The trout fishing season opens one week from to-morrow—April 15. It is a good thing to forget other people's faults by remembering your own.

The bridge over the Allegheny River at Freeport is 900 feet long and cost over \$85,000. There will be preaching in the M. E. church next Sunday afternoon at 3 o'clock.

The farmers have gotten to work in earnest and a great many acres of ground have been turned over during the past week.

Are you in it? Just drop in at Miles & Armstrong's and see the new goods and judge for yourself. You must say we are.

Training arbutos is in bloom and seems to be plentiful, judging from the number of button-hole bouquets worn on Sunday.

Some people are wondering at the frowns on the faces of some of our married men. Easily explained—the house cleaning season is on.

The hot wave that brought Cambridge Springs into prominence this spring is not the kind that is appreciated by summer resorts.

A cynical man is said to have proposed and spoken to the following toast at a banquet: "Woman—Once our superior, now our equal."

Why talk about carpets when we are busy with them. But we have some extra good carpets at very low prices. See them. Miles & Armstrong.

The gardening season has commenced and teams and teamsters are in demand, and the merchants are busy handing out garden seeds and onion sets.

The crusty bachelor of the New York Press again remarks: "About the time a woman begins to quit lying about her age she begins to lie about her daughter."

"Hot stuff" in men's shoes. Latest colors are ox-blood and chocolate. Newest toes in vici kid and calf stock. See them before you purchase. Miles & Armstrong.

England is talking of war against the Transvaal Republic. As usual Johnny Bull carefully refrains from picking somebody of his own size when he gets into a fighting mood.

Rev. Walter Sellow, elder of the Pittsburgh district of the F. M. Church, who is well known here, was married at Jamestown, N. Y., last Wednesday to Mrs. Rebecca Muse of Salem, Venango County.

The bride is a sister-in-law of Editor Muse of the Findicator, so Brother Muse is now distantly connected with the Free Methodist church, which is a good thing. The only way he can get out of it is to marry into some other church. It has been rumored for about fifteen years that "Jim" was going to join the army of benedicts, but—

Suits and ties for Easter are the new things for Miles & Armstrong's. Suits to order "guaranteed."

S. H. Haslet, D. D. G. M. of the I. O. O. F., went to Marienville last Saturday and installed the new officers of the lodge at that place.

Quite a number of the farmers are grinding up their surplus apples and making cider of them, but they do not get much cider out of them, as they are too mellow and mealy.

The third lecture in the course given under the auspices of the W. C. T. U. will be delivered by Rev. Buzza next Sunday night, April 11, in the M. E. church. Subject, "Social Purity."

Tesla's theory that a man would live 200 years if he could sleep twenty hours a day has this peculiarity: By sleeping twenty-four hours a day he can acquire the constitution of a mummy and enjoy the same quiet time.

Physicians by the assistance of the X-rays are now able to scour the stomachs of patients with a sponge. This news will be hailed with delight by individuals who find pleasure and subsequent misery in "painting the town."

Following is the list of letters remaining uncalled for in Tionesta, Pa., postoffice, April 6: Harry Conston, R. S. Price, Max White, Mrs. Elizabeth Stroup, Mrs. Elmira Whitton.

Sheriff Walker went to Ridgway Monday morning, having in charge Mrs. Haines, who is serving a year's sentence in the county jail here. She is to appear as a witness in the trial of Fred Rockwell for the murder of her husband, Lewis Haines.

Some anatomists claim that the solar plexus of nerves, situated near the pit of the stomach, is a secondary brain. It was a shock to the solar plexus that knocked out Corbett. How a pugilist can be supposed to have two brains is another matter.

Ed. Kirchartz has given up his job at the Central House and is now located at Amann's tinshop where he is ready to do bicycle repairing of all kinds. All wheel owners know that Ed. thoroughly understands this business, as he has had much experience. Give him a call.

By order of the President, there will be a meeting of the Executive Committee of the Woman's Christian Temperance Union in the W. C. T. U. rooms at Tionesta on Wednesday, May 12, 1907, at 1:30 p. m.

There are some people so constituted that they delight to cast reproach or suspicion upon others. They are even willing to jeopardize a good cause in their effort to malign some one whom they desire to injure. Insinuations are always cowardly, and always contemptible.—E. C.

Tropical fruits and fresh vegetables are in stock at Amann's and has also a nice lot of onion sets and garden seeds on hand and you can just have in mind the fact that he has the finest line of fishing tackle in town. When you begin to rig up for trout fishing give him a call.

Mrs. W. W. Grove returned on Monday from Pittsburg, where she has been purchasing a stock of spring millinery and learning the new modes of trimming. She will give her spring opening next Tuesday, April 13, and all the ladies who want a new spring hat should go and look over her stock of goods, as she has hats that are just as nice as can be bought in the large cities.

We mentioned last week that Steve Bush and Joe and Charley Salsgiver were the champion fishermen, but they have been completely knocked out. Frank Birtell and Ed. Kirchartz went fishing this morning and they both returned with a dried herring on a string. Any man that can catch a "blind robin" in the Allegheny river is a good fisherman and is entitled to the belt.

The town of Cambridge Springs, Crawford county, was almost entirely wiped out of existence by fire Thursday. Meadows, Corry and Union City, were called upon for assistance, but before they arrived fifty business houses and a dozen residences were burned. The loss will be fully \$200,000. The large new hotel was burned and sustained a loss of \$50,000. Charles Hayes, a merchant tailor, was burned to death.

The business man who takes his job work out of town to be printed is no friend of the town. He may prate about protection to home industries, but he is the rankest kind of a free-trader, and all because he can save a few pennies occasionally on a job of work. These same people when they come to die should send their obituaries to this same foreign job office and have them printed on maul-la card board and then have them tacked up on the town pump. They hardly deserve a notice in the home paper.

Mrs. J. W. Landers of the millinery firm of F. Walters & Co. came home from Pittsburg last Saturday, and now all the men in town are quoting to their wives and daughters the law against killing the songsters, and pointing the finger of accusation at the hats so dear to womankind. But the women will have the hats just the same, and when they want them they go where they can get the latest styles and that is at the millinery store of F. Walters & Co. Their spring opening will be next Wednesday, Thursday and Friday.

Another evidence that Tionesta's industries though not very extensive, have a wide reputation, comes through the fact that Sowden & Clark, our expert wagon-makers, are turning out quite a number of wagons for Thomas Sterrett, a contractor in the Sistersville oil field. They have shipped him six of their high grade wagons during the past winter and have orders for two more. An order that they have just filled was for an unusually heavy wagon, which has just been finished and is certainly an excellent piece of workmanship and is a credit to the makers. It is probably the heaviest wagon ever built in Forest county and has a carrying capacity of ten tons. Some of our people don't seem to be aware that they can get things made right here at home that are just as good and in most cases a blamed sight better than they can get elsewhere, but it's a fact just the same, and Messrs. Sowden & Clark can put up just as good a wagon as can be made in the United States, B'Godfrey.

His wife and children, whom he had not seen in five years, arrived from Sweden Monday evening and were immediately taken to the new home which was prepared for them.

Street Commissioner Harry Moody has commenced to clean up the streets and it is a good thing, as they are looking very filthy in some places. It would be well for some of our citizens to remember the notice published in last week's REPUBLICAN concerning the throwing of refuse and vegetable into the street.

L. J. Paul, superintendent of the Carter stock farm, at West Hickory, brought two teams of draught horses to Tionesta on Saturday to have them fitted with harness by L. Fulton, and the horses attracted much attention, and well they should, for they were beauties. One team was black and the other dapple gray, both teams weighing over twenty-eight hundred pounds each. These two teams, with twelve others, are to go to the Sistersville oil field, to do heavy hauling for the Carter Oil Company, and judging from the appearance of the horses that were here, they ought to be able to pull the whole field out of root. You may have to go to the Blue Grass regions of Kentucky to get fast trotters, but if you want good, heavy draught-horses, just go to the Carter farm, West Hickory, Pa., and Mr. Paul will show you the best in the market. And after you get the horses bring them to Tionesta and have them fitted with harness by L. Fulton and you will have an outfit that can't be beat in this glorious republic, or any other old country.

When the spring time comes, "gentle Annie" like all other sensible persons, will cleanse the liver and renovate the system with DeWitt's Little Early Biscuits, famous little pills for the liver and stomach all the year round. Health & Killmer.

Thirty years is a long time to fight so painful a trouble as piles, but Jacob Mitchell, of Unionville, Pa., struggled that long before he tried DeWitt's Witch Hazel Salve, which quickly and permanently cured him. It is equally effective in hemorrhoids and all skin affections. Health & Killmer.

Columbia Extension Gold Mining Co.

The following item which we clip from The Ward (Colo.) Miner, will be of interest to many of our readers, in view of the fact that a number of the parties concerned are either present or former residents of Tionesta:

"The Columbia Extension Gold Mining company was organized in Denver last Thursday with Man E. E. Wadleigh, James A. Drinkwater and Elphas P. Miller of Denver, Sam Q. Clark and Mel Smith of Ward, and J. F. Proper, A. M. Douth and T. O. Clark Incorporated. The capitalization is \$1,000,000. The Columbia Extension is the west extension of the Niwot and is opened up with a 65-foot shaft, on a vein of good quartz extending the full width of the shaft. The new company propose to put up a first class steam hoist on the property as soon as a shaft house can be made ready for it and commence systematic development work. A large block of the treasury stock has been placed in Pennsylvania. Sam Q. Clark is president and treasurer of the concern, D. W. Clark is vice president, and J. F. Proper, secretary."

MARRIED.

McCON—HULLING—At Marienville, Pa., Saturday, April 3, 1907, by Jas. T. Rose, J. P., Mr. Harry McCon and Miss Eva Huling, both of Marienville.

Mrs. Samuel Stamm of Loganton, Pa., bore her thirty-four years of suffering with courage and fortitude. Her trouble was rheumatism in the knee. In consequence her limbs had become so stiff that she could hardly walk. Mr. Stamm was a well-to-do merchant, and had spared no pains or expense to relieve her, but with little success, until one night when it grew so painful that she could hardly endure it, he persuaded her to try Chamberlain's Pain Balm. The effect was magical. The first application relieved the pain, and its continued use has removed all stiffness and given her the free use of her limb once more. If you have friends who are troubled with rheumatism insist on their giving this remedy a trial. You can do them no greater favor, as it is sure to give prompt relief, and if they are a little nervous it will effect a cure. For sale at 25 and 50 cents per bottle by G. W. Bovard.

Personal.—The gentleman who annoyed the congregation last Sunday by continually coughing will find instant relief by using One Minute Cough Cure, a speedy and harmless remedy for throat and lung troubles. Health & Killmer.

It should be made a matter of public knowledge that DeWitt's Witch Hazel Salve will speedily cure piles of the longest standing. It is the household favorite for burns, scalds, cuts, bruises and sores of all kinds. Health & Killmer.

The example of W. W. Brewer, justice of the peace, and a prominent citizen of Mr. Jewett, Pa., is worthy of emulation. He says: "I never saw a man without a bottle of Chamberlain's Cough, Cholera and Diarrhoea Remedy and always recommend it to my friends. It is the best I ever used, and never fails to give immediate relief." For sale by G. W. Bovard.
