LOCAL AND MISCELLANEOUS.
—April fool.
—Oil market, \$1.29.

—Snowden & Clark have a nice lot of farm machinery which our farmers should see before they make their purchases...

—The Brookville Democrat, always esteemed as one of our brightest and hand-somest exchanges, has lately added to its outfit a new dress of type, which makes it still more a thing of beauty and joy forever.

—Owing to the continued illness of Prof. Speer, Miss Emma Varner has been engaged to teach room No. 4, for the present week.

—And now Edison has succeeded in penetrating the human body with the eyes. Last Friday he looked into the heart and lungs, and examined the arteries, the blood vessels and muscles of one of his assistants.

—Dr. Frank S. Hunter has rented rooms in the gas company's building and will be ready to receive customers at any time. He has a very fine dental outfit, and will be thoroughly equipped for the practice of his profession in the most modern and approved style of the art.

—Flora Walters & Co., will have their Millinery opening on the 16th, 17th and 18th of April, and cordially invite all the ladies to attend on at least one of these days.

—The passenger locomotives on the W. N. Y. & P. are adopted the chime whistle, the tone of which reminds the old-timer of the days, way back in the early sixties, when the large passenger steamers used to make regular trips to this and more northerly points during the spring frosts.

—Two Kellewell households have been saddened within the past few days by death. On Sunday a four-month-old child of Mr. and Mrs. Ralph Grove died, and on Monday Mr. and Mrs. Harry Smith were called upon to mourn the loss of their girl babe, three weeks old. Both were buried at Whig Hill.

—Spring is here, and so is the handsome stock of percales, gingham, chevots, etc., to fit the season, at Lawrence & Smearbaugh's. Before making selections we ask you to call and see our stock and get prices. The goods are guaranteed to stand the washing; the prices speak for themselves.

—The festive and over-anxious angler should remind himself that the troutling season does not open for two weeks yet, dating from to-day. That gives plenty of time for looking up your fishing tackle, bait, etc., but no allowance is made for dropping in the hook till the time comes. Mind that.

—Lanson is home from New York, and just got here in time to help open up and show the finest line of dress goods—in all the latest patterns, colors and—Prices! well, should say so; they are so low that for economy's sake will save pencil from wearing out writing them, so come and see. No trouble to show goods.

—A private letter from Willie, son of our former townsmen, John Muenzenberger, states that the family has removed to Chicago Heights, a suburb of the great city. They are all quite well and prosperous, though times are very close in that section, and Willie thinks we had all better vote the Republican ticket this fall, and be his right.

—As to shoes! Don't forget that we have the finest assortment of strictly first class articles in that line that can be seen in this section. Ladies', gent's and children's in all styles, sizes and qualities. We allow no shoddy goods to come to our counters, and what you buy of us cannot be excelled for the money. Lawrence & Smearbaugh.

—Selden Whitman was in town last week one day, and took with him to his farm in Tionesta twp., a load of doors and windows for the new house which he will erect the coming summer. It is to be a substantial farm dwelling, one part 16x24 and the other wing 16x20, and will afford him a comfortable and pleasant home in his old age.

—The house and lot, Cor. Main and Bridge streets, belonging to the H. O. Davis estate is soon to be sold to the highest bidder. This is one of the most valuable business locations in Tionesta, and ought to sell quickly at a good price. A house, lot and blacksmith shop in Tyrolsburg, Clarion county, belonging to the same estate, is also for sale.

—Mrs. Whiteman and Mrs. Geo. Holeman were elected delegates to represent the Presbyterian Sabbath School of Tionesta at the County Convention at Marienville, next Monday and Tuesday. Each school is entitled to two or more delegates, and those intending to be present should notify either C. W. Amsler, M. V. Patterson or Dr. Towler, Marienville, Pa.

—Rev. Albert Bean, who has been obliged to cease his ministerial labors for some time to recover his health, will in the near future call at the homes of his many friends throughout Tionesta, and other Forest county towns, representing the only original Misses Lisk's Angel Food Bake Tins, sold only by agents. Those who see them will have no other. While helping him you will enjoy a household blessing. Give him your order.

—The first real spring weather we have had so far has been since Sunday, and the balmy atmosphere of the past day or two has been very welcome. Robbins and blue birds are plenty, and chipper, and busy themselves in preparation for the summer. The streams are swollen and rafting has begun to claim the attention of lumbermen. The frost in most places is out of the ground, and a thin writing it looks very much as though spring is on deck.

—Among the sentences pronounced in the U. S. district court at Scranton last week, was that upon John W. Henderson for counterfeiting. He was arrested near Cory three weeks ago, and was given four years in the western penitentiary for making spurious coins. This is his third sentence for this offense, as he has been a coiner since 1878. He has been a very sly customer, and when closely pressed has always hid among the timber camps in the western part of the state.

—At the close of a very successful series of meetings at Stowtown, conducted by Rev. Mr. McAninch, Monday evening, the preliminary steps were taken toward the organization of a Presbyterian church at that place. A wonderful interest was manifested throughout the meetings, the list of those who came out on the Lord's side numbering thirty-seven.

—Ask to see our silk waist patterns. They are lovely. Lanson.

—The sucker fishing season is now thoroughly on, and some fine catches are being made. To be sure, sucker fishing isn't just as exciting as it might be, but in the absence of the other kind it furnishes considerable amusement and recreation after the long winter shut-in, and when the yield is fair there is no end of enjoyment while devouring a properly scored, crispy fried sucker at this season of the year, when the meat is hard and well flavored. Fairly makes one's mouth water to write about it.

—Miles & Armstrong sell goods the cheapest. Try them.

—Our old friend Tom Nielson is a candidate for County Treasurer of Venango county. If his many friends work as hard for his success as he has ever been ready to work for the success of others on the Republican ticket, his nomination and election ought to be assured. Tom has always been an ardent Republican, and ever ready to take a hand for the success of his party. Now, in being a candidate himself, he will be able to appreciate such work by his friends as he has done for others. Success to you Tom, old boy.

—L. L. Davenport, solicitor for the Central District Telephone Co., secured twenty-one contracts while here last week, enough to warrant his company in establishing an exchange in Tionesta, and the work of erecting the line will begin in a short time. Subscribers will be privileged to communicate with Oil City, Tionesta and Franklin free of charge, which is a matter of great convenience to many. Mr. Davenport believes his company will surely extend its long distance line to Marienville as soon as weather is permissible, and this will also be free to subscribers.

—In the U. S. District Court, sitting in Scranton last week, George Brady and George K. Murray, giving their residence at Tionesta, were convicted of robbing the Pleasantville postoffice. The former was sentenced to the Western Penitentiary for four years; and the latter for three years and six months. It will be recalled that early in the winter the Pleasantville office was broken into and robbed of about 1,900 pennies. These two men were found in Cory next day, stockpiling with liquor and rich food, paying for the same in pennies. A two-cent piece, bearing peculiar marks, was found on one of them and identified as belonging to the stolen stuff.—Franklin News.

—The pulpit is cautioned against a traveling fraud who has already victimized people in a number of towns in the state. He claims to be an agent of the government, and going to the houses of the veterans says that the department is about to give orders for several hundred thousand blue army shirts. Wishing to give the wives of the veteran a chance to make a little money, the government has decided to give the shirts out to soldiers' families to make up. When he receives an order for the shirts the agent looks over the sewing machine in the house and finding that the stitch is not just right offers to change it for a dollar, the money to be given back when the material for the shirts is delivered by an assistant. His victims are now looking for the assistant.—Ez.

—The following items are culled from the Marienville Express of last week: The residence of Joseph Hall at Redcliffe was burned last Saturday. Most of the household goods were saved.—The residence of Isaac Steele at the Watson Farm burned Saturday, March 14th, together with all the household goods.—M. A. Eminger and Miss Belle Silvia, both of this township, were married Wednesday, March 26th, by C. H. Wilton, J. P.—It was expected that the Salmon Creek Oil Co. well would be completed the first of the week, but up to date the "pauz streak" has not been reached and the drill is still in going down.—The engine house at Campbell, Ritts & Co.'s mill burned Monday, and the "dinky" was used up to such an extent that it will be necessary to send it away for repairs. It will cost several hundred dollars to put it in shape again.—John Walden, of Tyrolsburg, got a piece of steel in his eye some time ago, and last week went to the Oil City hospital, where it was found necessary to remove the eye. It is now feared that he will lose the sight of the other eye.—A team of horses belong to J. S. Caldwell, of Byrington, fell into an old well one day last week and went to the bottom, about seventeen feet. Arrangements were made and the horses lifted to the top of the ground, and strange to say, neither of the animals were injured in any way.

—Not a "carload," but enough for all, and when others don't have what you want you can get it at Miles & Armstrong's.

—Never such a full line of useful articles brought to town as Lanson has, and to know where to buy, is to find out the prices.

—Ask the best people in town where they buy their carpets. They will answer at Miles & Armstrong's. Why? because they show more patterns at lower prices, and make and lay carpets if desired. Don't buy until you see them.

—Feed, oats, corn and buckwheat are all handled at Lanson's, and want you to come, examine get price and we are sure you will buy a ton or two.

Meeting of Stockholders.
The annual meeting of the stockholders of the Tionesta Gas Co. will be held in their office on Monday, April 6th, 1896, at 2 o'clock, p. m.

Permanent Certificates.
The examination for permanent certificates will be held in Tionesta on Friday, April 4th, 1896. Examinations begin at 9 a. m.

West Hickory.
James Woods of Jenks was calling on friends last week. Harry Mason of Jenks, and W. M. Con of Barnett, were also in town last week.

W. P. Siggins broke ground for a new store building and post office on Main St., last Friday.

W. S. Widrig went to Garland, Warren Co., last week one day on business.

Mrs. S. E. Vall is visiting in Spring Creek, Warren Co.

Mrs. Ernest Rutley is not improving very fast at present writing.

O. J. Parker and family visited friends in town last Sunday.

Geo. Hood is moving into the house Will Porter vacated on Tannery Row.

E. E. Fleming has returned from his trip in the lower oil country.

Morrison Bros. have just completed painting their store and have put in new gas lights and changed their counters, and now they have the finest store, inside, in town. Success to them.

F. E. Suttley has purchased the goods of W. P. Siggins and will conduct the business himself.

Mr. Theodore of the firm of Teed & Morse, who has been sick for a long time, has returned and is in charge of the store. Mr. Morse is away on business.

Hardensburg & Erb commenced to build a derrick on the hill between here and Trunkville last week. Expect to be drilling soon.

—For rent, a house with six rooms, large garden and some fruit, in Tionesta. For rates or other information, inquire of T. F. Ritchey, Esq., Tionesta, Pa.

MARRIED.

CARBAUGH-MONG.—At the F. M. parsonage, Tionesta, March 28th, 1896, by Rev. F. E. Glass, Mr. Clarence Carbaugh, of Newmansville, Pa., and Miss Lizzie Mong of Tionesta township.
