AT LEAST 50,000 IDLE.

Gigantic Strike Will Take Place Friday Night.

The Tin Plate Workers Will Quit Work Because Their Demands For Increased Pay Have Been Refused—All Negotiations Are Off For the Present—Strike Unavoidable.

PITTSBURG, June 27.—All the tin plate works in the country will probably be closed at midnight on Friday as a result of the failure to settle the wage scale at the conference in Chicago. Fully 50,000 persons will be made idle by the shut down.

The conference, which opened in Chicago on Tuesday morning, closed Saturday evening without arriving at an agreement. The workers wage committee, acting under instructions received from the annual convention held in Detroit last month, made a demand for an advance of 20 per cent. The present wage scale expires on June 30, and members of the Amalgamated association are not permitted to work after that date unless the new scale is signed.

About 25,000 skilled workers are members of the association and as many are dependent upon them and will be idle while the skilled men are unemployed. Nearly 75 per cent of the tin plate workers of the country are employed in Western Pennsylvania mills. The scale of the tin plate men, or unskilled laborers, was arranged several weeks ago and provides for a big advance to some of the works and averages nearly 20 per cent. All the tin plate mills of the country are union mills with but four exceptions. Some of them may continue in operation, but it is not likely that they will.

Secretary Williams of the Amalgamated association stated that all negotiations are off for the present and that the matter will have to be referred back to the subordinate lodges. Mr. Williams said that the manufacturers offered them an advance, but it was not as much as they wanted, and as the committee had no authority to do anything except what the convention decided on in Detroit a month ago, the conference was brought to an end. It would be impossible, he said, to refer the matter back to the subordinate lodges this week, much less arrange for another conference. He would not express an opinion as to the probable action of the lodges, but it seems to be the general impression that there will be no modification of the original demands.

BOAT RACING RESULTS.

Two of the Great Contests at Poughkeepsie Place. POUGHKEEPSIE, N. Y., June 27.—The four-oared race over the two-mile course was won by Pennsylvania. Time, 11 minutes, 12 seconds; Cornell was second; time, 11 minutes, 14 5/8 seconds.

The freshmen eight-oared race between Pennsylvania, Columbia and Cornell over the two-mile course was won by Cornell. Time 9 minutes, 55 seconds; Columbia was second, one and one-quarter lengths behind Cornell. Time, 10 minutes; Pennsylvania, third, three and one-quarter lengths behind Columbia. Time, 10:10.

A great crowd of people witnessed the races and the coaches of the various crews held various places of vantage. Courtney saw his freshmen crew win from the heights of a bluff, while McConnell was on the observation train. Dr. Peet followed his crew in a launch, while Ellis Ward on the Franklin was jubilant over the success of his four, although somewhat downcast at the defeat of the Quaker eight. After the race, Coach McConnell of the Wisconsin said that if the work of the youngsters was any criterion by which to judge the varsities he had no fear of either Columbia or Pennsylvania in the next contest.

Dr. Peet was disappointed that his boys had not won, but expressed considerable satisfaction over the manner in which they fought the last part of the fight. Coach Ward said he had not expected much from his youngsters, but placed all his hopes on his varsity. There is one fact which is in his favor. The freshmen race was an inspiring one. The boys crowded about Courtney, cheering frantically. They gave him all the credit for the great victory.

GOVERNOR PINGREE'S VIEWS.

Secretary Alger Has Misquoted Him as Being in Favor of McKinley. DETROIT, Mich., June 27.—Governor Pingree made a statement brought out by Washington dispatches which quoted Secretary Alger as saying that Governor Pingree is "for President McKinley first, last and all the time." The governor said:

"If General Alger said that, it is his opinion from his point of view. The question whether I am for McKinley lies with the president, not with me. If General Alger knows that President McKinley is opposed to territorial expansion and is not an advocate of the murders and the destruction being visited upon the innocent Philippines, he has a right to say that I am for McKinley."

"General Alger is informed that McKinley is opposed to trusts and to legislation which fosters, creates and encourages them, and is in favor of legislation to restrain and suppress them, then I am closer to the opinion of McKinley than has generally been believed. If General Alger is assured that President McKinley is not in touch and sympathy with the disreputable political methods of Mark Hanna and his friends and deprecates such leadership, then I am for McKinley."

"The question of whether I favor McKinley is of no consequence in this senatorial matter, but I am for McKinley in everything he does which I consider right, and against everything he does which I consider wrong."

Little Daughter to the Rear. ST. PETERSBURG, June 27.—The starina gave birth to a daughter here. She was named Maria.

HENRY B. PLANT DEAD.

Great System of Hotels, Railroads and Steamship Lines Bear His Name. NEW YORK, June 24.—Henry Bradley Plant, president of the Plant Investment company, controlling the great system of hotels and railroads on the west coast of Florida, and the line of steamers from Tampa to Havana, died suddenly at his residence in this city.

Mr. Plant, who was in his 80th year, had not been in the best of health for several years, but except during brief intervals of illness was actively engaged in the directions of his vast enterprises up to within a few hours of his death.

HENRY B. PLANT.

On Thursday evening when he arrived home at the usual time, Mr. Plant complained of suffering from internal pain, from disorder which he had long been suffering. His condition was somewhat worse during the night, but no alarming symptoms manifested themselves until a few minutes after noon Friday, when it became apparent that he was sinking. He soon lapsed into unconsciousness, heart failure developed and he passed quietly away.

CHAMBERS SUSTAINED.

The Soman Commission Uphold the Chief Justice in His Act.

WASHINGTON, June 23.—As far as the state of affairs in Samoa and the program for the future proposed by the commission are disclosed in Mr. Tripp's brief cablegram, they are satisfactory to the state department. In the view of the state department officials most of this program is not final, but is subject to the approval of the three governments to the treaty of Berlin. This is true of the projected abolition of the kingship, an office specially provided for in the treaty.

The fact that the commission has unanimously sustained the decision of the chief justice in disqualifying Mataafa and seating Mafetao Tanus on the throne is particularly gratifying to the authorities here. Admiral Kautz's first action upon arriving at Apia was to decide that Chief Justice Chambers must be maintained. The commissioner having found that Mr. Chambers' decision was right, it follows that the admiral's action also was correct, and as the talk of preference of claims against the United States for damages resulting from his action will come to nothing.

MURDER OF A GIRL.

Kansas Farmers Searching the Country For Her Sister.

WICHITA, Kan., June 27.—Fifty farmers are searching the country around Anthony for the alleged murderer of Edna Kramstad, the 10-year-old daughter of a prominent farmer living near the Pyle schoolhouse. The girl was found dead in a dry well 29 feet deep with her body mutilated. Coroner Rowell impaneled a jury and from evidence secured it was shown by bruises on the child's body, grass and weeds in her hair and finger nail marks at her throat, that her death was from external violence and attempted assault.

John Jones, a son of a mechanic at Anthony, was last seen with her and many suspect him of the crime. He has disappeared and if the farmers find him he will have to explain rapidly to save himself from lynching. There is one fact which is in his favor. The girl was left alone in the house Friday night and the deed may have been committed by a tramp. Jones was seen at the house about dusk and no one remembers to have seen him since. Officers have made futile efforts to disperse the vengeful farmers, who vow they will lynch Jones on sight.

HONORS SHOWN DWIGHT.

The Retiring President of Yale Preaches His Last Baccalaureate Sermon.

NEW HAVEN, Conn., June 26.—President Timothy Dwight, the venerable retiring president of the Yale university, preached his last baccalaureate sermon before the graduating class of academic and scientific departments. The service was rendered all the more interesting as the occasion was also the 50th anniversary of President Dwight's own graduation. Many of his old classmates were in the chapel.

A remarkable tribute of respect and affection for the venerable president was witnessed when, immediately after the benediction was pronounced, the entire body of students turned instinctively toward the central aisle, through which the president passes out of the church and acknowledged his farewell with silent bowing. President Dwight was noticeably affected.

Boy's Peculiar Manner of Suiciding.

PHILADELPHIA, June 23.—George Van Robe, aged 15 years, committed suicide in a remarkable manner. He visited a friend's house and going to the cellar arranged a rope across a beam. One end of this he fastened to his right foot and the other he tied around his neck. Then placing a flour bag over his head he strangled himself to death. It is said the boy was a great reader of cheap sensational literature.

Protest Against the Spanish Budget.

MADRID, June 27.—In compliance with the request of the Spanish chamber of commerce all the stores were closed while the committee of the chamber of commerce presented to the government a protest against the new budget. There was much excitement but no disturbance.

SOCIETY OF VETERANS.

A New Political Organization in Cuba.

It Will Name Delegates to a Provisional Convention With Instructions as to How to Vote in Electing Representatives to Sit in a General Convention—Other News From Havana.

HAVANA, June 26.—The Society of Veterans of Independence, organized by the leaders of the former military assembly, continues growing and enlisting all who are willing to work unitedly. It is composed of three classes: Members of the army, civilians who acted as agents in the Cuban cities during the war and those who were deported by the Spaniards. Headquarters will be here and in Santiago and central committees will be established in the capitals of the various provinces. A prominent Havana club was the scene of a disturbance between two very well known Cubans and several American officers all of whom had been drinking. The Cubans began cursing the American administration. President McKinley, the United States troops and their officers. Finally, one of the Americans, thoroughly out of patience, struck a Cuban in the face. The latter demanded a duel, but the officer laughed at him. The Cuban in a perfect fury, called for a gun and said he would shoot his assailant anyway. At this juncture, a party of Americans and Cubans interfered and sent the disturbers about their business. An hour later some Cubans returned and began demanding satisfaction, but the Americans had left the club. The Cubans involved are prominent in local society, but have no political influence whatever. They are chronic disturbers of order.

Brigadier General Randall has paid up to date, in the province of Havana and Pinar del Rio and in the western half of Matanzas province, 3,250 Cuban troops. This raises the full number, exclusive of the provinces of Puer to Principe and Santiago, to about 4,500. If the same ratio is maintained in the two latter provinces, as the original lists stand, the force will reach a total of 12,000. The additional pay rolls will probably add 10,000 names, 50 per cent of which are likely to receive payment. The present rolls contain 39,000 men, not counting the supplemental lists or the officers paid. It is believed that not one per cent will refuse to come forward for payment. American army officers consider that the figures shown in the payments reflect the most reliable estimate of the size of the insurgent army which included a large number of unarmed camp followers.

The Havana customs receipts from Jan. 1 to June 25 inclusive, amounted to \$4,938,015.43.

COLUMBIA IS FAST.

The New Cup Descender Gives Promise of Holding the Trophy.

NEWPORT, R. I., June 26.—The first trial trip of the new American cup defender Columbia, which took place in Narragansett Bay, turned out to be most successful, either her builders or her owners had reason to hope. Not only did the new boat show herself to be able in every particular, but she met the old racer Defender in a friendly brush of a mile to windward and vanquished her with the greatest ease. The race between the flyers, which was run in five minutes, was called in an eight-knot breeze under the same conditions each boat carrying three murel sails with sheet well flattened. It took the Columbia about three minutes, sailing from the Defender's weather quarter, to blanket her and in five minutes she was 100 yards ahead, going swiftly past the old cup defender. Under these conditions, it would seem as if the Columbia was 15 to 20 seconds a mile faster than the Defender, and if she can make the same gain in a hard blow, anxiety as to the safety of the America's cup will be considerably allayed.

Columbia Accepted.

BRIISTOL, R. I., June 27.—After a conference among the owners of the new cup defender Columbia, Mr. C. Oliver Iselin, the managing owner, notified the Harroffoff company that the yacht would be accepted without further builder's trial. The owners expressed themselves more than satisfied with the performance of the yacht. The formal transfer was then made to Mr. Iselin as managing owner of the Morgan-Iselin syndicate.

Had His Hands Full.

OIL CITY, Pa., June 23.—Mayor Reed formerly major of the Sixteenth regiment, P. V. I., is having his hands full in forcing a strict observance of the Sunday closing law in Oil City. He threatens to arrest all persons singing in the churches for money, and much feeling is expressed, the closing and anti-closing sides each having many supporters.

Tanners on a Strike.

BRADFORD, Pa., June 24.—The employees of the Elk Fanning company, at Hanna, Pa., about six miles from here, struck for an advance of 20 per cent. The company at a meeting agreed to a 10 per cent advance, and some of the strikers returned to work, but the majority are holding out for their original demands.

Big Sale of Coal Land.

MOUNT PLEASANT, Pa., June 23.—Over 1,200 acres of Southern Fayette coal lands were sold here to J. V. Thompson, the well known Uniontown banker, who represents a number of other capitalists there who are said to be in the deal. The consideration was \$125,000.

Pieces of Window Glass Advanced.

PITTSBURG, June 24.—The window glass embers, known as the American Glass company, has again advanced the prices of window glass. The increase ranges from 5 to 10 per cent and takes effect immediately.

Terra Cotta Works Iurned.

PHILADELPHIA, June 26.—The Terra Cotta works of William Gallo-way here were entirely destroyed by fire. Loss, \$100,000; insurance \$75,000.

SERIOUS SHOOTING SCRAPE

One Man Fatally Wounded and Several Others Not Shot.

IRWIN, Pa., June 23.—As the boarding of a shooting scrape in a big round house for colored railroad laborers, one man was fatally shot and another was shot in the shoulder, and two men were cut with a razor and a sharp boulder. About a dozen fellows were gathered in John Mosby's boarding shanty, shooting craps and drinking. While the orgie was at its height Minnie Seward, white, came to the place. She was followed by Henry Hicks and Martin Coxe. The latter asked the woman to go home with him, and she refused. He thereupon struck her and a general fight ensued.

Mosby picked up a big stone and felled Coxe to the floor. The latter drew his revolver and sent a bullet crashing through Mosby's shoulder. Several shots were fired, one of them going through Coxe's abdomen. When the officers arrived Coxe was writing on the floor and the place was deserted. He was taken to the Westmoreland hospital, in Greensburg, where he died.

The officers later arrested Henry Hicks, John Mosby, Minnie Seward and five others who were present during the fight.

Should Have Steady Employment.

PHILADELPHIA, June 23.—The 8,000 seamstresses whose means of earning a livelihood has been the making of soldiers' clothing at the United States arsenal here decided to make a direct appeal to President McKinley against giving the work to contractors. This action is the result of advertisements which appeared in New York, Washington and Harrisburg papers, asking for bids on soldiers' clothes. The bids were recently opened at the arsenal, but no awards have yet been made.

The seamstresses are mostly the wives, widows and daughters of soldiers. They will ask that they be given steady employment, and that no contracts on the present bids be awarded. They will also request a return to the old system of giving work to individuals instead of contractors who have the work done in sweatshops and that congress pass a bill giving the work to women exclusively.

United States Senator Penrose says he will accompany the committee to Washington and intercede on behalf of the women.

Pennsylvania Will Be There.

PHILADELPHIA, June 24.—It is the intention of the University of Pennsylvania to enter a team next year in the Olympian games at the World's fair in Paris, and also in the English championships. The announcement was made by H. Lawson Greiling, president of the Athletic association. He said a comparison of the records made at the English championship last year indicated the possibility of Pennsylvania winning many firsts.

Murderer Arrested.

HARRISBURG, Pa., June 24.—James Jreen of Washington State, who is wanted at Seattle for murder and in Walla Walla for luring a farmer out of \$5,000, was arrested here. The murderer was that of a cabman, who was asked to dispose of one of Green's victims. The cabman demanded a share of the plunder and Green shot him. He turned up in Walla Walla some months ago and lured a farmer out of \$5,000.

Another Wage Advance.

MAUCH CHUNK, Pa., June 23.—Two hundred furnacemen and laborers employed at the Carbon Iron and Steel company's plant at Parryville have been notified that, beginning July 1, their wages will be increased 10 cents per day. This is the second advance in wages since the plant resumed operations 10 weeks ago. The total advance average 15 per cent.

Miners Slightly Burned.

WILKES-BARRE, June 24.—A heavy explosion of gas occurred in one of the lower hills of the Maxwell colliery of the Lehigh and Wilkes-Barre Coal company. Three hundred men were at work in the mine at the time and the first report was that a great many had been killed. Fortunately, however, all succeeded in making their escape, except three who were slightly burned.

Charged With Arson.

PITTSBURG, June 23.—Samuel D. Banye and his wife, Sarah E., of Harroville, are in jail on a charge of arson, preferred before Alderman George Wolf of Allegheny, by John Robb, also of Harroville. Robb alleges that Banye and his wife set fire to their house in Harroville for the purpose of getting the insurance on the property.

Had His Hands Full.

OIL CITY, Pa., June 23.—Mayor Reed formerly major of the Sixteenth regiment, P. V. I., is having his hands full in forcing a strict observance of the Sunday closing law in Oil City. He threatens to arrest all persons singing in the churches for money, and much feeling is expressed, the closing and anti-closing sides each having many supporters.

Terra Cotta Works Iurned.

PHILADELPHIA, June 26.—The Terra Cotta works of William Gallo-way here were entirely destroyed by fire. Loss, \$100,000; insurance \$75,000.

POINTED PARAGRAPHS.

Summary of the Week's News of the World.

Crain and News Cullied From Long Dispatches and Put in Proper Shape For the Hurdled Reader, Who Is Too Busy to Read the Longer Reports, and Desires to Keep Posted on Events.

A passenger train was held up near Shady, I. T., by three masked men, who robbed the express and mail cars of considerable booty and made their escape. The navy department has decided not to relieve Admiral Sampson from the command of the North Atlantic squadron until he has completed the usual tour of service.

Governor General Davis has established a United States provisional court for Porto Rico. Dr. Thomas Osmond Summers, the noted yellow fever expert, shot and killed himself in St. Louis because he considered that the government had not properly appreciated his services during the last war.

Returning Klondikers relate terrible experiences during their travels in the far Northwest. Tom Black, a negro, 101 years old, a pioneer miner of Tennessee, was killed by a cave-in at Coal Creek. The building trades at Scranton, Pa., are completely tied up by a strike of the carpenters, plasterers and tinsners about 3,000 men are on a strike and 2,000 more are made idle on account of it.

The street car system of Akron, O., is completely tied up on account of a strike. Smith college at Northampton, Mass., conferred the honorary degree of LL. D. upon President McKinley. John Raines and Madison Pratt, aged 19 years, living near Pulaska, Va., fought with revolvers and both are dead.

Fifteen miners were drowned in a flooded mine in Ayrshire, Scotland. The annual convention of the New York State Editors' association was held at Niagara Falls. About 200 members attended. Another tunnel is projected under the East river, the New York and Long Island Railway company having just been incorporated.

The United States training ship Chesapeake was successfully launched at Bath, Me. Friends of Congressman Henderson of Iowa, who is to be the next speaker of the house of congress, say that Congressman Seneca E. Payne of New York will likely remain at the head of the ways and means committee. Rear Admiral John C. Watson has reached Manila and assumed command of the Asiatic squadron, so long under the command of Admiral Dewey.

Calvin W. Thompson, a wealthy farmer living alone near Lockport, N. Y., was robbed of \$140 while en route away from his house. This makes the eighth time that he has been robbed within the last seven years. All the street railroads in St. Louis have been consolidated with a capital of \$100,000.00. Rioting in Southern India is rapidly spreading. About 450 houses have been burned at Sambhodavagar. Troops have been sent to the disturbed district.

It is estimated that the United States treasury deficit for the fiscal year 1899 ending June 30, will be about \$100,000,000. The street car strike in Akron, O., was compromised, the men getting an advance in wages, but no recognition of their union. The Eagle hotel in Owego, N. Y., was destroyed by fire, and Mrs. Rachel King was suffocated. Several persons were injured.

A band of 20 bandits have been broken up and eight of them captured in Santa Clara province, Cuba. Rear Admiral Schley was presented with a handsome silver tea service at a reception tendered to him in Baltimore. At the annual parade of the Benevolent and Protective Order of Elks in St. Louis over 8,000 members participated.

The cruiser Philadelphia with Rear Admiral Kautz on board has returned to San Francisco from Samoa. Grace Ramsey, 27 years old, of New York city, cut the throat of her husband, Harvey J. Ramsey, aged 50, because he snored in his sleep. The woman is undoubtedly insane. Benjamin Parrott was hanged at Hamilton, Ont., for the murder of his mother.

General Enrique Collazo has issued a proclamation against the Americans. Thomas Burns and William Miller, two United States prisoners charged with postoffice robbery, who escaped from the Toledo jail on May 6, have been captured at Flint, Mich. Senator Mark Hanna reached London suffering slightly from an attack of rheumatism, but his case is not considered serious.

Four companies of the Twenty-fourth United States infantry sailed from San Francisco for Manila on the transport Zelandia. Delos Hager and his son Orlee were killed by lightning near Manlius, N. Y. Casper Zorn, a well-to-do farmer of Mount Ivy, Rockland county, N. Y., was accidentally shot by his 14-year-old son, who was playing with a revolver.

John Sweetman was struck and instantly killed by a train near Gloversville, N. Y. Eastern and Northern Finland are threatened by famine and floods. The late cold weather has ruined the rye crop. The first annual reunion of the Society of Rough Riders was held at Las Vegas, N. M.

Twenty miners bound for the Sierra Pintada gold mines lost their way in the desert and died of thirst. Their dead bodies were found by another body of prospectors. Dr. Ira D. Brown, a well known newspaper man, died at his home in Weedport, N. Y., aged 69 years.

CLEVELAND CARS RUNNING.

Objection to the Non-Union Men Causes One Outbreak of Violence.

CLEVELAND, June 26.—Only one outbreak of violence attended the resumption of traffic on all the lines of the Big Consolidated Street railway. There was objection in some parts of the city to the return of the non-union men who were kept by the company. A party of 25 men assembled near the Brooklyn bridge, just south of the city, and whenever a car came along with a non-union crew the passengers were asked to disembark and wait for a car manned by a union crew. In most cases the passengers did as requested. Finally a non-union conductor undertook to argue with the crowd, and he was promptly struck over the head with a club, and he and the motorman driven away. The mob refused to permit the car to move until a union crew came along and pushed it to the barns.

As a rule the old men were glad the strike was settled, though there was some grumbling because the non-union men were kept. It is predicted that all the non-union men will be glad to leave the city within 30 days, though the company imposed as one of the conditions of the agreement for the settlement of the trouble that all the non-union men should be treated with consideration by the old employees.

MCKINLEY'S SUNDAY. He Went to Church, Sunday School and Took a Carriage Ride. ADAMS, Mass., June 26.—The rain kept the president and all members of his cabinet indoors most of the forenoon, but it cleared up somewhat before noon and all except Mrs. McKinley attended services at the Congregational church, where the president and Mrs. Penniman, preached on the theme "War for Righteousness and Peace." His argument was that a struggle is necessary for development. The presidential party attended the exercises of the Sunday school, immediately following the sermon. In the afternoon the president took a carriage ride with his host. The balance of the day was passed in a quiet manner.

Death of a Dunkard Clergman. KANSAS CITY, Mo., June 27.—Rev. Paul Wetzel, one of the first German Dunkard clergymen to preach in this country, is dead here, in his 76th year. He had preached in Somerset county, Pennsylvania, Franklin Grove and Lena, Ill.; Grundy, New York; and in McPherson, Kan. The interment will be at Grundy Center, Ia.
