-Hart Lawrence's bicycle is laid up for repairs. He collided with his younger brother John. Hart was the heaviest, but John rode the heaviest wheel, and the result can be imagined, but you can scarcely picture in your imagination the woeful appearance of Hart's wheel.
-The new jail and Sheriff's residence is rapidly nearing completion, it being now in the hands of the plasterers, and Sheriff Carson will undoubtedly be domiciled therein by the first of November. It is certainly a credit to our county, and one to which the citizens can point with pride.
-While the bridge abutment is being repaired and travel by teams obstructed, Ed. Hunter is running a ferry at the old landing, the sight of which carries one back nearly a quarter of a century, when that was the only means of crossing the river at this point. Ed. isn't losing any money on his enterprise.
-It should not be forgotten that Friday is the day set for work on the new river road, and the committee in charge hope to see a large force of men in attendance. Don't forget to bring your tools, such as picks, shovels, mattocks, and above all don't forget to bring your dinner pails with you, as each man is expected to "board himself" on this occasion.
-On and after the first day of this month a marriage license procured in any county of this state can be used in another county. This is an amendment to the marriage license law, and was passed in 1893 but through a clerical error only takes effect now. A further amendment passed at the recent session of the legislature compels the party solemnizing the ceremony to transmit a duplicate record to the county in which the license was issued.
-George Armstrong, having purchased a good sized piece of ground extending from low water mark in Tionesta creek near Forge Island back over the hill in the direction of Peters run, is preparing to build a house thereon, the same to be located on the bank overlooking the creek. He has already cleared up quite a nice patch up on the flat. Fred Reib has a house about ready to move into on a plot of ground a short distance up Peters run, where he is clearing up a little farm.
-Senator Jesse M. Baker, father of the Baker ballot law, will please accept our thanks for a very useful little pamphlet entitled "The Voters Guide; a Digest of the election laws of Pennsylvania," compiled by himself and published by Wm. G. Johnson & Co., Pittsburg, Pa. It is a complete work, and defines the duties, not only of the voter, but every officer having anything to do with the franchise law of the State. It is sold for 25 cents, and can be had by enclosing that amount to the publishers, Wm. G. Johnson & Co., Pittsburg, Pa.
-Relatives here received the intelligence yesterday evening of the sudden death of Mrs. Martha, wife of Cyrus J. Murphy, and daughter of our townsman William Kilmer. About ten days ago she was taken sick with typhoid fever, from which she died as above noted. Mrs. Murphy was in the 42d year of her age, having been born and reared in Tionesta. She was an excellent woman, highly esteemed by all who knew her. She leaves to mourn her death, a

husband, one son, father, three brothers and two sisters, she being the oldest of the family. Her home was in Youngville, Pa., from which place the remains are expected to arrive here to-day, the interment to take place in Riverside Cemetery. The sympathy of all our people is extended to the bereaved ones.
-We would like to ask those parties who are so partial to city papers, if they ever find, from one year end to another, one line in said papers in reference to the daily happenings in the county in which they reside? While it is possible for the city papers to give more general news than the home papers do, it is impossible for them to give the local news of the day. It is all right for people to take the city papers, but is very foolish for any one to draw a comparison between them and the county papers, to the detriment of the latter, which has the best interests of the county constantly in view.—Clarion Jacksonian.
WEDDING BELLS.
A PLEASANT AFFAIR.
A very pleasant affair took place at the residence of Mr. and Mrs. J. A. Weiser, near Leeper, Pa., Sunday, Sept. 29, 1895, at five o'clock p. m., the occasion being the marriage of their daughter, Miss Arley, to Mr. S. J. Lynch of East Hickory. Miss Hattie Reyer played the wedding march, and Rev. Wouders pronounced the words which united the young couple, when an elegant wedding supper was served, after which Rev. Wouders, in behalf of the friends present, presented the bride with many useful presents, which were accepted with many thanks. About sixty-five of the nearest relatives and friends witnessed the ceremony, among them being Mr. and Mrs. R. R. Lynch and son Roy, Bert Hillard, S. Carson and Lucy Anderson of East Hickory; Mr. and Mrs. Clyde Reed, of Myola; Mrs. Amanda Kubas, of Reidsburg; and B. J. Clark of Tionesta. The bride wore a handsome white silk, and corresponding bridal finery. Mr. Lynch is well known as one of Hickory's best young men, and the bride as one of Forest county's most successful teachers, and will be greatly missed by a large circle of friends at her home. After all presents had expressed their good wishes, "good-byes" were said, and Mr. and Mrs. Lynch left for their future home at East Hickory, where the groom is employed and the bride has charge of one of the public schools. May the sun of their happiness never set, is the wish of
WELLER-EHLERS.
A very pleasant event took place last Thursday evening on German Hill. It was the occasion of the marriage of Mr. George Weller and Miss Anna Ehlers, proper notice of which appears among the wedding announcements of to-day's paper. The hour was set at four o'clock, at which time a goodly number of guests had assembled at the bride's home to witness the interesting ceremony, which was performed by Rev. O. T. Kubitz, of the Lutheran Church. After the ceremony was over and all had extended hearty congratulations the guests were seated to a most sumptuous wedding dinner, and a very pleasant evening was passed. The groom is one of the energetic and industrious young men of his community, and for the past year has been engaged in the oil business near Emlenton, where he is drilling wells by contract, in which business, we are pleased to know, he has had excellent success. The bride is one of German Hill's most charming and popular young ladies, and enjoys the high esteem of all who know her. The happy young couple will reside in Emlenton, for which place they took their departure last Saturday, bearing with them the best wishes of all their friends for a long and happy married life, in which hope the REPUBLICAN heartily joins.
BLUM-YOCKROTH.
One of the highly interesting events of the season was the quiet wedding that took place at the home of ex-Commissioner Henry W. Ledebur of German Hill, yesterday forenoon. Only the near relatives of the contracting parties were present to witness the affair, which passed off most pleasantly. The groom, Mr. Herman Blum, is one of the sturdy, honorable citizens of our county, whose quiet bearing and sterling worth has made him esteemed by his neighbors and acquaintances everywhere. The bride, Mrs. Emma Ledebur Yockroth, is one of the most excellent of women, whose modest ways and charming character have endeared her to all who have the pleasure of her acquaintance. A more appropriate and happy union could scarcely have been consummated. Rev. O. T. Kubitz officiated on this occasion, and after the words had been spoken which united two honest hearts, the

company partook of an elegant dinner, and in the afternoon the happy couple departed for a short visit with friends outside their own neighborhood, after which they will take up their residence at the pleasant home of the groom. We join their large circle of friends in wishing them all the happiness which must result from a union so happy as this one.
The River Road.
MR. EDITOR:—We see by your recent issue there a move to build what is known as the River Road. This is both noble and gigantic. The inconvenience experienced by traveling public for want of a road, or rather a safe road, connecting Hickory and Tionesta, is simply beyond calculation. A number of horses have been left or injured on account of the bad condition of that road, causing litigation in our courts, &c. Not only this, but there is another fact to be considered which of itself should be an incentive to build the road: As a natural consequence our people are inclined to visit the county seat, do business or trading there in preference to visiting other towns, although just as near, but having no proper or safe road the people of Hickory have been driven to Tidouche or elsewhere, thus buying outside of our own county, while all things being equal Tionesta would have received that money, &c., &c.
We might enumerate many other conveniences in support of this praiseworthy move. Every citizen encouraging the present move either by their money, labor or time, does certainly become a public benefactor. We also see that Mr. Collins is in the move, for the benefit of the highways of our County. That man should never die; his earnest efforts in improvements for the benefit of the traveling public and the country generally is certainly to be appreciated by our people everywhere.

NEWSY NOTES.
In a store window in Ridgway are displayed a large number of nursing bottles. A card bears this inscription: "Give the little suckers a chance."
A person who was to have been arrested at Weidell, Pa., the other day, for bathing in the water works reservoir, was let off because he was a "nice, clean party."
We are informed on high authority that the Democratic candidate for register and recorder in Clearfield county, Pa., is named Blue Kosser. We cordially introduce him to the Hon. Dink Botts, the Hon. Abe Slusky, the Hon. Pod Dismuke, and the Hon. Hoke Smith.—N. Y. Sun.
The blind ped operators are again flooding the country with circulars and advertisements bidding for the individual's money to invest (?) in stocks, etc. It is a very safe rule to avoid all schemes that promise a greater profit to the investor than the use of the money is worth. In very few cases is money worth over the legalized interests.
An exchange says: "One reason why people never pay any attention to signs and advertisements daubed on old fences, stables and bridges is because they do not know whether they are reading the advertisements of some firm that is still in business or one that has been dead for years. When people read advertisements in a newspaper that is up to date they know that the advertiser is alive and doing business."
The News notes that two of Emlenton's citizens have patented a new thing for bikes. It is called the "Back pedal automatic bicycle brake." The new brake is their own invention and will not doubt be widely sought after. When the power is lessened on the pedals the brake at once takes hold of the axle of the rear wheel, thus doing away with the trouble of applying the brake with the hand. It should be seen to be fully appreciated. Bicycle manufacturers proclaim it a good thing.
When Robert J. closed the racing season of 1894 with a record of 2041 for pacers, and Alix with a record of 2042 for trotters, it was generally believed that the two-minute goal would be reached in 1895; but this is apparently unlikely to happen. Alix has been unable to lower her record or even to equal it; and the best that Robert J. has been able to do is 2044, while Patchen has

only equaled his own record of 204. It seems probable, therefore, that the few seconds which prevent the advent of the two-minute horse will still remain for an indefinite period.
Editor Smith, of Punxsutawney, on county fairs, fairs and such: "It is hardly proper that county fairs should be a mere corraling of the people within an enclosure for the convenience of a lot of sharks and gamblers. There are other and nobler purposes to which fair grounds can be put. For instance, there is no harm in exhibiting big pumpkins and cabbages. And there is no harm in horse racing, where there is no pool selling. The glory of a horse is in its speed, and it is one of the finest specimens of the animal creation. The fairs should not only not be permitted on the fair grounds, but they should not be permitted on earth."

We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other should keep it in the house, for it is sure to be needed sooner or later. For sale by Siggins & Herman.
