There are many pleasant little

events occurring all over the county,

and not a few accidents, mishaps and

other kinds of news that ought to be

reported to the REPUBLICAN if those

interested would take a few minutes

time to send us the facts.

If you want to be carried back

in memory to the "good old times,"

we hear so much about, just take a

ride on the Ferry Boat that is being

plied across the river between East

and West Tionesta at the present

time, by Wm. Hunter and Andy

Keam.

Next year, 1896, will be leap

—Mrs. Thos. Nicholson and Mrs.

Holmes, of Oil City, are paying a

visit to Tionesta as the guests of Mrs.

W. W. Grove.

—Amsler gets a new invoice of

grapes, fruits, etc., on nearly every

train, hence his goods are as fresh as

can be had. Try his wares and see

if he don't keep the best for the

money.

—Mr. Conrad Paul, one of New-

town's industrious citizens, gave us a

pleasant call yesterday. Mr. Paul is

one of the pioneers of Kingsley twa-

ship, having lived there for nearly

forty years.

—Look out for a new ad. from

David Mintz, the Maricouville mer-

chant next week. The copy arrived

too late for this week, but he is now

prepared to show you a bigger stock

than he has ever carried heretofore.

—The wire having been strung and

the instruments connected up, the

new telephone line ought to be ready

for business at an early day. As

soon as all connections are completed

Tionesta will be in shape to "hello"

to the outside world.

—Phil Emert met with a painful

accident last Saturday, while on his

way to visit his father-in-law, out on

Smookey Hill. He was thrown from

the wagon on which he was riding by

the upsetting of the seat, falling on

his back and injuring his spine se-

verely.

—Clyde, the eldest son of Z. T.

Shriver, is in a critical condition at

the home of his parents, on Cropp

Hill, whither they moved some weeks

ago from this place. He is suffering

from a sores abscess, which developed

last winter, and on which an opera-

tion was made several months ago.

—A 14-year-old son of Mr. Mitch-

ell, at Pörky, Howe twp., was very

severely burned about the face last

Saturday by a gas explosion in the

derrick of an oil well which was be-

ing drilled into the sand. One of the

drillers, whose name we did not

learn, was also quite severely burned.

—In the Supreme Court, now in

session at Pittsburg, the case of the

Frederia National Bank vs. N. P.

Perrin et al, was argued on Thursday

last, and decision withheld for the

present. This case involves the ti-

tle to a large tract of oil and timber

land in Howe township, this county.

ture Hamilton announces the follow-

ing dates for farmers' institutes in

16; Erie, March 18; Warren, March

20; Forest, March 23; Clarion,

March 25; Jefferson, March 27;

—The Oil City hospital seems to

be in a flourishing condition, and

doing a good work for humanity.

There are 19 patients in the institu-

tion at the present time. The W. N.

Y. & P. officials have ordered all

employees injured between Oil City

and Olean on the River division and

between Oil City and Brocton on the

Pittsburg division to be sent to the

—John Sallada, father of our

townsman A. J. Sallada, Esq., and

of old age, being in his 81st year.

cluded.

—The new Wheeler & Dusenbury

mill at Stowtown is getting along in

good shape, and when completed will

be one of the most complete mills in

this section. The company is also

putting in water works, building a

at a height which will give one hun-

dered and twenty pounds pressure.

Four inch pipe is being laid and

eight double hydrants will be attached

and respected citizens of the county,

died at his home in Green township,

on Wednesday of last week, of heart

trouble from which he had been a

sufferer for a number of years. Mr.

Hall had been a hard worker and an

industrious man up to the hour when

he was no longer possible for him to

be so. He had been almost a life-

long citizen of this county, having

moved to Green township several years

ago from Hickory township where he

had spent most of his days. He leaves

a wife, also 2 sons and 2 daugh-

Dec. 20, 1828, and was therefore in his

day, the interment taking place at

East Hickory.

—J. N. Heath has secured the

agency for an article which all house-

holders will be pleased to test. It is

the recipe for making Drip "Crystal

Syrup." John sells family rights for

making the syrup and will call on

you shortly to show you what an el-

egant article he has to offer. Some

of our people have tried it and the

following testimonials will show what

is thought of it. C. F. Weaver, Pro-

prietor of the Central House, says:

"I can recommend your receipt for

making Crystal Syrup Drips to be

the hotel trade very highly, having used

it myself and pronounce it a first

class article." Mr. J. L. Peters, Pro-

prietor of the Forest Hotel, says:

"Having made the syrup according to

the process purchased from J. N.

Heath, we pronounce it to be a first

class article and worthy the consider-

ation of every housekeeper." Try it

when Mr. Heath comes around.

GRAND ROAD FROLIC.

Saturday, October 19. Everybody In-

cluded.

A goodly number of citizens from

the surrounding neighborhood turned

out last Friday to give the new river

road a boost, and a splendid day's

work was accomplished. Previous

engagements and circumstances over

which they had no control, however,

interfered with the attendance of

many who had intended to turn out,

and so the committee in charge have
