Suits to order \$8.50, pants \$2.50 at Miles & Armstrong's. Let the Stars and Stripes float over Moro Castle on July Fourth. A wagon load of shoes opened up this week at Hopkins' store. 1t The latest wedding fad is to have the ceremony performed under an American flag. Granite ingrain carpet reduced to 25c per yard, worth 35c, at Miles & Armstrong's. A full line of fancy ties at Hopkins' store. They are splinter new and the latest style. 1t The Siggins family annual reunion will meet on the fair grounds at Warren next Wednesday, June 29th. Manila, Santiago and Honolulu are ours, Porto Rico and the rest will follow. The Maine will be paid for in full. We are in receipt of a copy of the new War Revenue Law, through the kindness of Senator Boies Penrose. If you want strawberries for canning purposes you must get them now. Amstler sells the best berries at the lowest prices. Amstler received his first consignment of water melons last Saturday, the earliest melons that were ever sold in Tionesta. The Forest County Reserves are gaining great proficiency in drilling and will make a creditable showing on the Fourth of July. The postoffice at Nora, Forest county, has been ordered discontinued and the patrons will hereafter get their mail at Cooksburg, Pa. The Tionesta postoffice is one of the list which will have its salary raised. The present salary is \$1,000 and it will be increased to \$1,100. The promise is for a grand display on the streets of Tionesta on the Fourth of July and every horse and business place should be properly decorated. Clarion county will vote on the advisability of erecting a poor house at the November election, the necessary order having been made by Judge Clark last week. The raspberry and blackberry crop in this section will be a wonderfully large one from present appearances, the bushes are already heavily loaded with green berries. Our boss mason, Patrick Joyce, has completed the foundation for the handsome new residence which is to be erected by Hon. N. P. Wheeler at Endeavor this summer. Mrs. Cora Johnson will serve lunch, ice cream and soft drinks in the old W. C. T. U. rooms, opposite the gas office, on July 4th. Ice cream is served at this place every day. 1t Two magnificent arches will span Elm street on the Fourth—one at the angle of the street near Lawrence & Smeathugh's store and the other at the angle near May street. Geo. W. Robinson has been selected as marshal of the day for the Fourth of July and D. W. Clark, Lyman Cook, Amos W. Ledebur and C. R. Bowman assistant marshals. Many new sidewalks are being laid in town and it is a good thing, as some of them were in bad shape. If the enthusiasm keeps up our walks will be in excellent shape for the Fourth. The Committee on Music have selected the services of the Oil City and Hickory Cornet, and the Tylersburg and Alhambra Martial bands. Tionesta will not be short for music on the Fourth. Not since the civil war has the Fourth of July been so generally celebrated, and with such universal fervor as the coming Fourth will be. The North and South are vying with each other as to which section shall show the greatest loyalty to the old flag. Threatened invasion of a foreign foe makes us all of one kin again. Last Saturday evening about 5 o'clock during a severe thunderstorm a barn on the farm of ex-county commissioner Peter Young in Green twp. was struck by lightning and one side of it completely demolished. The storm in that vicinity was the most severe ever witnessed by the inhabitants and was evidently a small cloudburst, as Mr. Young says that the water was knee deep before he reached his barn. The rafters, joists and siding on the side of the barn where the lightning struck were literally torn to splinters, but fortunately did not take fire.

—When you want anything in the fruit or vegetable line, go to Amstler's reliable store, where you can always find the best stock in that line in town. Goods always fresh and prices the lowest. —We acknowledge the receipt of an invitation to attend the eighty-third annual commencement exercises of Allegheny College, Meadville, Pa., during the week commencing Sunday, June 29, 1908. —An exchange asserts that "courting a girl is like starting a newspaper. It starts out weekly, then becomes a tri-weekly, then merges into a daily, and if it has any enterprise, comes out with an extra about once a year." —Another rail road to Tionesta putting us in direct communication with Philadelphia, New York and the sea board and giving us access to the wonderful forests of timber along its route will make Tionesta a booming manufacturing center. —The 43d session of the Pennsylvania State Teachers' Association will be held at Bellefonte, July 5th, 6th, and 7th. There will no doubt be a good attendance of teachers and friends of education, and the location promises enjoyment, while the programme means business and profit. —The wheat has been growing tall at an astonishing rate, and the Emlenton News says that unless this growth is stopped in some manner, the farmer, when he comes to thresh out the grain, will have to use a field somewhat larger than a common sized barnyard to pile his straw in. —Lost—On the river road between Hickory and Tionesta, a lady's pocket book containing between \$4 and \$5 in money and some calling cards bearing the name of Mrs. Will Morrow. The finder will be suitably rewarded by returning same to the owner at West Hickory. —Bicycle riders in the surrounding towns are invited to organize themselves into squads or platoons so far as possible, at home, and to report at Hotel Agnew, Tionesta, ready for the parade by 9:30 o'clock on the morning of the Fourth. A flag and staff will be furnished each rider in the parade by the committee. —An Exchange says: Persons who keep chickens and permit them to run at large will do well to remember a decision of the Supreme Court which says that "Fowls of any kind, when beyond the limits of the owner's property, can be treated as wild game, and shot and killed in any way without being subject to penalty therefor." —At a meeting of the borough school board Monday evening the old corps of teachers was re-elected, with their relative places and numbers retained in the schools. Eight months of school will be had, and salaries remain the same. This action on the part of the board is pretty generally agreeable to the patrons of the school. —All of the unpleasant "stories" that are set afloat finally drift around to the local newspaper office. The good name of a town is always in the keeping of the editor of the local newspaper and he seldom abuses the trust. A clean local newspaper deserves as much credit for not printing some things as it does for printing other things, wisely remarks an exchange. —The Democratic County Convention was held in this place yesterday, when the following ticket was named: Congress, T. J. Bowman, Hickory; Senate, T. F. Ritchey, Tionesta; County Treasurer, Charles Bauer, Kelletville. Geo. F. Watson, of Goletza, Prohibition candidate for Assembly was endorsed by the convention. —As usual Amstler has the most complete stock of fireworks in town, and as they were secured before the great advance in the price of explosives, the prices are not any higher than last year. Crackers, pin wheels, sky-rockets, Roman candles, flower-pots, devil chasers, snakes, torpedoes, canon crackers, in fact anything that will make a noise. Come early, for they are selling fast this year. 2t —Chas. Bauer was down from Kelletville last Thursday and secured the notes and other valuable papers stolen from his safe about a month ago and which were found near Glenfern spring on the German hill road the first of last week by Hal Davis and Will Shoemaker. The aggregate value of the notes was \$1,800.65, and while they were of no use to anyone but the owners, the finding of them saved a great deal of trouble in having them renewed. —One day or night last week some vandals scattered tacks in the street between Bridge street and the court house, and no less than thirty bicycle tires were punctured. It is difficult to imagine how any one with a sound mind could perpetrate so dastardly an outrage, now that the ordinance prohibiting the use of the sidewalks for bicycle riding has gone into effect, and is strictly obeyed by all. This would be a very unhealthy spot for the miserant were he to be apprehended. —At 2 o'clock Monday morning the Youngville Manufacturing company's factory was destroyed by fire. The fire started in Emilio Sagadohl's bicycle establishment. It is not known how the fire originated, but probably by spontaneous combustion. Loss on the furniture factory about \$50,000. Insurance, \$21,000. Loss on Sagadohl's establishment about \$1,000. Insurance, \$400. Superintendent Charles Kay says that in all probability the furniture factory will be rebuilt, as 70 men are thrown out of employment. It is to be hoped that this is so. —Hopkins sells the clothing and shoes —Postmaster General Smith has put in operation several changes in the postal regulations. It has been stated that the postal cards will be discontinued, but the regulation regarding the new mailing cards recently authorized by Congress shows this to be a mistake. Hereafter the postal cards will continue to be sold, it will be lawful to use cards with a 1-cent stamp affixed for the same purpose. These cards must be approximately of the same size, shape and color as the postal card. When these mailing cards are sent to foreign countries the ordinary letter postage must be affixed. —Hopkins sells the clothing and shoes. —A citizen of Kanis has completed the purchase of all the Iron City property in Forest Co., Pa., formerly owned by Robt. H. Brown & Co., of Carnegie, Pa. The property consists of 1087 acres and includes land and timber, sawmill, store and dwelling houses, with the oil and gas right which was owned by Mr. Brown personally. Consideration private. We learn that the purchaser has already leased part of the land and disposed of some of the property to Messrs. Fitzgerald, Graybill & Co., of Marienville, Pa., who has reserved all but ten acres on which he contemplates erecting a large hardwood manufacturing establishment. —Kane Republican.

Turner of West Hickory, graduates from Chamberlain Institute the 23d inst. Miss Turner stands high with her class as she holds the positions of Secretary and Treasurer of the same, as well as being honored in the graduating program as Promotress. —Tidoute News. —Miss Blanche Pease has again been chosen as a teacher in the public schools of Duke Centre, McKean Co. As this will be the third term that Miss Pease has taught in that place it is unquestionable evidence of her proficiency as an instructor and of her social standing in that community. Forest county teachers succeed every where. —Mrs. Hanna Burehfield died at the home of her daughter, Mrs. J. C. Her illness was long and painful, although everything that the best physicians and nurses could do was done for her. Her first husband, George Hood, died near Whig Hill about forty years ago, and was buried at Tionesta. Her second husband, Jesse Burehfield, was killed during the war. She was a consistent member of the M. E. Church. She leaves three children, Mrs. J. C. Moulton, and George Hood of West Hickory, and Jacob Hood of Townville, Pa. The Late Ashabel Holeman.

Ashabel Holeman was born Oct. 28th, 1824, at Holeman's Flats on the Allegheny river, and died after three weeks of great suffering at his home in this place on Tuesday morning, June 14th, 1898, aged 73 years, 7 months and 17 days. He was married to Miss Nancy Shelmadine, of Shelmadine Springs, Pa., Oct. 28, 1847, and by her became the father of one son and five daughters, of whom the mother and two daughters, Mrs. J. H. Lockwood and Mrs. B. J. Hopkins, all of this place now survive. An adopted daughter, to them like their own, also survives, Mrs. Wiley Ward also of this place. He joined the U. B. Church in 1855, was licensed to exhort in 1856 and to preach in 1857, and for forty years has been an ordained minister in good standing and a member of the Erie conference of the U. B. Church. He led in the erection of the beautiful church belonging to that denomination in our place and was a most liberal supporter of the gospel and endeavored to abound in every good word and work. In 1872 he built the Holeman block in this place, for many years has been one of our heaviest tax payers and one of our best and foremost men in business. For forty years, in Allegheny township and then here, after the organization of our borough, he served the State and county faithfully as one of our magistrates doing his duty as he saw it, fearlessly, interperly and well. In politics he was a stalwart Republican of the Lincoln and Sumner type, and believed in liberty for all and righteousness toward all, with all his soul. He held with a strong grip that the light of a true patriotism or a true philanthropy, is none other than the light of the golden rule. In Christian faith he was a chief captain, and a mighty man; and among the first of the men and prophets of his day and generation. In the problems and difficulties of life, he aimed not to be aggressive, but if attacked by any foe he could soon show that he had the stuff in him of which heroes are made. Brave in purpose, strong tempered, heroic in resoluteness, and yet kind-hearted and gentle as the zephyrs, he was a man to fight and win, as he did, in the great battle of life. —Pleasantville Record.

First Forest County Boy to See Actual Service.

The Tidoute News says: Wm. Blocker hit it hard when he got into the navy. He is the first man from this county to see actual service in the present war. His boat is the Abarenda, and following is a press dispatch of the fight at Guantanamo last Sunday afternoon: The American flag was raised over Camp McCalla at Guantanamo at 10 o'clock this (Sunday) afternoon by Lieut. Jenkins and Ensign Ainsworth, of the collier Abarenda, after the hottest day's work that American soldiers or marines have had since the Civil War. Shells, shrapnel and steel bullets whistled all around the camp throughout the day and the big guns of the Marblehead and Texas thundered at intervals. They were accompanied by the roar of howitzers stationed on the hillsides, and the almost continuous cracking of rifles. The hills around Guantanamo echoed and reechoed the reports of exploding shells, which fell in the hollow where for 36 hours the Spanish sharpshooters had lodged and made life a hell for the marines who escaped their bullets, and mutilated in the most horrible manner the bodies of the four whom they succeeded in killing. The camp is situated at a knob near the shore. Ordinarily such a location would be an ideal one, but the brush and shrubbery are so thick and other hills and mountains so near that it presented a conspicuous target for the bullets of the enemy, who were sneaking in the grass. Before the day was over some of the officers of the marines were ready to admit that the place was untenable and should be abandoned. That was after the Marblehead and Panther and the collier Abarenda had shelled the entire neighborhood.
