—Spring has been with us for the past three days, sure thing, and for so much, thanks. Hope she may linger, but can hardly expect so much of a good thing all at once. All nature seems to rejoice at this hour, and the birds are as happy as clams in high tide and appear to say that summer can't come any too quick to suit them.

—Our Republican neighbors up in Warren county have nominated the following strong ticket: Congress, C. W. Stone; Assembly, E. W. Pearshall; Associate Judge, Z. T. Waver; Recorder, Wm. McCray; Commissioners, John F. Rounce and W. G. Mead; Auditors, W. G. Martin and Ed. R. Allen; Jury Commissioner, W. A. Clark.

—A timber raft from Thompson station on the Allegheny attempted to run both sides of a pier of the river bridge at this place last Sunday, and actually succeeded in doing so, but the raft had to be cut in two before the feat was accomplished. Several hundred people were on the bridge giving orders while the wreck was being taken off the pier.

—Some time ago the general scalp bounty act was declared unconstitutional and the counties of the State ceased paying them. The act applies only to wildcats.

The first ice cream of the season will be on sale Saturday night. Come and try it.

—Department Commander Cummings, of Pennsylvania Grand Army, has appointed ex-Governor Beaver, Prof. Luckey, of the Pittsburg schools, and Prof. E. M. Scheibner, of Reading, a committee to formulate the best method of teaching patriotism in the public schools. The time of meeting of the committee has not yet been decided upon. The report, however will be presented at the next meeting in Chambersburg.

—The rafting season is on to the full extent, but the extent is by no means what it once was. The principal run this spring is in timber and logs, while some manufactured lumber is coming from Salmon creek, and further up the main stream. Lawrence & Smearhaugh and Robinson & Went have in the neighborhood of twelve hundred thousand logs to run from Foxburg, Newtown and Devil Hollow, and the present rise is letting them out in pretty good shape.

—The Republicans of Venango county at their primaries last Saturday elected the following excellent ticket in nomination: Congress, C. W. Stone; Assembly, P. M. Speer, and Thos. McGough; Treasurer, Thos. H. Nicholson; Prothonotary, J. R. Robertson; Recorder, J. R. Dodds; Commissioners, J. T. Wallace and J. M. Black. Mr. Speer is a brother of Prof. R. N. Speer, the popular principal of our borough schools. And it will please Mr. Nicholson's many friends up here to learn that he was honored with the nomination for Treasurer.

—Some of the figures in the election table published last week became slightly displaced in the column under Mr. Jamieson's name, the three top first figures having slid down just one space, and making it appear that he received 6 votes at Redcliffe, 2 at Nebraska and 7 at Guitonville. It should have been: 6 at Maze's, 2 at Redcliffe and 7 at Nebraska. By the pulling out of a figure under Mr. Walker's name it appeared he received no votes at Fogle Farms, whereas he had 4 at that precinct. The footings in both columns were correct.

—That twin fake scheme, the National Merchandise Supply Co. and the National Lumber Association, of Chicago, which recently went under, causing grief to a number of Franklin "members," was also successful in working a large clientele in Mercer county. The *Advance-Argus* says that the patrons who paid \$2 and upwards for the privilege of trading with the two-headed concern are sadder and wiser. The *Argus* deduces the moral that, when competition has brought the prices of the necessities of life to the lowest notch, it is the safe and sensible thing to patronize home dealers.—*Franklin News*.

—The W. R. G. held another of their popular socials on Wednesday evening last at the pleasant home of Mrs. Craig, which proved a most enjoyable affair. The house was profusely and very beautifully decorated throughout with bunting. Elegant refreshments were served in abundance. The music, both vocal and instrumental, was exceptionally fine and appropriate, and all present seemed to enjoy the entertainment immensely, pronouncing it a success both socially and financially. Another pleasing feature of the occasion, and one which these self-sacrificing ladies appreciate in a large degree, was the presence of a goodly number of comrades of the G. A. R., and they hope to be still further encouraged by their presence at future socials.

Kellettsville.

Several rafts passed this place to-day from Foxburg and other points up the creek. An effort was made to run the raft out of Salmon creek also, but the men met with poor success. To-morrow will perhaps be a better day for the lumbermen.

A man named Smith who is a machanic on the band mill at Mayburg, had the index finger of his right hand caught in the engine on Saturday and as a consequence about one-half inch of that member was cut off. Dr. Dotar amputated the finger at the first joint.

Amber Phelps, perhaps the oldest man in Kingsley Twp., died at the residence of Levi Pierson on Friday morning. Mr. Phelps would have been 90 years old in June next. He had been confined to his bed for the past year, suffering from a dislocation of the hip, which was caused in March 1895, by slipping on the ice. The injured member was never set and it caused him much suffering. His death was caused by the infirmities of old age. Funeral services were conducted at the house by Rev. J. E. Hillard, on Saturday, at 2 p. m., and interment at Whig Hill cemetery.

R. Z. Gillespie was over to Hickory on business Monday.

W. A. Kribbs gave an interesting exhibition to a select audience in Bauer's hall on Thursday evening. The instrument that produced the merriment was one of the latest graphophones, the agency of which W. A. has for this City.

J. J. Morse visited his friends at Chapmanville, Pa., over Sunday.

Miss Gerlie Griffin of Balltown was in town Monday night.

Several of the boys will return from rafting; timber at Bear Creek on Thursday evening had a little experience that they will not forget soon. About 12 men were on the hand-car and at the first crossing above Newtown the car cleared the track and all the hands went pell mell all over the road. Several men had peeled mugs and other misadventures too numerous to relate.

Mrs. Minnie Ault of Tionesta has moved into the Watson house. Mrs. Ault is a first class dressmaker and intends to follow that business in Kellettsville.

Ad. Bauer is moving into Wm. Hartman's house.

Jacob Steader has moved from Hickory to the W. A. Kribbs farm.

Two couples attended the dance at Newtown Mills on Friday evening.

NEWSY NOTES.

Greenville is to have a canning factory the stock having all been subscribed.

A Reading Alderman decided that playing cards for cigars is not gambling.

Citizens of Spartaursburg have subscribed \$500 and two acres of land for the erection of a \$10,000 woolen mill.

Someone has ascertained that the silver dollar is 1/4 inches, the half dollar 1 inch and the quarter-dollar 2 of an inch in diameter.

The Butler & Pittsburg Railroad company was chartered Wednesday with \$500,000 capital, and the organization has effected at Meadville.

A remarkable double wedding of twins took place recently near Burkland, O., when Vernon R. Stair and Vernal R. Stair, twins, were married to Irene V. Repp and Idona V. Repp, twins.

The case of T. G. White against the Soldiers' Orphan's School syndicate of Mercer, a case which involves \$50,000 and has dragged for over five years, has been appealed by White to the Supreme Court.

The fur trade of Pennsylvania amounts to many thousands of dollars a year in spite of the great destruction of animal life in the State. Armstrong, Jefferson, Mercer and Lawrence counties send from \$15,000 to \$20,000 worth of skunk hides every year to the London markets.

Ohio theatrical managers, to avoid getting into trouble over the high hat law, will issue a contract which will provide that the person who uses the ticket will not wear a hat of sufficient size to infringe on the seeing rights of the person in the seat behind.

A Cambridge man is authority for the statement that a new hotel will be built on the site of the Riverside Hotel within two years to eclipse anything in the hotel line in the state. He says the plans of a massive building of brown stone are already drawn. Cambridge will get the head if this thing continues.

Manufacturers of the national flag say that there never before was such interest taken in it. They seem to think the explanation is the revival of patriotism through the discussion of international questions in Congress. At all events the increase in the number of orders begun lately has been discovered, ever since that time the call for Old Glory has been loud and from all parts of the country. Doubtless the presidential campaign now on will see a much greater number of flags floating on the breeze than has any of its predecessors.

An immense cave thought to be many acres in extent has been discovered in the Laurel Hill range, 10 miles north-west from Latrobe. Explorers entered nearly a quarter of a mile, stopping at a perpendicular descent of more than 50 feet. A number of passages were explored. Near the mouth of the cave a mound for making five cent pieces was found. Evidences are present that illicit distilling operations have also been conducted there. It is almost certain that the cave was the rendezvous of a band of robbers which operated along the old State road before the War.

An exchange prints the following: Men are like hogs, however distasteful this may seem to hogs. When a hog gets an ear of corn, every other hog will trot along behind him and squeal and beg and toudly for a bite, but let the first hog get in a tight place with his head fast in a crack and every son of a sow will jump on him and tear him to pieces. Just so with men. As long as a man is prosperous and has money he can't keep friends off a base ball bat. The moment he is unfortunate and his money is gone, he is not only snubbed by his former alleged friends, but they at once begin to do him all the harm possible. When he starts down grade, the world steps to one side and grates the track.
