

**THE FOREST REPUBLICAN.**

J. E. WENK, Editor & Proprietor.

WEDNESDAY, SEPTEMBER 13, 1895

**REPUBLICAN TICKET.**

**STATE.**  
State Treasurer,  
BENJ. J. HAYWOOD, Mercer.  
Judges of the Superior Court,  
CHARLES E. RICE, Luzerne.  
JAMES A. BEAVER, Centre.  
E. N. WILLARD, Lackawanna.  
GEORGE B. ORLADY, Huntington.  
HOWARD J. REEDER, Northampton.  
JOHN J. WICKHAM, Beaver.

**COUNTY.**  
Treasurer,  
JAMES H. FOXES.  
Associate Judge,  
JACK McCRAE.

THE Grand Army this year marches nearly 400,000 strong. But its patriotic spirit is as a legion which no one can count.

LET every Republican in the county see to it that his taxes are paid at once, and thereby make sure of his vote at the approaching election.

WOULDN'T it be a good idea for the Hungarian Mollie Maguiers to read up the history of Pennsylvania before going ahead with their murderous organization? A perusal of the history of the coal region may save their necks. Pennsylvania is not a healthy State in which to organize murder societies.

THOUGH the gold reserve has been in part replenished this is a mere stop-gap while Government expenses exceed Government receipts. As long as this takes place, and it is due simply and solely to Democratic failure to provide the revenue to meet Democratic appropriations, the gold reserve will continue in danger, and the Government will have to borrow money at interest in order to pay current expenses.

THE second race between the British Valkyrie III. and the American Defender was won by the former by forty-seven seconds, but was awarded to the Defender on account of Valkyrie having purposely fouled her at the start. Last Thursday was the day set for the third race, but immediately after the start the Valkyrie raised its protest flag and flunked out, the Defender going over the course alone. It was plainly evident to all that the American yacht was much the faster of the two, and it will be some time before the cup leaves this side of the pond.

A DISPATCH of the 14th inst. states: Charles Hutchinson, president of the Corn Exchange Bank, in an interview in the Post to-day, says that arrangements for a new issue of bonds are about completed. "I have it on the best authority," he said, "that the Morgan-Belmont syndicate is negotiating with President Cleveland. The only point undecided is the amount, the President desiring to make it \$25,000,000, while the syndicate wants at least \$50,000,000. My information is from New York." And yet we read in some of our worthy exchanges what a blessing to the country is a Democratic administration.

THE survivors of those Pennsylvania companies which were the first troops from the North to arrive at Washington after the firing on Fort Sumpter propose to go over once more the route which they followed from Harrisburg to the National Capital in April, 1861. It is proposed to hold a meeting at Harrisburg on January 1 to arrange for this journey, which will be full of interest to the men who made that memorial journey through Baltimore, and to the public which in recent years has seen accorded to the First Defenders the honor that belonged to them, but which was so long paid to troops from another State.

THE Democratic State convention at Williamsport last Wednesday placed six candidates in the field for Superior Court Judges and succeeded in defeating Henry J. McCarthy who was the Democratic appointee named by Governor Hastings under the act creating the court. The six candidates are as follows: Harmon Yerks, of Bucks; Christopher Magee of Allegheny; Peter A. Smith, of Luzerne; J. S. Moorehead; Oliver P. Bechtel, of Schuylkill; Judge Charles H. Noyes of Warren. For State Treasurer, Benjamin F. Myers of Harrisburg was named. The platform endorses the ruinous administration of Grover Cleveland of course, and "arraigns and condemns" the Republicans, to be sure. The people of this district naturally feel complimented by the nomination of Judge Noyes, whose ability has thus been recognized by his party in the State.

THERE is certain to be a great deal of speculation throughout the next six weeks as to which one of the six Democratic candidates for Superior Judge will be elected. It is something in which the Republicans have no interest, since they have six candidates of their own to vote for, all of whom will be elected. But there are so many interests in the Democratic party that there is certain to be a campaign of slaughter all around. With the probability that the influence of Chairman Harrity will be thrown in behalf of ex-Judge Peter P. Smith, of Lackawanna, there will be need of the utmost hustling on the part of the friends of other candidates to keep anywhere in sight.

In his choice of members to serve on the Republican State committee at large Senator Quay gives an earnest of his intention to do just what he said he would in purifying State and municipal politics. Among the number thus selected is the young and brainy member of the legislature from Tioga county, Hon. Walter T. Merrick, whose record in the last legislature was one to be proud of. In every instance his voice and influence was raised in favor of the people as against the great corporations, and while he fought often against overwhelming odds, he never faltered in his allegiance to his people. When Senator Quay calls about him such advisers it may be set down that he is most decidedly in earnest in his fight for the good of the people of the State at large. And the people of Tioga cannot afford to be unmindful of the fact that they owe much to their vigorous young champion, on whom they do not need to keep a constant watch for fear that he may betray them.

AND still the yellow metal continues going abroad. The movement of gold abroad, not only now, but during the past eighteen months, has been the result of failure of Democratic attempt to "capture the markets of the world." During the past year, since the Democratic tariff went into effect, the imports of goods from Europe have increased in value \$88,608,977. During the same period the exports of American goods to Europe decreased in value \$72,895,689. We spent \$88,608,977 more in Europe in 1895 than in 1894, and Europeans spent \$72,895,689 less in this country in 1895 than in 1894. It ought to be plain that we are more than 160,000,000 worse off in 1895 than in 1894. For months the balance of trade has been running against us. We have been buying more in Europe than we have sold in Europe, and the difference has been paid in gold. That is why the gold is going abroad and the Treasury reserve has been declining.—Blizzard.

THE people of the United States are great consumers in good times. What it takes to support one prosperous American would sustain 200 Chinamen, or from ten to fifty individuals of any other nationality. Hence it happens that the markets of the United States are worth to manufacturers three times as much as the markets of all the balance of the world combined. Therefore when we adjust our duties so as to let in the manufactured products of other countries on the plea of "reaching out after the markets of the world," we are losing two-thirds of our own markets and gaining nothing. Simply getting in debt at the rate of a million dollars a day and keeping our working people in destitution and our business men in poverty. What kind of statesmanship is that? We like to see the organs of a party stand up for their own side, and every intelligent man, who is not a prejudiced old fossil, wants to read both sides, but in the light of bitter experience there is plainly but one right side to this tariff question for Americans, and that is the side of protection to home industries.—Pun'ny Spirit.
