MARION CLARK.

Wilson said she had made arrangements with her husband to send all correspondence to her by way of the St. Johns postoffice, which is a few miles from Sloatsburg.

Mrs. Wilson called at the St. Johns postoffice a number of times during the past few days, having the child with her. The baby attracted the country people by her appearance, her large blue eyes and pink complexion being particularly noticeable. The curlosity every Sabbath morning and evening, Rev. J. V. McAninch officiating.

The regular meetings of the W. C. T. U. are held at the headquarters on the second and fourth Tuesdays of each which the child aroused made her captors grow uneasy and they kept her closely confined at the Youmans home. As soon as the notices of the abduction reached the neighborhood the people began to suspect that the child was Marion Clark. They felt positive of it because the child were the same clothes as at the time when she was

> As soon as Deputy Sheriff William H. Chariston learned of the abduction he. taking his clues from pictures of the child and the descriptions given him by people who saw her, went to the Youman farmhouse and found Mrs. Wilson, from whom he demanded the child. Mrs. Wilson at once became indig-

> nant and claimed she knew nothing whatever of the child.

Previous to going to the house the deputy sheriff had procured a warrant for the arrest of Mrs. Wilson for abduction. He procured the warrant, arrested the woman and demanded information as to the whereabouts of the child.

At this Mrs. Wilson weakened and made a confession. The baby was then produced and the sheriff took both prisoner and child to Magistrate Herbert at West Haverstraw.

Mrs. Wilson refuses to make a full statement. She is the daughter of Mrs. J. J. McNally of Goshen, N. Y., to whom she wrote a letter explaining her plight.

Marion Clark, the infant, is in good health and seems to be contented. She has no hat and her shoes show much rough handling. Her clothing is also much soiled. The identification is complete, even to the red birth mark described in the circular issued by the chief of police of New York

Later Arthur Clark, the father of the abducted baby, arrived here accompanied by Sergeant Morris of Captain McClusky's staff. Mr. Clark immediately identified the child as his lost

WITH ITS PARENTS.

Arthur Clark Reaches Home With the Kidnaped Child.

NEW YORK, June 2.-Arthur Clark, the father of the abducted child, Marion, accompanied by Chief of Police Devery and Captain McClusky arrived in this city, bringing back the infant which had been missing for 12 days. Hundreds of people were gathered before the Clark house and the party with the baby had to struggle through the frantic crowd. There was continuous cheering from the people banked around the carriage as it drove up to the door and in spite of the efforts of the police to keep the sidewalk clear, This hotel, formerly the Lawrence House, has undergone a complete change, the child was almost suffocated in the crush of the people who were so anxious to get a glimpse of the baby.

A great cheer went up as Mr. Clark emerged from the cariage bearing the little bundle of humanity in his arms. He had to fight his way up the steps, followed by Chief of Police Devery and Captain McClusky,

Mr. Clark rushed up the inner steps and met his wife at the top. The mother took the child in her arms and wept and sobbed.

The crowd on the outside yelled to see the baby and Mr. Clark held the child up to the window so that all could see it. This was greeted with great cheers. Then they cried for Mrs. Clark and the child. Mrs. Clark appeared holding the baby in her arms. This was more than even the least emotional ones of the crowd could stand and they yelled frantically; some sobbed hysterically, some laughed and many simply shouted themselves hoarse.

WILSON'S PAST RECORD.

Something About the Man Connected With the Clark Kidnaping.

LITTLE ROCK, Ark, June 2.-George Beauregard Barrow, alias J. A. Wilson, es, Jowetty, &c., ordered for parties at the lowest possible figure. Will be found in the building next to Keeley Club the man arrested in New York state charged with kidnaplng little Marion Clark, is well known in Little Rock and the news of his arrest is the sensa-MONEY to patent good ideas may be secured by our aid, address THE PATENT RECORD, Baltimore, Md. tion of the hour. George Barrow befamilies in the state. His father, Judge

J. C. Barrow, is among the oldest and wealthiest members of the Little Rock bar, and his brother, John Barrow, is a member of the Arkansas legislature and prominent attorney at law. The prisoner himself is a lawyer, having been admitted to the bar in Little Rock four or five years ago. He is about 29 years of age and well educated.

He has been in many boyish scrapes and once or twice in serious difficulties. About four years ago he returned after a long absence and began the practice of law. He sought admission to membership in a local athletic and social club, but was blackballed. A few days later an attempt was made to blow the club house up with dynamite and Barrow was arrested charged with the crime. He was acquitted and went to New York, where he secured a salaried position with Tammany Hall. His movements since then are not known.

Mrs. Wilson's Past. NEWBURG, N. Y., June 3.-Mrs. Wilson in whose custody the Clark baby was found is a daughter of Mrs. Irving McNally who lives here with her daughter, Grace. Both are factory operatives. Mrs. McNally read of her daughter's arrest and was prostrated with grief. Mrs. Wilson was born here, but at the age of 3 went to live with her grandfather, J. J. McNally, Mrs. McNally at Goshen received a letter from Mrs. Wilson on Thursday postmarked Garnersville, which read as follows: "I have been arrested in connection with the baby Clark case. Can explain all. Don't worry."

KIDNAPER'S TRIALS.

An Effort Being Made to Bring the Accused Parties to Trial at Once.

NEW YORK, June 5.-The police are busy making preparations for the prosecution of the three prisoners now under arrest on the charge of having kidnaped Baby Marion Clark. Captain McClusky will lay the matter before the June gand jury and will ask that indictments be found against G. Beauregard Barrow, and his wife, at present confined in Jail in New York city, and against Bella Anderson, alias Carrie Jones, the nurse girl who stole the baby from Central Park and who has been confined to the jail in Elizabeth, N. J.

Captain McClusky will also apply to Governor Roosevelt for requisition papers upon which the Anderson woman may be brought from New Jersey here. It is expected that she will be safely landed in a cell in this city not later than Tuesday night.

Preliminary Trial.

NYACK, N. Y., June 6.-Arrangements have been completed at the North jail for the transfer of the prisoners, Barrow and wife, the kidnapers of Marion Clark, to Garnerville, for examination. A strong guard has been secured to accompany the prisoners, as It is believed there may be some trouble

It is believed that the examination will result in holding the prisoners and the Rockland authorities say they will try them in this county. The senti-ment of the taxpayers and hundreds of others in the county grows stronge against keeping them and it is possible that an emphatic expression of that sentiment may result in changing the course of the officials.

tipolo in the morning the Oregon res iment and the Ninth infantry were left behind as a rear guard, and there was considerable firing along their lines in clearing the enemy from the high hill between their position and the lake.

GOING *AFTER DREYFUS.

Fort de France For Devil's Island.

FORT DE FRANCE, Island of Mar. tinique, June 6.-The Sfax has left here to take Dreyfus on board. She sailed quite unexpectedly. It was not until 4 o'clock in the afternoon that her commander was notified to sail and the cruiser left as soon as she could get up steam and take on board the necessary provisions.

The authorities of Cayenne forsay four days ago that the Sfax would leave Fort de France on her present mission and at 2 o'clock in the after noon the dispatch boat Geeland, stationed in the waters of French Guinan left Cayenne, the capital, for Devil's island, having on board the superintendent of the penitentiary and the commander of the macine artillery These officials are delegated by the French government to officially notify Dreyfus of the revision of his trial, Dreyfus has arready received from his wife a cable message announcing

PARIS, June 2.-Lieutenant Colonel Du Paty de Clam, seriously implicated by the recent proceedings before the court of eassation as the probable instigator of some of the forgeries that have figured in the Dreyfus affair, was placed under arrest and taken to the Cherche Midl military prison.

The officer sent to arrest him visited his house thrice before he found him and declined to give any information as to why the arrest was made.

The Libre Parole, anti-Dreyfusite publishes a letter from Du Paty de Clam to the minister of war, M. Krantz, protesting against "the attacks of which I am the victim," and claiming the right to be permitted to prosecute his caluminators or as an alternative, asking "the favor of a trial by some court or other."

Only Diplomatic Courtesy. WASHINGTON, June 6 .- While the department of state has acceded to the request of the British government for permission to publish in Canada and England the part of the protocols of the joint high commission, which related to the proposed arbitration of the Canadian boundary question, it has done so, it is stated, at not because the proocols are regarded as conveying an accurate understanding of the present state of the negotiations, but as a mat ter of diplomatic courtesy. These protocols are of no contemporaneous in terest, it is said, relating, as they do to a phase that has been so modified by subsequent negotiations, as to be not of no importance.

RENEWED THE FIGHT.

Aggressive Movement Begun In the Philippines.

Some Pretty Severe Fighting Has Taken | kind that has so far been made to the Place In Which the Rebels Were Completely Routed - The Entire Morong Peninsula to Be Cleared of the Rebels as Soon as Possible.

MANILA, June 6 .- Another aggressive movement has begun in the Philippines, and our troops are sweeping the entire peninsula of Morong before the rainy season sets in, compelling a cessation of hostilities for three or four months. Two battallons of the Washington troops. under command of Colonel Whalley embarked on cascoes and with the 'tin-clad" army gunboats Napidan and Covadonga, ascended the Pasig river to Morong. The rebels, who were entrenched in the outskirts of the town, reserved their fire until the troops were ashore and in the open. The American ertillery opened fire on the insurgents and drove them from their positions, killing nine of them and wounding five The Washington troops then took the town, the rebels fleeing to the hills.

While the Americans were on their way to Morong, the insurgents opened fire from a shore battery at Ancona, their first shot striking the Covadonga's awning aft at a range of 3,500

yards. The Napidan also was fired at. While this was going on General Hall's column moved upon the Morong peninsula, and completed a circuit of 20 miles, over rough and mountainous country, having two engagements with the insurgents, one of them severe and keeping up an almost constant fire against scattered bands of rebels for nearly 24 hours. General Tail's objective point was Antipolo, 10 miles off, and there was desultory firing all along the line of march, but just before the town was reached the rebels were encountered, strongly entrenched Here a flerce battle was fought, but the rebels were finally driven from their entrenchments and retreated into the town. When our troops reached the place our lines were immediately thrown around on three sides of the town, and then the final advance was made. But it was found unneccessary to fire a shot. Not a rebel was visible and the town was entirely abandoned In this fight the Americans lost only four men-three of the Fourth cavalry and one Oregonian. About 20 were wounded.

OHIO REPUBLICANS.

Doings of the State Convention Held at Columbus.

COLUMBUS, June 3.-The Republi can state convention nominated Judge George K. Nash, the favorite of Senator Hanna, for governor and ex-Congressman John A. Caldwell, the favorite of George B. Cox, for lieutenant ions distributed among those of less generally called the Hanna-Cox combination controlled a large majority of the \$13 delegates, but it did not exerciee its power beyond the nominations of Nash and Caldwell. The confer ence, at which Senator Hanna, Mr Cox and others reached a mutually satisfactory understanding, did not conclude until 9 a. m., an hour before the convention assembled. It was all over then with Mr. Daugherty and

Guilbert and Hoffman were nomina ted for second terms without opposition. When some of the delegates raised the cry of "slate" George B. Cox himself was the first to break the slate by changing the \$6 votes of Hamilton county which he had cast on the first and second ballots for Judge Hull for attorney general, to James M. Sheets Judge Hull had been generally considered as a sure winner, as he had been slated. In this case the anti-trust as well as the anti-slate element cut quite a figure. Judge Hull had been a candidate for governor and when he withdrew after the first ballot it was generally known among the delegates what his withdrawal meant and especially when his support went to Nash on the second ballot. In addition to the attempt then of the field combine against "the slate," there was opposition to the plan of anyone being a candidate for two places on the ticket and Judge Hull was again defeated after a very hard fight, which occupied more time than any other business in the six hours that the convention was in session. Isaac B. Cameron, the successful con-

testant for treasurer of state was generally credited with being on "the slate" and he secured the Hanna-Cox vote.

In Mexico, when a man is condemned to death, he is executed by being shot by a file of soldiers, and the body is left where it falls, to be taken away by the man's friends, if he has any.

Not long ago a worthless fellow was thus executed and left in the open country outside a small village But after the officer in charge had in spected him, pronounced him dead, and the soldiers had left the man got up, walk ed to the City of Mexico, 30 miles distant,

and entered a hospital. He had a wound in his shoulder and two more on his skull, but soon recovered. The authorities now wanted to shoot him again, but the governor of the province decided that the man was legally dead, the lieutenant baving said so, and the Mexican was released.

BLOW AT THUSTS. Report of the United States Immigran

loop eter.

PITTSBURG, June 2.-R. D. Layton, United States immigrant inspector has finished his report to T. V. Powderly, United States immigrant commissioner. This is the first report of its commissioner, and it has many interesting bits of information. Inspector Layton has paid much attention to laber and its conditions. During the past month he has given the Pittsburg indutrial field special attention, both as regards skilled and unskilled labor. While there is no lack of labor, his re-

port shows a want in both conditions. One startling announcement is prominently brought to the front. The inspector claims that agents, bookkeepers and high-salaried men generally are plentiful, but few of these can find employment on account of the formation of trusts, or combines, as they are called, and that there is a warm competition between superior and inferior people to get the best that is going. During the past month the inspector interviewed two persons in the employ of concerns whose plants have since merged into some trust or other, with the result that they were thrown out of employment. These men were receiving from \$4,000 to \$6,000 a year. At the present time they have large bills staring them in the face with little prospects of paying them. The formation of trusts, it is asserted, is the cause of all this poverty and inability to procure work. The report as a whole is a blow at the trust movement, which at the present time seems to be del-Iging the country.

MINERS WILL NOT STRIKE Amicable Settlement Expected to Be

Reaches In Clearfield. CLEARFIELD, Pa., June 2.-Eighty delegates, representing the United Mine Workers' of America, met in convention here. Measures were taken for an advance of machine mining. The Beech Creek operators were in joint conference with the miners' committee and positively refused to grant the miners' demands of an advance upon machine mining from one-half of the price of the pick mining to three-fifths for Harrison and two-thirds for Jeffrey machine. The price for pick mining has been raised from 45 to 50 cents, an advance of 5 cents.

For machine mining 25 cents is paid, but an advance to 28 and 31 cents, depending upon the style of machine used is demanded and the miners expect to settle the question at their meeting on the two-thirds and three-fifths basis for machine leading. There will be

Miners' Meeting Posponed. MONONGAHELA, Pa., June 1.-The miners' mass meeting which was announced to be held here was practically a failure, less than a hundred men being present. There were some heated arguments between President Dolan and some of the miners, and it was finally decided to postpone the meeting until Saturday, June 3,

Miners Accomplish Nothing.

CLEARFIELD, Pa., June. 6,-Another miners' meeting has accomplished nothing except agreeing to pay pick miners 50 cents per ton for loading, while machine men get 25 cents. The bulk of the trouble seems to come from agitators and locating the fight between the pick and machine miners.
