HONEST JOE SIELEY has more than ever convinced the people in the past ten days that he is "no man's man," and cannot be ron by any clique or ring. The people after all like a man who has the courage of his convictions.

THE belligerent factions at Harrisburg "laid down their arms," so to speak, last Friday and declared an armistice until to-morrow, Thursday, when hostilities will again be renewed and the Senatorial battle once more be on. This temporary let-up was agreed upon for the purpose of allowing all hands to go home and help out in the spring elections. Just gate 8,184 acres and 8 perches, be the same more or less. These officers shall make monthly reports of vital statistics to the commissioners. Small fees are provided for the township health officer, and the county commissioners shall fix the annual salary of the county medical health officer, which shall be paid by the county. The bill seems to be aimed in the right direction as, in their present status, townships have no adequate remedy for abating infectious diseases, such as are enjoyed by cities and boroughs, and if our representative succeeds in giving township authorities a measure that will properly cure this defect he will win the praise of all good people.

Mr. Sibley and His Critics.

The Oil City Derrick, which was a late Crogressional campaign, and has as at I o'clock, p. m., the following described good a right te criticise or commend his political actions as any other of his supporters, gives this piece of real solid talk to those who seem to think they have a string on Mr. Sibley because they voted for him last fall:

of the county, who are attempting to dicof the county, who are attempting to die-tate Mr. Sibley's course or criticise his Road, on the east and south by land of conduct at Harrisburg, are acting with O. D. Harrington, and on the west by characteristic andicity and presumption characteristic audicity and presumption. They seem to assume that they have some claims upon Mr. Sibley that he is bound to recognize, and in their anxiety torfere with their cherished plans. Mr. conclusively that the only responsibility he recognized was to them, and that he desired to bring about a speedy settlement of the Senatorial question in the interests of that party. No one who has watched the situation but knows in his heart that Mr. Sibley's advice was sound heart that Mr. Sibley's advice was sound and actuated by the best of motives. If their desire to defeat Mr. Quay were as strong as their pupose to elect some of their own alleged reformers in his place, they would be willing to accept Mr. Sibley's terms. Their howls for reform, as Mr. Sibley has shown to the satisfaction of the entire State, are the cheap utterances of a lot of SARAH J. DUNLAP, Executrix vs. J. political hypocrites and tricksters, who M. CHURCH, Vendi Ex., No. 13, Febsee that the only possibilities for their own advancement lie in the overthrow of Senator Quay, If Mr. Sibley's advice is not followed and the present unsatisfactory tactics are adhered to, there is no likelihood of any election whatever, as the deadlock may be continued indefinitely. It is the duty of the present legislature to elect a United States Senator to succeed Mr. Quay, whose term of office expires on March 4th. Mr. Quay is the choice of the majority of the Republicans of the State, who are held up and prevented from bringing about an election by a wicked and designing minority, determined on defeating the choice of the people. The Democrats cannot elect a Senator, nor are they entitled to elect one, since this is a Republican State. They must be satisfied by this time that the disciples of Wanamaker in the Legislature haven't the remotest intention of put an end to this disgraceful situation, they have but to follow Mr. Sibley's advice and let the Republicans fight it out

As a matter of course, the followers and adherents of the bargain-counter statesman have no wish to see the Democrats Hors become the purchaser, the costs on follow Mr. Sibley's advice. They wish to the writs must be paid, and a list of the man have no wish to see the Democrats use the Democratic vote in the legislature solely for the purpose of keeping up the present deadlock, in the hope of making some sort of a deal with the Republican share some sort of a deal with the Republican share some sort of a deal with the Republican share some sort of a deal with the Republican share share some sort of a deal with the Republican share share share share the sale or such portions thereof as he share share share share the sale or such portions thereof as he share shar majority that will redound to their advantage.
