LOCAL AND MISCELLANEOUS.

Oil market \$7.75.

You can get it at Hopkins' store. If new shoes at Miles & Armstrong's. The clothing trade is good at Hopkins' store. The reason is easily guessed. Get all you can for your money. See what Miles & Armstrong will give you for cash.

Try a pair of those Stroetman shoes at Hopkins' store and you'll never have any other. Eastertide absorbed the surplus hen fruit, and for a time at least, the market will be fresher.

Robinson has received a fine assortment of shirt waists, detachable collars, latest plaids and stripes. Since the little weather "tation" between March's exit and April's advent we've had some very fine days.

An habitual "rubber neck" is a pretty small potato, but the telephone "rubber neck" is the juiciest peach yet. You know how to prove the pudding. Hopkins guarantees every pair of shoes to be worth the price paid. You take no chances.

The best plow for all kinds of soil is the New Burch, and when you buy a New Burch you take no risk, as every part is guaranteed. C. Amann, agent, Tionesta, Pa. Trailing arbutus is now at its sweetest, and many of the young folk that go trailing over the hills these pleasant April days in search of the most fragrant of all wild flowers.

List of letters remaining un-called for in the Tionesta, Pa., post office, for the week ending April 13, 1898: Mr. B. V. Egbert, Mr. G. M. Miller, Tionesta Refining Co. D. S. Knox, P. M.

A word to farmers: When you have tried all other plows and found them unsatisfactory, try a New Burch and you will have the best plow in the market. For sale by C. Amann, Tionesta, Pa. The Tionesta World says it "has received an Easter poem which describes a hen so vividly that when thrown in the waste basket it layed there." We see no need of cackling over a small matter like that.

In the line of fresh, new vegetables and tropical fruits, Amier certainly takes the lead. At his new store a stock will be found that can't be excelled. His cigars and tobacco are selected with a view to please. Drop in and get what you want at smallest possible cost. It. Capt. Geo. Stow Post of this place has already begun its arrangement of a program for Memorial Day observance, and has invited Judge Lindsey, the new President of our courts, to deliver the oration on that occasion. It is hoped the Judge may find it possible to accept this invitation.

Prof. Speer is receiving many applications for admission to his Summer School, which will begin May 3, next. Those intending to take this course, which is especially designed for those who are fitting themselves for teaching, should make application at once, as the number that can be accommodated is limited.

The floating boat house that has been used by the Oil City Boat Club has become so dilapidated that an order was given J. M. Morgan, of Tionesta, last week for a new boat house which will be made entirely of pine, and twenty-five feet wide by one hundred long, with a cabin running the entire length of the boat. With the additional new members the club expects a number of new and handsome boats added to their fleet this season.—Blizzard.

W. A. Grove finished a new well on his Dawson Run lease, the C. O. Baird tract, last Saturday. It was shot Monday and is calculated to be good for ten barrels, but will start off at fifty. Grove Bros. will begin a well this week on the Hoover place, Hunter Run, for the Tionesta Gas company. It is intended to ascertain if possible what the gas sand in that locality amounts to. The well on Crop Hill, by Cooper, Reck & Co., will be finished next week, with no bad luck. This section will read the following from the Marienville Express with pleasure: E. A. Yetter, manager of the Marienville Hardware and Machine Co., has the new machine shop running. This shop was built to replace the one destroyed by fire in December. Although the loss was a serious one, and Mr. Yetter was paid but little over half the insurance he was carrying, he has gone ahead and erected a large shop, and it is equipped with better machinery than the old one, and is better prepared than ever to turn out work promptly. The power for the machine shop is furnished by an eight horse power gas engine that is a beauty and calls out expressions of admiration from all who have seen it run. The Marienville Machine Shop has been a great convenience to the people of this section in the past, and it is reasonable to expect that the same liberal patronage will be extended to it in the future.

A beautiful and strong rocking chair given free with \$10.00 cash purchase at Miles & Armstrong's.

W. E. Witherell was down from Endeavor Monday, on business. He says the boys up there are considerably worked up over the prospective war and are all enthusiastic to stand by Uncle Sam in case the old fellow should get into a scrap, and Emory has been putting them through the manual of arms for some days past. The old flag would not lack for good, hardy young material if it should need to be defended against a foreign foe.

Their team work is splendid. Two visiting Sir Knights from the Nebraska tent arrived in time to witness the ceremony which they pronounced simply immense. The Forest Tent is building up rapidly, there several new applications having come in Saturday evening. So writes a member.
—The lowest rate of pay for forble bodied men in the United States is \$19 per month with board, lodging and uniform. The person is high and the chance for promotion is good. The risk of life and limb is far less than work in the mines or breaking on the railroad. An opportunity is afforded to see a good part of the world, and life on shipboard has been entirely changed since steam displaced sails. The U. S. Navy offers an inviting field to young men of industrious habits and good character.
—A legal point on the question of registration of physicians was disposed of last week in the Lawrence county court as follows: Dr. Towley of Youngstown, opened an office at New Castle some time ago, and at the instance of the Lawrence County Medical Society he was arrested on a charge of practicing medicine without a license. The case was argued last week before Judge Miller, of Mercer, who held the court. The doctor exhibited his diploma, as well as a license, issued by the Clerk of Courts of Allegheny county, where he had practiced his profession. The prosecution contended that the law required the doctor to take out a license in the county in which he had his office. Judge Miller decided that Dr. Towley was entitled to practice in Lawrence county by reason of his registration in Allegheny county, and that no other registration was necessary in any other county in the State. The case was dismissed, with costs on the prosecutors.

OBITUARY.

ABRAHAM MEALY.
Abraham Mealy, a highly respected farmer of Tionesta township, died from cancer of the face on Saturday, April 9, 1898, aged 59 years, 10 months and 7 days, having been born June 2, 1838. He was a son of Jacob and Julia Mealy, deceased, and was born and raised and spent his entire life in the neighborhood where he died. He was twice married, his first wife being Caroline Wolf, who died some twenty-five years ago. One daughter, Barbara, married to Hays Wray, of Scotch Hill, was the result of this union. His second marriage was to Margaret Merchant, who with a family of two sons, James and Addison, and one daughter, Jennie, married to Simon Mong, are left to mourn the loss of a kind husband and father. A very large concourse of relatives and friends were present at the funeral service, which was conducted by Rev. G. W. Finney, at the Mount Zion Evangelical church on Monday at 2 p. m., after which the remains were laid to rest in the church yard.
MRS. R. F. KEELER.
A friend hands us the following on the death of a lady who is very well remembered here by a large number of our older citizens. Rev. Keeler was stationed here as pastor of the M. E. church, 28 years ago:
"Anna Howe Keeler, wife of R. F. Keeler, D. D., of the East Ohio Conference, died at Charlestown, O., Feb. 17, 1898, of the grippe. She was born at Cambria, N. Y., Nov. 3, 1830. January 1, 1857, she was united in marriage to Russell F. Keeler, of Erie, Pa. She was the mother of six children—Frank C., Russell V., of the Michigan Conference; Anna C., missionary teacher in the Methodist girls' high school at Rangoon, Burma; Ella M., Myra M. and Grace G., all of whom were permitted to be at the funeral except the daughter in the foreign land, who can not know of her mother's death for quite a while. Mrs. Keeler's illness was brief, but at the thought of death she was not alarmed. Her life was a most busy one, full of works for Christ. She was converted in early life, and her maturer years were marked by a constant devotion to all of the interests of the church she so much loved. She was especially devoted to the work of the Woman's Christian Temperance Union and the Woman's Foreign Missionary Society. No paragonage was ever graced by a truer woman than she. Among her last sayings, when asked if "safe in the arms of Jesus," she replied, "Yes, eternally with God shut in." She was calm and trustful in spirit, and constant in devotion. Of the daughter in the distant field she had loving regard and asked that the Rev. Mr. Smith, under whose direction she labored, might be written that the news of her departure might be gently imparted to her. The testimony of another life has been added to the triumphs of grace. That she was prepared for the heavenly home, none doubts who knew her. Her body was laid at rest in the city of Erie, Pa."

That Easter Millinery Opening.
It was a success. This is an assured fact when it is known that the affair was under the management of the hustling business ladies of the firm of F. Walters & Co. Never in the history of our town have the ladies of this vicinity had the pleasure of gazing on so gorgeous a display of feminine "sky-pieces" as shown at the Easter opening of this popular millinery firm, given last Thursday, Friday and Saturday. The commodious shop was resplendent with gaily colored ribbons and laces and when one entered he was impressed with the idea that he had been suddenly thrust into fabled fairyland. The display of trimmed hats (some of them the latest Paris patterns) was simply immense, elegant, out of sight, and the woman who could not make a satisfactory selection from the lot is to fastidious for a longer residence on this mortal coil. Tionesta women should be proud of the advantages given them by this firm, as the quality of goods, the excellent taste in trimming, to say nothing of the extremely low prices, cannot be excelled in this glorious climate.

You can get it at Hopkins' store. If two years ago R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. Wherever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by G. W. Bovard."

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn of Oakland, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels." For sale by G. W. Bovard.

NEWS NOTES.

"Who is enraptured to catch the wild spirit of the symposium, the infinite meanness of the hepatic and the great purity and saintliness of the claytonia?" asks a writer in an exchange. As soon as we determine whether it was an interior or exterior explosion we will answer the inquiry.—Blizzard.
A Boston girl who has been trying to find out why her bicycle often runs into objects she tries to avoid thinks she has solved the problem at last. She says: "It is hypnotic influence of concentrated attention, rendering the movements incoördinate, so that the rider becomes the victim of perverted reflexes of purposeless effort and the abject subject of an optical delusion." That's it; it just jumps a green girl all up.
The Corry Mattress factory, one of the thriving industries of the place, was destroyed by fire early Thursday morning. The property was owned by John Lambing and Harley Carey, and the loss is estimated at between \$6,000 and \$7,000, and is partially insured.

He is a fraud and if he can be caught the chief consul should be immediately communicated with by telegraph.

Resolutions of Eli Berlin Post.

At a regular meeting of Eli Berlin Post, No. 629, April 8th, 1898, the following was presented by Quartermaster J. Albaugh, and after patriotic addresses by several members was unanimously adopted by the Post:
WHEREAS: The Spanish government has for three years past been waging cruel war against the oppressed people who held rightful possession of the island of Cuba, and, Whereas, Spain having pursued the barbarous course of Annihilation, and not of civilized warfare, that they might bring into submission the oppressed and patriotic people of Cuba, and, Whereas, the United States of America, with the motive of peace and honor to our nation, anchored a man of war—the Maine—in the harbor of Havana, the Spanish government entering no protest to said action of our government, and, Whereas, on the night of Feb. 15, last, said man of war—the Maine—was destroyed by a Spanish mine or torpedo, causing the loss of more than 200 American lives, as well as the loss of the splendid battleship, the Maine, and, Whereas, Wm. McKinley, President of the United States, having done all consistent with the honor of our nation to bring about a peaceful solution with the Spanish authorities and to end the further flow of blood, and, Whereas, such friendly offices of our government has been spurned by the Spanish government by the adding of injury to insult. Therefore, be it:

Resolved; That we, in the spirit of patriotism and judgment, believe that Wm. McKinley, President of the United States, is now justifiable to pursue a course, adopt such measures as will best protect our interest and honor as a great nation, bring freedom to the island of Cuba, and force the flag of Spain from the land and waters of the Western Hemisphere. And be it further:
Resolved; That we, the honorably discharged soldiers composing this Post invite all comrades in our county to join in the organization of a military company composed of the ex-soldiers of the late war of either army as promptly as possible and that when so organized we at once tender our services to the President of the United States.
Resolved, further, That we also invite every comrade who may desire to again lock step with their file leader under Old Glory, to at once communicate their intention in person or by letter to comrade D. S. Knox, Tionesta, Pa., who will take the proper steps for the purpose of completing said organization without further or unnecessary delay.
Resolved; That these resolutions be presented for publication in all the papers of our county, with the thanks of our Post. Approved by the Post.

Mrs. A. Inveon, residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her.
