As members of our Home Missionary Society of Clarion Presbytery our thanks are due Almighty God for His kind care over us as a society during the past year (and we trust) and for the privilege of having served and once more been permitted to meet in convention; and having heard of the good things He has done for us, and being inspired to eternal greetings and having shared in the kind hospitality of the people of this community, therefore be it

Resolved, That we express our appreciation of the brotherly love and paternal greetings from sister denominations of Tionesta as shown to us by their kindly words of sympathy and loving encouragement. That our thanks are due to pastor and officers of this church; to the reception and entertainment committees for their untiring efforts in our behalf; to the Christian Endeavor society for the elegant lunch served; to the choir and vocalists who by their sweet music added to our joy; to the ladies who so graciously have come to us from a distance, to tell us of the work already accomplished; to the Allegheny Valley

railroad for favors granted, and to all who in any way have contributed to the success of this convention. That we hereby endorse the sentiments in the paper read by Mrs. Wise of Oil City, and recommend a Superintendent of Juvenile Work in the Presbytery, and that in obedience to the General Assembly's suggestion referred to by Rev. Britt, we urge our Sabbath Schools to give a special contribution for Home Missions on the Sabbath preceding Thanksgiving. That we urge all our members to make a daily study of the Bible, not only theoretically, but systematically and prayerfully. That we earnestly desire the presence of Rev. our General Assembly express our hearty approval of the temperance cause and our sincere sympathy with all organizations which have for their object the banishment of the drink curse from our land and the uplifting of our fellow men and women. We would earnestly urge the women of Clarion Presbytery to take up the temperance branch of Home Missions and from henceforth make it a regular department of their work. We would also urge, if possible, can we pass them by no, no, if ever there was mission work to be done, it is in the temperance department of our organizations which have for their object, we leave not this undone.

Oil Notes.

The Tidouite Citizens' Gas Company on Thursday showed their No. 2 well, on the Davison tract, Queen run, and the well started off at the rate of 1500 barrels per day and is now doing 1200 barrels per hour. Drilling on No. 3 well of this same company began last Wednesday.

The "Wizzard" well on German Hill was dry in the second sand, but is being drilled into the third.

The Patterson well on the Furnace tract will be drilled in to-day.

James A. Witzel, a well-known Pittsburg producer, has purchased from H. J. Hopkins & Co., of Pleasantville, Pa., the J. R. Gladden lease in the McDonald field. The farm consists of 100 acres, on which are located eight producing wells, all well equipped and having a production of 80 barrels a day. The consideration is \$40,000. The larger portion of the purchasing price was paid in cash.

Tidouite News: Moreck & Hardenburg No. 2, is spudding.—Rigs are being built on the Bloomer and Siglin Thompson leases at points located last week.—Tracts Nos. 5296 and 5295.—On tract 5293, Mercantile Oil Co.'s lease a rig is being built in the center of the tract on a forty-five line south-west from present developments. A rig is also going up on the north-east corner of the Haldeman, same tract.—La Meyer of Warren has leased the Kelly farm on tract 5294, and is putting up a rig on the north-east corner of the farm.—While there are a number of tracts on the supposed line of developments still unleased, we hear of no new leases, the owner preferring to await developments.

We hereby return thanks to the speakers and to the band and presiding officers.

A. E. SOUTHWORTH, Sec'y, East Hickory, Pa., Oct. 9, 1896.

Shooting Accidents.

Friday morning last Frank Cook and his father, Sylvester Cook, were in the woods hunting when the young man's gun was accidentally discharged by the hammer striking a log, and the gun was in such a position that the charge of lead struck his left arm near the wrist and passing upward lodged in the body near the armpit. The young man was removed to his home by Dr. C. C. Yinger, and it was found it necessary to amputate the arm near the elbow. As many as possible of the shot were removed from the wound in the body, and as well as could be hoped for.

The same foreman Peter Heffron was hunting, and while looking for a squirrel fell from a tree and was thought to be killed, but he was not. He was badly mangled. He came to the office of Dr. Towler, who assisted by Dr. Stoninger, removed two of the fingers and made the necessary repairs on the other parts of the hand. It is thought that two of the fingers and the thumb can be saved.

Saturday morning the saddest accident of all occurred at the well, Kite & Co.'s mill and as a result Charles Kite, the eleven-year-old son of Mont. Kite, lost his life. This is the second time one has been killed in the mill. The other members of the family had gotten up. A revolver was in the pocket of a coat hanging in the room and it is thought the little fellow was examining it when it was accidentally pulled off the hook and striking him near the heart. He ran to his mother and expired before he could be taken to the hospital. The body was taken to Reynoldsburg, Clarion county, for burial.—Marion's Express.
