Mr. May has passed his ninety-second year of life, yet has been quite active for one of his great age until overriaken by this attack, and his many friends hope to see him again able to mingle with them before long.

—Samuel Hunter of Alvin, Texas, has been circulating among old friends and comrades in Tionesta and vicinity for several weeks past. Mr. Hunter went to the army with the boys from this section and served to the end of his enlistment, when he located and has since resided in Texas. He is a son-in-law of the late Thomas Pownell, of Hickory township, and a cousin of our townsman High Constable Hunter.

—We want to make our "personal column" as entertaining as possible. In order to do so we hope friends having visitors, going visiting or returning from visiting, will avail themselves of our oft-repeated invitation to use this department freely. A postal card or phone message is sufficient. But please do not complain when you don't see your own or pour friend's name mentioned in it.

—The fierce wind of last Thursday night upset Mr. Lawrence's swinging foot-bridge over the creek, and broke one of the two wire cables by which the floor of the bridge is suspended. This is the second time this convenient little structure has been torn down, making it rather expensive for the owner. Repairs can not be made until the water falls considerably, and a good body of ice forms on the creek.

—An extensive deal in coal lands took place one day last week when the Hall & Kaul Company, of St. Mary's, Pennsylvania, sold to the Western New York and Pennsylvania Railroad Company eight hundred acres of valuable coal rights in Elk county, fifty-seven miles of railroad, with north and south connections, and several working mines, which employ over two thousand men. The sum involved is upward of \$1,000,000. This assures to that region another competing line to the lakes.

—Mrs. C. J. Dean, a former resident of this place, writes of Mrs. Lease's lecture to a friend as follows: "The church of Eternal Hope, was crowded to its utmost capacity to listen to a lecture on 'Ireland; her Poets, Warriors and Statesmen,' delivered by Mrs. Mary Elizabeth Lease, and all agreed that it was the most wonderful effort ever listened to by a Bradford audience. Her description of Ireland's struggle for liberty was delivered with such pathos as to bring tears to the eyes of the whole audience. She is without doubt one of the most eloquent orators on the American platform."

—The editor of the East Brady Review has evidently struck one of the rough edges of a newspaper man's life when he gives out the following: "Did you ever notice how many nice complimentary things you can say about some people and they seem to think it is all right and their due, but laws a massy just criticize some of their acts ever so considerably and what a transformation! You would think you had done them a mortal injury. A newspaper man has grand, good opportunity of studying this phase of humanity, and unless he is an archangel the chance presents itself frequently."

—One-half off sounds preposterous, but you can buy any cape or jacket at Miles & Armstrong's for just one-half regular price.

New Road Law Not in Effect This Year.
Some of our people seem to be under the impression that there has been a change in the method of electing road commissioners, path masters, etc., or, rather, that the new road law passed by the recent legislature goes into effect this year. This is a mistake, as the 21st section of the act provides that "the provisions of this act shall not go into effect until the sum of one million dollars has been appropriated by act of Assembly, or shall have been received in the State Treasury from taxes for road purposes, the same to be distributed under directions of the Department among the several townships of the State in proportion to the number of miles of public roads in each township."

The legislature not having made the million dollar appropriation, on account of a lack of funds, it will be evident to all that the new law does not go into effect this year, and in consequence, the several townships will pursue the same course as heretofore in the matter of electing road officers and conducting road affairs generally.

Tornado in Arkansas.
The most terrible tornado ever known in the southwest burst upon the State of Arkansas on the night of the 13th inst., when doubtless a hundred or more lives were lost, and millions of dollars worth of property destroyed. The exact number of lives lost will probably never be known. At Fort Smith alone more than two score are reported lost, and upwards of \$1,000,000 in property gone.

The storm tore its way through the entire State, leaving its path marked by death and desolation. Men, women and children asleep in their homes were without a moment's warning awakened to meet death under falling walls or in the flames which soon engulfed many of the wrecked buildings.

With the crash of the storm business blocks, handsome dwellings, hotels and cottages were leveled to the ground and scattered in shapeless masses.

Some of the wrecks caught fire and the inflammable timbers burned furiously.

Borough Republican Caucus.
A caucus of the Republican voters of Tionesta borough has been called for next Monday, at the Court House, by Committeeman George Birrell. The nominations to be made are: Two persons for school directors; three councilmen; one assessor; one overseer of the poor; one inspector of elections; one person for judge of elections, and one person for high constable.

—Auditor General Mylin has issued a circular letter to County Commissioners in relation to the duties of the mercantile appraiser. He insists that appraisers shall personally visit all stores or other places of business liable to mercantile tax, and says that no license is to be assessed where the annual amount of sales is less than \$1,000. If dealers in liquors sell any goods than liquors, then they must pay a license for the sale of said goods. Dealers in live stock are exempt, and must not be assessed. Butchers who sell the meat of animals they have slaughtered are also exempt, but those butchers who purchase and sell dressed meat are liable to the payment of license. All foreign or resident dealers or firms who have a shop for the sale of meat apart from the slaughterhouse must be assessed. Appraisers are instructed to assess all owners of restaurants, eating houses, etc., not selling liquors.

—Going, going, gone! Ladies' capes and jackets at Miles & Armstrong's. It.

NEWSY NOTES.

—Don't buy clothing or shoes until you see prices at Miles & Armstrong's. DuBois talks of a \$40,000 opera house. The oil one is to be sold to the Baptist church.

—All-wool suits for men at \$5.00. Not "shoddy," at Miles & Armstrong's. It.
—Miss Mattie Deeser, aged 48, of Washington, for 17 years unable to walk without a cane, is a fair cure patient to recover.

—Judge Cyrus Gordon, of Clearfield county, granted ninety-nine liquor licenses and refused thirteen at the recent term of court in that county.

—Kane is rejoicing over the starting of the McCoy glass works last Friday. The pay roll amounts to about \$50,000 a month and greatly helps business.

—A Kansas editor in announcing the arrival of a new baby at his home says: "We would not take \$10,000 for this one or give fifty cents for another."

—It is all nonsense to sell shoes at such low prices, but Hopkins delights to be old now and then, and he's got one of his spells on just now, so they go at any old price.

—Secretary Edglo is investigating the manufacture of the "boiled" or "new process" butters to see whether they are in conflict with the provisions of the pure food law.

—The press at which Hopkins is selling boots and shoes at his knock-down sale is simply ridiculous. And a fine line of them "at that price." Don't fail to call.

—Workmen are engaged in building the stockade in the rear of the Mercer jail, where tram-saw and prisoners serving time sentence will hereafter break stone to be used on the roads.

General Christopher Auger, a classmate of General Grant, and who served with distinction during the civil war, died at his home in Washington, of old age, on the 16th inst.

On condition that they supported the Democratic party during their natural lives, the sum of \$1,000 was bequeathed to each of his two grandsons by George N. Wilcox, of Wilkes-Barre, Pennsylvania.

To each of his grand daughters Wilcox left a similar legacy on condition that they married loyal Democrats. The will is now being contested, and it's no wonder.

Within a few weeks the postoffice will be supplied with the new style postal cards. The new issue comprises a small card for domestic use, single and reply card, quarter of an inch smaller than the present card for foreign use. On the new postal cards there will appear for the first time in any postal issue, the head of John Adams, the second President of the United States.

A new one-dollar greenback will soon make its appearance. It is a radical departure from all previous designs, showing a large space of white paper, front and back. An eagle with extended wings hovering over the flag and eagle, is the only illustration on the face, and in the corners is the figure in scroll work. The back is very plain, consisting largely of a border in geometrical designs.

THE Value OF AN Overcoat
Lies in the protection it affords you Warmth is the first consideration. But there are other things to be thought of. To be an economical garment your overcoat must be well made. To be wholly satisfactory, it must be properly lined and trimmed, fit well and NOT COST TOO MUCH.
We are giving values in Overcoats and Ulsters that are actually surprising to the best ported customers. Surprising because our prices for equal qualities are so much lower than elsewhere. We challenge any dealer in Oil City to match our outside garments for the money at which we are selling them.
The man who buys an Overcoat or Ulster this season without first having learned what we can do for him is not giving his pocketbook fair play.
