May Be Courtmartialed For So Doing. Soldiers Incensed at Mutilation of American Prisoners by the Natives. Pana Should Be Punished. MANILA, April 10 .- An interesting topic of conversation in army circles

VOL. XXXII. NO. 50.

GEN. FUNSTON'S ACT.

OUT TRIAL.

is the investigation of Brigadier General Frederick Funston's execution of two Filipinos and the possibility of a court-martial resulting therefrom. The story is that the Filipinos captured three Maccabebe scouts who were crossing the country near San Isidro and were preparing to kill them when one of the Maccabebes escaped and found General Funston with a scouting party near. This man guided the Americans to the the rescue of his companions, and when the troops approached the Filipinos fled, leaving the Maccabebes. Several of the Filipinos were shot and General Funston captured two of them, took thein to the village square and hung them without trial, as a warning to the Filipinos. The present method of warfare and instances of the mutilation of prisoners have incensed the American soldiers to such a degree that they feel justified in making reprisals, which has been done on several occasions recently. There is a strong feeling among the residents and friendly Filipinos that the Chinese general, Pana, who, as announced March 31, surrendered to Brigadier General Kobbe, after terrorizing the province of Panay, should be sesecured.

verely punished. It is pointed out that his career has been more that of a brigand than of a soldier, as he looted and extorted money by torture from wealthy natives and burned alive some of his followers who intended to desert him. It is believed Pana surrendered because he feared his own men, and that he expected to be paroled, like other officers, and enjoy the fruits of his brigandage.

NEWS OF FOREIGN LANDS.

The Boers appear to be gathering in strength in the neighborhood of Bloemfontein, but the actual clashing with the British forces has been limited to comparatively minor engagements.
