MARION CLARK FOUND.

The Kidnaped Child Returned to Its Parents.

All the Parties Connected With Its Abduction Under Arrest - The Prisoners Will Fight Extradition, but Will Probably Be Taken to New York and Tried as Soon as Possible.

GARNERVILLE, N. Y., June 2 .-Marion Clark, the 21-months-old infant kidnapped from her parents. Mr. and Mrs. Arthur Clark of New York city. on May 21, was found two miles south of Sloatsburg, a village about eight miles from here. She was found at a farm house of Charles Youman's, and was in the custoday of Mrs. Jennie Wilson, who took the baby to the place during the early part of last week. Mrs. Wilson was accompanied by her husband and stated to Mrs. Youmans that she wanted board for the little girl for the summer. Mrs.

MARION CLARK.

Wilson said she had made arrange ments with her husband to send all correspondence to her by way of the St. Johns postoffice, which is a few

miles from Sloatsburg. Mrs. Wilson called at the St. Johns postoffice a number of times during the past few days, having the child with her. The baby attracted the country blue eyes and pink complexion being particularly noticeable. The curiosity which the child aroused made her captors grow uneasy and they kept her closely confined at the Youmans home,

As soon as the notices of the abduction reached the neighborhood the peo ple began to suspect that the child was Marion Clark. They felt positive of because the child wore the same clothes as at the time when she was stolen.

As soon as Deputy Sheriff William H. Charlston learned of the abduction he, taking his clues from pictures of the child and the descriptions given him by people who saw her, went to the Youman farmhouse and found Mrs. Wilson, from whom he demanded the child.

nant and claimed she knew nothing whatever of the child. Previous to going to the house the deputy sheriff had procured a warrant for the arrest of Mrs. Wilson for ab duction. He procured the warrant, ar rested the woman and demanded in

formation as to the whereabouts of the child. At this Mrs. Wilson weakened and made a confession. The baby was then produced and the sheriff took both prisoner and child to Magistrate Herbert

at West Haverstraw. Mrs. Wilson refuses to make a full statement. She is the daughter of Mrs. J. J. McNally of Goshen, N. Y., to whom she wrote a letter explaining he

Marion Clark, the infant, is in good health and seems to be contented. She has no hat and her shoes show much rough handling. Her clothing is also much soiled. The identification is complete, even to the red birth mark described in the circular issued by the chief of police of New York.

Later Arthur Clark, the father of the abducted baby, arrived here accompanied by Sergeant Morris of Captain McClusky's staff. Mr. Clark immediately identified the child as his lost

WITH ITS PARENTS.

Arthur Clark Reaches Home With the Klanaped Child.

NEW YORK, June 2.-Arthur Clark the father of the abducted child, Marion, accompanied by Chief of Police Devery and Captain McClusky arrived in this city, bringing back the infant which had been missing for 12 days. Hundreds of people were gathered before the Clark house and the party with the baby had to struggle through to so appear before the new council of the frantic crowd. There was continuous cheering from the people banked around the carriage as it drove up to the door and in spite of the efforts of the police to keep the sidewalk clear, the child was almost suffocated in the crush of the people who were so anxious to get a glimpse of the y.

A great cheer went up as Mr. Clark emerged from the cariage bearing the little bundle of humanity in his arms He had to his way up the steps, followed by Police Devery and Captain McClusky,

Mr. Clark rushed up the inner steps and met his wife at the top. The mother took the child in her arms and wept and

The crowd on the outside yelled to see the baby and Mr. Clark held the child up to the window so that all could see it. This was greeted with great cheers. Then they cried for Mrs. Clark and the child. Mrs. Clark appeared holding the baby in her arms. This was more than even the least emotional ones of the crowd could stand and they yelled frantically; some sobbed bys terically, some laughed and many

simply shouted themselves hoarse. WILSON'S PAST RECORD.

Something About the Man Connected With the Clark Kidnaping.

LITTLE ROCK, Ark., June 3,-George Beauregard Barrow, alias J. A. Wilson the man arrested in New York state charged with kidnaping little Marion Clark, is well known in Little Rock and the news of his arrest is the sensation of the hour. George Barrow belongs to one of the most prominent families in the state. His father, Judge

J. C. Barrow, is among the oldest and wealthiest members of the Little Rock bar, and his brother, John Barrow, is a member of the Arkansas legislature and prominent attorney at law. The prisoner himself is a lawyer, having been admitted to the bar in Little Rock four or five years ago. He is about 29

years of age and well educated. He has been in many boyish scrapes and once or twice in serious difficulties. About four years ago he returned after a long absence and began the practice of law. He sought admission to membership in a local athletic and social club, but was blackballed. A few days later an attempt was made to blow the club house up with dynamite and Barrow was arrested charged with the crime. He was acquitted and went to New York, where he secured a salaried position with Tammany Hall. His movements since then are not known.

Mrs. Wilson's Past. NEWBURG, N. Y., June 3.-Mrs. Wilson in whose custody the Clark baby was found is a daughter of Mrs. Irving McNally who lives here with her daughter, Grace. Both are factory operatives. Mrs. McNally read of her daughter's arrest and was prostrated with grief. Mrs. Wilson was born here but at the age of 3 went to live with her grandfather, J. J. McNally, Mrs. McNally at Goshen received a letter from Mrs. Wilson on Thursday postmarked Garnersville, which read as follows: "I have been arrested in connection with the baby Clark case. Can explain all. Don't worry."

KIDNAPER'S TRIALS.

In Effort Being Made to Bring the Ac-

cused Parties to Trial at Once. NEW YORK, June 5 .- The police are busy making preparations for the prosecution of the three prisoners now under arrest on the charge of having kidnaped Baby Marion Clark. Captain McClusky will lay the matter before the June gand jury and will ask that indictments be found against G. Beauregard Barrow, and his wife, at present confined in Jail in New York city, and against Bella Anderson, alias Carrie Jones, the nurse girl who stole the baby from Central Park and who has been confined to the jail in Eliza-

Preliminary Trial.

NYACK, N. Y., June 6.-Arrangenents have been completed at the North jail for the transfer of the prisoners, Barrow and wife, the kidnapers of Marion Clark, to Garnerville, for examination. A strong guard has been secured to accompany the prisoners, as it is believed there may be some

It is believed that the examination will result in holding the prisoners and the Rockland authorities say they will try them in this county. The sentiment of the taxpayers and hundreds of others in the county grows stronger against keeping them and it is possible that an emphatic expression of that sentiment may result in changing the course of the officials,

GOING *AFTER DREYFUS.

The French Cruiser Sfax Salis From Fort de France For Devil's Island, FORT DE FRANCE, Island of Martinique, June 6.-The Sfax has left here to take Dreyfus on board. She sailed quite unexpectedly. It was not until 4 o'clock in the afternoon that commander was notified to sail and the cruiser left as soon as she could get un steam and take on board the neces-

sary provisions. The authorities of Cayenne forsaw four days ago that the Sfax would leave Fort de France on her present mission and at 2 o'clock in the afternoon the dispatch boat Geeland, stationed in the waters of French Guinan left Cayenne, the capital, for Devil's island, having on board the superintendent of the penitentiary and the commander of the marine artillery. These officials are delegated by the French government to officially notify

Dreyfus of the revision of his trial, Dreyfus has atrendy received from his wife a cable message announcing the decision of the caurt of cassation. Dreyfus, however, will be under charges after being officially notified of the court's action in his case, out he will be able to resume wearing the military uniform of his rank, in wider war.

Paty De Clam Arrested.

PARIS, June 2.-Lieutenant Colone Du Paty de Clam, seriously implicated by the recent proceedings before the court of cassation as the probable in stigator of some of the forgeries that have figured in the Dreyfus affair, was placed under arrest and taken to the

Cherche Midi military prison. The officer sent to arrest him visited his house thrice before he found him and declined to give any information as to why the arrest was made.

The Libre Parole, anti-Dreyfusite publishes a letter from Du Paty de Clam to the minister of war, M. Krantz, protesting against "the attacks of which I am the victim," and claiming the right to be permitted to prosecute his caluminators or as an alternative, asking "the favor of a trial by some

WASHINGTON, June 6.- While the department of state has acceded to the request of the British government for permission to publish in Canada and England the part of the protocols of the joint high commission, which related to the proposed arbitration of the Canadian boundary question, it has done so, it is stated, at not because the proocols are regarded as conveying an ac curate understanding of the present state of the negotiations, but as a matter of diplomatic courtesy. These protocols are of no contemporaneous in terest, it is said, relating, as they do to a phase that has been so modified by subsequent negotiations, as to be now of no importance.

RENEWED THE FIGHT.

Aggressive Movement Begun In the Philippines.

Some Pretty Severe Fighting Has Taken Place In Which the Rebels Were Completely Routed - The Entire Morang Peninsula to Be Cleared of the Rebels as Soon as Possible.

MANILA, June 6.-Another aggressive movement has begun in the Phillppines, and our troops are sweeping the entire peninsula of Morong before the rainy season sets in, compelling a cessation of hostilities for three or four months. Two battallons of the Washington troops under command of Colonel Whalley embarked on cascoes and with the "tin-clad" army gunboats Napidan and Covadonga, ascended the Pasig river to Morong. The rebels, who were entrenched in the outskirts of the town reserved their fire until the troops were ashore and in the open. The American artillery opened fire on the insurgents and drove them from their positions, killing nine of them and wounding five. The Washington troops then took the town, the rebels fleeing to the hills.

While the Americans were on their way to Morong, the insurgents opened fire from a shore battery at Ancona their first shot striking the Covadonga's awning aft at a range of 3,500 yards. The Napidan also was fired at. While this was going on Genera Hall's column moved upon the Morong peninsula, and completed a circuit of 20 miles, over rough and mountainous country, having two engagements with the insurgents, one of them severe and keeping up an almost constant fire against scattered bands of rebels for nearly 24 hours. General Tall's objective point was Antipolo, 10 miles off, and there was desultory firing al along the line of march, but just before the town was reached the rebels were encountered, strongly entrenched. Here a fierce battle was fought, but the rebels were finally driven from their entrenchments and retreated into the town. When our troops reached the place our lines were immediately thrown around on three sides of the town, and then the final advance was made. But it was found unneccessary to fire a shot. Not a rebel was visible and the town was entirely abandoned

Doings of the State Convention Held at Columbus. COLUMBUS, June 3 .- The Republican state convention nominated Judge George K. Nash, the favorite of Senator Hanna, for governor and ex-Congressman John A. Caldwell, the fagenerally called the Hanna-Cox combination controlled a large majority of the \$13 delegates, but it did not exercise its power beyond the nominations of Nash and Caldwell. The conference, at which Senator Hanna, Mr Cox and others reached a mutually satisfactory understanding, did not conclude until 9 a. m., an hour before the convention assembled. It was all

over then with Mr. Daugherty and other candidates. Guilbert and Hoffman were nominated for second terms without opposition. When some of the delegates raised the cry of "slate" George B. Cox himself was the first to break the slate by changing the 86 votes of Hamilton county which he had cast on the first and second ballots for Judge Hull for attorney general, to James M. Sheets Judge Hull had been generally considered as a sure winner, as he had been slated. In this case the anti-trust as well as the anti-slate element cut quite a figure. Judge Hull had been a candi date for governor and when he withdrew after the first ballot it was generally known among the delegates what his withdrawal meant and especially when his support went to Nash on the second ballot. In addition to the attempt then of the field combine against "the slate," there was opposition to the plan of anyone being a candidate for two places on the ticket and Judge Hull was again defeated after a very hard fight, which occupied more time than

any other business in the six hours that the convention was in session. Isaac B. Cameron, the successful contestant for treasurer of state was generally credited with being on slate" and he secured the Hanna-Cox

Hessian Fly Destroying the Wheat. GENEVA, N. Y., June 2.-Already about one-tenth of the wheat crop in this section has been destroyed by the work of the Hessian fly, one of the worst wheat destroying insects known. It is thought that within a week's time a much larger part of the wheat in this section will be entirely laid to waste.

In Mexico, when a man is condemned to death, he is executed by being shot by a file of soldiers, and the body is left where it falls, to be taken away by the man's friends, if he has any. Not long ago a worthless fellow was thus executed and left in the open country

outside a small village. But after the officer in charge had in spected him, pronounced him dead, and the soldiers had left the man got up, walked to the City of Mexico, 30 miles distant, and entered a hospital.

He had a wound in his shoulder and two more on his skull, but soon recovered. The authorities now wanted to shoot him again, but the governor of the prov ince decided that the man was legally dead, the lieutenant baving said so, and the Mexican was released Bad Shape Finuncially.

BLOW AT THUSTS. Report of the United States Immigran

PITTSBURG, June 1.-R. D. Lay-

ton, United States immigrant inspector has finished his report to T. V. Pow derly, United States immigrant com missioner. This is the first report of its kind that has so far been made to fhe commissioner, and it has many interesting bits of information. Inspector Layton has paid much attention to ia ber and its conditions. During the past month he has given the Pittsburg indutrial field special attention, both as regards skilled and unskilled labor. While there is no lack of labor, his re-

port shows a want in both conditions. One startling announcement is prom inently brought to the front. The inspector claims that agents, bookkeepers and high-salaried men general ly are plentiful, but few of these can find employment on account of the formation of trusts, or combines, as they are called, and that there is a warm competition between superior and inferior people to get the best that is going. During the past month the inspector in terviewed two persons in the employ of concerns whose plants have since merged into some trust or other, with the result that they were thrown out of employment. These men were receiving from \$4,000 to \$6,000 a year. At the present time they have large bills staring them in the face with little prospects of paying them. The formation of trusts, it is asserted, is the cause of all this poverty and inability to procure work. The report as a whole is a blow at the trust movement, which at the present time seems to be del-Using the country.

MINERS WILL NOT STRIKE

Amicable Settlement Expected to Be

Reaches In Clearfield. CLEARFIELD, Pa., June 2.-Eighty delegates, representing the United Mine Workers' of America, met in convention here. Measures were taken for an advance of machine mining. The Beech Creek operators were in joint conference with the miners' committee and positively refused to grant the miners' demands of an advance upon machine mining from one-half of the price of the pick mining to three-fifths for Harrison and two-thirds for Jeffrey machine. The price for pick mining has been raised from 45 to 50 cents, an advance of 5 cents.

For machine mining 25 cents is paid, but an advance to 28 and 31 cents, depending upon the style of machine used is demanded and the miners expect to settle the question at their meeting on the two-thirds and three-fifths basis for machine leading. There will be no strike.

Robbed His Benefactor. WASHINGTON, Pa., June 5 .- R. W. Haggerty was the victim of an impudent robbery by which he lost two gold watches, money and valuables of different kinds. He and his wife went out, leaving the house in charge of vorite of George B. Fatal Smallpox at Carlisle.

CARLISLE, Pa., June 6.-Smallpox has broken out among the Indian students at the government training school. Superintendent Pratt learned that several cases of varioloid are quarantined at the school hospital Thomas Marshall, an Indian, has died from the disease. The infection was carried to him in a letter received from his home in Dakota.

Six Carpenters Hurt.

GREENSBURG, Pa., June 1.-Six carpenters employed on the new extension being erected to the Kelly & Jones company's works, near here, were hurled from a platform 20 feet high and all of them were, badly injured, Contractor Thomas Wible most seriously. The others injured are Abram Slicker, John Whitesel, Jacob Wible, John Eisamen and John Steiner.

Miners' Wages Advanced.

ALTOONA, Pa., June I.-Nearly all the coal mining companies in the ond bituminous district, which includes Cambria, Bedford, Somerset, Centre, Clearfield, Jefferson, Indiana, Elk, Cameron, Clinton, Blair and Huntingdon, posted notices informing the miners that the wages for pick mining would be advanced on June 1 from 45 to 50 cents a ton.

Miners' Meeting Posponed. MONONGAHELA, Pa., June 1.-The miners' mass meeting which was an nounced to be held here was practically a failure, less than a hundred men being present. There were some heated arguments between President Dolan and some of the miners, and it was finally decided to postpone the meet-

ing until Saturday, June 3. Miners Accomplish Nothing.

CLEARFIELD, Pa., June. 6.-Another miners' meeting has accomplished nothing except agreeing to pay pick miners 50 cents per ton for loading, while machine men get 25 cents. The bulk of the trouble seems to come from agitators and locating the fight between the pick and machine miners.
