warren lately, and while it has been some time since Tionesta has had a visit from this genus it may be well enough to keep an eye to windward, as it were, as they generally call when least expected.

-Benj. May, Esq., of Tionesta, was in Franklin last week, and as a member of the Committee on Landmarks, in connection with that city's Centennial, was engaged in looking up the sites and data, in company with Judge Heydrick, W. T. Bell and F. C. Power, who are members of the committee.

-Smith's Business College, Warren, Pa., is said to be the leading business training school in the country! Write for catalogue. 4t

-The Woman's Home Missionary Society of the M. E. church will give an entertainment in the church next Friday evening, Aug. 9, at 8 o'clock, to which the public is cordially invited. The program will consist of select readings, music, recitations and collection. By order of the President.

-Jacob Wolf of Tionesta township has made application for a patent on a movable fence, which is quite ingeniously gotten up and will stand all kinds of wear and tear. He is now in correspondence with the patent office at Washington, through his attorney, S. D. Irwin Esq., at whose office the model can be seen.

-O. W. Proper is having a five-foot flag pavement laid in front of the homestead property. Once down and Oliver will not again be pestered with councilmanic orders to "mend his ways." Sooner or later the town will be belted with this style of pavement, and as it is the cheapest in the long run, our citizens should replace the board walks with flag as the former wears out, whenever practicable.

-Br'er Baker of the Ridgway Advocate is evidently "in the hands of his friends." Hear him: "Benjamin Harrison has declared that he is not a candidate for President, and would not accept the nomination if tendered him. That's a good deal for an American to say. The editor of the Advocate is not a candidate for President, but he has never yet said that he would not accept a Republican nomination for that high office."

-Tidioute and Tionesta ball teams came together on the grounds of the former last Saturday, and the result was another victory for Tionesta, the score being 9 to 7. Those who witnessed the game were well pleased with their entertainment, one nice feature being the almost total absence of kicking on either side. Our boys say they received elegant treatment at the hands of their neighbors, and are highly pleased with the fairness of the umpire's decisions.

-Sup't Curweo, of the Warren Asylum, has notified the Commissioners of the different counties that no more patients can be received at present. The institution can comfortably care for 700, but its inmates now number 900. A bill providing for a new asylum at Titusville passed the legislature last winter, but was vetoed by the Governor because of a lack of funds, and there can be no relief now to the over-crowded institutions of the State for a least four years.

-Kirchartz Bros. have got rightly started in the Kepler Block, and are prepared to furnish the trade in general with fruits, confectionary, tobacco and cigars. They have also started in connection a Bicycle Repair Shop, where any alterations can be made or any parts ordered for Bikes. A full line of cements, oil, lubricants and repair kits will be in a few days. Give them a call when in need of anything in their line.

-Married, at the Stafford House, Buffalo, N. Y., on July 30th, 1895, Robert Parrish, of Marienville, Pa., and Miss Carrie E. Fleming, of Falls Creek, Pa. They will spend a few days along the lake and visiting friends at Erie before returning to the home of the groom in this place. Mr. and Mrs. Parrish have many friends, among them the Express, who extend congratulations and best wishes on this important occasion.

-Several cases of typhoid fever having broken out in Clarington, this county, within the past month or six weeks, the citizens are greatly exercised over the possibility of an epidemic similar to the one which the town passed through two years ago. The attention of the State board of health having been called to the matter by citizens of the place, Dr. Morrow, county medical inspector to the board, was ordered to investigate and ascertain, if possible, the cause of the trouble, and on Monday of this week went there for that purpose.

-Our readers may not be aware of the fact that at the last session of the Legislature an amendment was passed to the marriage license law which was signed by the Governor on June 18th. The amendment makes a marriage license now good in any county in the State, instead of simply in the county of issue. The party performing the ceremony must make the return to the officer who issued the license. It would be well for clergymen and others authorized by law to perform marriages, to make a note of the above fact as there is a heavy fine for a failure to properly report within thirty days all marriages performed. The act went into effect at once. In all other respects the law remains as it was.

-"Broken Line Sale" at Miles & Armstrong's.

-The management of Rialto Park has arranged a series of sporting events at that popular resort for the 20th of August which will doubtless attract a large crowd. The program will include several bicycle and horse races, so arranged as to give all an opportunity to win prizes, which range all the way from \$2 up to \$25. Bills giving full particulars will soon be circulated, in the meantime any information desired can be had by addressing R. L. Haslet or K. C. Heath, Tionesta, Pa.

-Arrangements for the reunion of the Tionesta Rangers, late Co. G, 83d P. V., to be held in Tionesta on the 20th of this month, are being fast completed, and the occasion promises to be a happy one for the veterans who thirty-four years ago took their departure from this place to take part in one of the most terrible conflicts of the age. The affair will be in the nature of an old-fashioned picnic, and it is hoped by the committee having it in charge that all will be prepared with well filled baskets to replenish the inner man.

-Frank Heidinger of Trunkeyville, was hit by a W. N. Y. & P. passenger engine at that station on Friday last, but escaped serious injury. He was walking on a side track back of some box cars and apparently did not notice the passenger engine approaching when he stepped in front of it. He was struck by the cylinder head and thrown to the side of the track, receiving several cuts in his scalp, a broken finger, and bruised side and back, all of which were dressed by Tidioute physicians, whither he was taken in a caboose shortly after the accident.

Death of Mrs. Sarah A. Albaugh.

Sarah A., wife of Jonathan Albaugh, was born July 16, 1854, and died at her home in Hickory township, Forest county, Pa., August 2, 1895.

Mrs. Albaugh had been a patient sufferer for several months. On Wednesday of last week Drs. Bowman, Siggins and Morrow of Tionesta, performed an operation and successfully removed several tumors, she rallying very nicely from the severe shock, and the family were much elated over the prospects of a speedy recovery. Near midnight of Thursday following she awoke from an apparently quiet slumber, but symptoms of a serious nature were readily detected. A physician was promptly summoned, but it was too late.

At 1:30 a. m., Friday, she passed from among the sorrow-stricken family and friends. After death it was shown to the satisfaction of the family that death did not result from the operation, but was caused by the breaking of an abscess in the chest, of which no one had previous knowledge, and on account of its peculiar location, any knowledge of the fact could have availed nothing. She was beyond the power of human aid.

Mrs. Albaugh is survived by her husband and three daughters, the elder married and living near the family homestead, and the other two aged respectively 10 and 12 years.

Funeral services were conducted at the house and at the cemetery (Mt. Zion) on Saturday afternoon last, by Revs. Dale of Tionesta, and Whippo of Hickory, a detail from Elihopper Post, G. A. R., in uniform acting as pall bearers. The services at the grave were most impressive; as the casket was lowered within the walls of the chilly tomb the gloom was in a measure dispelled by the loving act of the lady friends of the family, who cast beautiful flowers upon the casket that contained all that was mortal of the affectionate wife and mother. This demonstration of pure love and devotion was most touching and showed a tenderness of regard for those who mourn that will never be erased from their memory. The funeral concourse was very large and sympathetic. May she rest in peace.

Oil Notes.

The well opposite the mouth of Pitohole creek, on the bank of the Allegheny river, in which Dr. Weber of East Hickory, was interested, came in a duster last Thursday. The company can scarcely understand its failure to get a well since the territory is almost surrounded by wells which produced largely in the palmy days of the big excitement back in the sixties.

Grove, Courson & Co. have started the drill in their well on Dawson run, Harmony twp., a mile and a half from the mouth of the run.

The Stewart & Siggins well, on Tubbs Run, was shot last Friday and has since been lying idle. What she is worth no one knows unless it be the owners, and they don't appear to think it is their duty to tell. It is believed to be a fair well, however.

-For bargains go to the "Broken Line Sale" at Miles & Armstrong's.

NEWS NOTES.

Warren is to have Buffalo Bill's wild west show on the 17th inst.

The huckleberry crop is said to be immense east of the mountains in this State. There are none to speak of in this section, the frosts having fixed that matter.

It is now announced from Chicago that the corn crop this year will be the largest ever known, exceeding any former record by 200,000,000 bushels. Corn is still king.

Kane is flooded with counterfeit silver dollars, according to the Republican. Better set a quiet investigation in motion and see if the source of supply can't be discovered.

"The man who excuses himself from church on the plea that his washing did not come," says the salvation speaker, "will be glad to dispense with his linen in the next world."

A man who, from papers found on his person, is supposed to have been named Sullivan, was killed by the cars at Union City during Saturday night. His body was badly mangled.

The days have arrived when house flies are hatching; when the small boys' pants need patching; when fish are well worth catching; when city husbands are hatching; when ball clubs great games are matching; and when news gatherers for items are laborously searching."

A Greenville, O., Enoch Arden has returned from Mexico a millionaire, to find his wife married to another man. As he has riches, it will be the easiest thing in the world for his wife to make up her mind that her second marriage was entirely illegal and that it is the duty of her first and long lost husband to support her.

KANSAS LETTER.

ED. REPUBLICAN.—Having but recently returned from a trip to McPherson county, Kas., I thought perhaps a few items gleaned by the way might be of interest to a few of your readers. I left Kansas City the morning of the 3d of July, arriving at Marquette at 8 p. m. The day was cool and cloudy, a heavy rain having fallen the night previous. People all along the way had been harvesting. Wheat was not generally good, partly owing to lack of rain at the proper time, and largely to the ravage of the chinch bugs. Oats were fairly good, but I never saw better prospects for corn. I stayed all night with Mr. Norris and family, formerly of Forest Co. Mr. N. has been enabled as a result of many years of hard work in Kas. to lay aside a sum sufficient for old age, so that he no longer deems it necessary to work, has rented his farm, bought a comfortable little home in town, and seems to be enjoying life; really seems to be growing younger.

Mr. N. and I drove out to my farm the morning of the 4th. Found everything looking well; was very much pleased with the way everything looked about the place. The orchard was loaded with apples. It had been about three and a half years since I last visited the place and then in the winter. I felt strongly tempted to stay instead of returning to the city. After taking a hasty survey of the surroundings and stopping to shake hands with a few of the old neighbors along the way, we returned to Marquette, and in the afternoon drove out to the home of J. Y. Parker. Found Mr. and Mrs. Parker busy, as usual; had a very pleasant visit with them and remained till the morning of the 5th.

Mr. P. had out 230 acres of corn which promised a very bountiful yield. Thought from the prospect that he would have from fourteen to fifteen thousand bushels of shelled corn. He had out 22 acres of alfalfa, a species of clover. It can be harvested three times in one season, and makes an excellent hay. As yet raised, neither timothy, so that alfalfa meets a long felt want, and is much more productive than the old time clover. Prairie hay, owing to the land being nearly all broken up, is becoming a scarce article. I never saw apricot and plum trees so full as those in Mr. Parker's orchard. I broke some small branches from the trees intending to have them photographed and sent East, to let the people see what Kan. can produce in the way of fruit, but being delayed on my return trip so long on account of the floods, the limbs wilted and the fruit dropped off and spoiled my plans. Peaches and apples were equally plenty. Mr. P. has 80 steers, 45 domestic cattle, and 75 hogs. There seems to be a better prospect for advanced prices in stock than for some time past. We were again visited with a very heavy rain fall on the night of the 4th, almost a deluge, accompanied with some hail, but not enough of the latter in this locality to do much harm.

I left Marquette for Kas. City the morning of the 5th at 9 o'clock, the train being two hours late on account of the heavy rains west. We were detained at many places on the way by washouts. I saw at one place 400 acres of wheat which had been harvested, all afloat. At Osage City, where we were detained about 24 hours, the water on Main St. was three feet deep. The California delegation of Christian Endeavors on their way to Boston were on the train, and a merry crowd they were. Almost everybody seemed to be taking the delay good naturedly, determined to make the best of it. We arrived at Kas. City about 12 o'clock, Saturday night, about 30 hours late. Times are somewhat better in this city than last year, more work, building, and public improvements being done and fewer men being out of employment. Fruit, vegetables, and in fact produce of every kind, is very low, making it less expensive to live. Well, we expect with a good deal of stretching to pull through these good old Democratic times, and hope for better times in the future.

With best wishes for the REPUBLICAN and its many readers, I am, as of old, R. C. SKRIVER, 1424 Madison Ave., Kas. City, Mo.

Resolutions of Respect of Olive Lodge, No. 557, F. & A. M.

Whereas, It hath pleased God to remove from us our beloved Brother, James Wilbur Pettigrew,

Resolved, That while we bow in submission to the Divine will, we recognize the loss of a good and faithful member of our fraternity; one who having its principles at heart desired to walk uprightly, governing his actions by God's unerring square, so that when the summons of the Grand Master would come he might be approved, and in the great hereafter meet all good brothers in that hour from whence no traveler ever returns.

Resolved, That these resolutions be spread on the minutes, published in the REPUBLICAN and Pioneer, and a copy sent to the widow of the deceased.

Six weeks ago I suffered with a very severe cold; I was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the St. Paul Police Zeitung I procured a bottle and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. Wm. Keil, 678 Selby Ave., St. Paul, Minn. For sale by Siggins & Herman.

A Big Surpriser. In store for all who try Bacon's Celery King for the nerves. The general verdict of all who have used this great vegetable preparation is that it is the grandest remedy ever used for the cure of dyspepsia, liver complaint, general debility, etc. Bacon's Celery King for the nerves stimulates the digestive organs, regulates the liver and restores the system to vigorous health and energy. Samples free. Large packages 50c & 25c. Sold only by Siggins & Herman, Tionesta, and W. G. Wilkins, West Hickory.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which are the most trying in the world for bowel complaints. For sale by Siggins & Herman.

A Great Leader. We are pleased to inform you that we have received the sole agency for Otto's Cure, the great throat and lung healer. My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured a pair of bottles. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the remedy half its worth. I am sorry every one in the world does not know how good it is. I do.—Mrs. Lina S. Hinton, Grahamsville, Marion Co., Florida. For sale by Siggins & Herman.

ANDERSON.—At her home, Duhring, Forest county, Pa., July 28, 1895, Mrs. Thomas Anderson, after a short illness, aged 23 years, leaving a husband and a child to mourn her death.
