REPUBLICAN STATE CONVENTION.

Senator Quay Wins with Hands Down.
An Harmonious Convention After all.

The Republican State Convention at Harrisburg on Wednesday of last week was perhaps the largest and most interesting ever held in Pennsylvania. Several days previous to the date set the Capital City began to fill up with interested spectators from all over the State, and by Wednesday morning the town was fairly swarming with humanity. On Tuesday night two caucuses were held, one by the delegates friendly to Senator Quay, and the other by those friendly to Governor Hastings. At the Quay caucus 159 delegates answered to their names and announced themselves as ready to support the Senator in his fight. This virtually settled the contest for the State Chairmanship, and while his opponents still held out, it was noticeable that the fight was at an end.

Chairman Gilkeson called the convention to order at 11:45 and the calling of the roll of delegates disclosed the fact that every district was represented, all contests having been settled by a conference of the two sides. The first and only test of strength was on the election of a temporary chairman. Col. Henry Hall of Pittsburgh, was supported by the Gilkeson side, and Congressman J. B. Robinson of Delaware, by the Quay side. The vote resulted 163 for Robinson to 133 for Hall. There was no speech-making indulged in, aside from a few humorous remarks by the veteran Tom Cooper, who had the convention in a roar of laughter for about ten minutes. Governor Hastings was made permanent chairman, and then Col. Henry Hall, in a glowing tribute named his lifelong friend Benjamin J. Haywood for State Treasurer. His nomination was made by acclamation. In the course of his remarks Mr. Hall said: "It is my pleasant duty to name for the important position of State Treasurer one whose standing as a citizen, record as a public servant and labors as a Republican all combine to make him such a candidate as any Republican may be proud to support. He is a Pennsylvanian by birth, a Republican by conviction, and a man whose honor and honesty no man dare question. He has been elected to office by the voters of his own county; he has held an important Federal position; he is to-day discharging the onerous duties of cashier of the State Treasury, and in every position he has been faithful and efficient."

"To nominate him for State Treasurer is but to promote him for merit. I speak from my heart. He has been my lifelong friend. I know him, and knowing him as a true man, a capable official and an unflinching Republican, it is with pride and pleasure that I nominate for State Treasurer Benjamin J. Haywood, of Mercer county."

Senator Quay then placed in nomination the six superior court judges named for the new bench recently by Gov. Hastings, and they were also nominated by acclamation. They are: Gen. James A. Beaver, Charles E. Rice, E. N. Willard, George B. Orlday, John J. Wickham and Howard J. Reeder.

The next interesting point was reached when Senator Quay was placed in nomination for Chairman of the State Committee. Chairman Gilkeson, who held the proxy of one of Bucks county's delegates arose and said: "It is evident to my mind what the result will be over the chairmanship fight. I therefore in the interest of peace and with perfect confidence in the ability of my successor withdraw as a candidate and move that the election of Senator M. S. Quay be made unanimous." And amid the wildest enthusiasm Senator Quay's election was made unanimous.

The adoption of the platform was an easy task when the committee having it in charge had made its report. It has the right sound, and will meet with the hearty approval of all loyal Republicans and citizens who believe

in clean politics and a wise administration of National, State and Municipal affairs. Read it:

THE PLATFORM.
We accept unreservedly the determination enunciated by the Republican National convention of 1890; that we demand the use of both gold and silver money, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt paying power of the dollar, whether of silver, gold or paper, shall at all times be equal. Faithful to the Republican party and believing it to be the settled doctrine of the party that the honor of the nation and the interests of its citizens require the maintenance of a national currency, every dollar of which, whether in gold, silver or notes, shall be of a stable value and of equal purchasing power, this convention hereby declares its opposition to the debasement of the national currency by the admission of silver to free and unlimited coinage at the arbitrary ratio of 16 to 1.

We declare our continued adherence to the protective policy which has been so stoutly championed for 100 years by the great men of our State and of our nation, and to the acceptance of which policy by the Republican party the country owes all the prosperity it has enjoyed during the last 30 years.

We insist upon the passage of such legislation as will secure the restoration and maintenance of this policy without qualification or abatement. We charge the Democratic party, under Mr. Cleveland's leadership, with the precipitation upon the country in the early part of 1890, of the most disastrous industrial and financial panic in our history, which was caused by the open threat of Mr. Cleveland to destroy the protective policy, and the fear that other radical and destructive legislative changes would be attempted under the same leadership. The country has had an object lesson in destructive statesmanship which it will not soon forget.

We rejoice that the scheme of Mr. Cleveland and other free traders to inflict upon the country the infamous Wilson tariff bill, as passed by the House of Representatives, was defeated in the United States Senate. One year ago a tariff bill which embodies substantial, although not complete, concessions to the protective policy, became a law without the President's signature. Such a measure of prosperity as the country enjoys today is due to the radical changes made by the United States Senate in the Wilson bill and to the subsequent election of a new Congress, pledged to resist the Cleveland free trade policy. We thank the Republican members of the House of Representatives from Pennsylvania for their active and effective character in exposing the destructive character of the Wilson tariff bill as passed by the House of Representatives and we thank the Republican Senators from Pennsylvania for their efficient help in securing its defeat. Especially do we thank Senator Matthew Stanley Quay for his heroic resistance to the bill throughout many weary months, leading the Republican opposition to its enactment, and finally compelling the Democratic majority in the Senate to agree to the substitution of many protective duties for its free trade provisions.

We favor the adoption of a fixed and well-considered policy for the permanent betterment of the highways of the State, so that the means of communication by private conveyance between the farms of the State and the neighboring markets shall be improved and encouragement be given to the enlarged use of these highways by our citizens. We continue to demand the enactment of such legislation as will prevent the immigration of paupers, criminals and persons incapable either physically or mentally of self-support, and we endorse the bill that passed the House of Representatives prepared and introduced by our distinguished Congressman Hon. William A. Stone.

We commend the splendid administration of Gov. Daniel H. Hastings, which has fully justified the confidence in him of the voters of the Commonwealth, as expressed in the enormous majority given him last fall. Resolved, That we deprecate the growing use of money in politics and the corporate control of legislatures, municipal councils, political primaries and elections, and favor the enactment of legislation and enforcement of laws to correct such abuses. We earnestly insist upon a form of civil service which will prevent the enslavement of public officers and employees and the compelling of those appointed to preserve the peace to confine themselves to their duties, which will insure absolute freedom and fairness in bestowing State and county and municipal contracts and will punish any form of favoritism in granting them; which will forbid the grant of exclusive franchises to deal in public necessities and comforts and sanitary requirements, and will insure the recognition of ability and fidelity in the public service, keeping service to the country ever foremost when accompanied by ability and fitness.

We demand that public office should be for the public benefit and its term in subordinate positions should be during good behavior. No public employer or officer should be permitted to influence primaries or elections, nor upon any pretense to be assessed upon his salary, and all unnecessary positions and salaries should be abolished and expenditures and taxation reduced; there should be a uniform basis of valuation on property for public purposes; corporations enjoying public privileges should pay for them and schools should be divorced from politics and kept absolutely free from political influence and control.
