FIREWORKS DESTROYED.

Thirty-Six Buildings Completely Wiped

Out by an Explosion NEW YORK, June 9.-Thirty-six buildings, comprising almost the entire plant of the Nordlinger-Chariton Fireworks company at Graniteville, Richmond borough, were blown to bits and the entire fireworks plant practically wiped out of existence. All of the buildings were destroyed within a space of five minutes and although the fires which followed lasted for several hours the wreck was complete within a few minutes after the first detonation.

No lives were lost and but three persons were injured, only two of them seriously. CHAMPIONSHIP FIGHT.

Jim Jeffries Knocks Out Bob Fitzsimmons In Eleven Rounds.

CONEY ISLAND, June 10 .- James J Jeffries, another sturdy young giant, has come out of the west to whip champion pugilists. At the arena of the Coney Island Athletic club he defeated Robert Fitzsimmons, world's champion in two classes-middleweight and heavyweight-in 11 rounds of whirlwind fighting. He came to the ring a rank outsider and left it the acknowledged master of the man he defeated He was never at any time in serious danger, and after the size-up in the early rounds of the contest took the lead and was never headed. He had the Australian whipped from the ninth round and would have ended it in the

tenth but for the lack of time. It was acknowledged that Jeffries would have an immense advantage in weight, and age, but the thousands who tipped and backed his opponent to win were sure that he was slow and that he would in that respect be absolutely at the mercy of the pastmaster at the science of fighting that he was to meet. He proved on the contrary that he was just as fast as the man he met and beat him down to unconscious defeat in a fair fight. He is a veritable giant in stature and marvellously speedy for his immense size.

FRYING TO SAVE BRIBERS. The Grand Jury May Not Indiet All The Men Accused.

HARRISBURG, June 13 .- The friends of the alleged legislative bribers still profess to believe that the grand jury will ignore the bills of indictments against the accused. The cases against Representatives Engler and Johnson, whom the defense accuses of perjury, will be laid before the grand jury next Thursday afternoon, along with those against Costello and the other alleged bribers. to Suppress All Disorders. PARIS, June 12 .- President Loubet has had his revenge for last Sunday's outrage at Auteuil. When he drove to Longehamps to attend the Grand Prix he was the hero of a great popular demonstration, expressing itself in one form or another along the whole route from the Elysee palace to the racecourse.

He remained only a quarter of an hour, just long enough to witness the race, and having congratulated the owner of the winner returned to the palace, where he arrived at 4 o'clock without special incident.

Longchamps resembled a military camp. Battalions of infantry, squadrons of dragoons and Republican Guards were distributed all around the course. It is estimated that there were

15,000 soldiers and police under arms. M. Loubet practically drove through a double hedge of steel. A line of infantry even stood around the race course between the public and the course, on which no one was allowed to walk between the races, while several republican guards patrolled the course
