THE WAR NEWS IN BRIEF.

An important war council was held at the White House, attended by the Secretary of War, the Secretary of the Navy, General Miles and the War Board. It was decided to hasten reinforcements to General Shafter and to call for 50,000 more volunteers.

The President adheres to his purpose to delay the invasion of Western Cuba for the investment of Havana until the rainy season is over. The Marblehead, St. Paul, Sweeney and Dolphin again bombarded the fortifications at Calmanera. It is believed many Spaniards were killed in the engagement.

A hot brush between some Spanish troops and a reconitering party in steam cutters occurred at Santiago Saturday morning. The New York's cutter was hit several times, but no one was injured. The Texas and the Vixen scattered the Spaniards.

The Yankee arrived at Santiago and reported that on Monday she had exchanged shots with a Spanish gun-boat off Cienfuegos.

It is said in Madrid that Captain General Augusti has resigned the Military leadership in Manila.

Advices from Honolulu, by way of Victoria, B. C., say the first Philippine expedition sailed from that place on June 4, and according to calculations should be at Manila now.

General Merritt has designated the commands to comprise the third expedition to the Philippines. The work of preparing the transports is being rushed, and the troops may sail the latter part of the week.

New rifles have been received by the first and sixteenth Penna. Regts. at Chickamauga, and these, with other commands at the camp, are being rapidly put in shape for active service. Orders for a movement southward are expected in a few days.

The Navy Department called for bids for three battleships, to be patterned after the Illinois.

Reports from the Havana blockading squadron say that the men are growing tired of patrol duty.

The week's campaign in Eastern Cuba has resulted in the practical demolition of the outer fortifications of Santiago.

The Cubans maintain a close cordon about Guantanamo.

The Marblehead and Texas had a narrow escape in the harbor of Caimanera. Each ship struck a contact mine, but the latter failed to explode.

It is believed in Madrid that Camara's fleet is on its way to the Philippines and that his sailing may delay the loss of the Philippines.

It is asserted at Gibraltar that six trans-atlantic steamers, having on board 4,000 Spanish troops, accompany Admiral Camara's fleet.

Lieut. Hobson and the other heroes of the Merrimac are still held as prisoners at Moro Castle, Santiago, and considerable difficulty is being met with in the endeavor to exchange Spanish prisoners for them, but it is hoped that their release will soon be obtained.

When Secretary Alger reached his office in Washington yesterday morning he was informed that the transports with 15,000 troops had arrived safely off Santiago, and that direct cable communication had been established between the United States and Guantanamo where the United States marines now hold possession of Cuban soil. Thus not only is Captain General Blanco cut off from any communication with the outside world, save with the Key West cables under our control, but the authorities in Washington have been placed in close connection with our forces, army and navy, which are conducting the invasion of Cuba.

The United States army for the invasion of Cuba, commanded by Gen-

eral Shafter, arrived off Santiago De Cuba Monday at noon. The troops numbering about 16,000 men were on board thirty-seven transports. The time and place for the landing of the soldiers had not been decided upon.

THOUGH the fleet of invasion makes only eight knots per hour, that amounts to 192 knots a day, which will be entirely satisfactory to an infantryman.

EVERY patriotic American who goes abroad this year must pay a war tax of \$5 on his ticket, besides a small per cent on the total amount he proposes to blow in while away.

NOCTURNAL bushwhacking seems to be the Spanish tactics against our troops when they land. The Spaniards have discovered that they aim as well in the dark as by daylight.

SUING for peace in Madrid is said to be deferred because the army is opposed to giving up any territory. It follows that Spain is already under the control of a military despotism.

It will be easy enough to get back to the bulwarks of the Monroe doctrine after we shall have destroyed the bulwarks of an uncivilized nation that starves its own subjects, pillages its own cities and loots its own treasury.

THE regulations governing enlistments under the second call provide that single men shall have a preference. It is a useless provision, however, in view of the fact that most of the volunteers seem to marry immediately after being mustered into the service.

IN the year 1897 Great Britain and her colonies bought from us grain and other articles valued at \$600,000,000, and sent to us merchandise worth \$240,000,000, leaving a balance in our favor of \$360,000,000. In a commercial way there is already a practical alliance between the two countries.

IN exchanging Hobson's crew it is likely that the Spaniards will insist upon a ratio that will liberate all the prisoners the Americans have captured. They have the advantage of knowing that we can well afford to comply with their terms, even if the arrangement should be made to include all the prisoners we expect to capture.

OUR sympathies go out to the Hon. Jerry Simpson, the white Indian from Medicine Lodge. In an impassioned speech the other day he told this nation, a nation that is expending a million dollars a day to end Spanish cruelties in Cuba, that we did not need a larger army and navy, although if we had had the war might never have been begun. He also said, if he was correctly reported, that all annexation was wrong and that we must get back to the policy of our forefathers unless we wanted to go to the dogs. Even before that time so eminent a man as John James Ingalls had taken practically the same view with regard to the army and navy and coast defenses, and yet now the Kansas Republicans for whom Ingalls then spoke have come out for the annexation of Hawaii and the construction of the Nicaragua Canal. The world moves, whether the Populists know it or not.

THE large circle of Hon. W. O. Smith's friends will hear with pleasure that he was most emphatically endorsed by Congress by the Jefferson county Republicans at their primaries last Saturday. His opponent flooded the county with an anonymous and most insolent circular attacking Mr. Smith's legislative record, rehabing a number of the worn-out falsehoods peddled over the State by the Wannamaker—Swallow aggregation, but as an evidence of how his constituents look upon the matter it is only necessary to glance at the returns, where it is found Mr. Smith had over eight hundred majority, winning with hands down. The counties of Pennsylvania would indeed be fortunate if they all had such representatives as W. O. Smith in the legislature, and when the people of Jefferson county turn him down for the record he has made they deserve to go unrepresented altogether. But we are pleased to note they have a just appreciation of good and faithful servants, and are keeping them to the front.

S. C. P. Jones, Millsburg, Pa., writes: "I have used DeWitt's Little Early Riser ever since they were introduced here and must say I have never used any pills in my family during forty years of house keeping that gave such satisfactory results as a laxative or cathartic." Heath & Killmer.

S. E. Parker, Sharon, Wis., writes: "I have tried DeWitt's Little Early Riser for itching piles, and it always stops them in two minutes. I consider DeWitt's Little Early Riser the best cure on the market." Heath & Killmer.

How to Subscribe for the New U. S. War Bonds.

The war loan which is now being offered will be sold to subscribers at par during the period of subscription, which ends July 14, 1898. The method for subscription has been made as simple as possible. Blank forms may be obtained at every money order postoffice, and at most of the banks and express offices, and on these forms is clearly indicated all that is necessary for the subscriber to fill out. The subscriber may himself mail to the Treasury Department at Washington the blank form filled out, together with his remittance covering the par value of the amount of bonds for which he wishes to subscribe. That remittance may be in whatever form best suits the subscriber's convenience—in currency, bank draft, check, postoffice money order, or express money order. The day the currency is received, or the day the proceeds are received from the checks, drafts, or money orders, the subscription will be entered and will immediately begin drawing interest. When the bonds are delivered, a check will accompany each delivery covering the interest at 3 per cent. from the day the subscription is entered to the first of August, the date of the bonds, and from which date the bonds will carry their own interest.

Coupon bonds are issued in denominations of \$20, \$100, \$500 and \$1,000. Registered bonds are issued in denominations of \$20, \$100, \$500, \$1,000, \$5,000, \$10,000.

NEWSY NOTES.

"Spain is noted for her wines. It's pretty near time," says the Manayunk Philosopher, "for a final consignment of her wines to be sent to the Powers."

"Hopkins sells the clothing and shoes."

It is said that while Captain Sigbee is very much pleased with the auxiliary cruiser, St. Paul, he thinks that the ship is too big. "She is a tenth of a mile long," he said, recently, "and when I send a man aft he seldom comes back until after dinner."

"The popular shirts are at Miles & Armstrong's at prices to suit you."

There is a vacancy in the postoffice at Strode's Mills, Pa., for the first time in 53 years. It is caused by the death of Joseph Strode at the age of 84, who was appointed postmaster by President James K. Polk, October 21, 1845, and held the office continuously ever since.

Leave your order for a suit or pair of trousers this week at Miles & Armstrong's.

Pennsylvania has six regiments at Chickamauga, more than any other State. At any hour in the day and in any part of the camp Pennsylvania soldiers may be seen. They are a gentlemanly lot of fellows and have made a most excellent impression on the other soldiers.

From a number of our exchanges we learn that a new swindling scheme has been launched on the public. It is known as the silk swindle. The firm(?) send out circulars offering, in order to introduce their goods, 10 yards of silk for \$1. It's a fraud pure and simple, so don't bite unless you wish to get sold.

The standard of Spain may fall, but the standard of high-grade clothing at Miles & Armstrong's will always remain.

Here's one which the Buffalo Courier claims was too hard for his Honor Mayor Diehl of that place: Dewey 1, Schley 02, Sampson 022. After vainly endeavoring to decipher the "cipher," he called for an explanation, which was given as follows: Dewey won, Schley ought to, and Sampson ought to too.

The 16th Regiment will not be sent to Cuba. It is a "hot-tail" or eight company regiment, and General Brooke has decided that only twelve company regiments shall go to the front. However their friends and families at home may view the matter, there is no doubt that the boys themselves will be keenly disappointed.

The town of Gordon, Schuylkill county, was the scene the other day of a most unique flag-raising. A steel wire had been stretched from one mountain peak to another across the town, and from this a huge flag was suspended. The height of the mountain top above Bridle street is 950 feet, and the flag is 800 feet above the ground. The length of the wire is 2,900 feet or almost exactly half a mile. The flag is 19 by 30 feet.

The 16th Regiment, says the Chattanooga Times, comes from the oil regions of Pennsylvania, and there is considerable talk of placing a large force of the enlisted men in charge of the well drilling at Chickamauga. One of the officers yesterday remarked: "We have plenty of men in this regiment who could rush this well-drilling through in a hurry. The present force has been ten days trying to drill a well in this camp and has about completed one-half of their task. I am confident our men could put down a well in thirty-six hours."

Ex-Senator John J. Ingalls, of Kansas, whose fame as a brilliant writer, a man of remarkable scholarship and literary attainments, is even greater than that of the distinguished Senator, announces a new book on the subject of the American-Spanish-Cuban War. It is entitled "America's War for Humanity in Pictures and Story." It is published by the N. D. Thompson Publishing Co., of St. Louis, Mo., and is an exhaustive discussion of the causes of the war, and equally exhaustive history of its incidents, and a brilliant analysis of the famous characters conducting it. It promises to be the one great and popular work called forth by this wonderfully interesting national episode. Whatever Senator Ingalls touches he burns; and this book shines and sparkles in the light of his genius. The present work is worthy of his genius, and will be a monument to his fame. The subject now so engrosses the popular mind as to forecast for this book a sale that will be universal. It will be sold by subscription only, and the canvassing samples are now ready for agents. We advertise it in another column.

Mr. Isaac Horner, proprietor of the Bitter Root, Burton, W. Va., and one of the most widely known men in the State was cured of rheumatism after three years of suffering. He says: "I have no sufficient command of language to convey any idea of what I suffered, my physicians told me that nothing could be done for me and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1894, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it took a long time to get them down. Soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured. For sale by G. W. Bovard."

"One Minute Cough Cure is the best preparation I have ever used or used and I can't say too much for it." L. M. Kennon, merchant, Odell, Ga. Heath & Killmer.

"For three years we have never been without Chamberlain's Colic, Cholera and Diarrhea Remedy in the house," says A. H. Patter, with E. C. Atkins & Co., Indianapolis, Ind., "and my wife would as soon think of being without flour as a bottle of this remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely. It is all right, and anyone who tries it will find it so." For sale by G. W. Bovard.

The Cuban question and political issues sink into insignificance with a man who suffers from piles. What he most desires, is relief. DeWitt's Witch Hazel Salve cures piles. Heath & Killmer.

One minute is not long, yet relief is obtained in half that time by the use of One Minute Cough Cure. It prevents consumption and quickly cures colds, croup, bronchitis, pneumonia, influenza, all throat and lung troubles. Heath & Killmer.
