Judge Arnold of Philadelphia has refused a new trial to Holmes and sentenced him to hang. An appeal will be taken to the Supreme Court, but it looks very much like a hemp-stretching seance for the man of many murders.

A person on a train will notice, if listening closely, a click as each rail is passed. If you take out your watch and count the number of clicks in twenty seconds. you will have the number of miles at which the train is going an hour. This is always true as the rails are of uniform length. It is a system that is used by railroad men when no register is at hand. -Ex.

Returns to the Department of Internal Affairs show 29 passengers killed and 612 injured in the railroads within this State during the year ended June 30, 1895: 447 employes killed, and 8,346 injured; 1,107 other persons killed and 10,607 injured. By "other persons" are usually meant trespassers, sulcides, people under the influence of liquor and those killed at railroad crossings.
