

WEDNESDAY, JANUARY, 10.

There are some things like drugs that you can get better and cheaper at a drug store than anywhere else. One of them is soap—we mean toilet soap, of course.

Do you remember the old original white castile soap that used to strike terror to our youthful hearts when Saturday evening came round, marking the time for the weekly "scrub." We've got that kind (the oldest and best castile) at 20c per lb—6 lb or 3 lb cakes for 25c.

A dozen different kinds of good toilet and bath soaps at 5 and 10 cents a cake.

Packers, Cuticura and other special purpose soaps—a full line.

Williams' famous Yankee Shaving Soaps—mug soap and shaving stick. The shaving stick, by the way makes shaving a pleasure, to those who are their own barbers.

Pear's—the kind Henry Ward Beecher used—unscented 15c, the scented costs 20c.

Those who know and want the highest priced soaps, can get White Rose Glycerine No. 4711, Cashmere Bouquet and Rogers & Gallets soaps. There are no better.

The best and purest drugs and chemicals in stock.

—Oil market closed at \$1.05.

—Oil and gas leases at this office.

—How about those new resolves?

—You can get it at Hopkins' store.

—The borough schools are again in operation after a two-weeks' vacation.

—The idea that 99 years constitute a century gives the debate a counter flavor.

—Get a good education by attending the Edinboro State Normal School.

JOHN F. BUELER, Principal.

—Tionesta Summer School will begin May 7, 1900. Those desiring information address R. N. Speer, Tionesta, Pa.

—The Clarion State Normal School admits students at any time and always affords chances for such studies as a student may wish to pursue.

—Following is list of letters remaining uncalled for in the Tionesta, Pa., post office for the week ending Jan. 10, 1900: Mr. P. M. Clark, Attv., Samuel Propper, D. S. Knox, P. M.

—Mrs. Judge Reck lost a small seal-skin collar somewhere on the street between the Presbyterian church and her home on Thursday night of last week. Will the finder kindly leave it at her home and receive her thanks?

—Clyde Wolf, the 16-year-old son of John Wolf, of the township, accidentally shot himself through the fleshy part of the right hand with a .22-calibre rifle on Monday. He came to town and had the injury dressed by Dr. Morrow.

—George Childs and Pete Karus brought in two large wildcats as a result of a day's chase in the woods over on Hemlock creek last week. One they shot "on the wing" and the other they dog-treed. There is \$2 bounty on one of these varmints.

—C. W. Amster and J. F. Campbell have purchased the interests of their partners in the lumber plant at Loteta, on the T. V. R. R., and the new firm will be Amster & Campbell. They have a large tract of timber and one of the best equipped hand mills in this part of the state.

—The cow kicked the bucket over and spilled the milk, and if you do not get the Farm Journal 5 years, (all of 1900, 1901, 1902, 1903 and 1904), just by paying for the REPUBLICAN a year ahead, you will be like the cow. The Farm Journal is the biggest paper of its size in the United States of America.

—If breaking a pile of logs on the Wheeler & Dusenbury job on the headwaters of Queen creek, Hickory township, last Wednesday, John Hilliard had his left leg severely bruised by having it caught in the jam. Dr. Will Morrow attended him and thinks he will be able to be out again in a few days.

—No odds and ends are ever allowed to accumulate at Amster's grocery. The stock is kept fresh and the variety complete by putting prices down where the goods go out rapidly and new stocks take their place. Try him on anything in the grocery, fruit, vegetable, confectionary, tobacco or cigar line. Always up-to-date.

—By a recent decision handed down by the Supreme Court of the State, the opinion of Judge Lindsey of the Forest county court was sustained in the case of the Hamond Heirs against the Tionesta Gas Co., tried here a year ago last November. The gas company won the suit and the plaintiffs appealed to the Supreme Court, with the result mentioned.

—James Aharrah of Heath township was in Brookville on Monday, and told us that Abraham Bodenhorn hauled a stick of square timber for him to the Clarion river at Millstone last Thursday, with a team of 4-year-old colts, that measured 70 feet in length, 29x30 inches, and cubed 416 feet. The horses weighed 3,400. Big timber and big team.—Brookville Democrat.

—Geo. Corbin, whose residence is Tylersburg, and who has the contract of sawing for Landers & Wyman at their mill near Golensa, met with a severe injury last Friday. He was changing the guide when the wrench slipped allowing his right hand to come in contact with the saw, which clipped off the third finger at the middle joint, and the little finger between the first and second joints. Mr. Corbin is a married man.

—When we were boys a "licking" at school was seldom mentioned to parents because it was usually followed by a lambasting at home. Nowadays the teacher is confronted with a court trial for anything seldom more than a much needed spanking. Parents should remember that their rebuke to a teacher, except in a most glaring case of inefficiency or cruelty, is demoralizing to the pupil or an entire school, and is a false protection to their interests.

—According to the Kane Republican the Boer general, Joubert, fought under Stonewall Jackson, during the rebellion. He is an American by birth and at one time lived in Pennsylvania. He went to South Africa at the close of the war where he organized the Boer frontier police against the savage tribes, which constantly menaced their borders, finally rising in station until he became commander in chief of the military forces of the Transvaal republic.

—The ice in the river took a sudden and very unexpected notion to move itself on Monday evening, and about 7 o'clock began to crack and crumple as though it would raise considerable havoc. After running about an hour it again stopped, and at this writing lies quietly a crushed and pulverized mass on the bottom of the old Allegheny. It had frozen over only a week previous. Not nearly all our people had yet gotten their ice houses filled and some are on the anxious seat lest we have no more.

—Prof. C. Block, Swedish optician from Jamestown, N. Y., will be at Hotel Agnew, Thursday, Friday, Saturday and Sunday, Jan. 11, 12, 13 and 15. Will make a special examination of eyes, free. He will carry the latest instruments to test the eyes, and latest style of frames. New glasses put in old frames when so desired. Guarantees the best of satisfaction. Any glasses purchased from him can be exchanged inside of a year, free. Will stop at Tionesta regularly hereafter. Remember the days, Jan. 11, 12, 13 and 15.

—Major Frank H. Coose, former treasurer of Mercer county, is dead at Madison, Wis. He was born in Sandy Lake township April 24, 1838. During the civil war he was major in the Eighty-third Pennsylvania regiment, many of whose survivors reside in this section. He lost a leg in the battle before Fredricksburg. When he returned to Mercer county he was rewarded by being elected treasurer. After a few years in the oil business he went to Erie, where he was elected clerk of courts. He later went west. Six children survive. His brother is A. W. Coose, cashier of the Tidouste Savings bank.

—The Philadelphia Press Almanac for 1900 is now ready for distribution. To those acquainted with previous volumes it is only necessary to say that it embodies improvements suggested by the past, together with much entirely new and exclusive material. It is a volume of over five hundred pages filled with information which makes it related to the world's doings as an encyclopedia is related to all knowledge. No question based on the doings of men or the march of events can remain unanswered to those who possess the Press Almanac for 1900. For sale by all newsdealers or sent by mail, postage prepaid, on receipt of 25 cents.

—This is the "week of prayer," having begun on Sunday last and will continue till next Sunday. The occasion is generally observed throughout the United States as one of prayer and especial consecration. So far as is practicable the services in the various churches are uniform, the topics being suggested by the Evangelical Alliance for the United States, which acts in union with all other bodies of like nature. For the balance of the week the topics are: Wednesday, Jan. 10th, "Nations and Their Rulers;" Thursday, Jan. 11th, "Families and Schools;" Friday, Jan. 12th, "Foreign Missions;" Saturday, Jan. 13th, "Home Missions;" Sunday, Jan. 14th, sermons, "Christ and the Individual Members of the Church."

—The Commissioners in several of the Pennsylvania counties are preparing to make effective an act of the last Assembly that is expected to save considerable sums to the taxpayers in general. This statute has bearing upon one class of citizens who exonerate the payment of taxes through "exoneration," and others who are indebted to the counties for divers reasons. The statute authorizes Commissioners to withhold fees, mileage and other monies claimed by any persons indebted to their respective counties for fines, costs, damages or penalties remaining unpaid, and for taxes legally assessed by the proper authorities and not settled.

—A new idea in the celebration of Christmas was introduced by the Methodist church in Bradford. A complete oil derrick, 20 feet high, was rigged on the pulpit and was decorated with evergreens. Four small boys dressed as brownies and Santa Claus, represented the drilling crew and shooters. When Santa Claus arrived he held a conference with the crew and it was decided to shoot the well. A 40-quart shot was lowered to the bottom and one of the brownies dropped the go-devil. There was a rumble and explosion and the well began to flow all kinds of good things. Later more presents were brought up from the well by means of the baller. Jabez Rogerson was the originator of the novel entertainment.

—A horse belonging to Jacob Cropp, hitched in the shed back of Robison's store last Thursday afternoon, became frightened and tore himself loose. Like all runaway horses that have had no experience in such matters he took the most awkward and circuitous route to get out where he could show his speed. Tearing through the fence he ran up the hill back of Prothy Robertson's residence, taring down the clothes line, making a complete circuit of the house and then scaling the picket fence with the sleigh attached, and scarcely leaving a mark, though the sleigh was considerably full of wood. The animal was caught as he started up Elm street, little the worse for his fool-hardiness, but he had marked out a fairly good race track around Mr. K's house.

—C. M. Arner & Son, who are just now doing a nice business in the real estate line, have a number of very desirable properties on their list, among which is a thirty acre piece on the West Side, known as the Hunter homestead, located above the depot. This property has an unlimited supply of shale, which has been thoroughly tested and found to be among the very finest for making the celebrated Bradford brick. Another piece contains 70 acres of farmland near the above; also a one-acre landing and mill site. The hill field opposite Tionesta, 135 acres, is also for sale. The firm has also a very good 60-acre farm in Hickory Twp., 35 acres improved, good buildings and nice orchard. It will pay you to consult the Messrs. Arner, for they have a number of excellent houses and lots in the borough most of which are positive bargains.

—The farm-ra of the United States have long needed a good work on Swine, a practical, concise and common-sense book without any padding or humbug about it. They have it in form of No. 5 of the Biggie Books called Biggie Swine Book. It is profusely illustrated with photographs direct from life of the different breeds of hogs, etc., etc. Much attention is given to western and eastern practices, in diseases of hogs, especially to cholera, to feeding, breeding, butchering and the carving of meats for home use and market. There are 144 pages printed on the best paper and bound handsomely in cloth. Some breeders have thought it was not possible to make a good photograph of a hog, but the score or more of handsome engravings made directly from photographs will go far to dispell this illusion. All the leading breeds are shown and briefly discussed in the text. See announcement of this and other Biggie Books in another column of this paper. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

—Liveryman Canfield got a new passenger bus from Pleasantville one day last week; that is to say, it was as good as new when the boys started with it to drive across the country, but when it arrived here it "wasn't in the best of shape, love." The rig, which is mounted on runners, is equipped with an apparatus for generating heat, and which fires with gasoline. On the way over the boys concluded they would see how the machinery would work, so they fired it up. Being unfamiliar with gasoline fires they didn't somehow or other get it started right, and before they were aware of it—in fact, very much before they knew it—the blamed thing "let go," as they say in nitro-glycerine explosions, and then the bus wasn't so handsome, and for a time it looked as though the whole outfit might as well be abandoned right there and then. As for the drivers they looked as though they had been fished out of a coal mine after an explosion of fire-damp, when they arrived in town. But the rig has been put in ship-shape again, and will afford much comfort to passengers going to and from the railroad station in cold weather.

—James H. Dooley, Esq., of one Warren's well known attorneys, and who has many acquaintances in this county, died last Saturday morning from the effects of an accident which befell him Friday forenoon. While crossing the street he was struck and knocked down by a horse. The physician who examined him could discover no serious injuries and it was thought he would be able to be around as usual in a few days. It is thought he was injured internally.

—Mrs. Mary Jane Rayhorn, wife of Frank Rayhorn, died at her home near West Hickory, Pa., on last Wednesday. For quite a while Mrs. Rayhorn has been a great sufferer and only a few weeks ago underwent an operation in Buffalo. The funeral services were held in the M. E. church, West Hickory, on Friday, conducted by Rev. J. V. McAninch. The interment took place in the new cemetery at that place. Deceased was aged 46 years, 6 months and 6 days, and leaves, besides the husband, two daughters and four sons.

—Dr. J. E. Lacey, the veterinarian, who is well known to horsemen of this section, met with a painful accident Saturday evening last, says the Titusville Courier. He slipped and fell on West Spring street and so badly wrenched his right knee that it is swollen to twice its natural size. A cane which the gentleman had hanging on his right arm by a natural crook handle, became entangled between his legs as he fell and the end of the handle tore open the wound caused by the bite of a horse, which had healed nicely and the result may be serious. Dr. Lacey had to be taken home in a carriage but was able to be out yesterday.

—The death of Earl, the ten-year-old son of F. M. Hotchkiss of the borough, under sad and rather peculiar circumstances, occurred on Thursday evening of last week at 4 o'clock. The boy had been coasting some days previous and was struck on the shin by a passing sled, but no serious results were anticipated though the child was suffering considerably from the injury when a physician was called, who pronounced it a case of blood-poison. The lad was beyond recovery and died a short time afterwards. After death the leg was lanced and it was found a mass of puss had formed around the injured part. The funeral took place last Saturday, Rev. C. C. Rumberger officiating, the remains being interred in Riverside cemetery.

You and Your Family.

Undoubtedly the largest and best entertained assembly that has ever gathered for such an occasion was present to witness the joint installation of officers of the Stow Post and Stow Relief Corps, at A. O. U. W. hall last Wednesday evening. The Corps ladies were first on the list to install their newly elected officials. Mrs. Suse M. Sharpe very gracefully presided as installing officer, and the interesting exercises of inducting the new officials into their respective stations was carried out with the usual elegance and precision of this efficient and flourishing Corps. The G. A. R. "boys" were next to take the floor, and Past Commander Capt. Knox conducted the installation, and the grizzled and bent veterans, while not as precise and accurate as they once were on dress parade, still show marks of their military training, and are as obedient to command as ever. They finished in good order and were ready for the bountiful spread which the ladies had for the occasion and which, as on all former events, was one of the real features of the evening. Many after-supper speeches were called for and a few responded, most of which were liberally applauded and sandwiched with delightful music. The old army song by Comrade Dunt, a veteran of the civil unpleasantness, and father of our worthy townsman Dr. Dunn, was received with tremendous applause. Mrs. Palmer's selections on the organ and violin were features of the evening's enjoyment which were repeatedly encored. It was past midnight before the large assemblage would consent to disperse, and it was pretty nearly the unanimous opinion that this was the most successful as well as pleasant gathering in the history of these kindred orders. Following is the list of the newly installed officers:

POST.
Commander, C. A. Hill; Sr. V. Com., H. E. Smith; Jr. V. Com., R. B. Crawford; Adj., J. W. McGraw; Surgeon, S. J. Setley; Chaplain, G. W. Robinson; Q. M., S. D. Irwin; O. D., J. B. Eden; O. G., S. C. Johnston; Sergt. Maj., Lyman Cook; Sentinel, S. Fitzgerald.

CORPS.
President, Mrs. L. Agnew; Sr. Vice President, Mrs. Annie Grove; Jr. Vice President, Mrs. Anna Propper; Treasurer, Mrs. J. B. Agnew; Secretary, Mrs. Kate B. Craig; Chaplain, Mrs. J. W. Morrow; Conductor, Mrs. Emma Hunter; Assistant Conductor, Mrs. W. E. Morgan; Guard, Mrs. Wm. Thompson; Assistant Guard, Mrs. J. C. Donn; Color Bearers, Mrs. K. C. Heath, Miss Maude Dennis, Mrs. L. Fulton, Mrs. Charles Clark.

MARRIED.
WHALEY LEDEBUR—At Olean, N. Y., Dec. 23, 1900, by Rev. W. C. Wilbor, Mr. Edward W. Whaley of Endeavor, Pa., and Miss Amanda Ledebur, of Tionesta, Pa.

A Style That Stands for Comfort.

The double breasted Reefers Overcoat is the style of greatest satisfaction for a lively boy. It is short enough to let him run with complete freedom. Its big collar may be turned up to protect his ears, or coldest, stormiest days. Its numerous pockets both serve to keep his hands warm and to carry boyish necessities.

In a word, it is the coat of choice for comfort during the cold, stormy weather that is here and that is coming.

You may buy this style almost anywhere—but is it wise to? There's the rub. Is it wise to trust to luck for quality? Anyway it is unnecessary. There is no element of chance in a purchase at our Boys' Clothing Department.

\$5.00.
Chinchilla Reefers, lighter weight than a reefer, but just as comfortable for a winter coat. We have three qualities.
\$3, \$4 and \$5.
FREE—With every Boy's Reeper, a pair of Barney & Berry's Club Skates, and in addition we'll keep his clothes in repair, free, for one year.
