BIG VICTORIES.

Quay Men Triumph at the Primaries in Blair, Butler,

A Gain of Seven Stalwart Members surgents.

Harrisburg, March 27.-Another se ries of stalwart Republican triumphs was recorded with the result of the primary elections held last Saturday. The outcome is a net gain of seven members of the legislature for the regulars, the defeat of three men who bolted the Republican caucus on the United States senatorship and complete routs of insurgents wherever they put up candidates for either state sen-

ator or state representatives. Friends of Colonel M. S. Quay throughout the state have great occasion to rejoice over the result. The Republican voters of four counties-Erie, Crawford, Blair and Butler-had an opportunity to go to the polls and express their sentiments on the United States senatorship. The issue was plainly and clearly before the people, and by a popular vote the supporters of Colonel Quay have been sustained and indorsed, and the principle of majority rule has been once more upheld and emphasized by thousands of ballots of stalwart, party loving and fair minded Republicans. The friends of Colonel Quay did not bring his personality to the front until that was made the direct issue by the anti-Quay men. Then the regulars declared their willingness to meet them on that ques tion and let the people determine the result. As in the days when Senator Quay submitted the matter of his re-election to the United States senate to a direct vote of the Republicans at the primaries, the result is the same. The people have once more spoken, and the party wreckers and the caucus bolters have been repudiated and rout-ed at every point. In every instance where a man who bolted the Republican caucus and co-operated with the Democrats at the last session of the

The Republican primaries in Eric county proved an overwhelming stalwart victory, the insurgent candidates. F. D. Austin, an avowed Quay" candidate for senate, received 493 votes in Eric city and county. Complete returns show the nomination of A. E. Sisson for state senate over P A Gibson present member, by 1,000 majority. For assembly, county district, the two insurgent candidates were scarcely in the running. J. R. Mulkie, of Union City, member of the present legislature, is renominated, but a second ballot in the convention will be required to decide between F. L Hoskins, of Edinboro, and J. R. Raymond, of Northeast. Mulkie is a stalwart, as are also Hoskins and Raymond. Mulkie voted for Quay for sen-

ent member from Erie city, a Demolarge section of his own party.

Brooks' Republican opponent, Mertens, is a young man of exceptional talents, high character and possessing many elements of political strength. He has for years been an officer of the L. A. W., and is deeply interested in good roads legislation.

BOLTERS TURNED DOWN. will be elected and will go into the Republican caucus on the United States

of that caucus. Edward P. Gamble and George M. Patterson were nominated for the assembly. Gamble had 3,000 votes and

Patterson 2,000 more than Stall. The present senator from the Blair-Cambria district, Senator Stineman, who was one of the Quay leaders in the recent senatorial deadlock, had his action on this issue indorsed by the Republican voters of Blair county on Saturday by a majority of 3,600 over his pronounced anti-Quay opponent, Dr. Crawford, of Tyrone. Stineman last week carried Cambria county as a Quay man, and not a vote

was cast against him,

One of the most vindictive partisans among the anti-Quay members of the cago. last legislature was Representative James N. Moore. He participated in all the rump meetings organized by Flinn, and was a ringleader in almost every insurgent movement on the floor. With him was associated Representative Dindinger. They were both elected as Republicans, but they boited the party caucus and helped to prevent the election of Colonel Quay, the Republican caucus choice for the senatorship.

The regular Republicans have been nominated by the Republicans of Blair county in place of Moore and Dindinger. In this county Andrew G. Williams, senatorial candidate on the stalwart side, won over Levi M. Wise, insurgent, by a large majority. For assembly James B. Mates and Nelson H. Thompson, both regular party men, defeated Francis Murphy and Joseph Criswell, anti-Quay, by majorities which surprised their staunchest friends. Neither Moore nor Dindinger cared to face the people. Joseph B. Showalter, stalwart, for congress, and Dr. B. H. Pillow, for delegate to the national convention, had no opposition. The Quay candidates to the state convention, John E. Womer and Dr. W. C. McCandless, were far in the lead. The fight here was intense, both factions having exerted every effort to win out, but the Quay sentiment was too strong throughout the county to permit of defeat, and down in their hearts the insurgents had little hope of victory all along. They put up a strong fight, however, which only adds the more credit to the stalwart forces.

CRAWFORD'S CLEAN SWEEP. In Crawford county three stalwart Republicans have been nominated for legislature as the result of last Saturday's primaries and they will be

The story has been put affoat that the anti-Quay men will vote for the Democratic candidates for assembly, but it is not credited and is earnestly denied by some of the men who have been most active in opposing Colonel Quay. It really looks as though there was a determination on the part of the Republicans in the northwest, and particularly in Crawford, to bury factionalism and turn attention to winning Republican victories. Arthur L. Bates, the congressional nominee by unanimous vote in Crawford, has never been identified with either faction, but has always stood and worked for the ticket and advocated party harmony. His nomination will help materially to unite and hold the party together. Republicans are very jubilant and are confident of victory next fall.

NEWS OF FOREIGN LANDS.

A movement is on foot to do away with public executions in France. It is believed that the dream of the Irish Catholic party to have a Catholic university in Ireland will soon be a reality. There are rumors that an Irish parliament will be formed and other reforms instituted after the queen's visit to the island.

Free State deserters at Ladysmith assert that their troops have done most of the fighting so far, the Transvaalers holding themselves "in reserve."

The committee of the British cabinet considering a form of government for South Africa, decided on a scheme similar to that of Canada. Lord Reay is spoken of as the probable governor general.

The British war office makes public a dispatch stating that Lord Kitchener has occupied the town of Prieska without opposition on the part of the Boers. President Steyn, of the Orange Free State, has issued a proclamation that all who sign declarations not to fight against the British shall be shot.

The Boers have blown up the bridges north of Bloemfontein, including those at Winburg and Kroonstadt, and are now retreating to the north.

negle-Frick Settlement Helps Iron.

NEW YORK, March 24.-R. G. Dun & Co.'s weekly review of trade issued today, said in part: In its first week of operation, the new monetary bill has given satisfaction at

the treasury and to banks. Applications for now 2 per cents have exceeded \$106,000,000, and the net increase in bank circulation is already over \$10,000,-000. As the rate at which new circulation can be issued is limited, except for banks which gave orders in advance of the bill, and the issues at first are largely for the increase of notes to the par value of bonds deposited, little can yet be inferred regarding the other increase, though applications indicate that it will be large for interior banks. The release of millions employed in preparation for action under the new measure has caused in bank returns considerable changes, which are nominal, rather than real, and the money markets are undisturbed. The reported settlement of the Car-

negie-Frick controversy is of the greatest importance to the iron and steel industry. A fight between such forces would in the end have affected prices and values beyond calculation, while the combination of interests now said to be agreed upon may prove revolutionary in its influence. Whether markets will be immediately affected is not clear. As yet the tendency toward reaction of prices continues, though in the Pittsburg region Bessemer and basic pig are strong, But eastern Bes semer and Grey forge and southern pig are sold there at prices below those governing in larger transactions, and it is which appears to exceed the supply. duction of \$1 per ton at Philadelphia in tion, while plates sink lower at Pittsburg and to the lowest point since April 5, 1899, at Philadelphia.

The London wool sales have shown a shade more strength than those of last month, and considerable American purchases of some grades indicate true position of the prices asked here. Yet the markets here are called stronger in tone, although of the sales reported much the greater part were at concessions, and manufacturers are doing very little. Sales at the three chief markets were only 4,800,900 pounds, of which 3,771, 500 were domestic. The state of the goods market does not encourage manufacturers to pay the prices now asked. There is not only little ground to expect an advance in prices, but in other than the leading grades some concessions are frequently made to secure transactions, and the business is still disappointingly

THE ACT.

Washington, March 27.-There will be no delay in the execution of the act of congress appropriating \$2,000,000 for the relief of the residents of Porto Rico. The war department had anticipated the passage of the act, and had made arrangements to carry its provisions into effect at once.

A plan of action was agreed upon by General Davis, governor general of Porto Rico, and Secretary Root, while the latter was in Havana recently. It involves employment of native labor on public works in Porto Rico, and the distribution of rations to the sick and des titute who are unable to work. General Davis was given full discretion in the matter, and the sum of \$1,000,000 was placed at his disposal.

Possibly the greatest victory for the regular element was scored in Blair county. At the recent session of the legislature this county was represented in the house of representatives by H. F. Stall, who claimed to be a Republican, and a Democrat. They were elected on a fusion ticket. Stall refused to participate in the Republican caucus on the United States senatorship and worked with the Guffey Democrats throughout the session, under the leadership of Flinn and Martin. He now knows what the Republicans of his home county think of his action. All the power of the insurgent organization was thrown to Stall's assistance to secure his nomination at Saturday's Republican primaries. He was snowed under by a large majority, on a popular vote. Two stalwart Republicans were nominated for the house of representatives in this county. They
