Reported Heavy Slaughter of Boers Around Ladysmith.

Burghers Are Doing More Looting Thar Fighting South of Ladysmith-Lieutenant Churchill Wounded and a Prisoner at Pretoria - Other Important War

ESCOURT, Nov. 20 .- Major Bethune's patrols have located the enemy on the northwest, about 10 miles off. The Boers would not be drawn.

Fighting is reported at the Mooi The Boers are doing more looting than fighting and all their parties south of Ladysmith are foraging on the

Advices from Ladysmith tell of brilliant British victories, with comparatively slight loss on our side, and heavy slaughter of the enemy.

Ladysmith is full of wounded, and captured Boers. It is reported that in the fighting of Nov. 9th, the enemy lost 300 killed and 500 in captured.

The Boers are trying hard to influ ence and conciliate the Natal Kaffirs.

STORY OF BATTLE. How Young Churchill Fell Into the

Hands of the Boers. ESCOURT, Natal, Nov. 17 .- An armored train having on board a half company of the Durban volunteers and a half company of the Dublin Fusillers steamed to Chieveley. On its return it was shelled by the artillery of the Boers placed in four positions. Two trucks in front of the engine left the rails and toppled over. While the train was thus helpless the Durbans and Dublins faced the Boers in skirmishing order and the Boers poured shot

and shell into the crippied train. The derailed wagons were with great difficulty removed and the line was cleared. The engine and tender steamed back.

During this juncture Lieutenant Winston Churchill of the Fourth Hussars, newspaper correspondent of The London Morning Post and New York

WINSTON CRURCHILL

World and grandson of the late Leon ard Jerome of New York, displayed much courage as also did the driver and fireman. It is feared the Dublins and Durbans fared badly,

Seven of the Durbans have just comin, making 23 missing. Only 15 of the Dublins have returned. The naval seven-pounder which was in front of of the truck, had fired three shots when It was shattered by the Boer artillery The armored engine has many bullet marks and its dome-cover is smashed, as, also, is its automatic exhaust-pipe and 25-ton screw jack. The tender is also pitted with bullet marks.

Lieutenant Churchill was captured by the Boers and taken a prisoner to Pretoria. He was slightly wounded in the hand.

DESPERATE FIGHTING.

Story of a Fierce and Bloody Conflict Around Ladysmith.

DURBAN, Natal, Nov. 20.-The Time of Natal publishes the following, dated Nov. 15, from its special correspondent at Ladysmith:

The enemy made a determined attack on Thursday, Nov. 9, apparently all the Boer forces participating. Their artillery opened at 4 a. m., pouring in shell thick and fast upon the British positions, although with no great effect. They adopted the unusual tactics of advancing under cover of their guns to positions on the ridges and kopjes adjacent to those occupied by the British. Continuing their advance, the Boers crept up, using every available bit of Our infantry opened with steady, warm and accurate fire, which beat back the enemy, notwithstanding a display of tenacity of purpose equal to their desperate stands on previous

occasions. The Boer attack was most elaborate on all sides of the town, The main attack, however, was made between the Free State and New Castle railway lines by a column composed chiefly of Johannesburg volunteeers. A brigade of the King's Royal Rifle corps made a splendid defense. The Boers were repulsed, but soon rallied and returned to the attack. Again the British fire, which was very hot, forced them to Petire. They had made a deep trench in front of the British lines and while withdrawing for their horses they left this unguarded, whereupon the King's Rifles,

advancing at double-quick, occupied the This smart movement was not seen by the enemy, who soon returned to the horses. Carefully reserving their fire, the King's Rifles allowed the Boers to advance almost to the edge of the trench. and then poured velley after volley into the astounded Boers, who turned and fled from an awful hail of bullets, bolting across the open, where the artillery of the British poured in a terrible and effective shell fire. The enemy lost

Meanwhile another section of the Boers had brought a mortar into action, firing heavy shells. Our guns scon silenced this weapon, the enemy's artillerymen fleeing headlong. The Boers then advanced in force with a view of repairing the mortar, but our artillery

Promptly at noon, General White ordered a salute of 21 guns in honor of the birthday of the Prince of Wales. As the cannon boomed, cheer after cheer rang out from the troops and a scene

of enthusiasm, probably without parallel in history, followed. Ladysmith is able to hold out for months. On the other hand, it is reported that dysentery is making havoc

in the enemy's camp. Onward March of the Boers.

HOPETOWN, Cape Colony, Nov. 21. -The Boers occupied Campbell in West Griqualand.

MACARTHUR AT DAGUPAN. No Insurgents Found-Wheeler to Re-

main In the Philippines. MANILA, Nov. 21.-General MacArthur's reconnaissance entered Dagupan yesterday afternoon. The Americans found that no insurgents had been there for four days. The Thirty-third infantry was probably in Dagupan Sunday leaving Sunday night. No insurgents have been seen anywhere near the railroad, and it is believed that the only armed force of any size is in the mountains of the province of Zambales, to the west, although there are reports of insurgents concentrating at San Mi-

of Panique, and at Mangatarom (or Mangalaron), west of Bayambang, General MacArthur is prepared for the attack, his forces being disposed between Bamban, province of Tarlac. and Dagupan. The Twelfth infantry, a battalion of the Seventeenth infantry and two troops of cavalry are with General MacArthur below Dagupan,

General Wheeler has decided not to return for congress. He is writing a letter to President McKinley with a request that it be forwarded to the house of representatives. In the course of an interview with a correspondent of the press he said:

"Congress, if it occupies the first day of the session in passing a resolution declaring in unmistakable terms that the sovereignty of the United States is to be maintained in the Philippines thus dispelling Aguinaldo's delusion that the anti-imperialists can assist him, will be performing a sacred duty. Such a resolution would save the lives of many American soldiers and of thousands of deluded Filipinos, would avert famine, suffering and desolation from these islands and would render unnecessary the expenditures of hundreds of millions of dollars."

Thirty insurgents, under a major, escaped from Bayambang, about ten minutes before the Americans entered. Others, it is said, threw their guns into the river and are now there in the role of amigos. Many Spanish prisoners escaped from the Filipinos are at Bayambang, among them the former governors of the provinces of Tarlac and Zambales. There is also quite a large colony of former insurgent officers collected at that point, including Major Ortiz, who acted as interpreter for the Filipino commission, headed by General Alejandrino, which visited Manila in September. Ortiz has donned the amigo clothing and announces that he has abandoned the insurrection,

The Spaniards say that the new in surgent capital is Bengaet and that the American prisoners are at Camitin. They report having seen Lieutenant Gilmore and his party in the north.

Ensign Gherardi Rescues Emigrants From Drowning.

Plunges Roldly Into the Boiling Surf to Effect Rescue of the Unfortunate People From Death-Re Is Now In a New York Hospital Suffering From the

WASHINGTON, Nov. 18 .- The navy department yesterday gave out a cirsumstantial account of the conspicous gallantry of Ensign W. R. Gherardi during the recent terrific cyclone which swept across Porto Rico, It was forwarded by Captain Snow, commanding the United States naval station at San Juan who enclosed letters of Lieutenant Colonel Carr of the Fifth cavalry and others concering the daring of the exploit. Captain Snow also called attention to the fact that the ensign was now in the Naval hospital in New York as a result of the exposure and hardship, undergone at that time. Ensign Gerardi twice before has been

mentioned for conspicous gallantry.

The statement shows that when the storm was at its height Ensign Gherardi and J. J. Jiminez, a civil engineer, ran along the beach to the point nearest the shipping which was dragging anchors trough the terrific force of the wind. The schooner Conception, loaded with 150 emigrants from San Domingo, and the steamer Vasco, were in great distress. Some of the people

ENSIGN WALTEP R. GHERARDI. were jumping overboard. The state-

ment proceeds as follows: "Gerardi at once plunged into the water with his clothes on and began dragging the unfortunates from the waves and bringing them to shore. He ordered those on board to throw a life line to shore, so as to make fast, but they were so terrorized that they were unable to do anything but jump into the water, where they were taken by Gherardi and Jiminez and brought to shore. There were from four to six people (women and children) who did not dare to jump into the water. They were told to do so, but remained where they were and were undoubtedly lost as the schooner soon went to pieces.

"Those rescued number nearly 150 souls. The steamer Vasco was then battling with the waves a few hundred yards off. Gherardi called for a life line and, forming a party of rescuers in a line joining hands extending out into the water, himself at the head, he soon had hold of the line and bringing it to shore, fastened the end seenrely to a neighboring tree. "The crew climbed down and along the

line and were safely landed."

BARNETT RAN BEHIND. Farmer Creasey Was Way Ahead of His Ticket.

HARRISBURG, Nov. 18 .- The official returns of the recent election show that Colonel Barnett ran 23,889 votes behind Supreme Judge-elect Brown and 19,810 votes behind Superior Court Judge-elect Mitchell, The last of the returns were received at the state department, and they were immediately computed under the direction of Chief Clerk Thorn.

Wayne county was the last to send in its returns, and as court adjourned until Saturday its returns do not bear the signature of the sitting judge. The returns are a true copy of the official vote as returned from the various districts in the county, and they are assumed to be correct, even if they have not been certified to by the court.

Colonel Barnett's plurality over Farmer Creasy is 110,488. Mr. Creasy polled 29,009 more votes than were cast for Supreme Court Judge-elect Mestrezat and 26,058 more than were cast for Charles J. Reilly, Democratcic candidate for superior court judge.

Governor Stone will not appoint a successor to Judge Mitchell until Jan. 1, when his resignation as president judge of Tioga county takes effect. David Cameron and ex-Auditor General Niles are the most formidable aspirants. Cameron is a personal and political friend of the executive of long standing, and his friends have Stone's assurance that he will be appointed. The appointee will serve until the first Monday of January, 1901.

The visitor then ran from the house, pursued by the farmer and his wife. Mrs. Weldman being the fastest runner overtook the burglar and caught hold of him by his moustache, holding him until her husband joined her. A struggle ensued. The burglar succeeded in breaking away, leaving part of his moustache and his revolver in the hands of the woman.
