General Wood Interviewed on His Return Home.

He Says That Everything is Quiet and Peace Prevails-The Cubans Are Being Paid as Rapidly as Possible and Are Glad to Get the Money-Inhabitants Generally Are Satisfied.

BOSTON, June 20 .- The Boston Fruit ompany's steamer Admiral Dewey. which arrived here brought among her passengers Major Genera Leonard Wood, military governor of Santiago de Cuba, Mrs. Wood and their two chil-Lieutenant Commander Staunton of

the North Atlantic squadron flagship New York was walting at the dock and General Wood was escorted to a steam launch and conveyed to the New York, where he had a conference with Admiral Sampson, Later General Wood talked about Cuban affairs. He said: "Everything is quiet in Santiago province. Every man who is entitled to

receive the United States bounty is being paid; and he is very glad to get it. Of course there are a few agitators, men who want to control, whose ambitions have not been gratified, but they do not amount to anything. "The conditions of the island is im-

proving daily. The houses are being rebuilt and a large number of the people are at work in the fields. "Prior to my departure I made a visit

to every town of any size in the province and did not receive one application for assistance. The inhabitants are anxious to have their schools rebuilt and they seem anxious that the younger element should go to school." General Wood said that there was no

feeling in Cuba about the disposal of "We have to come to this country to

learn about that," he added. General Wood left for New York and Washington. He expects to return here in time for the Harvard commencement when, it is understood, he will receive a degree from the university. He expects to go back to Cuba about Juy 1.

ANDRADE NOT POPULAR. Still He May Be Selected a Judge In a

Libel Action. HAVANA, June 19.-The libel action which Governor General Brooke has ordered begun against El Reconcentrado is exciting general interest, for it is regarded as a test case under

the recent decree. The posibility that General Freyre Andrade, president of the late military assembly may be named as one of the judges of appeal, has caused considerable agitation among the Cubans who regard his as decidedly erratic. At the time of the Garcia funhis attitude toward General Brooke whom he charged with endeavoring by every possible means to provoke the Cubans, aroused considerable

animosity among the latter. More than this, at all the meetings of the assembly he bitterly denounced the Americans and at all subsequent gatherings of Cubans where he has put in an appearance he has followed the

same course. His selection for a judgship would be disapproved by many not only for such considerations as the foregoing but because he is not old enough or sufficiently experienced to fill the po-

HAVANA, June 20 .- General George M. Randall has returned from paying the Cuban soldiers. He says he paid almost 2,800 men. The majority delivered up their arms, which were turned over to the civil authorities. A few men were arrested for issuing bo gus certificates of discharge and were turned over to the Alcaldes.

NEW YORK, June 20 .- George Beauregard Barrow, the man who planned the kidnaping of Marion Clark, was convicted in the criminal branch of the supreme court and sentenced to 14 years and 10 months at hard labor in Sing Sing prison. He was taken to Sing Sing at once and put to work at the stone works where he will be taught to cut stone. If Barrow's conduct in prison is good his sentence will expire

Bella Anderson, who posed as a nurs girl under the name of Carrie Jones for the purpose of aiding Barrow in the kidnaping plot and who had pleaded guilty, was let off with a sentence of four years because she had turned state's evidence and convinced the court that she was a tool in Barrow's hands. The third member in the band of kidnapers, Mrs. Adie Barrow, is still in the Tombs prison and will be brought into the criminal branch of the suprem

court for trial. Carry Jones will be kept here until after the trial of Mrs. Barrow. Both will be taken to Auburn prison in the event of Mrs. Barrow's conviction.

Youthful Lover Kills Himself.

DANBURY, Conn., June 19 .- It has just been learned that Andrew M. Woodford, the 15-year-old son of Mrs. Mary Woodford, a widow on Cleveland street, who was buried Sunday afternoon, committed suicide. The lad had been working some time for a farmer in Reynoldsville, N. Y., and became in fatuated with his employer's daughter She, however, only discouraged his attentions and Friday he shot himself through the heart. He left a not stat ing why he ended his life.

M'KINLEY'S SUNDAY.

He Is Getting Rest by His Visit to Holyoke, Massachusetts.

HOLYOKE, Mass., June 19.-Sunday for the president was anything but a day of rest. With the continual crowding of the curious citizens, the immense jam at the church in the morning and later in the day an unexpected and totally unprepared reception in connection with the baccalaureate exercises at Mount Holyoke college, made it seem rather a long, tiresome day for all The president was not content with going once to church; he went twice leaving Mrs. McKinley in the hands of her friends on each occasion.

The president and his entire party were up bright and early; a large crowd congregated about the residence of Hon. William Whiting where the distinguished guests are being entertained. and by the time the party were ready church the streets were filled with people at the Second Congregational church which the Whitings attend, a much larger crowd had assembled and It was only by entering a side door that admission to the edifice was gained. The congregation rose as the presi dent entered and remained standing until he sat down. The president's pew in the body of the church was occupied, besides himself by Mr. Whiting, Mr. Allen and Courtelyou, Others in the party were Mr. and Mrs. Abner McKinley, Mr. and Mrs. George E. Morse, Mr. and Mrs. Frank Whiting, the Misses Barber, Duncan and Morse, and Dr. P. M. Rixey, the president's physi-

clan. The church service was in no way out of the ordinary, with the exception of additional music. No reference was made to the presence of the presidential party in any way and national affairs were not touched upon in the

SOUTHERN FARMERS.

They Have A most Been Buined as Result of the Trusts.

WASHINGTON, June 20 .- The industrial commission has somewhat changed its plan for the work of the sub-commissions during the summer months by revoking its order for the appointment of special commissions t investigate the elevator trust and the mining industry west of the Mississippi river and instead authorizing all the regular sub-commissions to sit during July and August.

James Barrett, vice president of the Georgia State Agricultural society, was the only witness before the commission He spoke upon the agricultural conditions in the South, saying they were worse today than they had ever beer before in the history of the country He said the cotton interest was especially depressed, prices last year amounting to a little over 4 cents a pound. At this price a man could not save himself if he paid wages amount ing to more than \$3 a month. Planters generally paid about \$6 a month for wages and at such rates they could not prevent loss if they received less than 6 cents per pound.

Mr. Barrett said that nine-tenths of the cotton grown was mortgaged before it matured. Rates of interest and commission were high and the merchants were gradually coming into

AN ATTACK ON MANILA.

Such a Plan Was All Mapped Out By Aguinaldo.

He Was Thwarted in His First Movement and Will Hardly Be Put in Force Now. General Otis Expects Some Pretty Severe Fighting in the Near Future.

WASHINGTON, June 19.-Reports received at the war department from General Otis Indicate that considerable more fighting is to be expected in the Philippines before the insurgents will accept American terms of peace Aguinaldo is ruling his followers with an iron hand. The rebels have shown for the short walk of two blocks to the a tenacity of purpose that has been surprising, and they have persisted in fighting notwithstanding severe losses and disastrous repulses.

It is believed by war department officials that the insurgents had mapped out a plan for a simultaneous attack on Manila and on the forces under General MacArthur, near San Fernando. The advance of General Lawton's forces upon them south of Manila was evidently unexpected and he not only defeated the insurgents with great loss but broke up their projected attack. The fight reported at San Fernando is believed to have been a part of this plan of Aguinaldo to break through the American lines between San Fernando and Calumpit and advance upon Manila to aid in the attack on the city, which had been prearranged.

Now that the insurgents have been defeated at both ends of the line, it is very probable that Aguinaldo will again withdraw toward Tarlac and there arrange some other movement. Meanwhile the American forces under Generals Lawton and MacArthur are not expected to remainly idle. It is thought by officers of the army that General Otis will continue to advance on the enemy and not allow them to recover fully from their defeat of the last few days.

There is no fear that General Mac-Arthur will not be fully able to defend his position against the insurgents, as he has a whole division under his command and will not only be able to repulse any attacks but will probably send a brigade of troops to pursue the Filipinos as far north as possible.

The war department has ordered another company of regular soldiers to be equipped for service in the Philippines. It is proposed to increase the engineer corps at Manila and orders were sent to Company B, battalion of engineers. at Willets Point, to immediately prepare for transportation to San Francisco, preparatory to sailing for Manila.

ATTACK ON AMERICANS Five Thousand Rebels Attempt to Cut

Through Our Lines But Fail. MANILA, June 17 .- After cutting the railroad and telegraph at Apalit, seven miles south, for the purpose of severing connection, the rebels attacked General 4:30 in the morning. They met with an unexpectedly warm reception and were repulsed with a loss of 75 killed, 30 pris-

oners and many wounded. The rebel force, estimated to have numbered 1 300 men, advanced stealthily from the jungle north of the city and then divided with the evident purpose of surrounding the Americans The outposts of the Ohio regiment discovered the enemy and retired to their lines, where the entire division awaited in an entrenched position. The Iowa regiment and the Kansas regiment re ceived the first shock of the attack. Reserving their fire until the enemy was within 600 yards, the first volley of the Americans hit the rebels, wh returned the fire wildly, the rest of de Louden, a Russian millionaire, who their line failing to advance. Kipling Sues a Publisher UTICA, N. Y., June 17 .- Rudyard Kipling has brought suit in the United States court under the copyright law for damages and injunction against Elbert D. Hubbard of East Aurora, N. Y .. publisher of The Philistine and proprie tor of the Boycroft printing office. The complaint has just been filed here. It alleges that Mr. Hubbard has issued a book entitled "The Dipsy Chanty and other selected poems by Rudyard Kipling," containing ballads and selections from the author's work, "The Last Last Chantey" and other works without his knowledge or consent.

WATERTOWN, N. Y., June 16 .- Watertown is excited over the discovery of natural gas in the town of Pemelia. adjoining this city and just outside the city limits. The well is on the property of Michael Virkler of Croghan, Lewis county. He owns several building lots in the town and on one of these a dwelling was in course of construc tion. Workmen were engaged in drill. ing for water when they struck a pocket of natural gas which is now burning, the flame being 10 feet high al ready and very strong.

HALIFAX, N. S., June 19 .- A dispatch from Glace bay says dense volumes of smoke are pouring from the Caledonia pit and the fire is burning as fiercely as ever, notwithstanding tons of water being poured into the mine. Men attempted to enter the pit but only ; down 40 feet and were compelled to retreat.

SAMPSON OR SCHLEY

The Whole Controversy May Be Opens Up Again.

WASHINGTON, June 20 .- While the investigation that the navy department is about to make is ostensibly to take cognizance of the controversy between Lientenant Commander Hodgson and Lieutenant Commander Hellner relative to the alleged colloquy between Rear Admiral Schley and Hodgson during the battle of Santiago, it is expected that the whole Sampson-Schley dispute will be reopened. Rear Admiral Schley may be forced to demand a court of inquiry to terminate the fight so persistently kept up against him.

Up to this time only Hodgson and Heilner have been order to Washington. Communications have not yet been addressed to other members of the navigation, board that recently determined the relative positions of the different vessels engaged in the fight off Santiago. It is understood that they will be summoned to Washington. Schley has been content to let the

matter drop, but the department has persisted in placing Sampson to the fore as the real hero of Santiago. If this is continued Schley must, in defense, call for a court of inquiry. Sampson's charge that his conduct was "reprehensible" would doubtless be the basis of such an investigation. The inquiry about to be made by the

department will be secret and Schley will have no opportunity to defend himself. Before a court of inquiry he would have all the rights of defense.

BUILDING A NEW TOWN. Foundation For a Pottery Plant Causing a Building Boom.

ALLIANCE, O., June 29.-Just east of here a new pottery town called Sebring is being constructed. Foundations have been laid for the large pottery plant of the Sebring Brothers, and ground has been broken for a flint mill. The ground about the railroad tracks is hidden by large piles of building material. The railroad people have completed two long platforms and Sebring is now a stopping place for pas-

The only buildings actually completed are the large boarding house and the office of the pottery company. Work on a hotel is being hurried. The Jamison Lumber company, a newly incorporated concern, is on the ground with extensive yards. A weekly paper has made its appearance and in the absence of an office is being printed temporarily at Beloit, a village one mile distant.

Oppel is about 60 years of age, a prominent Republican leader and has been postmaster of Oppelsville, Juniata county, for nearly 20 years. He is the owner of about 20,000 acres of land on Black Log and Shade mountains and is estimated to be worth nearly \$200,000 At one time he was famous throughout the baseball world as the first and only man in America who had the secret of tanning horse hides for baseball covers

MILLIONAIRE IN PRISON.

Russian Nobleman Was Arrested in Mexico and Will Sue That Government, CHICAGO, June 20 .- A special to The Record from Austin, Tex., says: Baron has been sailing the Gulf of Mexico in his private yacht, has just been released from a term of imprisonment in jail at the port of Tuxpan, Mex. The charge against him was violating the quarantine laws of the port. In addition

to imprisonment, he was fined \$500. The baron got the news of his pre dicament to the Russian minister in the City of Mexico, and the case was laid before President Diaz, who immediately ordered the baron's release. The baron says he will bring suit against the Mexican government for \$100,000 dam-

PITTSBURG, Kan., June 20. - The striking union coal miners have temporarily stopped the importation of Southern negroes by the mine owners. The hearing of the injunction cases to prevent the importation of miners from other states has been postponed until June 26. The miners claim that the negroes are criminals and affected with contagious diseases and that their coming would be a menace to the health of the community and to good order.

Narrow Escape From Drowning. TARENTUM, Pa., June 20.-Sixteen passengers aboard car No. 6 of the Tarentum Traction railway had a narrow escape from drowning. The car left Natrona and while rounding a sharp curve on a 30-foot embankment left the track and made a plunge down

the hill. It would have gone into the river but for a tree standing about five feet from the water's edge which stopped its descent. The car turned half way over. No one was hurt.

RICHMOND, Va., June 20.-Captain A. L. Minter, member of the house of delegates of Virginia, has been fined \$25 and sent to jail for 15 days for disturbing a religious meeting. Evangelist D. B.
