LOCAL AND MISCELLANEOUS.

Oil and gas leases at this office. Go to Amsler for fishing tackle. You can get it at Hopkins' store.

The Elks street fair at Franklin all of next week will doubtless draw a large crowd from this section.

Yankee! That's the name of those comfortable hot weather corsets that the ladies are all making a rush for at Hopkins'.

The wet weather clerk has made another botch of it. Like the fellow that caught the bear, he don't seem able to let go.

Amsler keeps stocked up on every variety of vegetable and fruit. And don't forget that it's all strictly fresh and cheap.

The W. N. Y. & P. excursion Sunday was taken advantage of by many people to visit their old home in this vicinity.

Green corn, imported, was touched this market. The domestic article will soon tempt the small boy to a night at "ecoming."

Miss Minnie Overlander is prepared to do all kinds of sewing in the dress making line. Give her a call. Prices reasonable.

The fourth annual reunion of the Lutherans of Northwestern Pennsylvania and Eastern Ohio will be held at Conneaut Lake to-morrow, Thursday.

A big crop of butternuts is in prospect, and they are almost "good to eat," the kids say. Chestnuts promise a big yield judged from the blossom outlook.

Douglas, Richardson, Strooman—in fact all the really good makes of shoes at Hopkins'. Don't handle anything unless it has a reputation that we can "bank" on.

Saturday was St. Swithin's day, and it rained. If it don't continue to rain for forty days consecutively thereafter somebody's a liar. It has done pretty well so far.

Just as soon as a woman begins to think that her power to charm lies in her rapid style and slangy manner, says a writer, she has lost ground; that nothing will ever bring under her feet again.

This is the month of July and this is the month that the clothing dealer has to get rid of his summer goods. Go and see what Hopkins has to offer. If you are looking for bargains he has them in bunch lots.

This is race week in Oil City and it appears as though they would have pretty good weather for the event after all. Upward of 150 horses have been entered for the races and some with records of 2:06 are said to be booked.

The fourth annual convention of the Christian and Missionary Alliance of Pennsylvania will take place at Bradford, Aug. 11th to 20th, inclusive. A fine array of notable speakers and workers is expected to be present on this occasion.

The "kissing" bug has made its appearance at a church picnic, remarks an exchange with an air of surprise. As though that sort of bug may not have appeared at church and all other picnics ever since affairs of that sort were first invented.

Everything up to date in vegetable and fruit line at Amsler's. Nothing stale or wilted allowed to accumulate about his store. An order by telephone gets you the freshest to be had just the same as though you were on the ground. And prices are always right.

The prospective grape crop in the Chautauqua belt is attracting attention. It is estimated that the crop this year will be nearly three times as large as last year, and will equal, if not exceed, that of any year in the history of the belt. The price ought to be low.

R. C. Heath, Starr, Pa., still has one new Deering Ideal Mower and one Deering Hay Rake in hand; also, one second hand mower, 4-foot cut, with both pole and shafts. This mower has only cut about ten acres of grass and is for sale cheap. I have the Deering Harvester Oil in stock.

Little Mary, aged 5 years, was greatly interested in the story of the good Samaritan, as related by her Sunday school teacher. Upon her return home she gave her mother a vivid account of the selfishness of the priest and the Levite. "But," added she, "by and by a good American came by and helped the poor man!"

Daniel D. Proper, who visited his brother, Judge Proper, here a couple of months ago, died at his home in Crawford county, last Friday morning from the effects of a paralytic stroke. The deceased was 73 years of age and has always lived on the homestead where his ancestors settled early in the present century. The funeral was held from his late residence on Sunday, and was attended by Judge and Mrs. J. A. Proper and O. W. Proper of this place.

Those second hand mowers are disposed of but Scowden & Clark have a good variety of new mowers, rakes, plows, barrows, etc., which are going at almost second hand prices. Besides they will order anything in the farm machinery line not carried in stock, and all at a very narrow margin of profit. Always consult them before you buy. It will pay.

Mrs. Emma War! Jack, relict of the late Sam T. Jack the well known theatrical manager who formerly controlled an oil country circuit of theaters with headquarters at Oil City, is contesting his will. She not only refuses to marry the deceased's brother, but also alleges that her dead husband was influenced by him in making the will. Mrs. Jack visited Oil City recently. Titusville Courier.

While the rains of the past few days have been very annoying to the farmer who had his hay and grain crops only partly harvested, the lumberman who has had his wares tied up on low water for several weeks is not worrying at all over a great extent. It is estimated that \$40,000 to \$50,000 worth of stuff will be floated to the Pittsburg market on the little rise in the river. And so what is one man's misfortune is another's good luck.

The flood of a few weeks ago created no small amount of damage to the stone culvert spanning Tubbs run at its mouth and is requiring the attention of the street commissioner. The real damage was not apparent at first, a hole having washed out at the lower side by the swirl of the large body of water as it was forced through the arch. With each succeeding freshet there has been more or less undermining of the masonry going on, and it will require considerable work to stop this sort of thing.

The Franklin News insists that there will be nothing objectionable nor will there be any gambling permitted at the Elks' street fair in that place. What's the use of having the fair, anyway, if a fellow isn't to have any fun at all? Butler Times. That's just where we're between two fires, Bill. A large percentage wants to see "everything go," while a very small one don't want the fair at all. What would you do? Evening News. Cut 'er loose, Br'er Borland, and let 'er go. That's what they all want, anyway.

A new potato pest, said to be worse than the striped bug, is reported from some sections of the State. For want of a better name it is called the "potato louse." The insect is very small, so small as to be hardly visible to the naked eye, and covers the potato leaves so that scarcely any of the leaf can be seen. They eat the leaf and in a few days it will wither. Farmers have tried in various ways to get rid of them, but without success. The insects cannot be shaken off, and Paris green does not appear to have an effect on them.

The Oil City district camp meeting for the Free Methodist church will be held at Pleasantville, Pa., beginning July 26 and closing August 21. All are invited. Many able ministers will be in attendance. Among them, the Rev. W. T. Hogg, of Chicago, Ill., editor of The Free Methodist. A boarding tent will be kept upon the ground; boarding at reasonable rates, but no meals sold to those who are not regular boarders on Sabbath. The grove is pleasantly located, splendid spring water, ground lighted by electricity, street cars run within a short distance of the ground.

The Journal is well printed on good paper with clear type, stitched and trimmed so that it opens out like a book, is handsomely illustrated, edited by practical, sales-rolled-up people, in that it is the greatest, grandest, big-little farm paper in America. It is cream, not skim-milk. You must have it and we can get it for you from now up to December, 1905, nearly five years, if you will pay up your subscription to THE FOREST REPUBLICAN a year in advance. This also applies to new advance paying subscribers.

The movements of our former resident Joe Thomas are still watched by the Clarion papers, the latest being from the Jacksonian, as follows: "The wonder of vegetarians how Joe Thomas, the colored gentleman, west of town, could raise anything at all on his garden patch back of the fair grounds was cleared up on our minds Tuesday afternoon as we passed. Joe understands his business—farming—and while he has not been using lime on any great extent does not spare other odious substances. In fact he uses so much of it that the air for a mile is very much tainted."

Lanson Bros. have given a contract for placing in their mill a full-fledged, up to date roller flour mill; also a roller buckwheat flour mill, and expect to have it running by Sept. 1st. This will make theirs one of the finest mills in this section and will undoubtedly bring much of the business to this place that has hitherto gone elsewhere. It's a good thing and we hope to see their business boom. The new gas engine proves to be all that it was represented and the lead mill is running every day, and your feed will be ground while you wait. All the best brands of flour are kept constantly on hand for sale or exchange.

The 16th annual reunion of the Northwestern Association, Dept. of Pa., G. A. R., which has many members in this county, will be held at Exposition Park, Conneaut Lake, Friday Aug. 11, 1899. It is to be a basket picnic. Everybody is invited. Good hotels and eating houses on the grounds—if you forget to take your basket. Posts will elect two delegates and two alternates and forward names with per capita of two cents for each member in good standing with Post, to George S. Shatuck, Quartermaster, Meadville, Pa., also giving an estimate of the number of comrades and friends who will be present from each city or town.

At about 11 o'clock Monday morning, Mr. and Mrs. T. E. Adams of Tionesta were driving to this city from Hydetown. On West Spring street they met the west-bound trolley car and fearing that the horse might become frightened Mrs. Adams got out of the buggy. As the car approached, the animal became frightened and in spite of the efforts of the driver inaugurated a runaway. Mr. Adams was thrown from the vehicle and had his face badly cut and bruised. The vehicle was badly wrecked and the horse cut up before it was captured. Titusville Courier.

Evidently the Courier has improperly located the above named couple, as no such parties live in Tionesta.

"Blackola" the modern shoe dressing at Miles & Armstrong's.

Mr. and Mrs. G. E. Gerow of the Central House spent Sunday at Allegheny Springs.

Miss Helen Irwin was a guest at the home of Judge Irwin, her uncle, during the past week.

Fred Partridge is up from Pittsburg for a two-weeks' visit with his grandma, Mrs. Judge Dale.

Mrs. John Wetzel of Cochranton is with the family of her brother, U. S. Zahniser, at Oldtown.

Mrs. B. W. May, of Chicago, accompanied by her two children, is the guest of Mrs. A. B. Kelly.

Mr. and Mrs. M. L. Amann and children, of Warren, are guests of Mr. and Mrs. Chas. Amann.

Prothonotary Robertson and Treasurer Henry spent last Sunday with pump, the other a grindings pump, were stolen from the West Hickory tannery.

A wagon and horses had been driven in where the pumps were kept when not in use and the pumps loaded on and hauled away. The two pumps are worth about \$150.

A couple of months ago a brass link and the brass boxings were stolen from an engine belonging to the Sutley Bros. over on Poverty Hill.

Mrs. Frank Albaugh and Mrs. Jonathan Albaugh were driving down the Little Hickory road on Monday of this week when the horses they were driving started to run away, scared they think by a clasp of thunder. Mrs. Jonathan Albaugh sustained a bad shaking up, a cut on the head and some severe bruises. Mrs. Frank Albaugh suffered in addition to minor injuries a broken shoulder. The horses continued on down the road until they were stopped by the winding of the lines in the wheel, the buggy and horses being uninjured.

An infant daughter of Mr. and Mrs. J. C. Moulin, of West Side was buried in the Riverside cemetery, Tionesta, on Friday last.

We have had and now have quite a number of sick people, all of whom are improving at present.

A series of revival meetings is in progress at Fagundus with good results. Miss Gertrude Rumsey is conducting the meetings.

Mr. Brewster of Fleming Hill is building himself a new house and has it about ready for the plasterers.

It is rumored that the West Hickory tannery may be absorbed by a trust. It appears from said rumors that the aforesaid trust had until August 1st to decide whether it will absorb or not. By the way, the West Hickory tannery—an upper leather tannery—is one of the finest plants of its class in the country. The leather it turns out is said to be of quite a superior character. This latter fact is due to several reasons. One is the superior water used, and among the others, and not the least at all, is the skill and knowledge with which it is managed.

In Memoriam—William Stroup.

Another old veteran has gone the way of all the earth, "to that bourne from whence no traveler ever returns," as Shakespeare aptly puts it. Wm. Stroup, a member of Co. A, 11th Regt. of Pa. Vol. Inf'y, died at the residence of his brother, Edward Stroup, in Tionesta Tp., on Wednesday, the 12th day of July, 1899, aged about 69. Deceased was the son of Adam Stroup, one of the pioneers of Cranberry Tp., Venango Co., Pa., and was born and raised at the old homestead, where his boyhood days were spent.

Of Adam Stroup's sons, eight went into the army at his country's call; part survive. This is a wonderful family record, honorable as it is peculiar. One of his brothers, Samuel, with whom the writer was well acquainted, was best known; he was a graduate of the old Franklin Academy, taught by Wm. Burgwin. Afterwards graduated at Allegheny College, Meadville, Pa., and died at Louisville, Ky., greatly lamented, where he was Professor of the Louisville Institute. He served as a veteran throughout the war, as well as the subject of our sketch.

The deceased was a member of Tidiotte Post 511, but was buried under the auspices of Capt. Geo. Stow Post, of Tionesta. At the house appropriate and feeling remarks were made by Rev. R. A. Buzza, of whose church he was an attendant. "How sleep the brave who sink to rest By all their country's honors blest!" S. D. I.

Boy Drowned.

The parents of 13-year-old James Breneman were horrified to find his lifeless form in Millstone creek, not far above the town of Clarion, this County. On Friday forenoon last, about 10 o'clock, the boy wandered away from the house, and not returning when his mother thought he ought to be searched was instituted with the result that the father, Jacob Breneman found the body in about two and one-half feet of water. When a babe the boy was bereft of both speech and hearing, and was subject to fainting spells, and it is supposed that in one of these he had fallen into the water and drowned, not being able to make himself heard.

H. J. Gray, justice of the peace in Barnett township, empaneled a jury and held an inquest over the remains, the jury returning a verdict of accidental drowning.
