TO-MORROW'S GRAND RALLY.

Everything in Readiness for the Big Meeting to be held in Tionesta Tomorrow Afternoon and Evening.

Posters announcing the grand Republican Rally in Tionesta to-morrow afternoon and evening have been sent to all parts of the county and from every section the word comes that delegations will attend the meeting.

HON. SAMUEL H. MILLER, of Mercer county, one of the best speakers in the State, will address the meeting in the afternoon.

HON. W. C. ARNOLD, our own able Congressman, who made such a brilliant record last winter in the National House of Representatives, will be present at both meetings and speak to his constituents.

COL. WM. A. STONE, of Allegheny, whose record in Congress has become National, and an orator of renown, is another of the speakers that will be here.

MAJOR ALEX. McDOWELL, ex-Congressman-at-Large from Pennsylvania, and a most pleasing speaker, will also be here, and it is expected that

HON. W. I. SWOOP, of Clearfield, one of the brightest young orators of the State, will also be present.

This galaxy of speakers will be worth going a long way to see and hear, and the voters of the county irrespective of party should avail themselves of the splendid opportunity to hear their discussion of the great issues of the hour.

Come, rain or shine. The meeting at the court house last Friday evening, at which Democratic candidate for Congress, J. L. Spangler, of Centre county, was the principal speaker, was attended by a house just comfortably seated, though nearly four-fifths of the audience was composed of Republicans, ladies and children.

About seventy-five members of the McKinley club of this place marched up in a body, and heard Mr. Spangler, giving very respectful attention to what he had to say. Many present were of the opinion that he gave some very substantial reasons why the financial theories advocated by his party would be ruinous to both business and labor in this country.

The only time since the foundation of the Republic that both gold and silver have circulated concurrently as money has been since 1879, when specie payments were resumed. The talk about silver having been dishonored in 1873 is the veriest rot. Silver never cut any figure in the currency of the United States excepting as small change until after that time. After experimenting with free coinage for years and watching the effects of it in other countries, our wisest and most conscientious statesman all agreed that the only way to keep both gold and silver in circulation as money was to make the more precious and staple metal the standard of value, and coin silver in as large quantities as was consistent with the maintenance of parity between the two metals.

BRYAN'S flood of oratory has dwindled to a mighty small rivulet and is showing dry in spots at that.

PAY your taxes now.

REPUBLICANS, pay your taxes at once.

The exact Republican plurality in Maine is 48,732, or only 1,280 less than four times as large as that of 1892.

THE man who earns the present dollar by daily labor cannot be made to believe that it buys too much of the necessities of life.

ATTEND the grand McKinley rally in Tionesta to-morrow afternoon and evening. Rain or shine the meeting will go on, so don't stay away on account of threatening weather.

ALTGELD pleads that he slipped the gold nippers on his Chicago tenants because the goldbugs had treated him in the same way. The excuse is worse than the offense, but it can always be assumed that Altgeld's meanest utterance is his latest.

BRYAN is not doing as well as Greeley did before the preparation of "the great crime of 1873." In the September election of 1872, the Republicans of Maine had a plurality of only 17,216, whereas this year they have one of nearly 49,000.

MAJOR MCKINLEY said the other day: "If there is one day's work for sixteen workmen, you would not get as good wages as though there were sixteen days work for one workman, and that is the sort of 16 to 1 we want in the United States."

EVERYBODY wants to vote this year. Those who have not within two years paid a tax will have to do so on or before October 3, to entitle them to vote. Every citizen should look after this matter for himself. In Pennsylvania this is a very essential feature of the campaign work for the next ten days.

DON'T put off the payment of your taxes a minute. Attend to it now, and get yourself in shape to vote for McKinley, sound money and protection to American labor. There is nothing under the sun that will give our paralyzed industries such a boom as to learn on the 3d of November that McKinley has been elected President of these United States.

THE same Democratic party of New York that now "unreservedly indorses and approves the platform adopted at Chicago" declared as follows on the 24th of last June:

Free coinage of silver by the United States alone can have no other effect than to change our present standard to one of silver—now a depreciated coin. * * * The proposition should be resisted with the fervor of both partisanship and patriotism by Democrats everywhere, when the adoption of such course threatens, as it does, untold evils to our nation's commerce and industry.

HON. DON. M. DICKENSON, of Michigan, the leading Democrat of that State, and a member of Cleveland's first Cabinet, is straight out for McKinley, and says his state will give him 50,000 majority. He says that the people of Michigan are beginning to understand the peril of the situation.

"There is not one single plank in the Chicago platform," he declares, "that I do not repudiate as Democratic doctrine." When a man goes out to look for a really eminent Democrat who is supporting the Chicago platform he is unable to find him. And even the more thoughtful of the Populists are appalled at the enormities proposed by the Chicago platform.

The notification of Palmer and Buckner of their nomination as the candidates of the Sound Money Democrats for President and Vice President, took place at Louisville last Saturday evening. Both gentlemen accepted the nomination in sound and dignified speeches, and much enthusiasm prevailed. Messages were received from President Cleveland and Secretary John G. Carlisle expressing sympathy with the ticket and pledging their support. President Cleveland said: "As a Democrat devoted to the principles and integrity of my party, I should be delighted to be present on an occasion so significant, and to mingle with those who are determined that the voice of true Democracy shall not be smothered, and insist that its glorious standard shall be borne aloft as of old in faithful hands. In concluding his letter Secretary Carlisle said: "I am proud to take my stand with the old-fashioned Democrats who have refused to abandon their honest convictions in order to form an unnatural alliance with political and social organizations whose purposes are dangerous to the country, and wholly inconsistent with the fundamental principles of our party, and I pledge to you and your associates such support and assistance as I can give during the campaign."

Pay your taxes on or before Oct. 3, the last day.

Bryan's Chances at Home.

A recent poll of the precinct in which W. J. Bryan resides at Lincoln, Nebraska, gives the following result: (There are 292 legal voters in the precinct.) McKinley (sure) 211 Bryan 61 Bentley, Prohibitionist 9 Doubtful 11 Total 292

POWDERLY ON FREE SILVER.

His Advocates, He Says, Have No Claim Upon Workmen's Votes. Former General Master Workman Powderly, of the Knights of Labor, has come out for McKinley and Hobart and sound money. Mr. Powderly says: "The silver men have been spreading the doctrine of free coinage actively for many years, and by incessant labor they have succeeded in committing some industrial organization to the advocacy of their theories. With such earnestness have they circulated the story of the 'crime of 1873' that the belief that silver was stealthily and surreptitiously demonetized has gained great headway. The fact is lost sight of that those who have exposed the alleged crime were themselves criminals according to their own theory. They sat in congress when the bill was passed, they took part in the debate, and by their votes aided in the passage of the act. Had the men who discovered the 'crime of 1873' not been owners of silver mines or did they not wish to unload their silver properties on the unwary no one would have heard of the act of 1873."

Speaking of Mr. Bryan, Mr. Powderly said that he never heard of Bryan championing a single labor measure. "He is vouching for by no one," continued Mr. Powderly. "He nominated himself in a speech about crucifying labor upon a cross of gold. His only solution of the difficulty is to break the limbs of labor upon the rack of silver."

Bryan speaks of gold plutocrats, but he does not explain why the gold plutocrat is any worse than the silver one. In Nevada, the home of the agitation for the single silver standard, there are less than 40,000 people. My home, the city of Scranton, has a population of 115,000 inhabitants. Deduct double the population of Nevada from the population of Scranton and you have 23,000 left. Yet Nevada has two senators to shout for silver, while the city of Scranton has not a single representative in the United States senate to boom our coal and iron and steel and to ask the government to double their value.

General Grosvenor's Estimate.

General Grosvenor, whose accurate estimate of delegates that McKinley would have for the nomination in June last is still fresh in the minds of the people, and which gave him such fame as a calculator of election results, has been asked for a forecast of the probable result of the Presidential election. He gave out the following table of estimates to certain members of the press on Monday. He said: "The six New England States, with 39 electoral votes, will go to McKinley, so I head my table as follows: New England... 39 New York... 36 New Jersey... 10 Maryland... 8 Delaware... 3 Pennsylvania... 23 West Virginia... 6 Ohio... 25 Indiana... 15 Illinois... 24 Michigan... 14 Wisconsin... 12 Iowa... 13 Minnesota... 9 South Dakota... 4 Kentucky... 18 Oregon... 9 Washington... 4 California... 9 Total... 278 Here is a total of 278 votes, or 24 more than sufficient to elect. I come to some States which are still in doubt, to wit: Kansas... 10 Nebraska... 8 North Carolina... 11 North Dakota... 3 Wyoming... 7 Montana... 3 Total... 35 Of the remaining States: Louisiana... 8 Tennessee... 12 Missouri... 17 Texas... 15 Virginia... 12 Total... 64 One or more of them are within the line of possibility. I might almost say reasonable probability. I concede to Bryan and Watson, or Bryan and Sewall: Alabama... 11 Arkansas... 8 Colorado... 4 Florida... 4 Georgia... 13 Idaho... 3 Mississippi... 9 Montana... 3 Nevada... 3 South Carolina... 9 Utah... 3 Total... 79 These are practically sure for the opposition, although there may be a possible dispute."

VOYERS MUST QUALIFY.

State Chairman Boyer Issues a Note of Warning.

The copy of the following letter has been sent to each of the county chairmen, and is self explanatory: MY DEAR SIR: Please have the Republican papers in your county call the attention of voters to the necessity of paying their taxes on or before Oct. 3, that being the last day taxes can legally be paid in order to qualify the elector to vote on Nov. 3 next. Yours very truly, H. K. BOYER, Executive Chairman.

Roscoe Conkling, on the inflation of currency: "I do not believe that you can legislate up the value of anything any more than I believe you can make general heroes by legislation. The continental congress tried legislating values up by resort to paper money, but the laws of gravitation, as independent as the laws of gravitation, kept them down."

The state of Iowa has been polled and it is now announced, as a result of the canvass, that the voters are two to one for McKinley. It will be just as well, however, to let the regular election proceed in November.—Providence Journal.

It is to be expected that Candidate Watson will select an occasion like the present to ask to see Mr. Sewall's favorite son certificate.—Washington Star.

If it were only possible to overlook the New England states in November it is barely possible that Bryan might stand a show.—Chicago Post.

It is not unusual for druggists to recommend Chamberlain's Cough Remedy to their customers. Many of them have used it themselves, or in their families and know from personal experience its great value in the treatment of coughs, colds and croup. They know too that their customers are their best friends and naturally wish to give them the most reliable medicine they have for those ailments. Messrs. Daugherty Bros., prominent druggists of Indiana, Pa., say, "We sell more of Chamberlain's Cough Remedy than of any other cough syrup, and always take pleasure in recommending it to our customers." Mr. H. M. Urey, the popular druggist at Fredonia, Pa., who has sold Chamberlain's Cough Remedy for several years, says: "I can truly say that it is the best cough medicine in the market." For sale at 25 and 50 cents per bottle by G. W. Bovard.
