### That bath not here an end. More About That "Klunapping Case."

In the last issue of the Marienville Express is an article headed "Boy Kid napped," which is rather a startling title saving in substance that on "Wednesday afternoon, 24th, inst., the town was thrown into a great state of excitement by reason of a man and woman driving through town at a furious rate, having with them a young boy, who was screaming at the top of his voice, while the wo man was trying to hold her hand over his mouth. The woman and a liveryman drove into Marienville and made inquiry for Samuel Brecht and the boy, and when the 12:35 train arrived at the station, and Brecht and his son got off, they were or hand with the horse and buggy. Mrs. Brecht, it appears, sat in the buggy hold ing the horse, while the liveryman watching his opportunity, picked up the boy and put him in the buggy, immediately jumping in himself and driving the horse off at a rapid rate."

It now appears that the woman, Mrs. Orra Brecht, was married to Samuel Brecht in Woods Co., O., 10 years ago that they had three children; Brecht left there about 18 months ago, taking with him the oldest child, Walter, whom he few days last week, pending some re- the wife sued out a divorce in Woods Co., -Mrs. J. You can have your money back, sir, if the clothes don't suit. You can have it because that's the way we deal. It's a safe place to trade where they "swap back." It's the cheapest place, too. A merchant would never make such an offer unless he knew his prices were as low or less than his neighbors. We know our prices are less for same quality than elsewhere -sometimes \$1.00, perhaps \$2.00, more often 'tis \$3 00 or \$4 00 less. We are not so greedy as some -our way of doing business does not demand the profit some stores have to make. Our men's suits at \$5, \$6, \$1, \$7.50, \$8, \$10 are from \$1 to \$4 loss on each suit than you find elsewhere. The better the business is done the more business one will do, of course. This store does its business as well as any store in the world. We've hammered away for years on the one idea, good clothing cheap. The cloth and work are the best -no better in the world. We give the best we can for the least we can. That's our clothing principle.
