

LAND OF THE SKY.

Special Excursion Rates to Mountaineer. For the second summer assembly of the International Christian Workers' Association at Mountain Retreat, August 15th to 25th, inclusive...

To Keep Hogs Clean. Clean hog wallows are necessary to the comfort and health of the animals during very warm weather.

To Kill Chicken Lice. Since we have been in the poultry business, like every other person who keeps fowls, we have had a great deal of experience with chicken lice...

In former years we used to combat them with lime and whitewash, coal tar, lard, etc., all of which have some merit.

In order to keep lice off of the old fowls, we keep their perches saturated with the oil, so that the latter are thoroughly soaked all the time...

To free the little chickens and their mothers of lice, we rub the shanks of the hen thoroughly, and her duft and breast feathers lightly with the oil...

A TEMPERANCE COLUMN.

THE DRINK EVIL MADE MANIFEST IN MANY WAYS.

The Decanter—a Shocking Sight That Can Be Witnessed at the Very Gateway to the Nation—Setting Prospective Citizens a Bad Example.

There was an old decanter and its mouth was gaping wide; the rosy wine had ebbed away and left its crystal side; and the wind went humming, up and down the sides it flew, and through its neck-like hole the wildest notes it blew.

Weak Stomach

Sensitive to every little indiscretion in eating, even to exposure to draughts and to over-perfpiration—this condition is pleasantly, positively, and permanently overcome by the magic tonic touch of Hood's Sarsaparilla.

Hood's Sarsaparilla

A Criticism of Smokeless Powder. A well-known sportsman and gun expert of this city attributes the poor marksmanship of the Spanish fleets to smokeless powder.

The accuracy of the American gunners is, of course, largely due to good marksmanship, but the skill of the gunners would count for nothing, if the gun man said, if it were not for the fact that the American navy uses black powder, the explosive force of which is always to be depended on.

A LIVING WITNESS.

Mrs. Hoffman Describes How She Wrote to Mrs. Pinkham for Advice, and Is Now Well.

DEAR MRS. PINKHAM—Before using your Vegetable Compound I was a great sufferer. I have been sick for months, was troubled with severe pain in both sides of abdomen, sore feeling in lower part of bowels, also suffered with dizziness, headache, and could not sleep.

I wrote you a letter describing my case and asking your advice. You replied telling me just what to do. I followed your directions, and cannot praise your medicine enough for what it has done for me.

Many thanks to you for your advice. Lydia E. Pinkham's Vegetable Compound has cured me, and I will recommend it to my friends.—Mrs. FLORENCE E. HOFFMAN, 512 Roland St., Canton, O.

The condition described by Mrs. Hoffman will appeal to many women, yet lots of sick women struggle on with their daily tasks disregarding the urgent warnings until overtaken by actual collapse.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometimes past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

brighter and more marketable than when left until dead ripe and allowed to stand out in all kinds of weather.—E. L. Vincent, in Agricultural Epitomist.

Feeding Hens For Profit. The right proportion of food for laying hens can be scientifically ascertained, but the relative question of the cost of the different foods must also enter into the question.

Now the question of grain must be decided according to the locality and cost of the various grains. Where beans can be obtained cheaper than grains they take the place of the latter very acceptably if ground and fed in an attractive form.

Corn we know has the greatest amount of fat producing material in it, and beans, however, succeed any of the grains in muscle-forming material, containing thirty-eight per cent. compared to twenty-two per cent. in oats.

As to the meat, flesh or fish food, the matter must also be considered from different standpoints. Fish will to a large extent take the place of meat and flesh, and along the seacoast, where fish can be obtained for a little expenditure of time and labor, poultrymen make it take the place of meat entirely.

The best vegetable substances for the fowls are clover, alfalfa, green oats and garden vegetables. In the West, where alfalfa thrives luxuriantly, this is the best green vegetable food that can be fed to the fowls.

Experiments have been made in some of our Western schools of agriculture to ascertain what kind of cheese is best adapted to the small home dairy. The Gouda cheese, made of new milk, seems to be the most satisfactory.

One of the most pitiful and ruinous phases of the alcoholic wave that has been passing over Greenock and Port-Glasgow for some months, says the Greenock Telegraph, is the over-indulgence of women in strong drink.

Major-General Nelson A. Miles, in McClure's Magazine, writing of the Turkish army, says: "What I saw of the Turkish soldiers in Constantinople convinced me that they are among the most effective in the world.

Two Points of View. In the course of a conversation between two workmen's wives, one happened to remark that her husband always put on a clean white shirt on Sunday morning.

Temperance Wins a British Victory. An English paper claims the battle of Albar as a great victory for temperance as well as for the English arms.

Notes About the Crusade. Encourage the boys in the total abstinence ranks. Is not the desire for unearned felicity the worst of much of the crime for alcoholics?

Wisdom is never talkative. Modesty is a charm which no beauty is complete without. Simplicity is the least in nature and the greatest in art.

Genius is never commonplace, though it deals with the commonplace. A character that is a shining light becomes the attraction of envy.

Love alone can purchase love. And the greatest love can feel the greatest sorrow. He who can discourse philosophy in the simplest language is a philosopher at heart.

The errors that most mislead are those not altogether wrong, being mixed with some truth.—Weekly Bazaar. If all of the mountains in the world were leveled the average height of the land would rise nearly 220 feet.

Candy Cathartic Cascarets. REGULATE THE LIVER. Pleasant, Palatable, Painless, Taste Good, Do Good, Never Sickens, Weakens or Grips. Do Not Cure Constipation.

Go to your grocer to-day and get a 15c. package of Grain-O. It takes the place of coffee at 1/2 the cost. Made from pure grains it is nourishing and healthful.

It takes the place of coffee at 1/2 the cost. Made from pure grains it is nourishing and healthful. Insist that your grocer gives you GRAIN-O. Accept no imitations.

Seeing the Unseen. An Austrian inventor claims to have invented an electrical apparatus by the use of which a person may sit in a dark room and look at a scene in another part of the town, regardless of corners, intervening buildings, or any other obstructions. It is claimed that the instrument operates similarly to the telephone. Scientists explain the transmission of sound over telephone wires by the theory of sound waves.

Thoughtless Folks Have the Hardest Work, But Quick Witted People Use SAPOLIO.

Women may write about their troubles to Mrs. Pinkham and avoid the questions of a male physician.

The questions asked of a woman by a male physician are embarrassing and frequently revolting to a sensitive nature. In consequence the whole truth is not told! This makes it difficult for female troubles to be successfully treated, and is the reason so many women grow worse rather than better.

Mrs. Lucy A. Loughery of New Lebanon, Ind., describes how wretched she was until she received Mrs. Pinkham's help.

Women understand women better than men can. The whole truth is freely told to Mrs. Pinkham, and women only see the letters received by her at Lynn, Mass. Her advice is freely offered.

Here is a convincing letter from a woman in Bethlehem, Pa.

DEAR MRS. PINKHAM—Words cannot express my gratitude for the good that your Vegetable Compound has done me. I have taken five bottles, and feel better in every respect. Menstrues heretofore lasted so long and were very profuse, and made me very weak. Your Compound is a miracle. Before writing to you I had tried doctor's medicine, but of no avail. I would not give up your Compound for female complaints for all the doctor's medicine in the world. My friends want to know what makes me look so well. I do not hesitate one minute in telling them what has brought about this wonderful change. I cannot sing its praises enough. I hope every one who suffers as I have will give Lydia E. Pinkham's Compound a trial; and I know that, if taken according to directions, it will cure.—Mrs. EDWIN EMMET, 413 Church Street, Bethlehem, Pa.

All women who suffer should secure Mrs. Pinkham's counsel. Female troubles are real troubles, and must be treated understandingly. For a quarter of a century Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound have been helping women to be strong and well, more than a million women have been benefited by it.
