New York's Brilliant Senator Says the Beaver Statesman Will Be Seated.

GOV. STONE-MAYOR ASHBRIDGE.

The Governor and Philadelphia's Mayor Will Co-operate in State Polftics-Gossip About State Convention Matters and the Democrats and In-

(Special Correspondence.)

Philadelphia, May 9 .- The possibility of President McKinley calling an extra session of congress may bring the United States senatorial problem in this state to an issue earlier than was anticipated. Should the president convene congress in extraordinary session in the fall, Colonel Quay may be seated before the November election. Even many of his factional political opponents are now conceding that the Beaver statesman will unquestionably be admitted to the senate upon Governor Stone's appointment.

Chauncey M. Depew, United States senator from New York, is the latest of the members of that body to come out in a public statement expressing the opinion that there can be no doubt about Governor Stone's right to make the appointment under existing circumstances, and that he is confident Colonel Quay will be seated by an overwhelming majority of the votes of the members of the senate.

THE STATE CONVENTION.

The canvass for the election of delegates to the Republican state convention has already begun in this city. In the last Republican state convention the delegation was about evenly divided between the supporters of Martin and Durham, the latter co-operating with the friends of Colonel Quay. This time Martin will scarcely cut any figure outside of his own district, Mayor Ashbridge has taken a hand and will be found co-operating with the stalwart Republicans. He hates a kicker and has no time for the men who voted with the insurgents at Harrisburg Mayer Ashbridge has and hanged as soon as possible. The lawgreat admiration for Governor Stone | yer thought long and hard over the matter and those two men are likely to become very important factors in the politics of Pennsylvania should they continue to co-operate within the Republican organization.

There has been no slate agreed upon by the Republican leaders for the offices for which candidates will be nominated at the coming state convention. The convention will probably be held during the last week in August.

AS TO COLONEL HAWKINS.

The news cabled from Manila that Colonel Alexander L. Hawkins, commander of the Tenth Pennsylvania regiment, now in the Philippines, has been wounded in a skirmish with the to his horror, the cries redoubled in force, treasurer. He is a valiant soldier of two wars. His record in the civil war is of the best. His brilliant services in the recent crisis with Spain and his gallant work now under way in the Philippines, it is argued, must command the admiration and applause of every American citizen. He has won the hearts of his fellow Pennsylvanians. There is no honor in the gift of the citizens of this commonwealth, in the opinion of many leading men in the Republican party, to which he is not entitled. The estimate his immediate flowers? neighbors have of him was shown when they gave him a unanimous nomination for the state senate, to which office he was elected during his absence abroad with his regiment.

PREFERRED TO FIGHT.

Colonel Hawkins preferred to remain with his command, although urgently requested to return home and take part in the United States senatorial contest. He has not yet qualified for the office of state senator. It is not known that he would accept a nomination for state treasurer. He is not a practical politician. Then, too, there is some uncertainty as to whether he will reach home before the Republican state convention meets. Those who are advocating his nomination propose that he be placed upon the ticket without waiting to hear from him. While the election takes place next November, the state treasurer will not be inducted into office before next year, so that there will be ample opportunity for Colonel Hawkins to do all the fighting that may be desired of him in the Philippines before that time. It is predicted that if his name shall go before the state convention his comination will be made by acclamation. His election would follow with a whirlwind campaign by a tremendous majority.

ANOTHER SOLDIER NAMED.

While the suggestion of the nomination of Colonel Hawkins has been much talked about, there were some friends of Lieutenant Colonel J. E. Barnett, who is also with this regiment, who propose him for this office. Like Colonel Hawkins, he is a resident of Washington county, and of the two is perhaps the best known among the active men of the Republican party in view of the fact that he held the office of deputy secretary of the commonwealth at Harrisburg. Lieutenant Colonel Barnett is a good soldier, is affable and popular, and would make

The reports that Colonel Quay favors this or that candidate for state treasurer are utterly without foundation. The Beaver statesman has expressed no preference for any one. He knows that his friends will be in absolute control of the Republican state convention, and he will cordially indorse any candidate upon whom they may

DEMOCRATS AND INSURGENTS.

The Democrats are at sea as to what they are going to do at their state convention, which meets next month. Nearly every Democratic judge on the common pleas bench is a candidate for the nomination for the supreme court vacancy, but there is not much being done about the matter of selecting a candidate for state treasurer. Colonel Guffey, who was here last week, is anxious to know what Flinn and the other Republican insurgents are going to do in the coming campaign. Guffey thinks the insurgents should keep up the alliance they had in the last legislature, and turn in for the Democratic nominee for state treasurer. He will probably pick out one of the Democratic members of the house of representatives with whom Flinn was in almost daily consultation at Harrisburg last winter, and thus make a hid for the insurgents' support. It makes litle difference what the bolters do at the coming election, the Republican ticket is bound to be elected.

Republicans of Bradford and Mercer Counties Take Them in Hand.

REPUDIATED AT THE PRIMARIES

Governor Stone's Administration Cor-Sought to Embarrass It Are Condemned by the People.

(Erecial Correspondence.) Harrisburg, May 9.-The Republican state administration and the action of the majority of the Republicans in the last legislature are being sustained on every hand by the Republicans of Pennsylvania. Within the last week two more counties have gone on record in favor of stalwart Republicanism, by the votes of the rank and file of the party at the regular primary elections. The insurgents, who so loudly proclaimed during the sesion of the legislature that they were acting in accordance with the wishes of their constituents, are being rejected and repudlated in every contest for deleentes to the Republican state convention in which they participate.

WORKED WITH DEMOCRATS.

The vote in Bredford county was especially significant. Two out of the three members of the house of representatives from that county. Edmuston and Manley, boited the Republican senatorial caucus, while the other member, Representative Lewis, voted for Colonel Quay to the end. The two bolters were notoriously misrepresenting the sentiment of their county and were told so at the time. They cooperated with the insurgents, and with the Democrats contributed to the serious embarasment of Governor Stone's administration. The defeat of the several propositions for raising revenue advocated by Governor Stone seriously imperilled the appropriations pletely all chances of the state appropriating necessary funds to deserving charities of the commonwealth. The Democrats, of course, were eager fairs, as they wished to discredit the Republican administration and the legislature, as well, with its Republican majority, in the eyes of the people of the state, These Republican bolters in order, for personal reasons, to defeat Colonel Quay for re-election to the United States senate played right into the hands of the Democracy,

That the Republicans of Bradford county thoroughly appreciated this fact would seem to be evident from their action at the primary election and in the Republican county convention last week. They bowled out the insurgent crowd completely and elected a solid delegation to the state convention composed of stalwart Republicans who are pronounced friends of Senator Quay

MERCER ALSO IN LINE. The Republicans of Mercer county held their primary election on Saturday last. This is another county in which two of the three members of the home of representatives, Caldwell and Martin, in defiance of the sentiment of their constituents, bolted the Republican caucus and voted with the insurgents. The other member, Repreonce visited a woman who had lost her serintive Lavi Morrison, voted for Colonel Quar. The issue was clearly drawn and sharply defined at the primary election last week. The stalwarts went late the fight to sustain the action of Captain Morrison in supporting Governor Stone's administration and standing by the Republienn caucus nominee for United States genator. The two bolters were eager to have their course indorsed. They were overwhelmin by defeated at the polls. The two cand dates for delegates to the state convention, backed by the regulars were triumphantly elected, and there could be no mistaking the sentiment of the Republicans of Mercer in

It is queer how the insurgents have had the notion that they really have represented a considerable section of the Republican party. Now that they have leisure to look around they will not be long in ascertaining what a

Governor Stone is still hard at work upon the bills which were passed by the last legislature and which were left for him to act upon. WOMEN IN POKER.

A Game That Changed Two Dear Friends Into Deadly Enemies.

Said a man of my acquaintance recently: "Do you know, I believe women would be the most desperate gamblers on earth if they dared?" 'Nonsense!" was my remark.

"It's not nonsense," he argued warmly.
"I've watched them, old and young, pretty and homely, light and dark, and even in the small games that their pocketbooks and their consciences allow them to play their excitement in winning or losing is something terrifle."

And he caused me to do a little thinking on his side, though not for the world would I have admitted it to him. I remembered a game of cards that

Fresh insect powder made bugs a little meomfortable for awhile, but they soon recovered and became as lively as before, apparently none the worse for the experience. When mixed with 10 per cent naph thalin, the powder killed a few of the insects only. Hydrogen hyperoxide was a flat failure. Formalin was quite effective, but it costs too much and has unpleasant was deadly, but it has a bad odor and is dangerous where contact with fire is pos-

Herr Bernegau finally decided that the perfect insect destroyer is turpentine oil, either alone or with naphthalin. Ships' Anchors,

Ships' anchors cost from 5 to 7 cents a pound, so that a 6,000 pound anchor, which would be a very large one, would cost, even at the lowest price, about \$300, and the big ship that required an anchor of that size would carry two of them. The two big anchors carried by a ship of, say, 2,000 tons would weigh from 4,800 to 5,000 pounds each

The anchors of merchant vessels are painted or tarred. Whenever the vessel is painted the anchors are painted also to preserve them from rust. But on yachts and various smaller pleasure craft galvanized anchors are used, which, of course do not require painting. Galvanized iron anchors have been made for torpedo boats in the navy; but, generally speaking, their use is confined to pleasure craft. A galvanized anchor costs nearly as much again as one not galvanized.

The galvanizing preserves the anchor from rusting and makes it more sightly in appearance, and it prevents the anchor play 5 cent limit and you shall have \$5 from dripping rusty water and so staining and marring decks or other surfaces with which it might come in contact .- New York Sun.

She Stumped Gladstone.

The story is told that at Hawarden one morning little Dorothy Drew refused to get up. When all other means had falled to coax her out of bed, Mr. Gladstone was called. Why won't you get up, my child?" he

nsked "Why, grandfather, didn't you tell me to do what the Bible says?" asked Dorothy. "Yes, certainly."

"Well, it disapproves of early rising; says it's a waste of time." Mr. Gladstone knew his Bible better than most men, but he was not equal to Dorothy. For once in his life he was non-

plused. "You listen, then," went on Dorothy, in reply to his evelamation of astonish ment, and, turning up her Bible, she read the second verse of the one hundred and twenty-seventh psalm, laying great emphasis on the first words, "It is vain for you to rise up early."

Kipling's Tunes.

Mr. William Strong, an artist, says that Mr. Kipling confessed that he wrote all his verses while humming tunes, which were generally Irish. "I take up, for example," he said, "the 'Wearing of the Green,' and I hum it over and over, and the spirit moves me to write words to fit it." This is an interesting confession. It is queer to note, now that the thing is mentioned, that 'Mandalay" goes to the tune of "Wearing of the Green." Try it: Take me somewheres east of Suez, where the

Trees and Thunderstorms.

It is useful to know what kind of trees are most likely to be struck by lightning, because trees afford shelter in thunderstorms, though a dangerous refuge, and they often grow near buildings. According to Mr. Alexander McAdle, the eminent meteorologist, the order of liability to be struck is represented by the following figures: Oak, 54; trees collectively-that is, in a clump-40; tall pine trees, 15, and beech, 1. The oak is therefore the worst and the beech the best shelter. After rain trees are not so apt to split with the stroke as before it.
