

Republican Ticket.

Supreme Court Judge—J. HAY BROWN, Lancaster. Superior Court Judge—JOSIAH R. ADAMS, Philadelphia. State Treasurer—JAMES E. BARNETT, Washington City. COUNTY. Associate Judge—R. BRUCE CRAWFORD. Prothonotary—JOHN H. ROBERTSON. Sheriff—JOHN W. JAMIESON. County Commissioner—JAMES H. MORRISON, CHAS. M. WHITMAN. Auditors—JAMES R. CLARK, GEO. L. KING. Jury Commissioner—LEVI G. REYNOLDS.

Pay Your Taxes.

Unless you have paid a State or County tax within two years, and that at least thirty days prior to election day, you cannot vote. Republicans in all sections of the county must not neglect this important duty. Taxes must be paid in person or on a written order. The time for payment is drawing to a close. Pay up at once.

L. G. Reynolds for Jury Commissioner.

The Republican County Committee met at the court house Monday evening for the purpose of placing in nomination a person for Jury Commissioner to fill the vacancy on the Republican ticket caused by the death of George W. Dunkle, the regular nominee. The meeting was called to order by Chairman Walker, who briefly stated the object for which it was called. The following candidates were named: W. E. Witherall of Hickory, Levi G. Reynolds of Barnett, Geo. W. Osgood of Kingsley, A. W. Stroup of Tionesta twp. It was agreed to drop the lower candidate after each ballot. This resulted in the leaving of Reynolds and Osgood as the candidates on the third ballot which resulted, Reynolds 10, Osgood 8, and Chairman Walker declared Mr. Reynolds the duly nominated candidate. The meeting then adjourned.

PARTISAN mouthing about the trusts is a poor apology for an intelligent and practical treatment of the subject.

Don't put off the payment of your taxes any longer. Sept. 7 is the latest date if you would be entitled to a vote this fall.

DREYFUS is pardoned by France and vindicated by the world. He need have no fear that history will mistake the fact in his case.

YELLOW papers are trying to impress upon the public that they will be first and Dewey second at the coming reception in New York.

DURING Cleveland's last administration the foreign exports of the United States averaged \$67,000,000 a month. Thus far during McKinley's term the average has been \$92,000,000 a month.

Don't delay the matter of paying your State or County tax. Attend to it now and avoid the possibility of forgetting it, and thus losing your vote. Taxes must be paid at least 30 days previous to election day.

The reception to Admiral Dewey at New York will be one of the greatest events that metropolis has ever experienced. He is expected to reach the city on the cruiser Olympia Friday or Saturday of this week.

WE have listened a long time to hear some enthusiastic Democrat set forth as an additional claim in favor of Bryan's election to the Presidency, his close resemblance to Prof. Munyon, the rheumatic cure man.

MR. BRYAN says, "If the people are in earnest they can break up monopoly." When Democratic politicians are in earnest about monopoly they will attack it squarely and not wonder off to make war on the protective tariff.

THE possibilities for commercial greatness is almost beyond comprehension, when we consider the fact that the Philippines are the door to the trade with Asiatic countries which annually consume more than a billion dollars worth of foreign goods.

THERE is every assurance of a most vigorous campaign in the Philippines. Troops are rapidly being rushed forward, and before many months the friends of George Washington Aguinaldo will be looking for another job than trying to encourage an enemy of their country.

THE Democratic party is like some sordid old nurse who to frighten children to make them mind tells them of bogaboos. The present spectre is the secret alliance young Mr. Bailey, of Texas, says we have with England. If he continues, he will frighten himself.

THE islands which have recently come under control of the United States were annually importing over \$100,000,000 worth of goods. Of this amount we were furnishing less than 18 per cent. The commercial advantage to the United States is quite apparent, as we will now secure the greater part of this trade.

SAID A Warren merchant this week: "It isn't over-production that bothers our manufacturers at present; it is too much consumption. People have money, want the goods and we can't get our orders filled rapidly enough to suit our prosperous customers, who apparently have money to burn." A remedy for this is to elect Bryan and there will not be so much troublesome prosperity.—Mail.

The old joke that "ministers' sons are never-do-wells" is not borne out by the facts in this State. It is a singular coincidence that all three of the Republican candidates on the State ticket—James E. Barnett, J. Hay Brown and Josiah R. Adams—are sons of clergymen. The retiring State Treasurer, James S. Beacom, is also a minister's son, his father being at present a prominent member of the Pittsburgh Conference of the Methodist Church.

means defeat to the Democratic party. Belmont wants free silver dropped. Gorman is not much on trusts; Morgan is an imperialist on a grand scale; McLean and Carter Harrison can get along without the 16 to 1 remedy. To satisfy them all Col. Bryan will have to be a skillful contortionist. Or perhaps he has studied the occult sciences in India, and is ready like the fakirs of that country to make people hear each what he wishes and see what is not there.

Up in the McKean, Potter and Tioga district Hon. Walter T. Merrick will be a candidate for re nomination by the Republicans to the State Senate. No able member graced the Senate in the last two sessions of the legislature, and none ever labored with greater zeal for the welfare of his people or was more successful in piloting good laws through the legislature or killing bad ones than Senator Merrick, and his people will undoubtedly see the wisdom of returning him with a good majority. The passage of the bill to provide for a new system of distributing the public school funds, whereby the country districts gained immensely was very largely due to his efforts.

EMILE ZOLA, the French author, says the pardoning of Dreyfus is the opening of the fifth and last act in the drama, and adds: "How will the act end? Dreyfus will be restored to his full rights and his place in the army, punishment will be meted out to the villains, and the drama will end with a procession of handcuffed generals led to prison—or else dark days are just beginning for France; days when justice will come with the sword and torch and a martyr's acquittal will be sealed with the blood of humanity; days when justice will take awful vengeance for having been cheated too long. By vindicating Dreyfus, France will vindicate herself. The curtain has risen on the fifth act. The world watches."

Crusade Against Prosperity.

The United States in many respects is unique, but in nothing is it so strikingly different from all other countries as in the political attitude of the people toward business. It is a common occurrence in representative governments for the existing ministry to be defeated through the influence of hard times. Disraeli once said that no English ministry could withstand three bad harvests. But a very poor ministry can keep power with good times. This tendency to make political confidence depend chiefly on business prosperity prevails in every country except the United States.

By some peculiarity of temperament or psychological influence the people of the United States seem to delight in using their political power against business development and prosperity. Several times in the midst of prosperity a political movement has arisen demanding a radical change in the fiscal or tariff policy, resulting in the destruction of business confidence, paralysis of industry, and sometimes a financial panic—witness 1892-93. As the result of that we had six years of business depression and social hardship. Now, under a return of a former policy, business confidence and prosperity have returned, and we are getting ready to destroy it again. In 1892 the means of attacking business prosperity was the overthrow of the tariff, now it is the overthrow of corporations. The war cry is being raised from one end of the land to the other, "Down with trusts."

This is not merely the work of a few crank reformers and irresponsible agitators, but it is being made the issue of a systematized political campaign, supported in numerous independent movements. Indeed, it almost seems as if the American people would soon be as mad on the trust question as the French people are on the Dreyfus question.—Guntton's Magazine.

Curfew Ordinance.

The following form of a Curfew Ordinance has many good points, and is worthy a careful consideration by our council. How much better citizens our boys would become under the influence of home life at night, instead of the street: "Children under sixteen years of age shall not be in the streets after 8 p. m. from October to March, both inclusive, or after 9 p. m. in other months, without proper guardianship. A bell or bells shall be rung fifteen minutes before the appointed time, as a warning, to be called the 'Curfew Bell,' after which a child is required to be in his home or off the public streets except in the company of a parent or adult guardian, or bearing a written statement, dated that day and signed by parent or guardian, declaring that said child is on an emergency errand. "Any child so found after the time appointed shall be liable to be warned by any constable or peace officer to go home, and if, after such warning, the child shall be found loitering on the streets, such child may be taken by such constable to his home. "Any parent or guardian may be summoned for permitting his child to habitually break said law, after having been warned in writing, and may be fined for the first offense \$2, without costs, and for the second offense \$4, and for the third, or any subsequent offense \$5."

Mails to be Weighed.

Postmaster Knox, in common with every other postmaster in the United States, has received orders to the effect that beginning on October 3 and continuing for thirty-five consecutive days every mail that goes out must be weighed. Each class of mail matter must be weighed separately, and daily reports kept, one of the incoming and the other of the outgoing mails. At the expiration of the thirty-five days the reports must be sent to the Postmaster General at Washington. Duplicate reports must be kept in the office. The instructions sent to each postmaster say it is desired to get the correct figures on "the weight of mail matter originating in the United States every twenty-four hours, together with the weight of the equipment necessary to transport the same;" also: "the total weight of mail matter, equipment, supplies, etc., passing over steam railroads every twenty-four hours." Hence the bags, locks and other equipments are also to be weighed. This will be done to furnish a new basis for making contracts with railroads for transportation.

—Hopkins sells the clothing and shoes.

Some time ago the Derrick published the fact that several Mexican half-dime silver pieces had been found in the possession of two children of Cranberry township. The late William Kiser, who was murdered at his home, near Elk City, was known to have had such coins in his possession and it was supposed these were the only ones in this section. Since then the Derrick has been informed of one of these coins (issue of 1876) being in the possession of P. W. Geary, of Oil City. On Wednesday the following very interesting letter was received from Dr. F. E. Allison, of New Richmond, Wisconsin, who taught school in this part of Venango county over a half-century ago:

New Richmond, Wis., Sept. 18.—In last week's Derrick you request any information from "young or old" in regard to the "Mexican coins" recently unearthed in Cranberry. Allow your humble correspondent to "arise and explain." Fifty-two years ago I taught school in an old log school house a half-mile southeast of Selina, which many of the old settlers now living will remember. In the spring of 1846, when the Mexican war broke out, Charles M. Boyles, afterward Lieutenant Boyles, and his brother Timothy, sons of John Boyles, who resided about one mile east of Selina, enlisted in an Ohio regiment. The young men were working at Hanging Rock, Ohio, at the time of this enlistment. Timothy, when in Mexico, strayed out among the chaparral in search of wild game; he had shot a hare and called to a comrade to see it. After traveling some distance another report of a gun was heard; some Mexican guerrillas who were watching him surprised him, threw a lasso around him, hitched him to a pony and he was dragged to death.

The evening following the officers of the regiment ran down and captured two of the guerrillas. They were court-martialed and shot to death in the morning. They acknowledged having killed a soldier the evening before. Lieutenant C. M. Boyles returned after the war was over, and brought some Mexican coins with him; smallest one being 2 cents, with the falcon, or eagle, on one side and the figures 25 on the other (it may have been 31 cents). The others were 5-cent and 10-cent coins. The smaller coin I remember distinctly; it was less in size than our first issue of the American gold dollar, and the 5-cent piece were less than the American half-dime.

Some years after Miss Sarah Ellen Brandon had one of the half-dimes. These were dated before 1846, and if anything of later date in shape of coins comes up, then we bow in humble submission unto the inevitable and further sayeth not.

Lieutenant Boyles was an uncle to the Burns family, now residing on the "old Boyles farm." C. M. Boyles removed to Kansas, on the Solomon river, over 40 years ago. Dr. F. E. Allison.

The Derrick would be pleased to hear from any other person who knows of similar coins in this vicinity.—Derrick.

—Hopkins sells the shoes and rubbers.

—Ladies' skirts at Miles & Armstrong's.

For wounds, burns, scalds, sores, skin diseases and all irritating eruptions, nothing so soothing and healing as DeWitt's Witch Hazel Salve. Mrs. Emma Bolles, Matron Englewood Nursery, Chicago, says of it, "When all else fails in healing our babies it will cure." Heath & Killmer.

A WONDERFUL CURE OF DIARRHOEA.

A Prominent Virginia Editor Had Almost Given Up, But Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Read His Editorial.

From the Times, Hillsville, Va. I suffered with diarrhoea for a long time and thought that I was past being cured. I had spent much time and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, by reading the advertisements of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was cured of that trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man to-day and feel as well as I ever did in my life.—O. R. Moore. Sold by all druggists.
