TO BRING PEACE.

UNITED STATES MAY HAVE OFFERED TO MEDIATE.

President Kruger, Through Consuls, Appealed For the . Intervention of the Great Powers, Also Belgium, Holland

and Switzerland-Germany Refused.

WASHINGTON, March 13.-There is reason to believe that the United States government is using its good offices to restore peace between Great Britain and the South African republies. This has not taken the shape of a proffer of mediation. That would be distinctly repugnant to Great Britain, and, according to the rule of international law which has, without exception, governed the state | cd to invite the intervention of the powdepartment in the past, could not be volunteered by us until it was known to be acceptable to both parties to the war.

But the United States might very properly serve as an intermediary to transmit an appeal for peace and the terms upon which peace can be secured. The United States has successfully served in this capacity in the past, notably in the termination of the China-Japanese war, and it is believed its good offices in this line are now being extended. If this belief is well founded, then Adelbert Hay, United States consul to Pretoria, has been the instrument for transmitting to the British government, through the double intervention of the department of state and Ambassador Choate, an application from Presidents Kruger and Steyn to be informed as to the terms upon which the war can be ended. The facts in the case will be fully developed in a day or two.

Lord Pauncefote called at the state department and spent about half an hour with Secretary Hay. If he was made acquainted with the tenor of any communications relative to peace that may have come from Pretoria he gave no sign of the fact. The officials of the department also maintained a reserve respecting this subject that was impenetrable and all that could be obtained from them was an injunction to await the developments of the 24 hours. It is surmised from this that the department is restrained from discussing the subject by a regard for the diplomatic proprieties, and especially because of the requirement that the person to whom a note is addressed should be permitted to receive it before its substance is made public. In such case, presuming that Mr. Choate received a note Monday, it is probable that he would not be able to inform the state department that he had delivered it to Lord Salisbury before

THE HAGUE, March 13. - It was learned from a reliable source that President Kruger, through the consuls at Pretoria, appealed for the intervention of the great powers in the Transvaal ernments of Belgium, Holland and Switzerland.

DURBAN, March 13.-The Transvaal having appealed to Germany for mediation or intervention in the war with Great Britain, Germany replied that she declined to interfere, as she was in no way concerned in the conflict.

THE BOERS RESISTED

IN STUBBORN FIGHT.

Driven From Their Center Position Driefontein - Both Sides Sof-DRIEFONTEIN, Orange Free State,

March 12.—Broadwood's cavalry brigade, adv: n ing on Bloemfontein, unexpectedly found the Boers in a strong position in the Driefontein kopjes. General Kelly-Kenny's division arriving, severe fighting ensued. The Boers resisted stubbornly, but were driven from their center position, leaving a number of dead and 40 prisoners. The British force is moving forward.

During the fighting, in which five regiments took part, with artillery, the Boers, though forced from their center position, elung tenaciously to the other kopjes, shelling the British freely with three guns and two Vickers-Maxims.

The British cavalry began to turn the Boer position, but night fell before the movement was completed. The Boers retired during the night. A large number of Australians were

engaged. The First Australian horse brigade, with the Scots Greys, advanced within 800 yards of the Boers under heavy fire. The New South Wales mounted in-

fantry joined in the pursuit of the Boers nothward. LONDON, March 12 .- A dispatch to

the war office from Lord Roberts, dated Driefontein, March 11, 7:45 a. m., contained the following: "The enemy opposed us throughout

yesterday's march, and from their intimate knowledge of the country gave us considerable trouble. Owing, however, to the admirable conduct of the troops the enemy were unable to prevent us reaching our destination. The brunt of the fighting fell on General Kelly-Kenny's divisions, two battalions of which, the Welsh and Essex, turned the Boers out of two strong positions at the point of the bayonet."

Another dispatch to the war office from Lord Roberts, dated Driefonteien, March 11, 9:55 a. m., contained the following:

"I cannot get the precise number of casualties before I march, but will communicate it as soon as possible. The Boers suffered heavily, 102 of their dead being left on the ground. We captured about 20 prisoners.

"Among the killed are Captain Eustace, of the Buffs; Captain Lomax of the Welsh regiment, and Mr. McCartie, retired Indian civilian attached to Kitchener's horse.

"Among the wounded are: "Buffs-Colonel Hickson, leg, severe; Lieutenant Ronald.

"Welsh regiment-Lieutenant Torkington, Pope, Wimberley, "Essex regiment-Captain Broadinterment.

PEACE PROPOSALS OF BOERS.

They Demand Independence and Amnesty For Colonial Rebels. LONDON, March 12.-The Daily Mail has received the following dispatch from Pretoria, dated Saturday, March 10, and

vensored by the Boer government:

President Kruger and President Steyn have wired to Lord Salisbury peace proposals on condition that the independence of the two republics be restored and the rebel colonials amnestied. Yesterday the foreign consuls were

called into conference and were requesters they represented, in order to prevent further bloodshed.

RIVAL FACTIONS ARMED.

Democrats Organizing State Militia In Kentucky-Republican Militia Gathered.

FRANKFORT, Ky., March 12 .- #. move on the part of Governor Beekham's followers toward the formation of a state guard under his administration, was taken here, when City Clerk Ben Mayshall circulated a paper and enlisted the requisite number of men who are to compose a new company. The guns for this company were provided by citizens here, most of them being either needle guns or Winchesters.

A report gained currency that Governor Taylor had given his soldiers orders to arrest Governor Beckham and other officers of the Democratic state government. On account of this report the men enlisted by Captain Marshall were assembled at the city hall, armed and sworn in as special police for the purpose of protecting the Democratic officers who were quartered at the Capitol hotel.

A large number of citizens also volunteered and were assigned to various posts in the vicinity of the hotel to offer a resistance in case the talked of arrests were attempted. Governor Taylor's sol diers, who were on guard at the state house, were reinforced by the arrival of the Barbourville company of 71 men, all of whom are fully armed and equipped. The Pineville and London companies were expected.

Governor Beckham appointed Colonel David R. Murray, of Clover Point, assistant adjutant general, with the rank of colonel, and he was sworn in.

The official announcement was made that this appointment was only temporary. This was regarded as significant, it being understood that Colonel Murray accepted the appointment on account of the gravity of the present situation and with the understanding war and has also appealed to the govin the state became more quiet. Caleb Powers, the Republican secre

tary of state of Kentucky, and Captain Davis, of Frankfort, were arrested at Lexington, after a sensational flight from the state capitol. They are charged with being accessory to to the assassination of Goebel. The civil officers at Frankfort had attempted to arrest the men during the day, but were denied access to the executive building by the troops, under the orders of Governor

VICTIMS OF FIRE.

A Suspected Incendiary Under Arrest. For Blaze in Newark (N. J.) Tenement.

New York, March 13 .- Fourteen persons lost their lives, two persons were seriously injured and many others slightly burned in a fire in a tenement house in Newark, N. J. The firemen, after the flames had been subdued, took 13 bodies from the ruins and, while they were thus engaged, another victim of the fire died in the city hospital. One family was wiped out completely and of another only the father lives, and he is in the city hospital, where it is believed he will die.

The police are confident that the fire was of incendiary origin, and they have arrested Vito Credanza on suspicion.

FUNERAL OF PHELPS.

Dr. Timothy Dwight Delivered the Address-Yale Men Acted as Pallbearers.

NEW HAVEN, Conn., March 12 .- Funeral services for the late Edward J. Phelps, ex-minister to England, were held in Battel Chapel. Dr. Timothy Dwight delivered the funeral address. The college choir sang two hymns, "Lead, Kindly Light" and "Abide With Me."

The plain black coffin was carried into the chapel on the shoulders of eight seniors, members of the Wolf's Head fraternity, of which Professor Phelps was an honorary member.

CONDUCTING TOPEKA CAPITAL AS HE BELIEVES WOULD CHRIST.

His Leader As nonneed His Desire to Conduct the Paper to the Glory of the Heavenly Father-Advertising Matter pay, said in part: Carefully Censored.

TOPEKA, Kan., March 13.-The first ssue of the Topeka Capital, came out this morning, under the editorial and business control of the Rev. Charles M. Sheldon, who is running the paper as he believes would Jesus. In his editorial leader, Rev. Mr. Shel-

don made this announcement: "The main purpose of the parer

seek first the kingdom of God." He declared that "The Capital during this time will be a newspaper," the word "news" being defined by Mr. Sheldon as anything in the way of current events that the public ought to know for its moral and spiritual development. The paper will be ab olutely non-partisan and partisan political news

will be given scant notice. All editorial and important local mat ter will be signed by the writers. There will be no Sanday paper, but, instead, a Saturday evening paper suitable for Sunday reading. His leader concluded

"May God bless the uce of this paper to the glory of His kingdom

Editor Sheldon went to the office about 8:30 o'clock Monday morning and was on duty until the paper went to press at about 3 o'clock this morning. At about 10 o'clock he had a conference with the correspondents for Eastern papers, and promised to meet them each evening at 7:30 o'clock and give out certain information concerning his work. At about 11 o'clock he had met the local force of the paper and gave out the assignments for the day.

A page was devoted to local news and the leading features in today's issue were reports of a temperance revival and an anti-cigarette meeting. Mr. Sheldon instructed the police reporter that in case of a murder or other crime to write a bare statement of the facts, If he had the space to spare, instead of filling up with the usual details he would go into a discussion of the causes leading up to the crime.

During the conference the sporting editor remarked that there would be a contest at the Y. M. C. A. rooms to-

"I think," said Mr. Sheldon, "that that is a good clean sport. You may print it.

The dramatic editor asked instructions about theatres. "We shall not want anything of that

kind," Mr. Sheldon said. One page was reserved for telegraphic news which ordinarily occupies about three times that space. The Associated

Press report was necessarily "blue pen-

ciled" with a vengeance. The market reports were cut from four columns to one. All quotations on stocks and bonds, giving options and other matter involving transactions in futures, were consigned to the waste basket, and only the actual cash prices of grain, produce, etc., were quoted.

A notable feature of the paper was the method of handling advertisements. They were banished from the news and editorial pages and were bunched in places reserved for them. The censorship here was even more rigorous than in the news columns, and a large quantity of this class of matter was cut out, including all relating to patent medicines. The familiar corset advertisements of the magazines, unaccompanied by cuts, sought in vain for space. No retail advertisements from Kansas City or other out-of-town tradesmen were accepted, Mr. Sheldon holding that this would be an injustice to home mer-

chants. The \$20 suit of clothes for \$14.75 style of advertising was also barred. The Capital appeared with a radical change in style and make-up. Practi-

HESITATION IN TRADE.

Dun's Review Said It Was Not Necessarily Disheartening-Strikes Effect Some Industries.

Co.'s weekly review of trade issued to-A certain hesitation in business with shrinkage in its volume is not unusual or unnatural at this season. It is not necessarily disheartening, therefore, if business is no longer as larga in volume as ever, but falls behind that on February or January or that of the corresponding week last year. Strikes in building trades or of machinists and others at Chicago affect many industries and the wages of 50,000 hands. The remarkable rise in cotton has apparently will be to influence its readers to met the expected reaction which tends for the time to repress business. A few great corporations are striving to hold prices without regard to present demand, hoping that the needs of the con

sumers may prevent reaction and re

new the rise of last year. Wide differ

ences of opinion also exist regarding

the effect of monetary action by con The output of iron furnaces March i was 292,643 tons weekly, against 298,014 Feb. 1, and unsold stocks increased 35, 516 tons in February, making consumption 40,921 tons daily, against 41,642 tons in January. Temporary stoppage of four furnaces near Pittsburg, by a strike, and the reduction of output by many furnaces in blast, perhaps in part desired and in part the effect of scarcity of coke, have supported prices of pig and of finished products, the only change is a slight decline in plates. Much business is evidently deferred just now be cause of doubt regarding future prices. Connellsville coke ovens are producing 219,221 tons weekly, with 200 more ovens soon to be added, but coke is hard to

get, even at \$3.50 for furnace. Estimates of wheat in farmers' hands March 1, 164,000,000 bushels, according to the American Agriculturist, do not indicate a lack of supply this year, for, with 54,000,000 bushels in visible stocks, there is in sight nearly as much as a year ago, when foreign demands were extraordinary, and yet the crop year ended with over 33,000,000 bushels in visible supply. This year net exports in seven months, flour included, have been 111,221,835 bushels, against 149,916,407 last year, and in February enough to make about 125,000,000 bushels, against 168,000,000 last year, with no indications of a future foreign demand approaching that of last year from March 1 to July 1. Returns as to condition of winter wheat are also satisfactory. But of late prices have been very low, and have advanced this week nearly 3 cents for spot and 1 cent for May options.

London wool sales, so long awaited by speculators here to lift up prices again, opened with a severe decline of % to 10 per cent, causing such disappointment that much selling is likely, especially as muanufacturers who have held out of the market for some months have still too large stocks of wool and too uncertain a market for goods to be in haste. Prices had previously declined a little here, but with some transactions. The business in goods, though less active than has been expected, has been at fairly steady prices as yet.

Failures last week were in amount \$3,482,827, manufacturing \$1,118,651, and trading \$2.161.211.

Failures for the week were 205 in th United States, against 182 last year, and 33 in Canada, against 37 last year.
