# NOT SO WARLIKE.

The transmission of the naval in quiry's report to Congress by the President, on Monday, while showing conclusively that the Maiue was blown up from the exterior by a mine in Havana harbor, did not create the sensation which it was expected to, and the expected pyrotechnical speeches were conspicuous by their absence. The President's message accompanying the report was read and listened to with profound attention. It deals simply with the Maine affair and much comment is withheld by the President, further than to say, alter To am't from Boro, use of scraper 9 co briefly reviewing the facts brought out by the Inquiry, "I have directed that the finding of the Court of Inquiry and the views of this Government thereon be communicated to the Government of Her Majesty, the Queep, and I do not permit myself to doubt that the sense of justice of the Spanish nation will dictate a course of action suggested by honor and the friendly relations of the two Governments. The warlike spirit has been greatly

allayed by the calm, yet firm and dignified attitude of President Mc-Kinley, in whom the whole country has the greatest confidence in this Crisis. A special message from Spain, received Monday, says the Queen Re-

Mr. Arnold's Patriotic Utterance. Representative Arnold of this district on Thursday last in the Honse discussed for a few minutes Spain's responsibility for the blowing up of the Malne. When he declared that arbitration would not he accepted by the American people, there was a round of applause. Our flag, he in-sisted, had been insulted and our bener was at stake. Mr. Arnold continued: "War is the in carnation of an awful tragedy, but a greaton the er tragedy was enacted when 296 brave American sailors went down to their death through the lofamy and treachery of Spain, or of some of her subjects. We all love peace, and it is dear to us, but may it never again be said of this great Nation that we will purchase peace at the price of honor. But, throwing aside all precedents and all Injuries, and not even asidering the Maine disaster, there is a law, greater and higher and nobler than any and all international law, the law of amon humanity, which not only justiies, but demands immediate action at our hands. sue. The Presidents plan is as fol-lows: 1. Spain to declare an armis-tice with the Cuban insurgents until By 3 pr ct. com, on \$92.54. By balance...... October. 2. The United States to render needed assistance to the reconcentrados (non-combatants) with Spain's consent, and without let or hindrance. 3. The report on the Maine affair to be beld in committee indefinitely. The President is strongly assured that the country will support him in averting war. He has already won over to his side some members of the Senate Committee on Foreign Relations on the plea of the military situation and the fear of yellow fever. The plan may be opposed in the Senate, but the leaders in the House feel that they will be able to hold that body in line for the peaceful program

THE Oil City Blizzaed correctly opines that, though some argue that war would make better times, prosperity at such a price would be too expensive.

IF those reformers who are so horhibly shocked at the alleged tyranny of the Republican organization in the State, would occasionally look horrified at the iron-handed rule of corrupt munincipal bosses, their indignation would savor more of sincerity. They all know that political corruption and coercion in the cities has reached a degree of oppression and insolence never dreamed of in State affairs, and yet they never speak of it. Why? Simply because the city bosses are the friends and allies of the fake reformers .- Punxy. Spirit.

In his Lancaster speech the Hon. Hickory, John Wanamaker said : "If anybody must pay more money to the State let the rich and prosperous pay and not the poor and struggling." Noble words, those, Mr. Wanamaker, and if the Governor had not been persuaded by the big merchant princes of your class to veto the merchantile license bill passed by the legislature, the "rich and prosperous" proprietor of the big department store, who reaches out into every nook and corner of the State and gathers in the spare change that rightfully should go to the country merchant, would be now paying more money to the State. The people of Pennsylvania don't care to "saved" by that kind of statesmen. Beating the State out of a revenue of over a million dollars a a measure because it comes out of the He will also do pockets of the "rich and prosperous" JOB TEAMING is too expensive a luxury for the Commonwealth,
