Three Doctors in Consultation.

From Benjamin Franklin. "When you are sick what you like bes s to be chosen for a medicine in the firs lace; what experience tells you is best, to be chosen in the second place; what reason (i. e. Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best ad-vice that can be taken."

When you have a bad cold Dr. Inclinaion would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Rea-son would recommend it because it is prepared on scientific princples, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condion. Are their parents' pride, and our Boys' Department is the best place to fit them up so you will be proud of them. All the dainty novelties for the little fellows; stanchly made suits for the School Boys, and suits just like men wear, for the big boys. In the whole stock there is none of the cheap, poorly-made stuff—the kind that proves most expensive because least durable. Neither do we charge fancy prices for the good kinds. We are right between these extremes. We have none but the well-made, up-to-date kinds, and sell them at popular prices. We'll be glad to show you these new things-they will prove interesting.
