

PENNSYLVANIA SOLID.

OHIO CLOSE.

Tammany Wins Out in New York.

The election in Pennsylvania yesterday was the quietest ever known in an "off year." From all sections comes the report of apathy in the ranks of both parties.

James S. Beacom, Republican candidate for State Treasurer, leads in the race for that office and will be elected by about 150,000 plurality. Major McCauley, for Auditor General, will have in the neighborhood of 175,000 plurality. The Swallow fight cut into the Treasury contest on both sides, and the percentage of Democratic and Republican votes for him is about the same, thus leaving the relative plurality for Beacom in the State about as in former off years.

IN OHIO.
The result of the election is yet rather uncertain. The election was for Governor and legislature which will elect a successor to Senator Hanna. Bushnell, Republican, is thought to have won, and the Republicans claim sufficient members of the legislature to insure the return of Mark Hanna to the U. S. Senate. The returns have been very slow in coming in, and the result may not be known for several days.

NEW YORK.
The great Mayorality fight in New York city has resulted as everybody with any talent for guessing thought it would. Tammany won with hands down. Henry George's death occurring shortly before election, his votes were about equally distributed between Van Wyck, Tam, and Low, Mug. General Tracy, the Republican candidate will be third in the race.

FOREST COUNTY.
At this writing the returns at hand from the county are not sufficient to indicate the exact result. The Republicans will have about their usual "off year" plurality over the Democrats on State ticket, with Swallow a close second. It appears from the returns that Mr. Clark, Republican candidate for District Attorney, may be defeated by Mr. Irwin, Democrat, although later returns may change this and elect Mr. Clark. There was no fight made by the local candidates, the offices for which they were running not being worth the effort. The unimportance of the local ticket is what accounts for the slump from the Republican column.

As far as heard from the vote on State Treasurer in this county is as follows:
Borough—Beacom, R. 52; Brown, D. 22; Swallow, Pro, 62.
Tionesta Twp.—Beacom 29, Brown 6, Swallow 26.
Green—Beacom 39, Brown 33, Swallow 101.
Marienville—Beacom 74, Brown 66, Swallow 58.
West Hickory—Beacom 34, Brown 21, Swallow 16.
Kingsley—Beacom 35, Brown 22, Swallow 20.

The annual report of Perry S. Heath, first assistant Postmaster General, has been made public, and among its contents is nothing more gratifying than that the experiments of rural free delivery are proving successful. In 20 states, over 44 different routes, rural delivery has been tried, and the results are so satisfactory that it is looked upon as a possible future feature of the Postoffice department.

of the second month of law was over three millions, but the deficit of the month of the Wilson law was \$13,000,000. Does anybody want to trade back?

NEARLY every county in Pennsylvania is afflicted with petty cases, the smaller they are and the less involved the more time they seem to consume, with the usual accompanying expense which taxpayers must bear. The imposition has grown to be such a menace that the next Legislature will be invoked for a remedy.

The fifty million estate of George M. Pullman has shrunk since his death to \$7,600,000. He made bequests to charitable institutions of about a million dollars, left his two daughters each \$1,000,000, and his two sons an income of \$3,000 a year, which ought to keep the boys out of the poor house. Besides making a few minor bequests to relatives, the balance of the estate was bequeathed to his wife.

At the recent meeting of the American Public Health Association in Philadelphia, a resolution was passed endorsing the action of a number of churches in adopting the use of individual cups or chalice in administering communion wine. This action was taken on the ground of public health. Really, this world is becoming too full of bacteria, bacilli and spores for Christian comfort. Man is of few days and full of microbes. But be not greatly afraid, Christian brother. Try and get some courage from what we heard a Franklin mother in Israel saying yesterday: "I believe," said she, "that our Heavenly Father is too good and merciful to be setting traps for his children in everything that they eat, drink or do."—News.

Three hundred and seventy-four out of the 382 private and State banks of Kansas have made their reports, and have verified the prophecy that the increase in deposits would amount to \$7,000,000. This is an increase over last year of 45 per cent. This is attributed to the wonderful cleaning up of private indebtedness incurred during the past few years, thus leaving the people with a surplus when their stupendous wheat crop was marketed. The national bank reports have not yet been made, but it is estimated that they will show an increase of 2,000,000, making the entire increase in deposits nearly \$10,000,000. The entire deposits of the State are estimated at \$42,000,000, which means \$30 per capita in available cash, a condition unprecedented.

The forthcoming report of the bureau of industrial statistics of Pennsylvania will show that in this State last year there were 69 strikes, involving directly 10,154 men, and indirectly 2,979, which is to say, one strike for every 51 days. The duration was from a single day to more than three months, so that the total of days spent in idleness as the result of labor disputes was 323,254, which is to say that if some one blessed with the longevity enjoyed in ancient Biblical time, were to undertake to make up for the time so lost he would have to work every day, Sunday and Monday, for more than 886 years. An even dozen of the strikes were successful; nearly a dozen were partly so; all the rest were failures. The money loss is not stated in the information at hand.

HUSTLING and diligent U. S. Senators and Congressmen are what their constituents need, and should, and do, appreciate. As an instance the Philadelphia special from Washington of Oct. 20, has this: Senator Penrose made a great hit to-day in behalf of 2,000 Philadelphia women by securing the consent of the Secretary of War to reconsider his determination to make the uniforms heretofore manufactured at the Schuylkill Arsenal by contract. The arrangement on the part of the War Department to make the uniforms by contract came like a heavy blow to the 2,000 women who earn their livelihood by making these uniforms at the Schuylkill Arsenal. They determined to try to sustain their means of living and interested Senator Penrose in their behalf. Many of these women are widows of old soldiers and a number are daughters of fathers who wore the blue. Senator Penrose to-day had a long talk with Secretary Alger. He pointed out the injustice of taking away from such a number of women the means of earning their daily bread, and insisted that matters should remain as they have for the past one hundred years. His arguments were successful and he is able to state that no changes are to be made.

The three-year-old boy of J. A. Johnson, of Lyon Center, Ill., is subject to attacks of croup. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros. of that place; and they handle a great many patent medicines for throat and lung diseases. He had all these to choose from, and skilled physicians ready to respond to his call, but selected this remedy for use in his own family at a time when the child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by G. W. Heyward.

J. C. Berry, one of the best known citizens of Spencer, Mo., testifies that he cured himself of the worst kind of piles by using a few boxes of DeWitt's Witch Hazel Salve.
