LOCAL AND MISCELLANEOUS.

Oh, the man who howled the loudest a month or two ago—Who was mad because the President was "so infernal slow"?

—Whose blood was fairly boiling, Who was sweating bloody sweat—Have you noticed that he's loafing around the corner yet? —Ex.

—Oil market \$71. —You can get it at Hopkins' store. —About all kinds of fruit trees in this latitude are in blossom.

—The pleasant note of the whip-poor-will once more makes delightful the evening twilight. —Don't heap it all on the boys. It is well enough to reflect now and then—"Where is my girl to-night?"

—Sires studio, Tionesta, Pa., will be open every Friday and Saturday. —T. J. O'SHEA, Manager.

—A new cannery factory is being built at Lickingville by A. W. Kinch. When completed the factory will employ several men.

—At the Court House Monday evening, May 30, the W. R. C. will give a patriotic entertainment consisting of flag drill—each State being represented—recitations, tableaux and music. Admission 10 and 15 cents.

—Prof. Speer's summer school began yesterday with an enrollment of twenty-three students. Others will enroll in a few days, and the term will be a successful one in all respects.

—It is evident the ladies of this vicinity know where they can get the finest and most stylish millinery at the lowest price.

—Golliza happenings: S. C. Tomadson's house caught fire last Thursday morning on the roof, and but for prompt action on the part of the owner, would have burned to the ground.

—A very interesting mothers' meeting was held at the home of Mrs. Irwin on Friday evening, April 29th. After devotional services the time was taken up with singing and readings pertaining to the cause, which were commented upon by different persons.

—Warney Curtl, one of the popular young men employed in the Nebraska barge yards, met with a severe and painful accident Saturday.

—Dr. Bowman was called and gave the necessary surgical relief. It is an injury which may require a long time in healing.

—Of all the great newspapers of this country the Pittsburgh Dispatch is the undoubted leader.

Were Hanged on Schedule Time.

An item in our last issue, taken from dispatches supposed to be authentic, said that the hanging of Rockwell and Banya in Ridgway had been postponed. This was not the case and the two murderers were swung into eternity at 10:40 a. m., on the 29th inst. Of the execution the Ridgway Star says:

The warrant called for their execution between the hours of 10 o'clock a. m. and two o'clock p. m., but it was understood that the solemn tragedy was to be enacted as soon after the first named hour as possible. Everything was ready and the Sheriff was anxious to get through with his disagreeable task as soon as possible.

The last rites of the Catholic church were administered to the condemned man and the solemn march to the gallows commenced. A deep hush fell upon those in waiting as the heavy iron door swung open and the procession entered. Sheriff McMackin and his attorney, Harry A. Vin Hall, came first. Then came Fred K. Rockwell and his spiritual adviser, Rev. Father Meagher. Immediately following were Patsy Banya and the good priest who had clung to him from the beginning, Rev. Father de Ville.

Both of the men wore a string of rosary beads and a crucifix in their hands. The priests chanted the prayers for the dying and Rockwell and Banya prayed fervently. Rockwell was asked by the Sheriff whether he had any statement to make, but his only response was the prayer, "Father forgive me my transgressions." The blackcaps and the hangman's nooses were adjusted and the Sheriff went up the steps leading to the upper tier of cells and waited for the signal. He cut the rope with a sharp hatchet and the heavy weights fell at 10:40 o'clock. The physicians pronounced them dead at 11:12 o'clock and the bodies were cut down and given in charge of the undertaker. No one claimed the bodies and they were buried in the Catholic cemetery at noon. This is the first execution that has taken place in Elk county since its organization in 1843.

Seeing the Soldier Boys Off. Last Wednesday was an eventful day for this section of the State. It had been notified about the 16th Regt. N. G. P. would leave Oil City on that day to go to the front for the war with Spain, and that several companies would pass down the road on the noon train, to meet others at Oil City. All along the line people assembled at stations to see and cheer the boys on. At the station here there was a profusion of flags displayed, and while half the town were gathered, several salutes were fired as the train pulled into the station. A number of citizens boarded the train and went to Oil City, where the entire populace had turned out and formed a veritable blockade on the streets. All business places were closed and every shop in the city was shut down. The regiment, under command of Col. Hulings, marched through the principal streets and took the afternoon train for Mt. Gretna, where the entire army of 8,000 troops has since been encamped, awaiting orders to move on to Cuba.

From start to finish the boys were given one grand ovation, and as their train sped on its way people were out with flags and bunting waving them a "God speed." It was a new and inspiring sight to the rising generation, but to the older ones, who had witnessed the departure of the boys in '61, long before many of the present soldiers were born, it meant much, for they remembered how large a percentage of those who then departed never returned. May it not be so in this instance.

Hickory and Endeavor. The Maccabees, in order to keep up with business on hand, were compelled to hold an extra session last Saturday evening. They initiated two more members which brings their number up to about 54.

The L. A. W. is thoroughly established here. H. A. Lynch is local consul and also agent for the insurance of wheels against theft. Every wheelman should belong.

Mr. Dura Shank and wife were visiting at Warren Bean's over Sunday. Arthur Lynch, accompanied by Mrs. H. A. Lynch, departed last Friday for Greve City, where he will attend college for the ensuing four months. Mrs. Lynch intends visiting friends in Franklin before returning.

Ed. Putnam of Hydetown visited friends at Endeavor over Sunday. Last Friday was the last day of Mr. Hays' school in room No. 3. It has been an exceptionally good term, the teacher and scholars combining to make it so. The closing exercises were very good. Three essays that were read were excellent. The first, by Miss Emma Anderson, entitled, "What will the schools of East Hickory be twenty years from now?" was very laughable. The next by Archie Hillard, telling us all about Cuba, its discovery and events of importance that had happened since, was excellent and showed a great depth of mind in one of his age. The last, but not least, was by Lafayette Osgood, comparing Spain with the United States, in which Spain is characterized as having always been cruel, aggressive and treacherous, while the U. S. has been honest, peaceful and sincere. It was a good essay, and showed what our boys in school can do. The rest of the exercises were carried out in splendid form. P. R. O.

Eric Dispatch: None of the girls will be in it this summer with "the girl I left behind me." Hats off to her! She is no less heroic than the soldier lover who goes to the front.

That gold shaft in Butler county has reached the pay streak, and the owners are sanguine that they have a gold mine that will pay. It required seven months, time and \$50,000 in money to sink the shaft. It is expected that the gold bearing rock will yield \$2 to the ton.—Franklin News.

While the war lasts you will find that Miles & Armstrong lead in low prices for first class goods.

The Western New York and Pennsylvania railway agrees to keep all positions open to employes who enlist in the army to fight Spain. The railroad company shows a commendable spirit in this matter and one that should be emulated by other employers.—Bradford Era.

A machine for increasing the production of oil wells without shooting, the invention of F. A. Flannigan, of Washington, D. C., is being tested in Parker township, Butler county. Old wells have been treated, and the output increased from a half barrel and less to from three to five barrels a day. The machine consists of a portable engine and dynamo, from which a heating apparatus it lowered to the bottom of the hole, and a strong electric current turned into the oil bearing sand.

Havana is 55 miles south of Key West, as the crow flies. The greatest length of Cuba is 700 miles, and its width from 20 to 135 miles. The total area is 45,000 square miles, or 1,000 miles less than the State of Pennsylvania. It has a population of nearly 2,000,000, the largest city being Havana, with a population of over 250,000. The climate is divided into two seasons, the wet and the dry. From May to October is the rainy season. Contrary to popular belief the climate of Cuba is not intense. The highest recorded temperature from 1801 to the present day is 104 degrees. The average temperature of the hottest month is 82 degrees and the coldest 72 degrees.

An Oil City man, who is on his way to the Klondike, writes to his brother from Lake Lindeman. He says: "There are about 2,500 camping here. The nearer we get to Klondike the more it looks like a steamboat and railroad fake. I have met many who have been there. They all say that outside of 14 miles on the Klondike there was very little in that country for anyone, unless they find something new. There will be the greatest lot of disappointed people that ever met, is the verdict of those that have been in. To tell you the truth, Charlie and I had we known the truth, would not be here today. My advice to those at home would be to prospect at home."

The Best Remedy for Rheumatism. From the Fairhaven (N. Y.) Register.—Mr. James Rowland of this village, states that for twenty-one years, his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says no medicine which she had used ever did her as much good.
