THE FOREST REPUBLICAN

J. E. WENR. - EDITOR & PROPRIETOR. WEDNESDAY, JANUARY 31 1900.

THE December Treasury surplus was \$7,618,000. Even with a war in progress the Republican Administration fall into the habit of declairing surpluses.

THE straight road to Ladysmith was impracticable for suffer, and it remains to be seen if the roundabout route will not be obstructe! in the same manner.

SILVER Republicans show a disposition to be Republicans hereafter, without the prefix. The lesson of Republican success is national prosperity and progress.

Is order to conceal heavy expenditures for war material the Transvaal Republic rick Jo, ce. hid the items under other headings in its budget. The Boer trap caught the "red necks" with the usual facility.

GEN. Ours is rounding up the remaining bands of hostiles rapidly. Many rifles have been captured lately and rebel stores destroyed. The guerrilla stage is not as tro. blesome as was expected,

As Col. Warson expres es it, "the country is in a state of helpless prosperity;" and so the Democratic captains are traversing the land in the painful endeavor of trying to find a place whereon to

NUMEROUS Louisana planters are coming out in favor of Republican politics. If all the Southerners who believe the Republican position to be right and best make them el-es known there will be consternation in the Democratic camp.

SINCE Mr. Bryan's last expansion hedge, the Indianapolis Journal says that one cannot fail to notice that a number of Democrats, including Mr. Bryan, are getting as near the Republican policy with reference to the Phi ippines as they can and still be against it.

EX-PRESIDENT CLEVELAND writes that he can find no evidense to support the claim that "Jacksonian Democracy sanctions the degradation of the people's currency." And so Mr. Cleveland differs from Mr. Bryan, who contends that both Jackson and Jefferson were in reality Populists.

MANUFACTURERS and their employes must have been extremely busy during the year 1899. They increased their importations of raw material for use in manufacturing 33 per cent, over the busy year of 1898 and 65 per cent, over the last 1 year. year under the Wilson law, while exports of manufactures increased 23 per cent. over last year and 50 per cent, over the last year of the Wilson law.

MR. BRYAN cheerfully announces wherever he goes that the silver question is just as important as ever and is not to son. be abandoned. This will be interesting news to that Mine Workers Association Gorman. whose national convention at Indi napolis the other day tabled a free-coinage son. resolution amid cries of We want no 16 to 1," and will also strike the average laboring man as somewhat abourd in view of the 1896 statements, and the prosperity Nash. which has followed the ejection of the silver panacea offered at that time.

EVERY report of Bradstreet's and Dun's is a confirmation of the statements that our industries are all prosperous and upon a stable basis. Farmers are paying off their mortgages in millions of dollars, and are no longer anxious to abandon their farms and move away. Farm property is gradually but surely rising in value. There is no longer a glut in the markets for manufactures, and factories are voluntarily raising the wages of their workmen all over the country. The party of calamity and opposition and hard times finds itself in sore straits for any reasonable issue to ask voters to rally be-

Ex-Gov, CHURCHILL of Arkansas recently declared himself emphatically for expansion, and warned the Democratic party, to which he belongs, that it is folly to war against an accomplished fact. "I am a loyal Democrat," he said, "but an American citizen and I stand by the flag and the soldier who is fighting for it. Expansion is a Democratic decirine and we cannot honorably recede from it. I do not see for my life how any Southern man can take any position other than for expan-ion, 'Imperialism' means nothing and is simply used to scare the ignorant. Our flag is planted in the Philippines and no one is going to haul it down; there it will remain as a beacon light to all Asiate nations.

In his determination to wage war upon the Filipino insurgents, so long as they are in armed rebellion against the authority of the United States, the President is discharging an imperitive duty and is doing only what any other man in his place, Republican or Democrat, would be compelled to do. Should be abandon the islands as Edward Atkinson and ex-Gov. Bootwell demand, the nation would be disgraced in our own and in the eyes of the world. Nor can the President legally hold out to the insurgen s Mr. Bryan's "independence under a protectorate," for no President . as the right or power to promise the surrender of a foot of territory which has passed under the soverignty of the republic.

THE attack upon Secretary Gage, entered upon with such a righteous flourish of out-raged Democratic trumpets, has subsided into something that has very much the appearance of a farce. It was boped by the Democratic wailers to expose a great Administration scandal in to prosecute against the prisoners that are calling for an explanation of the trans- or shall be in the jail of Forest County, that actions between the Secretary of the they may be then and there to prosecute against them as shall be just. J. W. JAMIESON, [L.s.] Sheriff. satisfactory report of the transaction has left nothing for the Democrats to ask. The yellow journals and those smaller Democratic papers which took up the ery against the Administration are now backing off from their position as gracefully as they can. The utter weakness of the charges was shown in Congress when Mr. Richardson, the Democratic leader in the House, took up the question of the sale by Mr. Gage of the New York cusswared by Mr Hanking that the sub-

The Spring Election

Following is a list of the officers nominated by the Republicans in the different townships so far as we have been able to ascertain. It seems to be the disposition of a number of our voters to pay little attention to the spring elections and this is where they make a grevious error. If you are a Republican, it is your duty as a partisan o put forth every effort to elect a straight Republican ticket at every election, and especially at the spring election, for from the small'things come the great. So turn out and hustle and see that your neighbor turns out with you and make the party vote as large as you
