In connection with the Free Methodist quarterly meeting held at East Hickory last Sunday, an immersion service was held, four persons being immersed in the river, Rev. Albert Bea officiating. —Heath & Killmer are now receiving daily consignments of the celebrated X. T. E. Armstrong's new residence on North Elm street will be ready for occupancy in a couple of weeks, and it is a very creditable piece of architecture, and shows off well among the many neat residences in that part of the town. —Tionesta can boast of as many handsome flags as any town of its size, and they are all "floating in the breeze" these days. Postmaster Knox has just hoisted a new one of the regulation size over the street in front of the postoffice. "Long may it wave!"

Very few towns of the size can boast of as well stocked grocery stores as Tionesta has. F. P. Amsler puts forth every effort to keep the best line of fruits and vegetables the market affords. His stock of cigars, tobacco and confectionery is the best in town. It.

Not only the Spaniards, but also the Italians, the little striped-backed kind (bees), are on the war path. So Sam Farmer probably thinks, he having been licked by these little pests to the extent that the next morning after the battle one of his eyes wouldn't see. —The Kittanning Times says a strange bird was shot on Frank McClister's farm in Kittanning township, the other day. When standing it was about three feet high. Its legs were green colored, and its plumage was brown. Its bill was about four inches long. The bird measured at out three feet from tip to tip.—Emerton News. Nothing but a plain, ordinary, every-day "fly-up-the-creek."

To one who can truly appreciate the beauties of the spontaneous growth of wild flowers, it is a source of exquisite pleasure to stroll through the woods on a nice day at this season of the year. Many varieties of beautiful, fragrant flowers and blossoms are now in full bloom, and may be found almost anywhere in the woods; and to behold them is not only pleasing to the eyes, but refreshing to the mind as well, and should impell one to admire and worship the God of nature. —A clever swindling scheme is being worked by a pair of smart fellows in various parts of the State. One goes through the country on a bicycle. When he strikes a town he claims to be hard up and offers to sell the wheel cheap to get some money. The boys admire bicycles and bid readily, paying a small price for a first-class wheel. After a few days the other sharper turns up and claims to be looking for a man who stole his wheel. He describes it well, giving the number, and the owner has to part with it. The sharper takes from twenty to forty dollars a trip and starts for greener fields.

SAFE CRACKERS & HORSE THIEVES.

Kellestville Gets a Call and Bauer's Safe is Blown and Two Rigs Stolen.

It was supposed that Forest county had pretty well cleaned out the horse thieving gangs that have operated within her borders for the past year and a half, but it seems the thieves are not all in the penitentiary yet. Saturday night last thieves—thought to be three in number—broke into Charles Bauer's general store at Kellestville, blew his safe open with some sort of explosive. Had they turned the knob the door would have opened, as it was not locked. No money was kept in the safe, but in the small iron money chest in the safe there were a number of papers, valuable only to the owner, which was taken, evidently under the impression it contained money. Several notes, aggregating between \$2,300 and \$1,600 in value, insurance policies to the amount of \$5,000 or \$6,000, some deeds, and other papers were in the small chest, most of which belonged to Mr. Bauer, and some the property of neighbors, who had been allowed to put them there for safety against fire. About \$5 in money, some jewelry and other articles were taken from the store, valued at about \$25, and then it is presumed the thieves went to Wm. A. Kribbs' livery barn and stole two horses and two buggies, and drove off in the direction of Tionesta.

The discovery of the raid was not made until 8 o'clock Sunday morning, when Mr. Kribbs and G. P. Green, owner of one of the buggies taken, started in pursuit of the thieves.

Passing through here Sunday afternoon they were led to believe by the track evidences that the thieves had gone toward Oil City. When they reached there they got word that the horses and rigs were found near Titusville. And there is where they found them. On an island at East Titusville the two horses had been unharnessed and turned loose. A search for the papers taken from Bauer's store revealed the fact that they had been taken in a pile and burned.

Messrs. Kribbs and Green returned on Monday evening with their horses and rigs complete. They brought with them a cigar box filled with the charred papers, among which were many pieces that were easily identified by Mr. Bauer. The thieves are evidently fond of their "buds," for when they passed through here between three and four o'clock they made a brake into the bar room of the Hotel Agnew and helped themselves to several bottles of liquor and a box or two of cigars. Evidences of these thefts were found near where the horses were found.

Meeting of Forest Co. Military Company

The second business meeting of the military company was held in the court house Saturday evening, May 14, with all officers present. Business transacted was as follows: The committee previously appointed to secure drill hall reported that the old rink could be had for \$5 per month and that it would cost the company about \$105 to get the building in shape. A committee was appointed to superintend repairs. An assessment of \$1 per capita was made—one-half to be paid forthwith, the balance within two weeks. A motion to place the armory in charge of the civil affairs of the company was made and carried. A list of names of six candidates for drum corps was presented and laid on table for one week.

The following committee was appointed to solicit funds to help defray expenses of organization: Tionesta, G. B. Robinson; East Hickory, A. E. Southworth; West Hickory, Geo. King; Endeavor, Harvey Lynch; Kellestville, Joe Miller; Golina, Thomas Karnes; Nebraska, Wm. Thompson.

Secretary was instructed to procure all necessary blank books for the company. It was decided to march as an organization on Decoration Day. J. H. Swanson was elected drill master until election of company officers. Squad drill masters were appointed for other places. I. E. Dean being present and asked to speak entertained the company with a short address upon patriotic topics. Adjourned to Saturday night May 21.

Since the meeting a telegram has been received from Isaac Brown, Deputy Secretary of Internal Affairs, notifying the company to send in list at once.
