The United States Government is at present engaged in cleaning out a channel in the river between this place and Hickory. The channel will be wide and deep enough to float barges and flats at a low stage of water. The work is in charge of Mess. Bruce Crawford and Lyman Cook, two of our most experienced rivermen.

It has grown to be a question in Tionesta whether pedestrians have any rights on the sidewalk that bicyclers are bound to respect or not. There is too much reckless riding and one of these days some one will be badly hurt. Wheelmen should keep off the sidewalks at times when the roads are good and should ride slowly upon the sidewalks, at all times.

Speaking of cows dying from the effects of eating black cherry leaves from the trees which have been cut during the "dog days," a cow belonging to Chas. Warden, who lives on Salmon Creek, above Kelletriville, died very suddenly from that cause one day last week. She was being driven home in the evening, and passing by some tops that had been fresh cut she took a mouthful or two, and died before reaching home.

The Erie road will begin the sale of excursion tickets to Louisville, Ky., Sept. 9, at the low rate of \$9.60 for the round trip from Oil City, good to return until Oct. 5. This is the occasion of the National encampment of the Grand Army of the Republic, which promises to be an immense affair. Persons contemplating a visit to Louisville on this occasion will do well to correspond with F. A. Beatty, Ticket agent, Oil City, Pa., who will take pleasure in giving all needed information.

The American Express Company has made a material reduction in its rates, ranging from ten to forty per cent. And the best part is that Tidouite is in it.—News Glad to know that Tidouite is in it, but we have our doubts about Tionesta being in it yet, considering as how it costs 70 cents to bring an ordinary package of about 12 pounds from New York city. The American Express Co. might make an all-round reduction of 50 per cent. and still be outlandish in its rates.

The Pennsylvania Commission to the Cotton States Exposition at Atlanta desire to make a good showing of women's work at the exposition. The time is limited, as the exhibits must be forwarded as soon as possible. Any person in possession of a creditable specimen of woman's work and willing to exhibit the same will confer a favor by expressing their willingness to do so. Any woman who has invented an article, written a book, painted successful pictures, decorated china, furniture, developed photographs, or has creditable work of industry in any line, is included in this request. A collection of photographs of the oil country prepared and collected in attractive form would be desirable. Any lady desiring to exhibit specimens of her skill will communicate as soon as possible with

Mrs. ADA CAELE, Bradford, Pa.

The swing bridge across Tionesta creek, which was erected by Wm. Lawrence for his own convenience, is a private affair but at the same time he has no objection to its use for the purpose intended, by any one having occasion to cross the creek. What Mr. Lawrence does seriously object to however, is having the bridge used as a trying place for lovesick men and maidens who have been in the habit of going there to plight their troth and incidentally to swing and swing and swing. The latter is hard on the constitution of the bridge and Mr. Lawrence wants it stopped.

Last Saturday afternoon a 14 year old son of Sol. Mitchell of Nebraska, in company with Mr. Mitchell's sister and two children started to drive with a horse and buggy, to Tionesta. While coming down Noble hill near the residence of Wm. Hood, the harness gave way letting the buggy upon the horse's heels which frightened the animal into running away. The occupants of the vehicle were all thrown out with the result that the boy had an arm broken and the others were badly bruised and shaken up. The buggy was completely demolished but the horse escaped injury.

Hon. Rasselas Brown, the oldest and most highly respected member of the Warren county bar, died at his home in Warren, Pa., at 9 o'clock on Friday morning. He was born September 10, 1812, and during his long, energetic and useful life he enjoyed, to an enviable degree, the esteem and confidence of his fellow members of the bar and the citizens of Warren county alike. For many years he was the senior member of the widely known firm of Brown & Stone; his associate being Hon. C. W. Stone. He was a life-long Democrat, and on that ticket was elected Judge of his district. No man in Warren county stood higher in the estimation of his people than Judge Brown.

Our citizens are considerably worked up over the passage through our streets of the load of nitro-glycerine which exploded with such terrible effect on Thursday. Steps are being taken to verify the facts as to its transportation through the streets, when the city authorities will be called upon to interfere and bring the responsible parties to punishment. The ordinance provides for a heavy fine and punishment, and the people feel that it is time an example was made of some one.—Franklin News.

The above item calls to mind a fact well known, that scarcely a week passes that a load of glycerine is not seen going through Tionesta, and it is time the proper authorities took some action looking to the suppression of this dangerous practice.

Reunion of the Old 83d.

The annual reunion of the Eighty-third Regiment, P. V., was held at Exposition Park, Conneaut Lake, Thursday, August 22, 1895, and was one of the most successful events of the kind in the history of this famous regiment. There were about 75 of the "old boys" present. The meeting was held in Floral hall, Captain Peter Grace, of Jamestown, N. Y., presiding at the business meeting.

Treasurer A. B. Edson reported a fund of \$13.90 in the treasury. Ex-Sheriff A. H. Burnett, of Mercer, chairman of the committee of arrangements, explained the cause which led to the change of dates in holding the meeting. Chautauqua Lake was fixed on as the place of meeting for the next three years, and the last Tuesday in August the date for holding the same.

The election of officers followed and resulted: President, J. E. Swap, of Erie; first vice president, M. J. Olds, of Erie; second vice president, D. S. Cotler, Guy's Mills; treasurer, A. B. Edson, Meadville; secretary, D. B. Foote, Meadville; chaplain, Colonel D. C. McCoy, Meadville.

There was some little trouble in securing the proper little for the latter place, as no ministers were present who belonged to the regiment Colonel McCoy, on being elected, thanked his comrades and congratulated them on the fact that, from what he knew of the Eighty-third in this line, there would be few present at the religious services of the regiment.

After some other routine business the old soldiers, their wives and families repaired to the steambath landing and took a trip around the lake on the steamer Iriquois. The ride was complimentary on the part of the chief officer, President Grace, who received a vote of thanks and three cheers from his old comrades.—Meadville Tribune.

Any person desiring first-class dental work done will do well to bear in mind that I will be in Tionesta for the week commencing on the first Monday of each month.

R. H. STILLSON.

Death of Mr. Charles Holmes.

Charles Winslow Holmes died at his home in Norristown, Pa., on Monday afternoon, Aug. 26. Although he had been in ill health for about a year and had been failing quite rapidly lately yet it was not thought his death was so near. He had just returned to his home last Tuesday from this place where he had been visiting for a few weeks among his friends.

Mr. Holmes was born in Boston, Mass., in 1838 and came to Tionesta when about seven years of age, where he remained until he went to Norristown in 1855. Charles Holmes, his father, dying in early manhood, his wife married Mr. Benjamin May and brought with her to this place two daughters, both of whom are dead, and Charles. After some years spent in Andover Academy, Mass., he began his business career, first as a merchant, and afterwards in the manufacture of barrels, being a member of the firm of Kelly, Holmes & Co.

Upon going to Norristown he became a member of the firm of Wallace, Curtis & Co. of Philadelphia, at one time the largest foreign shippers of crude oil. He was married in 1871 to Miss Annie E. Derr, who with one daughter, a young lady, are left to mourn their loss.

Mr. Holmes was a man of kind and gentle disposition and pleasing manner, in business honorable and upright, in his associations courteous, his honor and integrity were never impeached. A friend to all, he had many friends.

For many years he was a member of the Central Presbyterian church of Norristown and was a consistent active worker. He was especially identified with the Sunday school of his church and with the Young Men's Christian Association to the interests of which he devoted much of his time. Truly a good man has gone to his reward.

Robert Wilson Stockten.

Robert Wilson Stockten, who will be remembered by many of the citizens of this county and vicinity, died very suddenly the result of a paralytic stroke on Tuesday, August 20th, at the home of his son William, near Brownsville, Butler Co., Pa.

His remains, accompanied by the P. & W. R. R. to Clarion; from thence, and joined by the rest of the family, taken overland to Brookville and deposited beside his wife who had preceded him some eight years to the Great Beyond. Having been a soldier the Brookville Post G. A. R. attended the funeral in a body.

The subject of this sketch was born at Cochranston, Pa., February 26th, 1833—was married in 1857 to Miss Hattie Lucas of Brookville, Jefferson county; enlisted at Erie city in 1862, in Co. C. 4th Pa. Cavalry and served until the close of the war.

He was converted to God and joined the Methodist Episcopal church 36 years ago, at a meeting held at Clarion. For 15 years he had identified himself with the Free Methodists.

He had five children, four of whom survive him; W. F. of Brownsville, Butler Co.; T. L. of Sugar Grove, Warren Co.; Mrs. Chas. Bowman, of Clarion, and Mrs. B. F. Snodgrass, of President, Venango Co.; Jimmie the youngest having died at Buffalo, N. Y., whilst returning with his father from Seattle, Washington.

The tramp of the last soldier of the late civil war will soon have ended.

Shot his Antagonist.

A dispatch to the Derrick from Pittsburg, dated Aug. 24, says: J. R. Riddle and Marion Jarrard, two pumpers in the employ of the South Penn Oil company, engaged in an altercation at 7 o'clock this morning at Mannington, W. Va., when the former drew a revolver and shot Jarrard in the stomach, death ensuing within ten minutes. Riddle at once gave himself up and was taken to Fairmount and lodged in jail. Jarrard was only married about six months ago. The cause that led to the tragedy could not be learned, but the coroner's inquest, which is to be held this evening, is expected to throw some light on the deplorable affair.

The foregoing is believed to have reference to James Riddle, a former Tionesta boy, whose initials are the same. The outcome of the unfortunate affair will be watched with much interest by his former friends in this place.

Notice.

I am going to New York to buy my fall and winter goods about the 10th of Sept. All persons indebted to me will please send, or call and settle their account.

BLOWN TO ATOMS BY GLYCERINE.

Claude Ward, a Former Tionesta Boy, the Victim of an Awful Explosion.

Claude Ward, a young man who formerly lived with his parents in Tionesta, and who is well and favorably remembered by many of our citizens, was blown to atoms by an explosion of nitro-glycerine on Thursday last week, about two miles from Franklin, on the Bully Hill road.

The young man has been employed since April, of this year, by A. G. Harper & Co., of Oil City, as a mixer of the explosive at the factory at Kane city, and also as an oil well shooter. He was 25 years old, steady in his habits and careful in handling the explosive. A batch of the stuff was made at Kane city on Wednesday and on Thursday Ward was sent with a wagon load to the Bully Hill factory. When he left the Kane City factory he had on about 300 quarts, and made the trip of 15 miles over the rough country and side-hill roads in safety only to be blown into shreds within less than 100 feet of the magazine where it was to be stored. The shock of the explosion was terrific in its effects. A funnel-like hole nine feet deep at the center and about 30 feet across marked where the wagon had stood when the stuff let go.

For fully 200 feet on all sides of the spot where the explosion occurred there was not a leaf to be found on a single tree, but fragments of hair, flesh, skin or cloth were to be seen on many; and one big chestnut tree, about 30 feet from the hole in the ground, was daubed and smeared to a height of 20 feet with blood and hair from one of the horses and where the top had been torn off by the explosion. Thirty feet away the dismembered carcass of one of the horses, its neck twisted, its ears blown off and apparently every bone in its body broken lay piled against a huge rock that had stopped its flight. Opposite and about 40 feet away was its mate; its entire hind quarters blown off and strewn about the woods, and its intestines and stomach hanging in fragments from the trees. In less than a half hour from the time the explosion occurred there were fully 300 pieces of human flesh were found they were placed in this receptacle. A portion of the scalp, the palm of a hand and a few muscles from the calf of the leg, with a fragment of a wrist joint were all, and these were found scattered in the leaves or hanging from limbs of the trees from 12 to 300 feet away from the scene of the explosion. A piece of calico, of blue and white stripes, a two-inch piece of cloth and a fragment of a blue handkerchief were recognized as being portions of Ward's apparel.

He was single and came here from Corydon, near Salamanca, eight or nine years ago with his step-father, Mr. Brant, and twin brother Clarence, who have since moved back to Corydon, we believe. Claude was a general favorite with his young associates here, being a big-hearted, good-natured and energetic boy.

MARRIED.

KISER—DOTSON—August 21st, 1895, by C. H. Wilton, J. P., Mr. Lewis Kiser and Miss Mary Dotson, both of Marienville, Pa.

Proposed Monument to Co. G.

At the business meeting of Co. G, 83d P. V., after the reunion last week, the question of erecting a monument to the memory of those who were killed and those who have since died, as well as those who are yet to answer the final roll-call, was discussed, and met with the hearty approval of all present. The general sentiment seemed to favor the erection of such a monument on a suitable spot in Tionesta, to have the names inscribed on same, and to be expressly for Co. G, 83d P. V. A committee consisting of the following comrades was appointed to take the matter in charge and report at as early date as possible: D. S. Knox, Chairman, Peter Grace, Chas. VanGiesen, J. H. Berlin, J. Albaugh, John McClatchey, Wm. Lawrence.

Jonathan Albaugh was elected permanent Secretary of the company organization.

The following resolution was unanimously adopted:

Resolved, That we tender our sincere thanks to the W. R. C., No. 137, for their noble assistance, to the comrades of other organizations for their devotion to us as Comrades; to the editors of our county papers for the unlimited encouragement given us in their publications; to the Stowtown band for their services and fine music; also to all who by their contributions and presence assisted us in making this, our first reunion a success.

All comrades and friends were urged to continue to give all possible information of the comrades, and especially notify the Secretary, J. Albaugh, West Hickory, Pa., of any who may answer the final roll-call.

After dispatching his snakeship Abe advanced to procure the trophy, but alas the snake had shed his rattle box and was only posing by the wayside having become the victim of a pedestrian who had passed that way a few days prior to the second encounter.

WILL WALKS.
