GOEBEL'S ASSASSIN.

CAMPBELL SAID 3,000 WERE NEEDED TO CAPTURE HIM.

Declared He Was in a Certain County in Eastern Kentucky—Present Officials and Ex-State Officials Concerned in the Conspiracy. CINCINNATI, March 20.—Mr. T. C. Campbell, who has been employed by the brothers of the late William Goebel to assist in the prosecution of the assassin of Mr. Goebel, was here, fresh from a conference with his associates, held at Lexington. In conversation, Mr. Campbell was unwilling to disclose the story of his case, but he said that, so far as was now known, the assassin was not yet arrested. He added that the assassin would be arrested whenever a force of 3,000 armed men could be had to go to a certain county in eastern Kentucky. He said further that the attorneys for the Commonwealth claim to have proof to establish a conspiracy for the assassination, but he made the assertion that this conspiracy was not charged against the Republican leaders, but against what is known as the "anti Goebel party." He further said it includes men who were officials prior to the late election, and men who thought they became officials after the late election.

DECIDED AGAINST TRUST.

United States Supreme Court Declared Oil Company Must Obey the Texas Laws.

WASHINGTON, March 20.—In the United States supreme court an opinion was handed down in the case of the Waters-Pierce Oil company, involving its right to do business in the state of Texas, contrary to the provisions of the state anti-trust laws of 1889 and 1895. It was charged, among other things, that the Waters-Pierce company was a member of the Standard Oil trust, as organized in 1882, and various other allegations were made, but the court did not enter upon a general discussion of trusts, contenting itself with a discussion of the Texas law, as applicable in this case. The opinion sustained the decisions of the state courts to the extent of affirming them, and was thus opposed to the contentions of the oil company, but it did not go so far as to say that the state laws imposed a condition which the oil company had accepted, and hence was without ground of complaint.

CHINESE AGITATION.

Reports of Anti-Foreign Demonstrations Exaggerated, Say Officials at Washington.

WASHINGTON, March 20.—Admiral Watson has not yet advised the navy department of the name of the vessel selected to proceed from Manila to Yaku, in accordance with the request of the state department that a ship be sent to China to safeguard American interests. It is said at the state department that the extent of the agitation in China has been very much exaggerated. It is asserted that as a matter of fact there is no more disturbance in China now, as a whole, than at any time during the past 20 years. But the concentration of the world's attention upon the Flowery Kingdom has had the effect of magnifying little troubles in the various provinces out of all proportion to their real importance and significance. That is said to be true as to this last demonstration by the "boxers," a secret society of anti-foreign tendencies.

M'KINLEY AS PROFESSOR.

To Be Member of American University Faculty, After Leaving the White House.

MILVILLE, N. J., March 20.—Bishop Hurst in his sermon at the opening of the session of the New Jersey M. E. conference, in speaking of the American university at Washington said that President McKinley would, at the conclusion of his service as a public officer, accept the position of professor of international law at the university.

1,000,000 TO EQUIP SOLDIERS.

War Department to Ship Goods to Men in Philippines.

WASHINGTON, March 20.—Colonel Patton, of the quartermaster general's office, completed arrangements for the shipment of about \$1,000,000 worth of clothing and equipment to Manila for the use of the troops in the Philippines during the next six months.

These shipments will be made by way of New York and San Francisco by the first available transports, and are in response to cabled requisitions from Colonel Miller, the depot quartermaster at Manila.

Colonel Wallace Dead. WASHINGTON, March 15.—The war department was informed of the death, at Fort Huachuca, A. T., of Colonel Robert B. Wallace (first lieutenant Second cavalry), commanding the Thirty-seventh volunteer infantry. He was severely wounded in the action at Calocan, Luzon, Feb. 10, 1899. He was at Fort Huachuca, A. T., on sick leave when he died.

Captain Nicholson Dead. DETROIT, March 19.—Captain Joseph Nicholson, for 21 years warden of the Detroit house of correction, died here.

GALUSHA A. GROW BETTER.

The Aged Congressman Lying Ill of Facial Erysipelas, at a Washington Hotel.

WASHINGTON, March 19.—The condition of Representative Galusha A. Grow, of Pennsylvania, is improved. Considerable alarm had been felt regarding his condition, but his physicians announce with much satisfaction that the ailment is yielding to treatment and Mr. Grow's prospects for full recovery are excellent. A report circulated that the physician had given up hope, was without warrant or foundation.

Mr. Grow was taken sick last Tuesday and the trouble, erysipelas, developed very rapidly. His face is badly swollen and inflamed, and the disease threatened to get beyond control. His attending physician, Dr. Sowers, became alarmed, and called into consultation Dr. W. W. Johnston. It was decided to test the virtue of antitoxin, and an injection of that remedy was made. There was apparent improvement in the condition of the distinguished patient. Another injection of antitoxin was administered, and the result was very gratifying. Dr. Sowers announced that

GALUSHA A. GROW.

the disease was yielding very perceptibly to the treatment, and he had every reason to hope for Mr. Grow's recovery.

Mr. Grow is in his 77th year, but aside from his present trouble, is as vigorous as a white oak. He is tall and straight as a pine, and in the fullest possession of all his faculties. His voice is strong and resonant, and a short time ago he made an hour's speech in the house without the slightest fatigue. It is believed that he will throw off his present indisposition and enter the campaign for renomination and reelection with his usual vigor.

THE NATIVES ARMED BY COL. BADEN-POWELL.

Did So Because He Said Boers Bombarded Stadt, in Which Were Women and Children.

LORENZO MARQUES, March 19.—A dispatch from Mafeking, dated Saturday, March 10, said: "The garrison is holding its own. We have heard numerous rumors that the siege will be raised, but so far that is not the case. We are pegging along patiently on quarter rations, supplemented by the occasional capture of cattle. "Our home made gun erratically bombards the Boer trenches. Horrible stories are current that the Boers are inflicting nameless tortures upon captured runners. These may not be true, but they are tending to inflame native passions to such an extent that it may soon be impossible to hold the natives in check. "Owing to the Boers having deliberately bombarded the native Stadt, which is full of women and children, Colonel Baden Powell has armed the natives, but he has only allowed them to act on the defensive, although they have clamored to be allowed to go out and attack at the point of the assegai. "They will be prevented as long as possible from inflicting reprisals on the Boers."

BOERS LAY DOWN ARMS.

Report Transmitted by Roberts—Mafeking Reported All Well on March 16.

LONDON, March 19.—The war office received a dispatch from Field Marshal Roberts, dated Bloemfontein, Sunday, March 18: "The guards brigade returned yesterday from Nordsburg Point. Several burghers have laid down their arms to General Pole-Carew at Elenberg and elsewhere. "Two ambulances were narrowly averted recently; small traveling parties are attacked; single travelers frequently disappear or are found dead. "Spaniards and Filipinos who are converts to the Tagalo character unite in asserting that Aguinaldo's capture would terminate the revolution. Three months have passed since he was actively pursued. "Today will sail the expedition to garrison the ports of Northern Mindanao. It will be accompanied by the gunboats Manila and Yorktown. "The expedition will take the Fortieth volunteer regiment for the Camarines. If more troops are needed the Thirty-first regiment, now in southern Mindanao, and the Twenty-third regiment, now in Jolo, are available.

RAIL LAID ACROSS TRACK.

Attempt Made to Wreck Train on the Lake Shore.

CLEVELAND, March 19.—An attempt was made to wreck the Lake Shore fast mail westbound, at Olmsted Falls, about 20 miles west of here. A rail had been laid across the track. The engineer saw the obstruction in time to apply the air brakes. "The front wheels of the locomotive struck the rail, but the engine remained on the track. The engineer says he saw three men run away from the spot where the obstruction had been placed.

OVER 4,000 CASUALTIES.

Admitted by the Boers, Prior to the Relief of Kimberley and Ladysmith.

PRETORIA, March 19.—The chief of the intelligence department, Molengraaf, announced that the federal losses, prior to the relief of Kimberley and Ladysmith were: Killed, 677; wounded, 3,129. Accidents, sickness and other disabling causes, he asserts, bring the total to 4,351.

THE REBELS ACTIVE.

LANDING ARMS IN LUZON—AGUINALDO'S CAPTURE NEEDED.

Spantiards and Others Who Know, Say It Would Stop the Agitation—Mafeking Kept From the Public—Insurrectionists Active—Flores Trusts Americans.

MANILA, March 19.—General Otis considers Manila the most troublesome center in the situation. The insurgent junta here, in conjunction with that in Hongkong, is growing active. The military authorities have been forced to put a stop to Mabini's intercourse with the public. The local and foreign press considers his recent utterances calculated to incite the Filipinos to a continued revolt and prejudicial to American control.

Flores, who has just arrived here, says he comes trusting to American leniency, and that he would not yet dare come to Manila if Spain were yet in control. He cherishes the hopes and aspirations which actuated his when in the field, and desires to watch congressional action upon the question of the Philippines. The insurgents, he says, do not expect to vanquish the Americans, but are maintaining a resistance with the idea of forcing congress to accord them the best possible terms.

A number of representative insurgent leaders from different parts of Luzon have recently been in conference in Manila. Some have been placed under arrest, but the others thus far have not been interfered with.

Louis Spitzel, head of the firm of Louis Spitzel & Co., contractors to the Chinese government, and himself a suspected filibuster, came from Hongkong to Manila last week, and was temporarily detained in custody on suspicion. It is asserted upon good authority that three loads of arms and ammunition have recently been landed on the east coast of Luzon. Captain Taylor, of the Thirty-ninth regiment, recently captured twelve new Mausers near Calamba.

Reports are current here of active rebel reorganization in the province of Morong, where the insurgent leaders are said to be assisted by prominent Spanish residents.

Inhabitants of this province who are now in Manila have been advised not to return to their homes, but to remain under the protection of the Americans.

It is also reported that the rebels are reorganizing in the province of Zambales, under Mascardo. Brigands are committing atrocities in the province of Nueva Ecija, where they have murdered 20 natives and Chinese. Eight other murders have been committed near Tarlac. The Nueva Ecija insurgents are heavily taxing local traders and farmers, with the result that business is paralyzed and there is a general scarcity of food.

The funds for maintaining this guerrilla warfare are collected from the various towns of the island, whether occupied by the Americans or not, even including Manila.

In the province of Albay the insurgents have ceased harassing the Americans, owing, it is reported, to a lack of ammunition, but they continue ravaging the country side, robbing and looting. The natives are tiring of this sort of thing and threaten to turn against the marauders. Already the townspeople of Legaspi, Albay and Donzol are slowly returning to their homes.

Major Allen, of the 43rd regiment, has been appointed military governor of the island of Samar, where Lukhan, the former leader of the rebels in that local city, is still in the mountains.

General Kobbé has opened 20 ports in the southern part of Luzon and in the islands of Samar and Leyte, the result of which is to stimulate trade there, although only temporarily, as the country opened is non-productive and apparently non-consuming. Owing to the political conditions of the last 12 months, products accumulated during the blockade. These will be shipped to Manila and then the ports will be empty.

Evidence accumulates of the treason and perfidy of the municipal presidents in the provinces of General MacArthur's district. The presidents of several towns in Lepanto and Union provinces have declined to continue in their positions, saying they do not desire any further identification with the Americans.

Travel between the towns garrisoned by the Americans is becoming more dangerous. All wagon trains must be escorted by heavy guards in order to insure their safety.

Two ambulances were narrowly averted recently; small traveling parties are attacked; single travelers frequently disappear or are found dead. "Spaniards and Filipinos who are converts to the Tagalo character unite in asserting that Aguinaldo's capture would terminate the revolution. Three months have passed since he was actively pursued.

Today will sail the expedition to garrison the ports of Northern Mindanao. It will be accompanied by the gunboats Manila and Yorktown. "The expedition will take the Fortieth volunteer regiment for the Camarines. If more troops are needed the Thirty-first regiment, now in southern Mindanao, and the Twenty-third regiment, now in Jolo, are available.

TRADE NOT AFFECTED.

Influence of Monetary Act on Business Not Yet Noticeable, Said Dun's Review.

NEW YORK, March 17.—R. G. Dun & Co.'s weekly review of trade issued today, said in part: "The new monetary act which was signed and took effect on Wednesday has not effected business perceptibly as yet. Designed as a barrier against future harm, it was by some expected to have immediate influence through provisions regarding banking circulation. While \$2,100,000 will be added to New York circulation, the increase thus far indicated will be mainly interior affecting the chief monetary centers only by reliance upon them when more currency is wanted. "While government estimates of wheat in farmers' hands showed a sufficient quantity with visible supply to meet, besides all home requirements, as large foreign demand as those of last year, and yet leave a large surplus, there is no reason to expect that last year's foreign demand will be equaled. The price advanced 1 1/2 cents for the week, and corn advanced 2 1/2 cents. Zealous efforts to excite new confidence in higher prices for iron have not had the desired effect. "While various markets are called stronger, not a quotation has advanced, but bank rates at Pittsburgh are a shade lower at 2 cents. Eastern grey forge has sold there in considerable quantity at \$20.50, against \$21.00 for local forge, and southern No. 1 foundry is selling here at \$22.75, against \$23.50 for northern No. 1. Bessemer pig is still held at \$24.00 at Valley mills, though small lots are obtainable at Pittsburgh at \$24.50. Many large contracts are mentioned as in prospect, but not one as closed, except a structural contract for the government printing office. Much work is deferred because of the builders' and machinists strike at Chicago, and because of doubt whether prices can be held with the output exceeding consumption over 1,000 tons per day. "Sales of wool have been only 7,323,500 pounds in two weeks, manufacturers have such supplies that they buy only to piece out for special wants, and the best dealers report that a yielding of one cent would be required in order to effect sales. Quotations are really nominal for lack of transactions. The mills are still producing great quantities of goods without buying wool. Prices of leading goods have not declined, but others, both plain and fancy, are somewhat weaker. "Failures for the week were 198 in the United States, against 189 last year, and 23 in Canada, against 30 last year.

REPORTED DEAD, BUT ALIVE.

Colin Sent to Family, Containing Another Man's Body.

MARIETTA, O., March 15.—Some days ago the relatives of a young man named Schilling, at Mackburg, received word that he had died at Boulder, Colo. The family was amazed on opening the casket to find the body of a man over 60 years of age. "Prompt investigation showed that Charles Schilling was alive and well, but the mistake has not been accounted for. "Andrew Bolter Dead. CHICAGO, March 19.—Andrew Bolter, one of the most noted entomologists in America, and for 45 years a resident of Chicago, is dead.
