AND wheat has passed the dollar mark. Besides, the beauty of it all is, the American farmer has lots of it to sell.

INSTEAD of running three parties this year the Popocrats find that they must fight three parties, the Republicans, Populists and gold Democrats.

OUR exports last month were \$36,845,278 and only \$5,645,849 in July, 1896. The Wilson law was not a success in getting hold of the markets of the world.

A REPORT comes from Rhode Island that there are not ten men in the State who are looking for work unsuccessfully. This sort of prosperity stands at the top.

UNLIKE the leopard, the New York Journal is changing its spots. Last year it was foremost among those who insisted that only with free coinage of silver could prosperity ever return to the United States. It now publishes a full page of interesting reading showing a highly prosperous state of affairs in New York and the country generally, and makes the prediction that this condition will continue.

DIRECTOR PRESTON of the United States mint estimates that the gold production of 1897 will be in the neighborhood of \$340,000,000. There is reason to believe that there will be a billion dollars more of gold in the world by 1900 than there was when the campaign of 1896 began. All of which must be highly cheering to the silverites, especially in view of the tremendous fall in the price of the white metal.

THE evidence accumulates with each day's advices that the long-continued depression in financial circles has passed, and thanks to the five years of forced economy and cessation of speculation, coupled with today's abundant harvest at remunerative prices to the agriculturists, a new prosperity is coming to the people. From address of Comptroller Eckels (Dem.) before American Bankers' Association, August 18, 1897.

THE determination of the government to rigorously shut out all anarchists from the country will receive the hearty commendation of the people. Anarchism is a product of tyranny and criminality, and is foreign to American traditions and spirit. The anarchists who are already here, and who are found in small numbers in most of the large cities, can readily be culled, but Spain, France, Italy, Germany and other European countries must not be permitted to unload any more of them upon us.

THE last legislature passed an act prohibiting the use of power driven machinery in the penitentiaries and workhouses in Pennsylvania, and making other restrictions and limitations to prevent goods manufactured in these institutions from coming into competition with the labor of free men. It would of course be the refinement of cruelty to keep men shut up without giving them work, consequently they are required to do only hand-work, which cannot successfully compete with machine work. This is but one of the numerous acts passed by the recent much abused legislature, which enacted more laws in the interest of the workmen than any other two that ever met in Pennsylvania.—Punz's Spirit.

TO READ such head-lines as the following in Democratic newspapers is certainly a hopeful sign: Pittsburgh Post: "Cotton Mills Starting, Thousands of New England Operators Will Begin Work;" "Big Demand for Wagons;" "More Orders for Steel Cars, The Pittsburg Works Liable to be Kept Busy for Years to Come;" "A New Virginia Railroad;" "Wheat Very Strong;" "Idle Mills Resume." From the Erie Journal: "Mills Starting Up, Eastern Factories Which Were Closed Down are Resuming;" "Wages Restored, Chester County Concern Makes an Unsolicited Increase;" "Farmers are Holding Wheat in the Belief That Prices Will Go Higher, Railroads are Unable to Supply the Cars to Move the Immense Rush From the West—Kansas City is Blockaded," and many others which could be quoted from prominent Democratic papers.

The railroads are sharing in the general prosperity which has come to the country since the election of McKinley. The July earnings of 118 railroads operating 90,000 miles of road average 41 per cent. higher than July, 1895, and 81 per cent. higher than in 1894. Thousands of railroad men through the country who stood by McKinley as the representative of sound principles in finance are now receiving their reward in the improved earnings of the organizations which employ them, and which are thus able to give more employment and a better recognition to their employees.

THE latest report from Dun's Review as to improving business are among the most satisfactory yet recorded by that reliable publication. The Review says: "Every city reporting this week notes increase in trade and nearly all bright prospects. The great change in business is emphasized by a multitude of buyers from all parts of the country and by the heavy purchases they make. The strong rise in stocks, the growth of bank clearings and railroad earnings and the heavy speculations in many products, and most of all in wheat, have made the week one of surpassing interest even to those who best remember the upward rush in 1879."

AMONG the many evidences of returning business activity reported by Bradstreet's last issue are the following news items from various parts of the country: The Norwalk Woolen Mills at Norwalk, Conn., have resumed work, notifying their hundreds of operatives that night work is likely to be required. The Birmingham, Alabama, Rolling Mills announce a resumption of work. The Howard Harrison Iron Company at Bessemer, Ala., has increased its force, and the pipe works at Bessemer have resumed operations. The Providence mine at Scranton, Pa., which has lain idle for two years, will resume at once. The Delaware Iron Works at Newcastle, Del., have resumed operations, giving employment to 500 persons, and the wall paper factory at Newark, Del., will soon resume. The Edgewater Iron Company at Newcastle, Del., has increased its force. The Nashville, Ill., coal miners have received an increase in wages of 20 cents a ton for mining coal. The pottery manufacturers in New Jersey have received an agreement to increase wages of employees. The Southern Railway Company has put the men in all its shops at work nine hours a day. The Hutchinson Cole Manufacturing Company of Norfolk, Conn., will resume at once, employing 500 operatives. This showing rather savors of something more than a delusion and a snare.

A Remarkable Cure of Chronic Diarrhoea. In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 25 cent bottle, and now I can say that I am entirely cured. I cannot be thankful enough to you for this great remedy, and recommend it to all suffering veterans. If you doubt its worth, write me. Yours gratefully, Henry Steinberger, Allentown, Pa. Sold by G. W. Howard.

Small precautions often prevent great mischiefs. DeWitt's Little Early Risers are very small pills in size, but are most effective in preventing the most serious forms of liver and stomach troubles. They cure constipation and headache and regulate the bowels. Heath & Killmer.

It is always gratifying to receive testimonials for Chamberlain's Colic, Cholera and Diarrhoea Remedy, and when the endorsement is from a physician it is especially so. "There is no more satisfactory or effective remedy than Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Dr. H. E. Robey, physician and pharmacist, of Olney, Mo., and as he has used the remedy in his own family and sold it in his drug store for six years, he should certainly know. For sale by G. W. Howard.

Running sores, indolent ulcers and similar troubles, even though of many years' standing, may be cured by using DeWitt's Witch Hazel Salve. It soothes, strengthens and heals. It is the great pile cure. Heath & Killmer. You can get it at Hopkins' store, if—Those who contemplate building should consult Robinson & Gaston, who keep a complete stock of dressed lumber always on hand at their mill. If you have ever seen a little child in a paroxysm of whooping cough, or if you have been annoyed by a constant tickling in the throat, you can appreciate the value of One Minute Cough Cure, which gives quick relief. Heath & Killmer.

The "Bicyclist's Best Friend" is a full millar name for DeWitt's Witch Hazel Salve, always ready for emergencies. While a specific for piles, it also instantly relieves all cases of eczema, salt rheum, eczema and all affections of the skin. It never fails. Heath & Killmer. You can get it at Hopkins' store, if—Have you got \$25.00? Have you got \$50.00? Have you got \$100.00? If so, why don't you deposit it with the Conewago Building Loan Association of Warren, Pa. They will pay you 6 per cent. per annum Cash Dividend, payable semi-annually, and you can withdraw your principal in full at any time after 6 months. 5-5-ly.
