STATE DELEGATE.

We are authorized to announce A. R. MECHLING, of Barnett township, as a candidate for Delegate to the Republican State Convention.

This "fictitious" prosperity is becoming alarming to certain Democratic gentlemen.

KENTUCKY held its first election under the Gobel law last November and has been threatened with civil war ever since.

FEBRUARY showed up a neat little surplus of \$7,804,265. For the eight months of the fiscal year ending February 28 the surplus of receipts over expenditures was \$37,674,785.

A STATISTICIAN says Alaska has already added \$67,000,000 to the national wealth. It is hard to estimate the value of the territory. Uncle Sam would not part with it for any price.

PERHAPS the most interesting of alleged reincarnations is that of a Delaware farmer who claims that he is Job. The absence of boils leads the public to think there may be some mistake.

WITH expansion and protection both gaining such a foothold in the South, it may be necessary for the Democrats to considerably qualify the term "Solid" as heretofore applied to that section.

SCARCITY of coal in Germany is affording another opportunity for an American product to supply the needs of a foreign market, and the "tariff wall" of protection does not stop our coal from getting to Europe.

ONE of New Hampshire's prominent Democratic politicians is out for McKinley. The Republican majority in that State in 1896 was nearly twice as large as Bryan's total vote and will go higher this year.

THE new financial bill will increase the circulation without in the slightest degree impairing the 100c dollar, equivalent to gold everywhere throughout the world. This is the Republican idea and the Republican achievement.

MR. SHELDON discovered in his Topka experience that "there is quite a rush around a daily newspaper office, and the editor has to decide things quickly." Should the editor decide wrong, as has been known to happen, the sense of disturbance is still more marked.

ALTHOUGH we can beat the world in manufacturing goods, and in quick and cheap transportation by land routes, we lack the facilities for transporting our goods by water to foreign buyers.

NOTWITHSTANDING extraordinary expenses in connection with the Philippine insurrection, the public debt of the United States under Republican management is rapidly decreasing.

THE English wall-paper trust, with a capital of \$30,000,000, embraces practically every manufacturer in the free-trade United Kingdom. It was conceived last September and born in March of this year.

THERE are two presidential tickets already in the field, and several more are to be put in in the next few months.

THE Social Democrats, whoever they are nominated for President and a man named Job Harriman for Vice President the other day in Indianapolis.

THESE are two presidential tickets already in the field, and several more are to be put in in the next few months.

THESE are two presidential tickets already in the field, and several more are to be put in in the next few months.

THESE are two presidential tickets already in the field, and several more are to be put in in the next few months.

Kellettville.

A young son who we think intends to make his home at Mr. and Mrs. Bradford Shaw's permanently, came to their home a few days ago.

Rev. Allgood of the Lutheran Synod delivered a very able discourse to an appreciative audience on Saturday evening in the school house.

Miss Maud Fellows of Newmansville is visiting her friend Mrs. R. C. Stitzinger. Pierce Lucart, a brother, is also her guest.

Hiram L. Bennett and daughter, Miss Myrtle, of August-town, Pa., visited friends here during the week.

L. J. Morse, our constable and one of our mechanics, departed for Pittsburg where he will attempt to secure a much better job.

Ed. Beaver of the firm of Howard, Temple & Co., Titusville, was registered at the Kingsley House Tuesday.

R. Z. Gillespie paid a visit to one of their numerous farms a week ago. This particular one is located at Chapmanville, Crawford county.

A party of Porkeyites consisting of about eight couples of young people took advantage of the sleighing on Saturday evening and enjoyed a merry drive, which ended at the Kingsley House, that popular resort, where they enjoyed an elegant supper prepared by the ladies of the house.

We are sorry to learn of the immediate departure from our society and musical circles of Miss Orr, who has so long taught the people here both vocal and instrumental music.

Irwin Amsler, who for the past two years has held down the W. A. Kribbs farm on Whig Hill, is about to depart for Fryburg, where he is to try his hand at a similar position.

Mrs. James Welsh and children of Balltown were in town a few hours Sunday. A news item has been handed us that states that J. G. Wolfe and wife of the Caldwell farm will depart this Tuesday morning for Shenley, Armstrong county, the home and birthplace of Mr. W. They intend to visit all their relatives and will be gone a couple of weeks.

Another time we were able to chronicle a break-up, thus making fully enough to go down in history as one of the most changeable winters on record.

George Colosar and family started for Michigan last Tuesday. On Monday Mrs. E. D. Miller and family of three children departed for Chelalis, Wash. They were accompanied by E. Berlin of Whig Hill and Geo. Weingard of Tionesta.

It is with great sorrow the people of Kellettville learned of the sudden departure of Mrs. Miller and family, who had always resided here and were respected by the entire community.

They received many tokens of friendship before their departure to their western home. That they may prosper in their new home and have a safe journey, is the wish of a vast number of their friends, including HAYWARD.

FROM ANOTHER CORRESPONDENT. A sleighing party consisting of about ten couples of young people from Porkey took supper at the Kingsley House on Saturday. They reached this place at 10:00 p. m., and after spending a very pleasant evening in singing, etc., they started home much pleased with their evening's enjoyment.

Miss Bell Southworth, who has been staying with her aunt at Endeavor, is home for a few days but expects to return soon.

Mrs. Maggie Wortzkey of Newtown is the guest of her parents at the Kingsley House.

H. L. Bennett and daughter, Miss Myrtle, of Frostown, are visiting Mr. and Mrs. W. A. Kribbs this week.

W. A. Kribbs lost a very valuable cat on Saturday last. They had trained nurses but all in vain. This is the third he has lost this season.

Mr. Ernie Babcock and Miss Gusta Shaeffer visited relatives at Endeavor over Sunday.

On Friday evening of last week a party of young people gathered at the home of Mrs. Wilson. The evening was spent in dancing, singing and games.

HYACINTH. The Lumber and Timber Interests. One of the trade papers commenting upon the present conditions of the lumber trade in this neighborhood, has the following:

"The state of the lumber business is well illustrated by conditions that exist this spring. Although prices are at an unprecedented high figure and the demand is more active than it has been for years and the rafts this year will aggregate less than they did last. Well informed dealers in lumber estimate the probable arrivals on the spring floods at about 1,200,000 cubic feet of pine and as much hemlock and oak, of which the latter will not amount to over 300,000 cubic feet. The output of hemlock is limited this year, although the price is high out of all proportion to the price of other timber.

Crossman, and the Cook estate, who operate on the Clarion river. Wheeler & Dusenberry, whose tracts of timber are along the Allegheny river; the Watson Lands and Lumber company, also along the banks of the Allegheny; Truman & Rodgers, from the Clarion, and a few smaller shippers. All these will raft pine. Pine land is scarce now, and its possession is restricted to a few people.

Hemlock is more generally distributed and a great many lumbermen are at work with it. Among the shipping firms from the Clarion district are: Hall, Gardner & Co., Crossman & Bartlett, W. A. Crossman, Truman & Rodgers, Shields Bros., Ahrens & Braden, Richard Winlack, James Buzzard, Wesley Braden, James Bell & Co., and the Millstone Lumber company.

Osgood & Jamison will send down both pine and hemlock from the Tionesta. Considerable oak and hemlock will come out of the side streams in small quantities.

Ten great tanning companies own nine-tenths of the hemlock land in Elk and Forest counties, and they control almost absolutely the cutting of this timber. They sell the logs to the lumbermen, but will allow only as many cut in a season as will furnish them their year's supply of bark.

If the river is favorable the lumber rafts will be moved next week. With the most favorable conditions possible the rafts would run down from Clarion in three days, but it rarely happens that the trip is made in less than a week, owing to the numerous delays. There will be few boat bottoms sent down on this rise. They are usually built after the lumber operations in the woods have ceased for the summer, and those on hand are a few that were held over from last fall.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D.S. Meakle, general merchant and farmer, Mattie, Bedford county, Pa. For sale by all druggists.
