

WEDNESDAY, APRIL 18.

The coming of Spring is associated in the minds of most people with house-cleaning and the general renovating that makes the immortal words of Payne—"There's no place like home"—a hollow mockery and burlesque.

It is wonderful what a lot of beauty can be gotten out of a few dollars' worth of paint and paper properly applied. And it doesn't take many dollars' worth either, when one can buy paper as low as 60 cents a single bolt.

A word about paint:—Unlike wall paper, low-priced paint isn't cheap. In wall paper you get good value for what you pay—little or much, but there is only one kind of paint that is cheap and that is the best that can be bought.

John Lucas & Co. have been making paint for a great many years. It may not be the only good paint made but there is none better and you are not taking chances when you buy it, as you are in purchasing paints made by comparatively new and obscure manufacturers.

It is the only brand we keep. Color cards can be had for the asking.

ADOPT NEW WAGE SCHEDULE. Foley Bros. and S-Hour Day.—Firm's Growing Business.

The new schedule recently established by all stone cutters and labor organizations in the eastern states has been adopted by Foley Bros., monumental dealers in this city. The firm employs 25 men at their works, and under the new schedule they work only eight hours per day and receive the same pay as before for nine hours. The proprietors are satisfied with the change and are confident as much work can be accomplished by faithful men in eight hours as in nine hours. The firm reports that they have more work sold than in any previous year of their business, and nearly every cemetery within 100 miles of Olean will, no doubt, soon have samples of this firm's work. Among the many orders they have to fill this year is a large mausoleum to be set in Pittsburg, Pa., and a very large monument in Syracuse. Three carloads of monuments have been shipped from their works this week. The most modern and improved machinery known to the trade is used by Foley Bros. and it can safely be said that they have one of the best equipped establishments for monumental work in western N. Y. or Pennsylvania.—Olean Morning Times.

The Nickel Plate Road will sell excursion tickets to Chicago on May 1, 2, 7, 14 and 21, account General Conference of Methodist Episcopal Church. Tickets good returning by deposit until June 1 inclusive, at one fare plus \$2.00 for the round trip from all points beyond a distance of 200 miles from Chicago. Address H. C. Allen, C. P. & T. A., 920 State St., Erie, Pa. No. 57-54

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75.
