Boers. PRETORIA, Sept. 19 .- The reply of the government of the South African republic to the latest dispatch, dated Sept. 12, of the British secretary of state for the colonies, Joseph Champerlain, was made public at the Transvaal capital. In tone it was exceedingly firm. It accuses Chamberlain of sharp practice and blames on him the continuance of the dispute. It declares the adherence of the Transvaal to the agreement for a joint commis-

that five years' qualification for naturalization ever was offered. Most important of all, the note declares that any question touching the complete independence of the Transvaal cannot be presented to the volksraad.

The reply, however, concludes: "If her majesty's government is willing and feels able to make this decision, a joint commission as at first proposed by Mr. Chamberlain would put an end to the present state of tension. Race hatred would decrease and die out and the prosperity and welfare of the South African republic and the whole of South Africa will be developed and furthered and franternization between the dif-ferent nationalities will increase." Meanwhile, work on the fortifications is being pushed forward with increased zeal. During the past few months the fortifications, situated on a slight eminence about half a mile beyond the town, have been the scene of feverish activity. Next Step to Be Taken. LONDON, Sept. 19 .- The reply of th Transvaal government to Mr. Chamberlain's latest note is eminently of the 'negative and inconclusive' character. which Mr. Chamberlain declared would compel the imperial government to consider the situation afresh. It practically repudiates suzerainty, reverts to the seven-year franchise, and declines to give equality to the Dutch and English languages in the volksraad. In short, it is politely negative and de-

Then amid great enthusiasm the prince said: "I trust it will be your part to carry the colors to victory." The Duke of York and the Duke of Connaught were also present.

ASKING FOR PROTECTION.

The Inhabitants of the Island of Zama

Tired of the Tagalogs. WASHINGTON, Sept. 15 .- Mail advices received at the war department from Manila state that the natives of the island of Zamar are praying for the speedy arrival of the Americans and will welcome the hoisting of the American flag. It is said that as a result of the forcible collection of taxes by the emissaries of the insurgents, who take all they have got, the natives are in a state of semi-starva tion. They have no faith in the Tagalos and earnestly desire American protection.

An insurgent leader, General Luc ban, has bolted to Japan, taking with him \$2,600 collected by him for the insurgents. The agents of the insurgents endeavor to force the natives to join their forces, which they will not do. The condition in the island, it is asserted, is rapidly approaching riot and anarchy as the heavy and continued drag upon them in the form of tribute exasperates them, and they, the letter says, threaten desper-

The Ex-Speaker Thanks the People the First Maine District.

CARD FROM REED.

PORTLAND, Me., Sept. 18. - The Pr s prints the following:
"To the Republicans of the First Maine

"While I am naturally reluctant to obtrude myself again upon public attention even here at home, I am sure no one would expect me to leave the First Maine district after so long a service without some words expressing to you my appreciation of your friendship and my gratitude for your generous treatment. Words alone are quite in adequate and I must appeal to your memories. During three and twenty years of political life, not always peaceful, you have never questioned a single public act of mine. Other men have had to look after their districts. My district has looked after me. This, in the place, where I was born, where you know my shortcomings as well as I do myself, gives me a right to be proud of my relations with you. No honors are ever quite like those which

"It would not be just for me to withhold my thanks from those Democrats who have so often given me their votes. This freindship, I can acknowledge with all propriety even in a letter to Republicans for both they and you know that I have never trimmed a sail to catch the passing breeze or ever flown a doubtful flag. Office as a 'ribbon to stick in your coat' is worth no-body's consideration. Office as opportunity is worth all consideration. That opportunity you have given me untrammelled in the fullest and amplest measure and I return you sincerest thanks. If I have deserved any praise it be-

A short time afterward a pitched battle ensued between the union and non-union forces, during which time the dwellings occupied by the non-union negroes were burned. Several arrests were made and the accused are in fall at Marion, awaiting trial on the charge of murder.

TRANSPORTS NOT READY. Still There Will Be No Delay In Landing

Troops In the Philippines.

WASHINGTON, Sept. 16 .- Owing t the impossibility of obtaining material it is possible that two of the transports, the Logan and Meade, will not be repaired in time to take the troops destined for Manila so as to land there before Christmas. The Cramps have informed the department that the Thomas will be completed on the date agreed upon, but the other contractors say that the ships will not be ready be fore November 15.

The department, however, will not al low this to interfere with the schedule arranged, as additional ships on the Pacific coast can be obtained. CONFESSED TO MURDER. A Young Man Twice Acquitted May B Tried Again

PHILADELPHIA, Sept 16.-Eli Shaw, the young clerk who was twice tried in the Camden county court for the murder of his mother and grandmother and who was finally acqui te i, now confesses that he is the double mur erer, according to affidavits made by \ 1 i.am H. Hay and Howard K. Sloan, reporters, who sought to interview him on

new evidence recently discovered. A warrant for the arrest of Shaw for perjury, the only charge on which he could now be tried, was reported to have been issued, but Prosecutor Jenkins of Camden county denied that this had been done. A warrant would be sworn out later, he added, if the facts in the case warranted it. As a result of these affidavits Eugene Darnell was arrested and lodged in jail in Camden, charged with being an accomplice of

Shaw after the murder. Darnell was a chum of Shaw's. He is said to have been with Shaw the night of the murder and is charged with having accompanied Shaw to the home of his mother and grandmother. While Shaw went to the room of his grandmother to demand money to continue a carouse the young men had begun Darnell went to Shaw's room, where he fell asleep. Darnell was aroused by the noise of the shooting, and rushed to the room where the women lay dying. Shaw told him of the tragedy, and Darnell at once fled from the house. After Darne'l had disappeared in the darkness Shaw shouted an alarm and claimed that burglars had shot his mother and grandmother.

"I killed them, but you can't touch me! You can't touch me!" two reporte : of the Philadelphia Times swear he said to them.

The new evidence in the case was a letter sent to Chief of Police Dodd. signed "C. D." It was in lead pencil and set forth that Eugene Darnell, a fellow clerk of Shaw's, was the man who entered Shaw's mother's house with Eli Shaw at 11:30 o'clock on the night of the murder. Shaw denies that he ever made such a confessison, characterizing it as a lie.

EAST HAMPTON, Conn., Sept. 16 .-Dr. E. A. Williams, a patent medicine dealer of this place, received a letter from the district attorney's office, New York, which is believed to have a direct bearing on the famous Adams murder case in that city.
