Let the good work go on.

—The fireworks for the 4th of July celebration have arrived in good shape and judging from the size of the packing cases there ought to be enough to keep the boys shooting all night. —The W. N. Y. & P. Ry. will sell excursion tickets between all stations on July 24, 2d and 4th, at low excursion rate, good for return up to July 5th, inclusive. Call on agents for particulars. —Many people are talking about the unusual number of blossoms on potatoes this year. The blossoms are so thick on some fields that at a distance one might mistake them for fields of buckwheat. —All the girls who took part in the Flag Drill of States last Memorial Day are requested to assemble in the Court House Park Thursday afternoon at 2 o'clock. Come. Important business to be transacted. —The Sires Studio, Tionesta, will be open Friday and Saturday of this week, also on Monday, July 4th, to give all those desiring first-class prices an opportunity to get them. Sky rockets, Roman candles, canon crackers, flower pots, pinwheels, torpedoes, Spaniard chasers, devil chasers, every old thing to make a noise. —What is the reason the ordinance against swimming in the river within the borough limits is not enforced? There is a crowd of boys who make a practice of going swimming at the river bridge nearly every day, without bathing suits, and it is becoming obnoxious to the residents of that neighborhood. —Henry Kaman, who pumps for Cooper, Reck & Co., on Cropp Hill, while on his way home one night last week heard a noise in the road ahead of him as if some heavy animal moving about. He did not investigate very closely as it was dark, but upon examining the place next morning he found tracks which were evidently made by a pretty good sized bear. —Hopkins sells the clothing and shoes

No Paper Next Week.

On account of the Fourth of July, according to custom, no paper will be issued from this office next week. The office will be open during business hours, however, and those having business to transact will find someone in charge, and it would be very gratifying if our patrons should take advantage of this occasion to leave whatever balances may be coming to us. Our next issue will appear July 13th.

Cut His Foot Badly.

While cutting wood for the Reck & Co. lease on Tubbs run, yesterday afternoon, George Matha struck the axe he was using across the instep of his right foot, making a very ugly cut, the blade of the axe going nearly through the foot. Dr. Brown was summoned, and dressed the wound, leaving the patient as comfortable as possible under the circumstances.

—On account of the big celebration at this place on the 4th of July the W. N. Y. & P. Ry. will have a special train to leave here at midnight, after the fireworks, for Oil City so that all people who come from down the river can stay for this part of the celebration. —The following party of campers are having a pleasant outing at the mouth of Little Tionesta, a mile below town: Wm. Woodburn, wife and children; Rev. Fassold, wife and child; Dr. Baggart and wife; Mrs. McIntyre; R. Snyder and wife; W. S. Shell and wife. All of Shippenville, Clarion county. —H. M. Scowden & Clark have found the trade in farm machinery quite lively this season. They have sold quite a number of mowers, rakes, and one or two separators. When in need it will save you money to consult them. —The 29th annual meeting of the Supreme Lodge, A. O. U. W., was held at Asbury Park, N. J., during the past week, lasting ten days. Y., early yesterday morning. He was brought to his home in Oil City yesterday afternoon. A tramp, giving his name as Jas. Conlin, and his residence as Berkshires, Mass., was also seriously injured. —Frogs are very plentiful along the river this season. A party captained by H. P. Shoemaker were out one evening last week and they met with wonderful success. After filling all their baskets one of the party filled their trousers legs at the bottom end filled them with frogs. Of course it was not "bad" who filled his trousers legs—had this been the case there would have been frogs enough to send a mess to Shafter's army. —Mrs. Johnston, wife of our esteemed friend James Johnston, who lives on German Hill, about three miles from here, met with a severe accident on Sunday night last. She had not been resting well during the night and had gotten up for some purpose, when she was overcome by a fainting spell and fell down the stairs, bruising her head and body severely, though, as her physician discovered, not seriously. At last accounts she was getting along pretty well. —Why is it, asks an exchange, that a man will gladly subscribe \$5 for a campaign fund and growl and swear over a school tax of \$2.00? Many people will subscribe \$10 for foreign missionary work and rejoice to think what he has done for the heathen and when his school tax of \$2 or \$3 is presented to him for payment, he tells that those who have children ought to educate them and that it makes no difference to him whether or not his neighbor's children are educated. —J. Fredrickson, our up-to-date merchant tailor, says that he is so rushed with work that he is afraid he will not be able to properly celebrate the 4th of July. He has not had in the past five years the amount of work on hand that he has at present, to be delivered before and after the 4th. His old customers are all standing by him and he is getting new ones every day. But that does not discourage him, and he will accommodate as many moras as wish to come, with his own hand work. —L. J. Paul, superintendent of Col. Carter's fine Riverside Stock Farm, at West Hickory, is recovering slowly from the severe injuries received in a runaway accident near that place late Monday night of last week. The accident happened within a half mile of the place, Mr. Paul having a spirited team of horses, one of which being exceptionally fractious and hard to manage. The rig was completely demolished. —The annual camp meeting for the Oil City district, Pittsburgh conference, Free Methodist church will be held in Franklin, in Bleakly grove, beginning July 27 and closing the evening of August 3d. A Correction.

It having been reported that the Committee in charge had rented the Armory for a dance on the Fourth of July against the wishes of the military company, I wish to make this statement in connection therewith: The military company voted against having a dance as a company, but it was suggested and sanctioned by the committee that the committee could rent the Armory for that purpose. This the committee did then and there, giving to others the refusal of the Armory on the Fourth for dancing purposes. K. C. HEATH, Member of Com.
